NOTICE.

In the Probate Court in and for
Salt Lake County, Territory of
Utah.

In the matter of the estate of INGEBOR
ERICKSON, deceased.

A petition with a document purporting to be the last Will and Testament of Ingebor Erickson, deceased, having been filed in this Court by John F. Snedaker and Caroline Erickson Sorenson, praying that said document be admitted to probate as the last Will and Testament of the said deceased, and that letters testamentary issue to petitioners.

Now, therefore, in pursuance of the statute in such case made and provided and the order of this Court, notice is hereby given that Saturday, the 11th day of May, 1878, at 10 a.m., at the County Court House in Salt Lake City, has been appointed the time and place for the hearing of said petition and the proving of said Will, at which time and place all persons interested may appear and contest the probate of said Will.

Dated Salt Lake City, this 27th day of April, A.D. 1878.
D. ROCKHOLT,
Clerk Probate Court, Salt Lake
County, U.T.

Plain Talk.

Half Horse and half Man. Card
from the Centaur Men. Strong
Statements, backed by indisputable
testimony. Science, Mythology
and living witnesses in last-
ing harmony.

To the Editor of.....

We would not insult intelligence by discussing the ridiculous story of a live Centaur—an animal half horse and half man, said to have been captured in the Indian Territory. Our December publication simply rectified the mythological legend of the ancients who believed in these Hybrid creatures. We traced the origin of the Centaurs from Ixion and Juno down to their reported home on Mt. Olympus and exploits upon the Magnesian plains. We stated that as the alleged founders of the Healing art, Esculapius, a Centaurean God, is to this day the insignia of the medical profession. Astronomers recognized their prowess by giving to the grandest constellation in the heavens the name of Centaurus. The Queen of plants, blossoming only once in a hundred years, was dignified by botanists as Century plant. We asserted these interesting facts and stated why the wonderful remedies of which so much is being said, were called Centaur Liniments. As the Centaurs, half horse and half man, were worshipped for their medical skill, remedies which absolutely cure the ailments of man and animals, are very felicitously in our estimation, called after the Centaurs. We distinctly stated that the ingredients in the two preparations, were differently compounded. It is not a pleasant thing for a cleanly housewife to use a remedy brought from the stable. The Family Liniment is a beautiful white and odorless preparation; the Animal Liniment is stronger and is yellow in color. What caused the rage of our critics, was their knowledge that the Centaur preparations were effecting more marvellous cures and obtaining a larger sale than all other Liniments, Ointments, Extracts, Pain Killers and Panaceas combined. They are not advertised as cures for broken legs and empty skulls, but are warranted to alleviate pain and effect cures, where cures are possibilities. We publish a list of the ingredients, so that a way-faring man, though a fool, may understand. Every physician and every old woman knows the virtues of Witch Hazel, Carbolio, Arnica, Root Oil, Ammonia, Wormwood, Borax &c.; each a healing, soothing, astringent and pain extracting agent. Every one of the testimonials in our publication, and in wrappers around the bottles, were written by the physicians and persons whose names they bear. Any of them can be easily verified. So much confidence have we in the efficacy of these preparations, that we will give them to any one doubting the representations made. We will present any person a hundred dollars, who having used either kind of the Liniments according to directions, will prove to us he or she has not been benefited as is stated. The White Liniment, will heal Burns and Scalds without a scar. I extract poison from Stings and Bites, and will always subdue inflammation. Limber stiff joints and strained cords. Nothing has ever been discovered like it for Rheumatism, Neuralgia, Sciatica, Swellings, Prolapsed Uterus, Bruises, Sore Nipples, Broken Breasts &c. It is the best external remedy for sore throat, Bronchitis, Quinsy, Mumps, Croup, &c., ever used. It will remove disgusting Pimples and Freckles from the face and hands, and is very efficacious for Salt Rheum. The Yellow Centaur Liniment can always be relied upon for Spavin, Galls, Sweny, Scratches, String-halt, Strains, Sprains &c., on horses, mules and other animals. It is worth its weight in gold to farmers, planters, ranchers, liverymen and owners of domestic animals. Such testimonials as these of which the following are specimens, were never before voluntarily and truthfully written of any other healing remedy. A thousand similar ones, will be sent gratis, upon application. Notice residence and names.

Neuralgia and Rheumatism. "I contracted a cold in 1849, from which Neuralgia, Rheumatism and Erysipelas set in. A part of the time I could not walk, and I suffered everything but death. Dr. Peaslee attended me for eight years. I have had other doctors and tried many remedies. * * * The Centaur Liniment relieved me from pain and has already nearly cured me. MRS. LAWRENCE KIRBY, 800 Eighth Ave., New York.

Sciatica. "I have suffered with Sciatica for several years, so that at times I could not get out of my house. To say that I doctored and tried remedies does not express it; but I never received benefit until I used the Centaur Liniment. I improved from the first, and laid aside my crutches with the third bottle. I am now well. JOSIAH WESTLAKE, Maryville, O."

Suppurated Leg Saved from Amputation. The following case of R. F. STOBO, was reported in the Medical Journals:

"OFFICE OF ANCHOR LINE TRANSP. CO.,
NEW YORK, Sept. 11, 1877

"GENTLEMEN—Three years ago I was a terrible sufferer from inflammatory

Rheumatism. It settled in my right leg and foot. For seventeen weeks I was in agonizing pain, helpless and reduced to a skeleton. I had the best medical attendance, by the eminent physician, George E. Seicher, M. D., No. 43 East 21st Street. After the most careful attendance on his part, (Dr. Parker was also consulted), it was considered that my foot must be amputated at the ankle. I demanded delay before submitting to this ordeal. Fortunately, at this crisis, I was advised to use Centaur Liniment. From the first day's application, I experienced sensible relief. Constant use of the Liniment in connection with my medicine, saved my leg. It effected a perfect cure in about six weeks' time. I have been able to attend to my business, which is mostly out of doors, regularly since then, although I continue to use the Liniment at intervals. I write this with a feeling of gratitude, that no one but myself can understand. Yours, &c., R. F. STOBO, 165 West 21st St., N. Y.

Yellow Centaur Liniment.

The great Express Companies
agents in New York join in the following statement:

"We have hundreds of horses under our care. We have used and constantly keep the Centaur Liniment in our Stables. It is the best thing we have ever seen. We recommend it to any person having a horse." "ALBERT S. OLIN, Supt. of National Express Co. "E. PULZ, Supt. of U. S. Express Co. "H. MARSH, Supt. of Adam's Express Co."

"NEW YORK, Aug. 21, 1874. We cheerfully recommend the Centaur Liniment (Yellow Wrapper) as the best thing ever brought into our stables. "MARTIN & RAND, Liverymen, 632 Seventh Avenue, N. Y."

WASHINGTON, D. C., June 18, 1873.

"I have been using the Centaur Liniment in the stables of this Company for some time. They are all you claim them to be. The effects of the Yellow Wrapper Liniment upon spavined horses is wonderful. The White Wrapper is equally good for our men, who are constantly being bruised. Say to your patrons, 'Use it hot.' W. L. SMITH, Supt. Washington and Georgetown Horse Railroad."

Each kind of Centaur Liniment is sold in three sizes at 25, 50cts and \$1. per bottle by all Druggists.

The Centaur Company, 46 Dey St.,
New York.

One word about Castoria, for Children. It is prepared after a physicians formula, Dr. Samuel Pitcher, of Hyannis, Mass., as a substitute for Castor Oil. It is purely vegetable and the only preparation for babies and children suffering from Wind Colic, Stomach Ache, Teething, Loss of Sleep, Worms, &c., which does not contain Morphine or some kind of narcotic drug. Pitcher's Castoria neither gripes nor gags. It is as pleasant to take as honey, and as harmless as farina. It assimilates the food in the stomach, and by causing natural digestion and evacuation, affords quiet to the child, and rest to the mother. It is warranted to contain neither mineral, morphine nor a chol. The price is only 35 cts., in large bottles, to be had of any Druggist.
