"AMERICAN" PARTY CONTINUES DELAY

City Council's Committee on Streets and Municipal Laws Is Ready at Last.

BUT MAJORITY IS OPPOSED.

Street Raflway's Reconstruction Work Still Held Back for Action on Franchise Submitted Months Ago.

For three hours yesterday afternoon the city council committees on streets and municipal laws discussed the new franchise of the Utah Light and Railway company which was presented three months ago and has been lying in the committee pouch waiting for the spirit of progress to move the councilmen sufficiently to even listen to the plea of the railway officials to permit them to spend about \$3,000,000 in improvements and extensions to the The result of the present system. conference was an agreement to grant the company the privilege of making the extensions and improvements re-quested but the majority of the council is not yet ready to re-enact and affirm the franchise granted the company in 1905 which has been attacked in the courts by the "American" party lead-

The attorney for the company and the city attorney will have to draw up another franchise covering only the the another franchise covering only the extensions asked for, which will again be submitted to the committee and will then be reported upon favorably, provided that the property owners where the extensions are to be made do not protest too strongly against

"AMERICANS" PROTEST.

The franchise as submitted was read over section by section and was then discussed in general. There seemed to be no great opposition to granting the extensions but when it ame to ratifying the franchise of 190 that was a thorn in the side of the "Americans" and they immediately began to protect. They argued that the court should be allowed to settle the controversy over the old franchise. HOW CITY BENEFITS.

Atty. P. L. Williams for the com-Atty. P. L. Williams for the company showed that under the old franchise which it wanted resenacted the city received practically \$50,000 a year in beneats, \$40,000 in the reduction of fares from 5 cents to 4 cents, and \$10,000 for additional lights, water power and land upon which the new intake to the conduit in Big Cottonwood is constructed. Continuing the attorney said:

"If there is any vice in that franchise which is any vice in that franchise will be any vice in that franchise will be supported to the conduction of the co

"If there is any vice in that fran-chise, you are in equity and good con-science bound to eliminate it before you validate its provisions. In this event validate its provisions. In this event the law will require you to put the company in statu quo, that is, where it was before the 1905 franchise was granted. If you do this you lose 4-cent fares and your power and light concessions, These concessions are being enjoyed day by day by the people, and will be so enjoyed for all time, and I do not believe it fitting that you should hamper the energy and courage it takes to put money into such enterprises." such enterprises.'

WILL BE NO SMOKE.

There was also a strenuous objec-There was also a strennous objection to the freight section in the franchise as several of the councilmen were not in favor of permitting the company to haul freight over its line. That matter will probably be settled satisfactorily. Crabtree and Mulvey declared that a number of residents in the vicinity of Fifth South and Sixth East streets where the company's new shops were to be constructed had protested to them about the shops and feared that there would be so much smoke from the shops that it would smoke from the shops that it greatly amoy then. Manager Wells informed the members that the new shops would be run by electric power and that there would be no smokestacks hence there would be no trouble

in that respect. WHAT CITY WOULD GET.

Mulvey and Black wanted to know what the city would get in the shape of some recompense for the franchise. To this Mr. Williams made the follow-lowing reply: "A better system, a better service to the people and to betbetter service to the people and to bet-ter advance your city in every con-ceivable way. There will be a larger taxation and the valuation will be in-creased. It is a property that has nev-er paid a dividend on its profits; I un-derstand it has paid one on borrowed meney. It is now to put in approxi-mately \$3,000,000 new capital; that is outside of the interurban lines. This is simply for extensions to benefit the city, adding syeatly to the taxes of the city, adding greatly to the taxes of the city, giving your city an impetus that will help it in its growth. Under these conditions it is going to be years before it will earn anything as an investment; only in course of time it will become a paying property."

a paying property."

Mulvey insisted that the city should receive some revenue from the company after the system becomes a paying one.

WANTS TO HAUL ROCK. Judge LeGrand Young appeared before the committees in regard to being allowed to haut rock and gravel over the streetcar system the same as P. J. Moran. He stated that he owned some property east of the city which contained valuable stone for macadam-izing and other public purposes which some of the contractors wanted to use and he asked that he be allowed to

and he asked that he be allowed to transport that over the street railway the same as Moran. He will probably be allowed that privilege.

Attorney Allen T. Sanford, who represents Thomas Homer in his action against the former city council in which it is asked that the franchise granted the company in 1905 be declared null and void, was also present at the meeting to see that the council did nothing to in any way jeopardize the interests of his citent. The committee will do nothing at all towards ratifying the old franchise, as the case will probably be heard in court this fall.

WILL MAKE SCRIP NEGOTIABLE

WILL MAKE SCRIP NEGOTIABLE.

At the meeting of the waterworks committee last night it was decided to grant the petition of a number of real estate men, asking that water scrip be made negotiable. A. M. Wrench of the Telluride Realty company, E. B. Paimer and H. S. Stowe of Stowe & Palmer, W. G. and S. B. Tuttle of Tuttle Brothers, and Attorney E. C. Lachner, representing the Telluride Realty company, appeared before the committee in behalf of the petition. They contended that by making the scrip negotiable, they would be able to spend thousands of dollars in putting in water, sewer and sidewalk extensions, as they could then get some return on the scrip. The ordinance will be amended on Monday night so as to make the scrip negotiable. WILL MAKE SCRIP NEGOTIABLE

WOMAN STEALS PLUME.

Woman's vanity caused some excitement on a Lagoop train yesterday. Mrs. Abraham Hatch, wife of one of the engineers of the Lagoon road, was coming into the city when she she

noticed the \$10 plume which had adorned her hat was missing. She reported to Sheriff Burningham of Bountiful and, accompanied by him, went through the train in search of the thief. The gullty party proved to be a woman, and she was caught, as they say in griminal vernacular, "with the goods on her." The plume was returned to its owner and as this satisfied Mrs. Hatch, she did not care to have the thieving woman punished. the thieving woman punished,

LONG TRIP FOR NURSE.

An assistant matron at the state mental hospital at Provo is to have a trip to Holland under the new deportation laws. Mrs. Charlotte Anne Tesch was committed to the asylum from Ogden some time ago, and as she came to America with ker husband a year ago, her entrance into this country is held in violation of the immigration restrictions. The assistant matron, who has charge of Mrs. Tesch in the hospital, will go to Holland with her patient; the cost of deportation will be shared be cost of deportation will be shared by the steamship company and this coun-try. The law making it possible for an attendant to accompany people in need of a nurse went into effect July 1.

TAKE THE POSTMASTER'S WORD

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never falls to give satisfaction and we could hardly afford to be without it." For sale by all druggists.

ONE HORSE RECOVERED.

One of the saddle horses believed to have been stolen from the barns at the state penitentiary some few days ago has been recovered. Paul, the young son of Dr. J. E. Talmage was delivering papers on horseback in Emigration canyon. A strange horse followed the boy home, and as he did not know to whom it belonged he turned it over to the city authorities. It was placed in the stray pen. Warden pratt, in passing the pound recognized the animal and took it back to the penitentiary. It was in good, sound condition. It is still thought the men released recently from the penitentiary stole the horses from the penitentiary stole the horses and probably let this one go, or it got loose and wandered back to town. A diligent search is being maintained.

"BEARS A STRANGE DEVICE."

The "Excelsior" Banner Boy Has a Modern Day Rival in Salt Lake.

A novel method of boycotting a nonunion barber shop has been adopted by union men. The shop is that of J. B. Hobbey at 178 State street and a young man bearing a banner paced back and forth in front of it until it o'clock last night. The banner had a union label on front and reverse sides and the following

front and reverse sides and the following line:

"Where this card is found there are union barbers and good workmen. Union shops close at 7 p. m."

The reverse of the banner carried a repeated warning.

The shop had no union card in the window although "Union Shop" was painted on it. Mr. Hobbey said his place was so named. Union men are angered by the misrepresentation made and intend to fight against the use of the title, "Union Shop" by a "scab" place. The youth and his banner will be pacing up and down in front of Hobbey's place every evening also and as a big crowd gathers no one has "nerve" enough to go in. A tobacco store next door is doing no end of business in filling its windows with union goods. union goods.

Complaint Alleges Defendant Was Guilty With Others of Criminally Cheating Tourists.

Another information was filed in the district court late yesterday afternoon by Dist. Atty. Loofbourow against Chief of Police George A. Sheets charging him with criminal conspiracy. The chief was bound over to the distric court by Justice of the Peace Nephi Timpson, of Forest Dale on June 19 and the information filed yesterday was barely In time to comply with the law which requires it to be filed within 30 days from the date a person is bound over to the district court by the committing magistrate.

CHEATING TOURISTS ALLEGED. The information is identically the The information is identically the same as the one which was quashed by Judge Armstrong on April 12 last on technical grounds and charges the chief with entering into a conspiracy on Aug. 25, 1906, with Jim Donaldson, Larry and Jack O'Brien, W. H. Parrent, W. W. Bell, George Raleigh, William Newton and Nick Razzuto for the purpose of cheating and defrauding unsuspecting tourists in this city. ing tourists in this city.

INCLUDES MCWHIRTER CASE. It is also charged that the chief was in the conspiracy by which the Mc-Whirter brothers were robbed of over \$10,000 in the Antler rooming house on Sept. 19 last.

From present plans the same motion will be made by the attorneys for the chief to quash the information. Should it again be sustained then the state will appeal to the supreme court and will overcome the defect in the former appeal rendered on the point involved. There will probably be no action taken in the case until Judge Armstrong returns from his vacation the latter part of next month.
