That ripe tomatoes will remove ink and other stains from white cloth, also from the hands.

That a teaspoonful of turpentine, boiled with white clothes, will aid the whitening process.

That boiled starch is much improved by the addition of a little spermaceti, or a little salt, or a little gum arabic dissolved.

That beeswax and salt will make flatirons as clean and smooth as glass; tie a lump of wax in a rag, and keep it for that purpose; when the irons are hot rub them with a rag, and then scour with a paper or rag sprinkled with salt.

That kerosene will make tea-kettles as bright as new; saturate a woolen rag and rub with it; it will also remove stains from clean varnished furniture.

That kerosene will soften boots or shoes which have been hardened by water, and render them as pliable as when new.
