

ENTERED JOHANNESBURG TODAY.

Lord Roberts was not there yesterday—Unexpected Flight of the Boers—They Leave Pretoria—Some Fighting—Boers Save War Stores—May be Attacked by Portugal.

[Early Dispatches.]—May 31, 11:1 a. m.—The war news has received the following dispatch from Lord Roberts under date of May 30: "I have the honor to acknowledge the receipt of a bag of truce I sent to you this morning. The messenger who brought it to me, he begged me to enter the town for 24 hours. There were many armed men still inside. I agreed to this, but I was not anxious to accept the position of anything like a prisoner in the town, and as a matter of fact, I am still holding the hills in the neighborhood from which I will have to be cleared off before I can enter the town."

waiting expectantly in Church square for the arrival of the British. Fearing a possible disturbance and bloodshed among the prisoners, the British, United States Consul Hay and Leigh Wood insisted upon twenty officers being liberated on parole to go to the town. Their action cannot be too highly praised. I was permitted to accompany the officers. Everything was quiet."

WAR PRACTICALLY OVER. At 2 o'clock this morning the war office had received a news from Lord Roberts which the officials would make public, but it is assumed that the press notices are correct. Most of the London morning papers, through the courtesy of the Daily Mail, point Lord Roberts' dispatch, and comment upon it, treating the war as ended.

WHERE KRUGER IS. Waterbouver, or Waterfallouven, is 130 miles east of Pretoria, on the Delagoa Bay railway. It should not be confused with Waterfall, ten miles north of Pretoria, where the British prisoners are. Waterbouver is a small place in a mountainous country. The seat of the Boer government—what there is left of it—will probably be Lydenburg, to the north.

Best Thing That Can be Said for the Iron Market at Present. No Improvement in Prices, the Tenacity of Which is Still Downward. New York, May 30.—Discussing the condition of the iron and steel industries, the Iron Age says: "The best that can be said for the iron market at present is that a feeling of hopefulness is displaying. The demand seems to be a little better in some branches of the trade, and buyers are beginning to place orders rather more freely. This is particularly true of the West. When this has been said, however, it covers about the most encouraging conditions to be noted. No improvement is seen in prices. The tendency appears to be still downward and so far no indications are seen of a firm foundation for such products as are not absolutely controlled by an effective consolidation or combination. Prices have been gradually receding for some time, and while heroic efforts are made to maintain them in some directions, this simply results in creating a great spread in quotations. Prices for this reason on some products show a range of several dollars per ton. With regard to iron, prices are quoted at mills in the central west at \$28 to \$30."

PLAGUE UNDER CONTROL. Disease Well Handled by the Authorities in Sydney. Chicago, May 30.—Bubonic plague, which has been epidemic in Sydney, Australia, is said to be under control and dying out in a favorable manner, according to Charles Oliver, head of the commission in charge of the railways of New South Wales, who is visiting Chicago.

At Grant's Tomb. New York, May 30.—Within General Grant's tomb the great sarcophagus is buried under a wealth of bloom. At the head of the bier is the large wreath of Philadelphia, a pillow of flowers, Philadelphia a wreath of roses. Grant wore a large floral piece showing the Stars and Stripes outlined on a bed of oakleaves, the army of the Potomac a wreath of violets, the national society of New England women a wreath of oak leaves, Geo. M. Gould, post of Philadelphia, a pillow of doves, and the Chinese minister at Washington an immense floral emblem bearing the inscription "China's tribute to General Grant." The floral decorations visited the tomb during memorial day.

Governing the Philippines. New York, May 30.—A special to the Herald from Washington says: "Another effort in the direction of the establishment of civil government in the Philippines will be inaugurated tomorrow, when the tariff Philippines commission arrives in Manila. As soon as their arrival is possible the commission will issue a proclamation embodying instructions under which it will act. It will inform the Philippines that it has been appointed to establish civil government through the islands and will urge their co-operation."

War Veterans Dying. New York, May 30.—A special to the Herald from Washington says: "Veterans of the civil war are dying off at the rate of about three and one-third per cent per annum. Secretary Evans estimates that there are about 925,000 survivors of the civil war. Of this number there were on the pension rolls last year 72,000. During the year 24,787 pensioned veterans died. This number is slightly more than three and one-third per cent. Assuming that the death rate among those not pensioned is the same as among the pensioners, the total number of veterans who died during the year would be about 38,825. The average age of the veterans who still survive is about 69 years. The last survivor of the war of 1812 died last summer, 75 years after the close of that war. At the same rate there will probably be a few survivors of the civil war still living in 1940."

INJUNCTION WAS TOO SWEEPING.

Cigar Makers' Union Wins in Its Contest in Court. MEN CAN HELP STRIKERS. Complaint Against Strikers Was Not Sustained by the Evidence Produced.

[Early Dispatches.]—New York, May 30.—Justice Andrews, in the supreme court, has dissolved the sweeping injunction against the Cigar Makers' union which prohibited the union by members of the union of strike benefits and practically made it unlawful to contribute to the support of a striker's family when the head of the house was out of work.

PERIL IN CHINA TO MISSIONARIES

Most of Those Concerned are Said to be Americans. LIST OF SOME IN DANGER. This Tells a Good Reason Why American Marines Were Loaded at Taku.

[Early Dispatches.]—New York, May 30.—In American mission circles it is said that the interests chiefly concerned in the disturbed districts of China are American. It is pointed out that several important American mission stations, with women among the members of their staffs, are at Pao-Ting-Fli, where the missionaries are reported to be cut off. Among Americans in the district at present threatened by "Boxers" around Peking are the Rev. Hazy E. King and Mrs. King, in charge of the Methodist mission at Pao-Ting-Fli, and Rev. N. S. Hopkins, Mrs. Hopkins and Mrs. Fannie Higgins Hopkins, M. D., who were transferred to that post.
