

## POLICE SURROUND OMAHA CITY COUNCIL

Mayor Moore Took Heroic Measures and Would Not Let Members Leave Chamber.

SO HE KEPT QUORUM INTACT.

Then Majority Passed an Ordinance Entering into a Contract for Illuminating Gas.

Omaha, Neb., Oct. 11.—Mayor Moore stationed a cordon of policemen at the doors of the city council chamber today and prevented three members of the council from leaving the room, thus keeping intact a quorum, which the majority used to pass an ordinance, entering into a contract with the Omaha gas company to furnish illuminating gas to the city.

The council met in adjourned session, a quorum not being present at Tuesday night's regular meeting. After a roll of the council was called, President Zimmerman and Councilmen Nicholson and O'Brien started to leave, thus breaking the quorum. They found every door blocked by policemen, and were forced to remain in the room.

A member of the majority made a motion passing the ordinance on its passage, but President Zimmerman refused to put the question. Councilman Huntington, a member of the majority, put the question, five members voting for it. The minority members declined to vote.

Mayor Moore was present, and immediately returned the contract with the bond approved. The mayor made an impassioned speech, and several harsh words were passed between the majority and minority members of the council.

During the early morning Mayor Moore and Councilman O'Brien there occurred one of the most sensational scenes ever enacted in a legislative body in Nebraska. Threats of personal violence were made and a clash at fist-fights between the mayor and O'Brien was on the point of being consummated when Councilman Nicholson, another majority member, interfered. Then O'Brien attempted to leave the council chamber and was forcibly pushed back by a policeman. President Zimmerman also was forcibly required to remain.

City Atty. Herdman declares it is illegal, while an attorney representing the gas company says the contract as approved is satisfactory. The ordinance provides for a 10-year contract with the gas company for furnishing street lamps at \$2 each per year. It is alleged by the minority that cheaper lights may be secured.

Hogan of Chicago, tonight gave himself up to the police and confessed that he delivered the blow which killed Mrs. Louise Jenkins, Saturday, in a resort in the restricted district of this city. STRIKE ON MEXICAN CENTRAL  
Guards Are Placed on Trains as a Matter of Precaution.

Monterey, Mexico, Oct. 11.—The officials of the Mexican Central railroad arrived here tonight, claiming that the present conditions prevailing as the result of the firemen's strike must be changed. At their request Gov. Reyes placed a number of the rurales at the disposition of the railway company to act as guards on the engines.

All trains were sent out of the city on schedule time today, though rurales were placed on each train to protect the firemen. While no trouble occurred today it may be that the strikers will take measures to circumvent the action of the authorities and in that event serious trouble is bound to ensue.

When the officials arrived on a special train from Torreon, consisting of an engine and three coaches, the strikers or their sympathizers caught the colored fireman, named Stevens, and dragged him to the ground, drew the fire of the engine, and the engine stopped.

Murdered in Cold Blood.

New York, Oct. 11.—Gaetano Costa, a butcher 40 years old, was murdered at 10 o'clock tonight in his shop on Fourth avenue, Brooklyn. Costa was alone in his shop when the murderers entered, and no witnesses to the killing have been found. Two men standing near the entrance to the shop heard shots and saw four men escape into the street. An examination of the body showed four bullet wounds. The murder is believed by the officers to be the work of the Black Hand. No arrests have been made.

## EASILY PROVEN

There Is Not the Slightest Necessity For Leaving Salt Lake City To Look For Proof.

The experience given below by this well known citizen of Salt Lake City is easily proven. The proof he offers for his conviction can safely be left with the reader. It is so difficult to describe an aching back or any of the ills caused by disordered kidneys. How to cure the trouble is of much more importance, and the most exacting resident of Salt Lake City cannot ask for any better authority on this point than that given by Mrs. Annie C. Poulsen of 1705 West South Temple street, says: "The direct action of Doan's Kidney Pills upon the functions of the kidneys is so manifest and the results follow so quickly after a course of the treatment that the user cannot but come to this conclusion. The remedy acts as a purgative, and in two to four days in years to ever expect a permanent cure from any medicine, but I can say with all honesty that Doan's Kidney Pills procured at the P. J. Hill Drug Company's store did me more good than all other remedies for the kidneys I ever used."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Best for the defense of the Baltic coast pending the reconstruction of an offensive navy.

There are no developments in the naval program. The report published in Copenhagen today that American capitalists have secured the lease of a number of Russian shipbuilding works in Baltic and Black sea waters for the purpose of building Russian warships, is incorrect.

MARRIAGE IN HIGH LIFE.

Princess Victoria Adelaide Weds Duke Frederick of Gloucester.

Gloucester, Prussia, Oct. 11.—The Princess Victoria Adelaide, eldest daughter of Duke Frederick of Schleswig-Holstein-Sonderburg-Gluecksburg, and niece of Empress Augusta Victoria, was married to Prince Charles Edward, duke of Saxe-Coburg and Gotha, a nephew of King Edward, at midday today in the beautiful little castle here, in the presence of about 50 members of the royal families of Germany. Among them were the emperor and empress and all reigning imperial children except the crown prince, Frederick William. He and Prince Bismarck-Friedrich are the young duke's intimate friends, and no one seems to know precisely why the crown prince was absent.

After the religious rite had been performed the bride led the way, dressed in white and wearing a veil, walking between Emperor William and the duke. Duke Frederick, his bridegroom followed, and then came the bridegroom in the light blue and gold uniform of the Ninth Hussars, with the broad orange ribbon of the order of the Black Eagle, conferred on him by the emperor. The duke is 36 years of age, and the duchess is 24. They are the empress and the Duke of Albany and then Prince Arthur of Connaught, representing King Edward, and other princes.

Pastor Sommerfeld of Gloucester performed the service.

Cruiser Colorado Makes a Record.

Washington, Oct. 11.—The statesman was made at the navy department today that the armored cruiser Colorado, at her first target practice recently, made a record with her six-inch guns which has never before been equaled, and was accomplished without derangement of her sights. This is regarded as the more remarkable because it was the first time the Colorado had fired her guns in target practice, and because her gun crews are but newly organized.

Treaty All Ready.

St. Petersburg, Oct. 11.—Though both transcripts of the peace treaty, not only the original French, but also the English copy, which the Japanese at the last moment wished to have ratified, are understood to be ready for signature, the signing is being delayed pending the arrangement of an understanding for the simultaneous exchange of ratifications. At the foreign office, however, it was said today that this was only a matter of a few days.

Portland, Ore., Oct. 11.—A special dispatch to the Evening Telegram from Walla Walla, Wash., tells of the accidental poisoning and death of Mrs. J. A. Taylor, wife of Judge J. A. Taylor. The details are distressing in that the poison was administered by Mrs. Taylor, who mistook a bottle of carbolic acid for a bottle of tonic. The two bottles being very similar. Mrs. Taylor survived seven hours, passing away early this morning. Mrs. Taylor was a pioneer of Walla Walla, aged 80 years.

He kept a diary of his Onaga attempts, recording the hour of the day at which he swallowed each grain of the drug, and noting the effect of the drug.

Brander spent his early life in Montana and held several positions. He was the first judge regularly chosen in that state.

TOBE UPWARDS OF 40,000 MEN.

Peking, Oct. 12 (evening).—An imperial edict has been issued establishing a new board dealing with police matters, which have hitherto been left in the hands of local officials of the various provinces. They will henceforth be regulated from a central department.

Much curiosity is felt regarding the forthcoming Chinese military maneuvers. These will be conducted in the neighborhood of Pootung, and will continue from Oct. 23 to Oct. 26. They will be held on entirely modern lines, and upwards of 40,000 men of all arms will be in line.

'INDUSTRIAL WORKERS.'

Condemned as Socialists by Mass. Federation of Labor.

Pittsfield, Mass., Oct. 11.—The state federation of labor today adopted resolutions condemning Socialism in general and the Socialist organization known as the Industrial Workers of the World, which was formed in Chicago in July, 1904, and headed by Eugene V. Debs, former presidential candidate on the Socialist ticket, and other prominent Socialists.

The resolution against the Industrial Workers of the World characterized the formation of the organization as "the most despicable attack yet made upon the life of our national body," and it was resolved that "we resist by all lawful means this encroachment upon our rightful territory, namely, the labor world of the United States."

The resolutions met with a storm of protests from the Socialist delegates, but were passed by an overwhelming vote.

"I will give \$100,000 to have the perpetrators of the heinous crime convicted and sent to prison."

Recently, Miss Thornton, while passing a stable on the West Side, was seized by two men and dragged into the stable. A dozen other men joined them there. The girl did not escape until the next morning, and her health was seriously affected by her experience.

The five men arraigned today were held in \$2,000 bail each.

The police announce that they expect to arrest nine more men in connection with the assault.

Can't Agree on Western Life.

Chicago, Oct. 11.—A secret conference between Judge C. C. Kohlhaas of the United States circuit court, and the lawyers interested in the litigation over the Western indemnity company, in an effort to bring about an amicable settlement of the difficulty, has been unsuccessful. After a two hours' conference today it was finally decided that the case will be again taken up in open court before Judge Kohlhaas Monday morning.

Great Falls, Mont., Oct. 11.—A appeal to the Supreme Court of Montana, says that William Armington, 22-year-old boy, who was charged with killing his stepfather, was acquitted. There was no dispute that the boy secured a gun and hunted up his stepfather and killed him after they had some differences but the theory that the boy was not old enough to be responsible for his act. ## Girlhood, Womanhood, Motherhood.

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life.

All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness, chorea, or St. Vitus's dance, and other consequences of womanly weakness or disease.

MOTHER OF THE FAMILY.

The anxious mother of the family often carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits are very often much too great. At such times the mother is invited to use Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held sacredly confidential.

IT STANDS ALONE.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print just what it is made of on every bottle wrapper. It is the only medicine for women every ingredient of which has the unimpaired endorsement of all the leading medical writers of this country, recommending it for the cure of the very same diseases for which this "Prescription" is advised.

A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, motherhood is often looked forward to with feelings of great dread by most women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a nerve tonic and a strength builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event. It makes childbirth easy and often almost painless.

DR. PIERCE'S FAVORITE PRESCRIPTION

is a powerful, invigorating tonic. It imparts strength to the whole system and to the womb and its appendages in particular. For overworked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

A STRENGTHENING NERVE.

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

A SCIENTIFIC MEDICINE.
