IT IS A MATTER OF GENERAL KNOWLEDGE
I that many houses have relied for their reputation, in their several lines of business, upon the obtaining and advertising of medals, diplomas and testimonials, and that the obtaining of the same has become an affair of management, intrigue and often of downright bribery, rather than a question of intrinsic merit, is wall understand by those who have had even the smallest amount of personal experience in competitive contests; and the fact that the awards obtained we made the subject of the

**Grossest Misrepresentation** can but be apparent to the general public, the thinking portion of whom understand and appreciate these matters at their true value. The many direct and indirect charges of fraud, favoritism and collusion in reference to the awards at our late

CENTENNIAL EXTRITION, and the very general method pursued by the majority of exhibitors, successful and unsuccessful alike, in regard to the value of awards distributed, afford only further corroboration of the views long field by many of our most advanced thinkers, that the whole system of competitive awards is radically wrong, and that instead of its beling a fair test of the merits or qualities of the articles in competition, it is but a source of

JEALOUSY, CORRUPTION AND FALSEHOOD.

This principle now so generally understood has been recognized and acted upon by Georgia Woods & Configuration the beginning of their business correct; and they have

NEVER EXHIBITED THEIR INSTRUMENTS: and for similar reasons have never solicited or published a testimonial from professional musicians. That they have acquired such an envisible reputation without the nid of such afforts as many of their competitors have found measure to adopt, can but be considered as not only an indication of the superiority of these instru-ments, but of the
