His parents live in Brooklyn Western Texas, arrived here yester-Western Texas, arrived here yesterday, on route for Washington. A scouting party returned to Concha last Saturday week after forty days absence, bringing in a number of stolen pones captured from Indians off their reservations, also the fresh scalp of a white girl thirteen years old, who, with a woman, was killed and scalped on Staked Plain about two weeks before. Mr. Badger says it is now known that Gen. eral Mackenzie, during his great expedition against the Comanches hast fall, killed upwards of a hundred of them. It was reported at the time that he had killed but twenty-three. About three weeks twenty-three. About three weeks ago a band of Indians appeared hear old camp Colorado, and shot and stabbed a Mrs. Williams, and has suddenly disappeared, and it is

mashed her head against the door post and threw her body into the fire. They then entered the house and shot a girl eight years old, and and soon after returned, stance and then died, but the infant whose head was mashed almost to jelly, was still alive when last heard from, and would probably recover. A band of from fifty to sixty Indians were roaming thout the country south of Fort IcKavett, and in the absence of valry at Fort Counors, scouts had in sent in all directions to settlers. Much also he citizens he citizens were taken. The loss is supposed to be very heavy. Detectives are at work ferretting it out.

Washington, 11.—Governor Austin and the Mayor of Minnoapolis to-day, had another interview with Secretary Fish relative to the Manitoban difficulty. All that the President said to them was that the subject should receive the proper attention of the Government, and that it would see the rights of American citizens protected, and it was too early to give a more defi-nite assurance. The Secretary of State was charged with the con-duct of such affairs, and would doubtless place him in possession of all the facts at the earliest mamont.

The Sunday Chronicle reiterates the charge that the debt of the District of Columbia is \$17,000,000, and shows that the statement recently issued from the Comptroller's office was prepared for the purpose of aiding the authorities to sell their bonds. BALTIMORE, Md., II.—A fireman on the steamship Baltimore, mamed Graver, left the steamer last night with two bottles of liquor. Two custom-house officers, Casson and Norton, objected, but Graver passed on, followed by Carson, and in a few minutes a pistol shot was heard, and one of the other parties proceeded to the spot and found Graver shot through the head.
