

## SPOKANE TOOK A RAGGED GAME.

Two Teams Contributed Twelve Errors—Indians Won by Score Of Twelve to Six.

### TOZER GIVEN BAD SUPPORT.

Had it Been Equal to His Pitching He Might Have Got Away With The Contest.

Those who witnessed the fine exhibition of baseball put up by Salt Lake and Seattle last week were disappointed yesterday afternoon by the poor game led out by the locals and the Indians from Spokane. All things considered it was about the rankest ball game we have had here this season, and it would be a difficult matter to determine the cause thereof. Both teams seemed to be sitting on the ragged edge and only those who are past grand masters at the game realized that they were looking at baseball. It was a long, tiresome affair and several times a suggestion was made to send for the fire and police departments to put a side out. There were errors in plenty. Salt Lake ran up a total of seven and Spokane got away with five.

Neither team is entitled to much credit for what they got. Tozer and Slagle were the opposing pitchers, and from a pitching standpoint the former beat the latter and might have won the game had it not been for the horrible support he was given by the locals. While he of course had his off innings, he pitched a fairly good game and tried hard to win. His control was good most of the time and he was not hit as often as was Slagle, but he could not win. Spokane got 12 hits and a run for each. Salt Lake pounded the Spokane pitcher for 15 hits, but the best they could do in the matter of tallies was six. The same teams cross bats again this afternoon. Probably the boys will feel more like playing ball. It is to be hoped so any way. The summary of yesterday's doings follows:

### LEAGUE MEETING TOMORROW

Magnates of Pacific National Will Hold Session at Butte—Reynolds There.

Butte, Mont., Aug. 25.—The meeting of the board of directors of the Pacific National League, scheduled for next Thursday at Spokane, will be held in Butte on that day, according to a message received from President Lucas. At this meeting it is expected the status of the league will be definitely determined.

What is said to be the plan of the magnates is to establish an eight club circuit, laying the foundation for a league next season. Salt Lake will doubtless be retained, a good team placed in Portland, and the league balance established by a club being formed in Everett. The Helena and Tacoma franchises will be placed in Vancouver and Whatcom. Should an eight club league be found impracticable at this late date in the season, it is said the magnates will take in Whatcom and Vancouver and finish the season with six clubs.

Manager Reynolds of the local team has gone to Butte to attend the meeting mentioned in the above dispatch. Before going he stated that matters of grave importance to the league would be discussed, and it is claimed that plans for an eight club league for next season will be considered. It may be that the fate of the league will be decided at the meeting. Some of the magnates are in favor of giving the Tacoma and Helena franchises to Whatcom and Vancouver, as it is believed they are good ball towns. As to what will be done during the balance of the season depends largely upon the attitude of Mr. Reynolds. It is generally believed, however, that the clubs will hang together and play until October.

## CYCLING EVENTS AT SAUCER TRACK.

In the Match Race Billy Samuelson Took Two Straight Heats From Fisher.

### JOHNNIE TOOK A TUMBLE.

Collided With the Prev Rider and Went Down—Heagren Defeated Agraz in Motor Race.

The feature of the bike races at the saucer track last night was the match between Johnnie Fisher of Chicago and Billy Samuelson of Provo. The riders were scheduled to ride three half mile heats, but two out of three, but it was only necessary to run two of them as the Provo rider took them both. The first heat was a red hot fight and for a time Fisher looked like a winner. Samuelson had the pole and Johnnie made a great ride to go around him but could not quite make it. In the second heat he had a collision with Samuelson and fell to the boards. Burris was piling the riders and as they tried to go around him Fisher hit his wheel and Johnnie Jack went down. On the next turn Samuelson and Fisher were riding close when the former swung high to meet Burris and the two riders came together. Fisher went to the track in a heap and Samuelson pedaled home a winner. There was a great deal of interest in the five mile race between Heagren and Agraz. These fast amateurs were pined by motors and had the machines given them the pace they clamored for the event would have been a very fast one. But neither rider could get enough speed and repeatedly yelled—like Oliver Twist—for more. At one stage of the race Agraz deserted his pacer and tucked on D. Heagren's rear wheel. He stuck to it until Holway's motor came out and picked him up. But he was never able to get ahead of the Salt Lake rider, who plucked along until he was nearly a mile in the lead. Goodell, from the 115 yard mark, captured the amateurs' half mile handicap event, and Hopper took the mile handicap race for professionals with a handicap of 25 yards. These will be races tomorrow evening on the occasion of the Young Men's Republican club outing.

The summary follows:  
Match race between Samuelson and Fisher, half-mile heats, best two in three, won by Samuelson in two straight heats. Time, 58 seconds and 58 seconds.  
Five-mile motor paced match race between Heagren and Agraz, won by Heagren by three-quarters of a lap. Time, 8:22.  
Half-mile amateur handicap—Goodell, 115 yards; L. Redman, 60 yards; Limberg, scratch. Time, 52.  
Mile handicap, professional—Hopper, 35 yards; Downing, scratch; Holway, 130 yards; Stuver, 75 yards. Time, 2:07.5-5.

### SPORTING NOTES.

Last Sunday, Manager Schefski of the saucer track made a trip up Parley's canyon to Hardy's ranch and tied the record for trout catching this season. Schefski pulled just 54 speckled beauties from the water.

The locals and the Spokane Indians are playing again at Walker's field this afternoon. Eddie Quick is slated to do the twirling for Salt Lake and Darrman will shoot the benders for the visitors.

Port Huron, Mich., Aug. 25.—Martin Duffy of Chicago scored over Matt Matthews tonight in a 10-round bout which went to the limit and remains the light welterweight champion of the world.

It is likely that Ogden will have two days more of horse races. The announcement is made that races will be pulled off at the county fair grounds on Sept. 7 and 8. It will be under the same management that gave the recent four days meet, and Ogden race fans look for a good time.

Oakland, Cal., Aug. 25.—Toby Irwin's seconds threw up the sponge at the end of the ninth round of his contest with Billy Ota tonight. Otto broke Irwin's jaw in the fifth round, but Irwin stayed in the game till the ninth.

London, Aug. 25.—"Danny" Maher, the American jockey, today won the Bridgwater park selling plate at the York August meeting on Rather Warm. Maher subsequently won the chief event of the day, the Prince of Wales plate, on Cinquetti, W. C. Whitney's Hands Down, ridden by Martin, was third.

There will be no races Friday evening at the saucer track. The events scheduled for that evening will be given tomorrow evening on the occasion of the outing of the Young Men's Republican club. The program will be a good one and a large attendance is looked for by the management.

Frank Hofman, the speedy Los Angeles rider who has delighted thousands of cycle fans at the saucer by his fast sprinting, will leave tonight for his California home. Hofman was down to the track last evening, it being his first visit there since his attack of diphtheria. He stated that he would not try to ride any more this season but will return to Salt Lake next year if the bike game is good.

The police department has acted wisely in breaking up the perilous show of "looping the loop." Such alarming exhibitions ought not to be permitted anywhere, and county officials would be justified in forbidding the parachute descents from hot air balloons at county fairs.

Gentlemen—I cannot speak too highly of Kickapoo Indian Worm Killer, for it was the means of saving our little girl, Mary, aged four years. We gave her one lozenge, and she passed eighty worms. I would say to fathers and mothers who have children to try the Worm Killer, for it saved our little girl, and I know it will do the same for them.

### BUSINESS CUSTOMS IN MEXICO.

Office hours end at 1 p. m. and 7 p. m., as a rule.

Checks are not endorsable from one person to another.

Credit accounts are frequently collected but once in six months. Banks and business houses close on many of the important religious holidays.

The books and accounts of all companies are liable to government inspection at any time.

In the older banks, the paying tellers never cash a check until it has been sent into the cashier's room for inspection.

Checks, notes, contracts, receipts and all kinds of commercial paper must bear revenue stamps in order to be legal.

New firms are required to issue circulars showing fac-similes of the signatures of all who are authorized to sign for the firm.

The books of corporations must not only be registered and stamped at the government stamp office, but must be kept in Spanish.

Most stores and offices are closed for an hour and a half at midday, although the custom is not universally observed as formerly.

Cash is much more generally used in

the payment of bills than in the United States. Some large houses rarely pay a bill of less than \$1,000 by check.

The advent of American banks has greatly facilitated minor business operations with these institutions. Formerly the purchase of a foreign draft was an all-day operation. It had to be ordered in the morning to be secured in the afternoon.

It is the usual custom for landlords to require the signature of a "fador" on a lease. He is an endorser who becomes responsible for the rent in case of default by the tenant. Surety companies serve as "fadors" for a premium in these modern days.

Foreign architects may do work and foreign physicians practice, but the former cannot sign plans nor the latter death certificates unless they have passed a professional examination in Spanish. This technically is avoided by foreign professional men calling in a native with a Mexican degree to sign for them.—Modern Mexico.

## UTMOST LIMITS OF BARBARISM.

They Have Been Reached in the Repressive Measures of the Turks in Macedonia.

### CONVOYS OF PRISONERS SLAIN.

Christian Villages Handed Over to Fire And Sword, Women and Children And Aged Being Massacred.

London, Aug. 25.—According to a Sofia telegram to the Times the Turkish repressive measures in Macedonia have reached the utmost limits of barbarism, and it is evident that it is the intention to accomplish by degrees the total extermination of the Bulgarian population.

Within the last few days, says the Times correspondent, 12 more Christian villages have been handed over to fire and sword, and the women, children and the aged have been massacred indiscriminately. Convoys of prisoners dispatched to Monastir have been murdered by their escorts on the way. A private letter from a foreign resident in Monastir says even the local Turks are disgusted and meditate assassinating the consuls in order to provoke European intervention.

The insurgents are doubtless making a terrible revenge and are executing the revolutionary program to the letter. The reported concentration of large Turkish forces in the Adrianople district at Nustaf-Pasha, Kiziljagach and other points on the Bulgarian frontier is regarded with much apprehension in Sofia as it is well known that in case of war an invasion would occur from this direction.

In the special dispatches from the near east published this morning a gloomy view is taken of the crisis in the Balkans. According to reports from Constantinople a rumor was current that war had already been declared against Bulgaria. It was proved to be unfounded, but the state of popular feeling is said to be such that no other issue is regarded as possible.

It is further stated that although the Russian squadron was withdrawn from Imbros it continues to cruise near the Bosphorus.

It is reported that several Italians have been murdered by Turks at Isma, a seaport in Asia Minor, 55 miles southeast of Constantinople.

From Belgrade it is announced that a big mass meeting of Macedonians intended to be held Aug. 25 was postponed to Aug. 30 by order of the government on account of Turkish protests.

It is also stated from Monastir that the revolutionary committees are appealing to the Christian population to refuse to pay taxes and that their appeal is meeting with much success.

The insurgents in the Debr district are said to be destroying the villages and murdering their inhabitants.

### ARMY PROMOTIONS.

Among Those Favored are Lieut.-Col. Haskell and Capt. W. H. Cowles.

It will interest Salt Laker to learn that Lieut.-Col. Harry L. Haskell of the Twelfth infantry has been promoted to be colonel of the Twenty-seventh infantry. Col. Haskell is a veteran of the Civil war. He enlisted as a private in a company, One Hundred and Twenty-fifth New York volunteers in 1862, and rose to be a captain in the same regiment the following year. In 1867, Col. Haskell was commissioned
