

## TROOPER TUFTS LAID TO REST.

Valiant Young Soldier Buried With  
Full Military Honors.

VERY LARGE ATTENDANCE.

Funeral Sermon Preached by Elder  
J. H. Paul—Military Escort Fol-  
lows Remains to Cemetery.

The funeral services over the remains of Trooper William E. Tufts, were held from Evans' undertaking parlors yesterday afternoon. This youth who gave his young life to his country was honored like all heroes are honored in a patriotic country. The services, though simple, were impressive. The casket was draped with the American flag and it rested a beautiful floral piece, of crossed swords, together with a number of lilacs and cut flowers. The services were opened with prayer by Elder Ben R. Eldredge, and the sermon was preached by Elder J. H. Paul, who began by expressing regret that the sinner who should have been present to render a few appropriate selections were unable to attend.

The speaker mentioned the fact that the soldier was shot down in battle in the Philippines, on March 5, 1899, before reaching the age of 20 years. He spoke of the boy as a brave and faithful soldier, and in appreciation of his services the nation had sent his body home to be buried among friends and kindred.

Though we looked upon the soldier as dead, said the speaker, he has in truth just begun to live. He has graduated from this intermediate sphere and is now at home with those of his loved ones who had gone before him.

The father of war was dwelt upon and some beautiful verses were quoted depicting the horrors of war and the glories of peace.

At the conclusion of the discourse, Elder Ben R. Eldredge pronounced the benediction, and the casket was borne to the hearse by a military escort. The band played "Nearer My God to Thee," and the grave was dedicated by Elder Ben R. Eldredge. In the impressive silence and all heads uncovered to the breeze a squad from the National Guard fired the salute, and Bugler Thomas, of battery A, sounded "taps" over the trooper's grave.

## ALL HEAD FOR SALT LAKE.

Three More County Jail Prisoners Wanted  
in Other Parts of United States.

Tom Mozier, serving a six-months' sentence in the county jail for house-breaking, has been recognized as the man who escaped from the Illinois State prison in 1894. Mozier was serving a twenty years' sentence at Joliet and escaped two years after he had been sentenced. His escape here was the breaking into a Rio Grande Western car and stealing a quantity of wearing apparel. This was about a month or six weeks ago. After his conviction, the sheriff's office got a clue that Mozier was wanted in Illinois and a photograph of him was sent to Warden Murphy, who identified the prisoner. Mozier will be returned to Joliet when his term here expires.

Two other guests of Sheriff Howells, going by the names of L. J. Meekin and Thomas King, have been identified as the two men who escaped from prison at Anamosa, Iowa. The prisoners were convicted of larceny and their terms expire early in June. They, too, will be turned over to the Anamosa officers at the expiration of their terms.

## JUDGE RICH HERE.

Down from His Idaho Home to Receive  
Surgical Relief.

Judge Rich, of Bear Lake, Idaho, was in Salt Lake today and wherever met upon the street by friends, as he was frequently, he was invariably accompanied with the familiar salutation of olden days, "Hello, Joel," and the Judge always responded with "Hello to you Sam" or "Bill or George, according to the patronymic of his old acquaintance. The judge was looking quite well and feeling as also except for the fact that his eyesight has been greatly affected by the growth of a cataract which he came down to have removed by one of Salt Lake's leading oculists. The growth has greatly obscured the judge's vision and has affected him a great deal of pain and inconvenience of late. He hopes to be able to secure permanent relief from the affliction.

Judge Rich states that the recent rains have been a great blessing to the State of Idaho and particularly to the southern portion thereof. The cattle and farm interests have been most benefited. Sheep men have had some losses though not very great. The judge was greatly pained to learn of the death of Marsena Cannon, the veteran photographer of Utah, who he says, took the first likeness of him he ever had. The picture is an old daguerotype and shows "Joe" as he was then, a big husky, smiling, barefooted boy of fourteen. It is one of the most valued of his earthly possessions and promises to become a heirloom for generations of Riches yet unborn. The judge says he would have attended the old veteran's funeral this afternoon but for the fact that he was compelled to spend that time in a doctor's office preparatory to undergoing a surgical operation which will probably be performed tomorrow.

## HORSE AND BUGGY STOLEN.

N. Richards Goes to the Tabernacle,  
and While There Loses His Rig.

Yesterday afternoon N. Richards, who resides at No. 1 Fifth avenue, rode to the Tabernacle in his buggy. He tied his horse at the west side of the block, but when he returned to the spot after meeting was dismayed to find his rig gone. For two or three hours he searched for the vehicle, but failed to locate it. Finally the matter was reported to the police.

## THE THIEF WAS BOLD.

Fine New Trap Stolen from A. Hudson's Place.

A few days since A. Hudson and family came to Salt Lake from Parsons, Kan., and prepared to occupy their new home on First West and Fifth South streets. Mr. Hudson brought with him a fine trap and a couple of A. I. horses. One night some thief or thieves broke into the barn and purloined the trap. The theft was at once reported to the police, but up to date no trace of the trap has been found.

## THE CONVENTION IS OVER.

Concluding Meetings of the Christian Endeavorers Well Attended.

Services at the First Presbyterian Church, First Methodist, and the Penitentiary.

The twelfth annual convention of the Utah Christian Endeavor Union came to a close last evening, with two large meetings. One was held in the First Presbyterian church, the other in the First Methodist, both churches being completely filled. Dr. Beach addressed both meetings.

At the First Presbyterian church Rev. R. G. McNeel led the devotional exercises which were followed by a solo beautifully rendered by Mrs. Cooke, entitled "Abide With Me," accompanied by Prof. Thomas Radcliffe.

Rev. F. E. Bigelow, the new president of the union, presided at the meeting. Miss Buchanan, chairman of the committee on resolutions, submitted a report in which all who had contributed to the success of the convention, were heartily thanked. The resolution closed in the following words:

"We reaffirm our allegiance to the principle of total abstinence, and as a body of Christian young people, present our decided disapproval of the sale of intoxicating beverages, especially at the many pleasure resorts of our State."

The reading and adoption of the resolution was followed with an address by Rev. Dr. Brown, Miss Louise Gale sang "Daughters of Zion," very sweetly, after which Dr. Beach delivered his farewell address, which was filled with encouraging words. A brief consecration service was held in which Rev. Mr. Shanks sang a solo, and Mrs. Cooke sang "Savior by Grace," and Dr. Beach pronounced the benediction, which closed the convention.

AT THE METHODIST CHURCH.  
The First Methodist church was filled at last evening's meeting. An address was made by Rev. Dr. Beach, which was followed with a discourse on the "Transfiguration."

FOR MEN ONLY.  
A meeting for men only was held under the auspices of the union, at the First Presbyterian church yesterday afternoon. Two addresses were made, one by Dr. E. V. Silver on "Physical Life," the other by Prof. G. P. Engle of Ogden, on "Spiritual Life." Superintendent Cooper was to have delivered a discourse on "Intellectual Life."

WOMEN'S MEETING.  
A meeting similar to that held by the men was being held by the women in the First Presbyterian church. The same "Saviors by Grace" was discussed. Dr. Laella Miles read a paper on "Physical Life," Mrs. C. E. Allen delivered a talk on "Intellectual Life," and Mrs. Plummer spoke on "Spiritual Life." Mrs. Cooke rendered the solo "Just for Today."

AT THE PENITENTIARY.  
Some Endeavorers to the number of twenty-one went out to the penitentiary yesterday afternoon to entertain the prisoners. They received a hearty welcome from Warden Dow and the guards. Short services were held in which Dr. Beach, Rev. E. H. Shanks, Rev. F. E. Bigelow, Miss Buchanan and Miss Sallie Fisher took part.

## Hood's Sarsaparilla

Cures those eruptions, boils and pimples which are so likely to appear in the Spring; cures scrofulous diseases in their most tenacious forms; cures salt rheum or eczema with its dreadful itching and burning; cures all stomach troubles due to generally weak condition and impure blood; cures debility, sick headache and "that tired feeling," which just as surely indicate that the blood is lacking in vitality and the elements of health. ## FORT HERRIMAN IRRIGATION CASE.

Important Suit on Trial before  
Judge Rolapp Today.

## IT WAS ONCE REVERSED.

Involves the Right to the Use of the  
Waters of Butterfield Creek, Above  
the Town of Herriman.

A case, the outcome of which means much to the residents of Fort Herriman and those similarly situated, involving the right to the use of the waters of Butterfield creek, situated in the western part of Salt Lake county, above the town of Herriman, was called for trial before Judge Rolapp, sitting in place of Judge Hiles, in the equity branch of the Third district court today. The parties to the action are the Herriman Irrigation company, plaintiffs, and George W. Keel et al, defendants. King, Burton & King and Ferguson & Cannon appeared for the plaintiff, while the law firm of Bennett, Harkness, Howatt, Sutherland & Van Cott represented the defendants.

This case was tried about three years ago before Judge Hiles, who found for the defendants. An appeal was taken and the Supreme court reversed the cause and ordered a new trial.

From the specific grounds that as early as 1852 the residents and early settlers of Herriman appropriated all of the waters of Butterfield canyon for irrigation and domestic purposes and used the same without interruption until the year 1894.

In 1892 the Butterfield Mining company, one of the defendants, and a French corporation, began the construction of a tunnel for mining purposes, and during the progress of the work a considerable stream of water broke into the tunnel and the defendants then sought to appropriate for irrigation purposes. The plaintiff claims that the running of this tunnel had the effect of drying up thirteen springs in Butterfield canyon and its tributaries. These springs were the source of supply of the waters used and appropriated by the plaintiffs.

Since their driving of the tunnel it appears the waters of Butterfield canyon, by the drying of the springs, have diminished one half. The result of this is a great loss and a practical ruin to the farmers of Fort Herriman. Plaintiffs contend that the waters developed in the tunnel were from the underground channels which supplied the springs, and that it is therefore entitled to the water now flowing from the tunnel. The defendants, in their answer and cross-complaint, deny the drying up of the springs, and claim that the driving of the tunnel did not in any way affect the original source of supply.

The hearing had not concluded when this report closed.

## JUDGE TIMMONY'S COURT.

Alex Cameron, first on the docket, was accused of drunkenness. "May I be allowed to speak?" he asked. "Well," began Alex, "I came down from Corey's," "You will cost you \$2," interrupted the judge.

"I'd like to have a chance to talk," pleaded Mike Dillon, also accused of being drunk. "I would like to have half an hour to leave town." "Where are you from?" "San Francisco, your honor." "Where are you going to?" "I want to go to Ogden." "Go then."

Thomas Smith, who he was from Grantsville and admitted he got drunk. He would like half an hour to go back, though. "Go on, then," said the court.

Then came John Mullen, who imbibed too freely and he, being more fleet of foot than those who preceded him, only required 15 minutes to shake the dust of Salt Lake from his pedal extremities. "I'll give you thirty minutes," said Judge Timmony.

James Foley—"Yes, I was drunk." "It will be \$3 this time, James."

George Edwards—"I was so that of vagrancy." "I'm guilty, your honor. I have a good position at Sandy, though, and wish you'd give me a chance to go." Sentence was suspended.

J. P. Flemming—"I'm guilty of being a vag, too." "Why, do you plead guilty," said the judge; "you seem to be able-bodied?" "Oh, I plead guilty," replied Flemming, "because I don't want to bother talking about it. I want to get it over with. Yes, I am a vag, but I don't drink the best of me." "Well," said Judge Timmony, "we will suspend sentence in your case."

## SPECIAL FEATURES.

Saltair Making Great Preparations  
for Entertaining Visitors.

Manager Miller, of Saltair Beach, announces some special features for the bathing resort this summer, and some which he is not at present prepared to make public will be mentioned later on. The music contract has been let to Christensen Brothers, who have been instructed to make a special feature of the music, to enlarge the orchestra regularly and upon special occasions to employ as high as fifteen musicians. These gentlemen, on last Saturday, finished their contract at the beach, and the academy in order to prepare for their summer's work at the beach. The final display made by the children was splendid and highly creditable to all concerned.

## BIG STRIKE ON.

Will Probably Involve Thousands of  
Men on the Railroads.

New York, April 29.—Commissioner DeLahanty of the state board of mediation and arbitration conferred with Superintendent of Motive Power A. W. Walt of the New York Central & Hudson River railroad today in regard to the publicizing men at Buffalo, who have asked for an increase of 19 per cent in pay. After the conference it was announced that Superintendent Walt had agreed to go to Buffalo to meet a committee of striking employees, or would receive such a committee here if the men preferred. Mr. Walt said about 950 shop and yard men were on the strike.

Superintendent Walt, after consulting with President Calloway, gave Commissioner DeLahanty the following statement in reply to the demand of the striking employees of the road in Buffalo. The New York Central desires to deal only justly but deliberately with its employees on the subject of wages. With this object without any demand voluntarily within sixty days, increased the wages of many of the men now out on strike. It is found on investigation that the company is now paying higher wages than some companies and as high as any company similarly situated, but notwithstanding this situation the company will take up any question of adjustment of wages. In reply to the demand that no one shall be employed but discharged by the company except with the consent of the men who are now out, the position of the company is: The officers being responsible for the safety of the lives of its passengers and employees for the protection of the public the operation of its railroad, and for its rapid carriage of the business of the company cannot delegate to others the selection of the men upon whose skill and fidelity so much depends.

Commissioner DeLahanty at once telegraphed Supt. Walt's reply to the chairman of the strikers' committee at Buffalo.

Buffalo, N. Y., April 29.—There are no new developments in the strike situation here. Superintendent of Motive Power Turner, of the Buffalo, Rochester & Pittsburgh road, denies that any of their men have gone out and says they have made no demand on the company.

At 11:30 it was stated by officials at the Central and Lake Shore transfer freight houses that the threatened strike had not materialized and that all of their men were working.

At 2 p. m. Commissioner of Arbitration Webster arrived at the headquarters of the strikers with a message from his colleague, Commissioner DeLahanty in New York. Mr. Webster went into conference with the executive board of strikers. He declined to make public the text of the message until he had submitted it to the committee. It is authoritatively stated, however, that the New York Central officers declined to make judgment on the ground that the law is a direct and unnecessary burden on interstate commerce.

## SECURED BY THE MANAGER

Great Hippodrome Shows to be Seen  
Within the Stopping Walls of  
the Sauter Track.

Manager Peters of the rejuvenated Salt Palace association, and the gentlemen associated with him, are evidently determined to make their new acquisition an exceedingly popular place for summer amusements.

One by one excellent attractions have been secured to appear there during the warm days and cool nights of the next two months. These include operatic and vaudeville performances, of a higher order, it is claimed, than are usually given at summer resorts, bicycle races, with the foremost wheelmen of the country as competitors, and a long list of other outside sports.

Not content with this, Manager Peters permitted the announcement to be made today that he had closed with the proprietors of all the circuses, which come to Salt Lake this summer, to appear on the Salt Palace grounds.

A great opening has been cut in the west side of the big bicycle saucer arena, within which the shows will exhibit their various attractions. This will obviate the necessity of the circus managers spreading their acres of canvas and rearing their thousands of seats and much other circus paraphernalia as the public will occupy the same seats now used by patrons of the bicycle races. It is not stated just what circuses will be here this year, but the promise of several famous shows is guaranteed.

A big force of men is now at work making the grounds ready for the opening which will occur considerably earlier than anticipated on account of the favorable weather outlook.

York at once in order to confer with Superintendent of Motive Power Walt of the New York Central, the first thing tomorrow morning.

Commissioner DeLahanty is to telegraph Mr. Walt's reply to Chairman Fish, of the strikers' executive committee.

Last night the conductors, trainmen and brakemen, of the New York Central announced they would refuse to work, on the ground that the car inspection which is now performed by the men now on strike is now inadequate and a menace to life and limb. Five hundred freighthouse and yard employees of the New York Central, the Delaware, Lackawanna & Western and the Western New York and Pennsylvania roads also announce they will join the strikers tomorrow.

These gentlemen, on last Saturday, finished their contract at the beach, and the academy in order to prepare for their summer's work at the beach. The final display made by the children was splendid and highly creditable to all concerned.

A \$15,000 merry-go-round is to be located at the beach for the amusement of the children. All sorts of fantastic animals to ride will be there and it will be a source of fun for the little ones and presumably some of the bigger ones. A platform 100 feet square has been erected for its accommodation to the west of the pier near the small boat landing.

A new feature is a lunch basket room. Mr. Miller says that to take care of all the lunch baskets that go out to Saltair is almost a Herculean task, but he has undertaken to do it, having put up a large room for their deposit. A man will be in charge of this room and will check every basket and care for the same until called for. No baskets will be allowed to remain upon the tables, so that they shall always be clear and clean except when in use for the "spread."

The boarding house and restaurant have been completed, and that and the bath houses, the big pavilion and apartment buildings have been given a coat of fresh paint, making a wonderful and pleasing difference in the appearance of the big resort.

Captain Davis will put a fine naphtha excursion launch on the lake and will make regular trips for patrons. Other special attractions are being negotiated for and will be announced hereafter. They will appear at stated times throughout the season.

Mr. T. R. Ellerbeck has been appointed general superintendent of the Utah & Pacific railroad and at once assumed the duties of his office. Mr. Ellerbeck was today the recipient of many congratulations from friends.

## SUPERIOR TO STATE.

Railroads are Declared to be Beyond  
the State's Power.

In the United States Supreme court at Washington today, an opinion was handed down by Justice Brown in the case of the Big Four Railroad vs. the State of Illinois. The case involved the constitutionality of the State law requiring all trains to stop at county seats. The case was decided in favor of the State by the Illinois State Supreme court, but today's opinion reversed that judgment, on the ground that the law is a direct and unnecessary burden on interstate commerce.

## LATE LOCAL NEWS.

There will be a very important meeting of the Utah Dental association at the city and county building this evening at 8 o'clock.

Edward J. C. Stockman, 29, of Salt Lake City, and Ida Johnson, 21, of Murray, were today granted a license to marry.

Bishop Thomas R. Cutler returned on this afternoon from his visit to the east. He was met here by Superintendent Vallejo and Agricultural superintendent Austin of the sugar works. They report the beet crop practically all in the ground, with much of it up in fine shape. Mr. Cutler says everything in the business line continues on the jump in the east. He does not look for any permanent change in iron and steel prices, except falls, which he thinks will remain below the high notch of the past winter.

Governor Wells has sufficiently recovered from his recent sick spell to be out again. He has not fully recovered, however, but was at his office this afternoon.

The local I. O. O. B. will be visited in about a week by some prominent officers of the order from the Pacific coast, who are returning from Chicago, where they have been attending the sessions of the supreme lodge. Among the party are Mr. Lucius L. Solomon and Rev. Mr. Nieto, two eminent orators, who will perhaps address the public while here. Arrangements are being made to that end.
