BIG LABOR DAY DEMONSTRATION

Prizes Amounting to \$1,500 Offered—Parade Followed by Program and Amusements.

CHOIR GIVEN AN OVATION.

Crowded Audience Greets Tabernacle Singers in Farewell Concert—Academy Lecture Course.

Ogden, Aug. 31.—Labor day is to be celebrated in Ogden next Monday, with a great demonstration. For weeks committees have been busily engaged in making preparations for the celebration which will commence in the morning with a big parade. Some good prizes are offered for the best float and labor unions in the parade, and this has awakened great interest among workmen, so that some fine floats and organizations in uniforms may be expected. The merchants of Ogden have come to the aid of the committee with many valuable donations, the aggregate of which will amount to about \$1,500. About 300 prizes will be given throughout the day for various contests. The parade will form in the morning on Twenty-fifth street and will march along the principal business streets, then to Glenwood park, where the Labor day oration will be delivered and an excellent program of all kinds of sports and amusements will be carried out. Besides the various contests there will be dancing throughout the afternoon and evening. A baseball game is scheduled for 3 o'clock in the afternoon. Nichols band will be in attendance all day, and Short's orchestra will furnish the dance music.

TABERNACLE CHOIR CONCERT.

Ogden Singers Given Ovation by Large Audience.

Ogden, Aug. 31.—If the Ogden tabernacle is accorded as royal a welcome on its trip to Sacramento, as it was given a hearty adieu last evening at its concert, the trip will be a glorious one. The Ogden tabernacle was packed to the doors, and some were turned away last evening at the concert, all who were fortunate enough to get inside the doors, were delighted with the music. The choir sang well in its rendition of McCallan's "Ode to Irrigation." The music, as it is now written for the words, is very much more charming than before, and pleased the large audience immensely. The ode has been in the hands of the choir only ten days, but through the untiring work of Prof. Ballantyne, his choir has well in hand the beautiful selection, which comprises 45 pages of music. The choir was assisted last evening by Prof. J. J. McCallan on the organ. He rendered in a masterly manner two numbers. Prof. Willard Weihe, who is always a favorite in Ogden, played two violin solos. Miss Hattie E. and Mrs. Fred Graham were well received in their solos and work in the ode. The receipts from last evening's concert will amount to at least \$500.

The choir leaves this afternoon by special train under favorable circumstances, and with every prospect of a most successful and pleasant trip.

ACADEMY LECTURE COURSE.

Array of Talent Engaged for Coming Season.

Ogden, Aug. 31.—To the Weber Stake

Academy is due much credit for the great interest that has been awakened in the minds of the public in the lecture course given during the past few years. The lecturers who have appeared under the academy auspices have been the foremost platform speakers of the day. The interest in last year's course was so great that at some of the lectures standing room was at a premium. These lectures have been the means of awakening in the minds of many renewed interest in education, and the benefits that have been derived from the lecture course are of inestimable value.

Next season the course will be open about October, and the committee announces the following numbers: Mr. George R. Wendling; Prof. Frederick Star, anthropologist of the University of Chicago; Prof. John B. DeMott; Dr. John Merritt Driver, formerly pastor Peoples' Church, Chicago; The Hardy Brothers quartet; Ope Reed; a grand concert by the Ogden Tabernacle choir; Prof. Maynard Lee Dagg, University of Washington; Monteville Flowers, president of Flowers' Academy of Speech and Dramatic Art, Cincinnati; and Father L. F. Vaughan, the great dramatic orator.

FISH HATCHERIES MUST GO.

Contrary to Law to Occupy and Obstruct Public Streams.

Ogden, Aug. 31.—The numerous prosecutions recently of violators of the fish and game laws is working its good effects, but still there continue to be a few violators of the law caught. A complaint has been issued by County Atty. Harris charging Chris Wangerland of Huntsville with violating the law by maintaining a fish pond with waterways contrary to law. Dist. Atty. Halverson is giving this matter his personal attention. He has recently visited the hatcheries in Ogden valley, and thus obtained much information that will aid him in prosecuting cases for violation of the fish and game laws.

NEWS BRIEFS.
H. W. Brown has returned from England. Mr. Brown has been there several weeks looking up genealogy.

Murray Second ward is going to have a bazaar to be held Sept. 1 and 13. The committee have been appointed and with a little effort are they endeavoring to make it an entire success. The purpose of it is to help liquidate the debt on the new ward house. Contributions are now being accepted. The committee expect to exhibit a fine display and hope to readily turn the articles into cash. Appropriate prizes have been arranged for each day and a grand ball will be given the last night.

The Murray First ward is also going to hold a fair for the same purpose. The time will be set for some time in the future. The committee of the amusement committee which assures its success.

The funeral services for the remains of Leon P. Stehl will be held Sunday afternoon at the Congregational church, beginning at 2 o'clock.

GUNNISON.

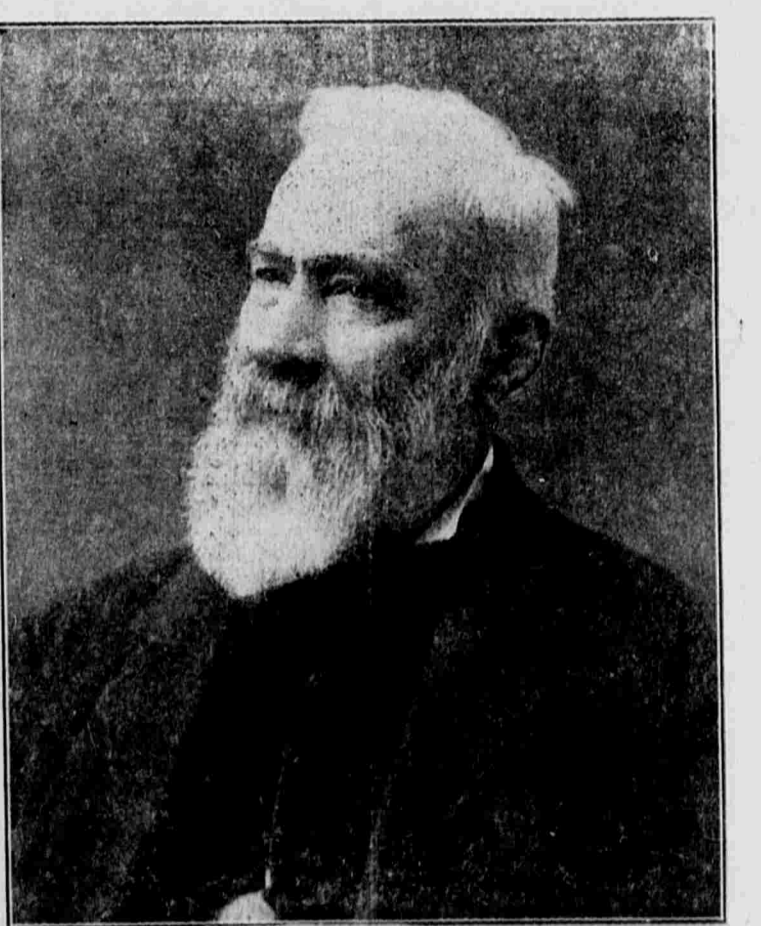

THE LATE BISHOP MADSEN.

Eulogiums on by Lund and Brilliant Career of Pioneer.

Special Correspondence.

Gunnison, Sanpete Co., Aug. 28.—In the death of Bishop Christian August Madsen, which occurred here Aug. 16, at the home of Mrs. Maria Nyren, who nursed him during his last illness, the state loses one of its most progressive and public spirited citizens and the Church a stalwart defender of the faith, both in precept and exam-

Bishop Madsen was born in Copenhagen, Denmark, July 23, 1822; baptized in 1844 and came to Utah in 1858, after laboring for some three years as a local missionary. He first lived in Salt Lake City, and from there returned to his native land to fill a mission in 1860-62. When he returned he made Gunnison his home, where he and his intelligent wife, who preceded him, became actively identified with the upbuilding of this part of the state. He was the foster father of President Anthon H. Lund, whom he baptized when a boy. Bishop Madsen was widely known throughout the state for his progressive spirit and indefatigable energy, and was loved by all for his kindness of heart.

BISHOP CHRISTIAN A. MADSEN.

ple. He was a well educated man and a natural born leader, being among the first to agitate for a sugar factory in this state, and was perhaps the first to grow sugar beets in Utah. He was also among the first to introduce alfalfa in the state. He was one of the foremost farmers of Sanpete and an authority on matters agricultural. He held many positions of trust, was the bishop of Gunnison ward for 27 years, and was then ordained a patriarch in 1900. He was a member of the constitutional convention in 1872, and filled many civil and military positions during his long career.

REMEDY FOR DIARRHOEA. NEVER KNOWN TO FAIL.
"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. J. Jensen, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

OLD FRIENDS AND NEW INVITED TO MEET THE DOCTOR.

Dr. A. J. Shores, will be found at the offices of Drs. Shores & Shores, 249, Main St. daily from now on—and cordially invites his many old friends to call on him and renew acquaintance, and as cordially invites the sick and suffering of Salt Lake and vicinity to consult him absolutely free of charge.

THE VERY LATEST UP-TO-THE-MINUTE TREATMENTS AND METHODS.

Dr. Shores has added to his already vast experience greatly during his sojourn among the Hospitals and Colleges of the Pacific Coast—and will introduce to the people of Utah the very latest methods of treatment for Catarrh and Chronic Nervous and Private diseases.

"THE LOW RATE MUST CONTINUE," SAYS DR. SHORES.

It would be unjust to raise our rates on the eve of my return to Salt Lake and I want to continue the low rate of \$5 a month medicines free to one and all for all Catarrhal Chronic diseases—so that the poor as well as the rich may be cured for so small an expense that they will not feel that they are barred from consulting Expert Specialists.

THE FAKIRS MUST GO.

Dr. Shores was surprised to find a Notorious Fakir who had been working the people in the smaller coast cities plying his trade here, and promises to add Salt Lake City to the long list of Cities that have bid the fakir DEPART.

When such terrible methods are pursued by ignorant quacks it is time that every honest citizen took a hand in suppressing fraud and just as long as these frauds continue to operate, just so long will Dr. Shores' fight for decency to continue.

Dr. Shores had intended withdrawing the \$5 a month rate for all Catarrhal diseases Sept. 1st—and charging a trifle more to allow a reasonable profit for their services—but as this low rate is so strongly objected to by the fakirs—and appreciated by the public—the \$5 a Month rate will be held open to one and all indefinitely—for all catarrhal chronic diseases—medicines free.

Consultation and Advice free and confidential.

SECRET WEDDING DIVULGED.

J. E. Bott Jr. and Miss Constance Moore Surprise Friends.

Special Correspondence.

Provo, Aug. 31.—Senator Smoot's state of health will not permit him to go to Sacramento to attend the irrigation congress, where he was to deliver an address. His indisposition is not serious, but it is considered that the trip might prove harmful.

MARRIAGE KEPT SECRET.

John E. Bott, Jr., and Miss Constance Moore of this city, sprung a surprise on their friends yesterday by announcing that they were married in Salt Lake City July 11. Since then they have to all appearances acted as they did before the important event, but yesterday they decided to take their friends into their confidence. Mrs. Bott is the daughter of Mr. and Mrs. George Moore and is employed in R. A. Bar-

ney's store, a position which she will probably soon leave and go to house-keeping. Mr. Bott is a son of Councilman Bott and is in business with his father. The ceremony was performed at the county clerk's office in Salt Lake, and persuaded the clerks to help keep their secret by not giving the marriage license to the press.

CITY COUNCIL BUSINESS.

Death of Mrs. Hyrum Stauffer—Assignment of Teachers.

Murray, Aug. 31.—Two communications offering for sale tracts of land for a city park, were read at the last council session. One was from J. P. Freeze, who has a suitable tract east of State street and off from Vine. This place is dotted with springs, making it all the more valuable for public use. Mr. Freeze holds the ground at \$400 per acre. The other communication was from H. C. Atwood, who offers a tract of 10 acres at \$500 per acre, with an additional \$100 for his commission. The attention of the committee on public grounds was called to these two tracts.

A notification was received from sanitary inspector A. A. Bird asking the city to abate the nuisance of a pool of stagnant water on Sixteenth South street.

The road supervisor reported that the condition of State street is not good, and asked the privilege of hiring teams to go with the single laborers he has working poll tax that necessary repairs might be made. The committee on streets will investigate the matter and if it finds teams are needed will authorize the supervisor to get them. The street committee reported that they

could not at the present time build the bridge across the stream on the street leading from Vine to Thirley addition, and also that Brown's place could not be accepted as a street.

The attorney was instructed to amend the ordinance regarding the salary of the city engineer, fixing it at \$5 per day when engaged. The fixing of the salaries of the recorder, treasurer and justice was again deferred one week, with instructions to the committee on municipal law to give this matter attention that it might be cleared up when it comes under discussion again.

It was decided to drain the city lot and also put in pavement around the city hall. The sidewalk in front, the driveway on the north and the walk on the south both leading to the new fire station are to be completed and authorized improvements needed to make the place beautiful and convenient will be made.

Several names were suggested to fill the vacancy caused by the resignation of Mr. Short. Those that were considered are: Henry Bird, Andrew S. White, J. J. Proctor, Erick Gillon and John Richardson. Henry Bird was appointed.

SAD DEATH OF MRS. STAUFFER.

It was sad news to the many friends of Mrs. Hyrum Stauffer in learning that she died yesterday morning at a o'clock, after an operation performed at the Holy Cross hospital. The body was brought to Murray by Undertaker C. H. Banks, to bring home her little daughter, who had gone to the hospital on account of her health. Upon arriving at Tacoma, Mrs. Stauffer was seized with an attack of peritonitis. A doctor was summoned and found the case a serious one and ordered the patient removed to Salt Lake. An operation was performed Tuesday morning and great hopes were entertained for her recovery, but to the contrary, she grew gradually worse, until she died.

The deceased is the wife of H. Hum Stauffer and daughter of Matthew Gibbs, both of Murray. She was 35 years old, and leaves seven children, the eldest being a son of 16 years, the youngest a babe of 15 months.

The funeral will be held Monday at 1 p. m. from the Murray Opera House, under the auspices of the Companions of the Foresters and the Women of Woodcraft.

ASSIGNMENT OF TEACHERS.

The following assignments of teachers, in the Murray city schools, has been made:
Arlington—R. E. Davidson, principal; C. J. Sanders, Mary J. Heim, Margaret Edwards, Elizabeth Warren, Matilda R. Watts, Alice Stevens, Hannah R. Allen, Mercy, Mary Abaugh, Esther Hall, Cice Whincloster, Margaret Johnson, Nora Watt, Lottie J. Coffman.
Liberty—John A. Astin, principal; Gordon Norton, Ida L. Kirk, Ada E. Kirk. Two new appointments yet to be made.
Pioneer—Alice G. Scott, Elizabeth Thompson, supervisors.

Rippling—Anna Taylor, shop work; Rupert E. L. Wilson, music; work; Anne L. Corbett, music; Matilda R. Watts.

DEATH OF WILLIAM A. BOGGESS.

CAPTAIN FREEMAN BASSETT.
Capt. Freeman Bassett, is the commander of H company, First infantry, N. G. U., and is a well known business man of this city. He joined the guard in 1901, enlisting as a private in H company. His was a case of "you can't keep a good man down," and Private Bassett was successively made corporal, sergeant, second lieutenant, and captain, reaching the latter office in August, 1904. He officiated as commandant of cadets at All Hallows college, 1904-06, where he was an instructor in mathematics, but is now connected with the Western Arms company of Salt Lake. The captain is today, in command of his company at the annual state encampment. He is a popular and efficient officer, as his rapid rise in commanding positions has shown.

HAD AN AWFUL TIME
But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.
It is with pleasure that I give you this unsolicited testimony. About a year ago when I had a severe case of measles I got caught up in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Twin, Concord, Ga. For sale by all druggists.
