

# FRANCE OSES A GREAT MAN.

Ex-Premier Waldeck-Rousseau  
Dies from the Effects of  
An Operation.

## DEAD BEFORE PRIEST CAME.

Paris Journals Speak in High Praise  
Of Him, Saying He Was France's  
First Statesman.

Paris, Aug. 10.—Former Premier Waldeck-Rousseau died at 2:45 o'clock this afternoon, at his country residence, at Corbeil, 18 miles from Paris, from the effects of an operation which his medical attendants deemed to be a final necessity. A similar operation which was performed in Paris some months ago proved partially successful, and the former premier was well enough to be removed to Corbeil, where it was hoped rest and the effects of the country air would restore his strength. The evil, however, was not eradicated, and alarming reports regarding the condition of the distinguished patient have been frequently circulated.

Despite the efforts of his family to conceal the truth, M. Waldeck-Rousseau's condition during the last few days became much aggravated, the patient having frequent hallucinations and displaying extreme weakness. The family accordingly called in two famous liver specialists, Prof. Hans Kehr, a German, and Dr. Arnor, a Canadian surgeon, who at a consultation, decided that since the liver had become so inoperative, an immediate operation was the only hope of saving the patient's life. M. Waldeck-Rousseau was informed of the necessity for this operation and received the news with calmness and courage.

The operation was performed at noon today by Prof. Kehr, who was assisted by Dr. Arnor and three French surgeons. It at first appeared that the operation, which was admirably conducted, would prove successful, and the patient was removed from the operating table to his bed, but the pulse became more feeble and, despite the administration of injections of serum, the patient gradually sank and died without regaining consciousness.

M. Waldeck-Rousseau Jacques Lieville, the patient's brother-in-law; Rene Waldeck-Rousseau, his nephew, and three intimate friends were present at the time of his death. A priest was summoned from Paris to administer the last rites to the minister, but he was too late.

When the death of the premier became known, mourning drapery in the city began to arrive. The first came from Premier Combes, who telegraphed: "I have received the news contained in your telegram with the keenest grief. Please explain to M. Waldeck-Rousseau that the mourning of all France is the mourning of all France."

Premier Combes decided to postpone his departure from Paris, and the cabinet will meet tomorrow to consider the details of the funeral, which the government desires shall be of a national character.

Pierre Marie Ernest Waldeck-Rousseau was born at Nantes, France, December 2, 1846, and was a son of Rene Waldeck-Rousseau, at that time a prominent member of the assembly. Waldeck-Rousseau studied law at Saint Lazare, where he practiced for some time before settling at Rennes. There he made his first appearance in politics, being elected deputy in 1873. He then became prominent in the ranks of the Republican union, which was very conspicuous in opening the way for legislation and the present republican and was considered one of the most prominent orators of the assembly. His best-known work was for the reform of the judiciary.

He was re-elected on Aug. 21, 1881, and on Nov. 14 of the same year, admitted into Gambetta's cabinet as minister of the interior. The short-lived ministry of Gambetta did not last for a fitting chance to Waldeck-Rousseau to prove his ability at that time. The resignation of the government took place Jan. 8, 1882, and he had been offered the same portfolio in the succeeding cabinet, he held the same till 1885. In 1885 he was elected senator. In 1888 he was elected to the bar of Paris and since then he pleaded several of the most important cases of the time.

On June 22, 1889, Waldeck-Rousseau was called upon to form his own ministry, and after having been in office for over three years, he resigned June 1, 1892. Shortly after his resignation prime minister, having repeatedly taken ill with a trouble of the stomach, according to some versions, cancer, and other tumor, Waldeck-Rousseau retired from public life. As an able

## A GREAT STATESMAN GONE.

Paris, Aug. 10.—All the newspapers print eulogistic obituary notices of former Premier Waldeck-Rousseau, declaring that France has lost a great, if not the greatest, statesman. The organ of the anti-clerical party bewails the failure of the late premier to carry his views far enough, and, dealing with the effect of his death upon the political situation says: "M. Waldeck-Rousseau's death will make a great stir in the country, but actually it will change nothing at all."

The Echo de Paris, the Nationalist organ, describes Waldeck-Rousseau's political life as "somewhat incoherent," while the Figaro places the former premier upon a par with Gambetta as a friend of the people, working only for the people's good.

## BERTHA MARION DOLBIER.

Inquest as to Cause of Her Death Will Be Held.

New York, Aug. 11.—It has been decided by Coroner Scholer to hold an inquest Friday into the cause of the death of Miss Bertha Marion Dolbier, a young woman from San Francisco, who was killed July 9 by a fall from the ninth floor of the Waldorf Astoria hotel and whose will was valued at \$1,000,000 to Miss E. M. Warren. A coroner's physician who performed an autopsy on the body called the case unusual.

Miss Warren, sole witness of the tragedy and life long friend and constant companion of Miss Dolbier, is in California and her testimony in the form of an affidavit will be read to the jury.

## Boy Bandit Sentenced.

Chicago, Aug. 11.—David Kelly, member of the "boy bandit" quartet, has been found guilty of the murder of John Lane, a stage carpenter, at the Illinois theater, by a jury in Judge Chryslus' court and he was sentenced to life imprisonment.

As a new alliance is being formed in the district for the purpose, it is reported of taking the middle ground between the Western Federation of Miners and the Citizens' alliance. The promoters of the new movement are securing signatures of business men who do not favor the deportation of men without trial.

## PARIS DRESSMAKERS.

Form a Trust to Protect Their Best Models.

New York, Aug. 11.—All the principal dressmakers of Paris have, according to the Herald correspondent there, joined in a trust of an altogether new kind. For many seasons the German and Austrian dressmakers have been, it is asserted, buying the best models of the big Paris houses, then selling copies at reduced prices to second rate houses all over Europe and America. As a result, when the genuine client of a Paris dressmaker had bought a high class original, it was often merely to find on returning home that the same American model had already been produced by the wholesaler. Complaints were frequent. To offset this the trust has been formed.

As concerns the autumn fashions, the members of the new organization have decided to show none of the new models to foreign buyers before Aug. 16, and to deliver no model to the continental trade before Sept. 15.

American buyers, however, may have their models one week earlier.

## A Great Medical Library.

San Francisco, Aug. 11.—San Francisco has a great library of medicine and surgery, one that will rival the libraries in Boston and New York, and be surpassed in this country only by the great collection of medical and surgical works at the offices of the surgeon general of the United States in Washington. The library is to be built under the bequest made by Pauline Lane, who was the wife of the late Dr. Lane of the Copper Medical college. It is to be an adjunct of that institution.

## George E. Morse Missing.

New York, Aug. 11.—George E. Morse of Chicago, who is a syndicate operating in timber lots throughout the central portion of New Hampshire, has been missing since last Saturday, according to special dispatches from Manchester. Leaving his companion in camp, he started out alone to examine timber land on the slope of Mount Kearsarge, between the towns of Warner and Sutton. The companion was laid up with an injured ankle, but, becoming alarmed, procured the aid of farmers the following day, searched the mountain thoroughly without finding any trace of Morse. The latter carried nearly \$5,000 in currency.

## Garment Workers' Strike Off.

New York, Aug. 11.—The strike of the United Garment Workers against the open shop, which began about two months ago, has been declared off. It is claimed by the employers that the ranks of the strikers had dwindled from 22,000 to 5,000. The strikers have made individual agreements with the employers, but all on an open shop basis, though in many cases all the men taken back will remain unemployed. It is estimated that the strikers lost between \$1,500,000 and \$2,000,000 in wages.

## Mme. Jannauschek Very Ill.

New York, Aug. 11.—It is reported that Madame Jannauschek, the aged actress, who has been ill at the Actors' Fund home at Staten Island, has suffered a relapse and has been removed to a sanitarium at Amityville, L. I. for special treatment. She is a victim of paralysis.

## Fire in Wardner.

Wardner, Ida., Aug. 10.—Fire this afternoon destroyed a block in the business district of this city, entailing a loss of approximately \$20,000; insurance, \$6,000. The blaze originated in the Bonners hotel and spread with great rapidity, consuming the freight depot of the Oregon Railroad & Navigation company, three saloons, two barber shops and several vacant frame buildings. Three box cars partly loaded with merchandise, which stood near the freight depot, were destroyed.

# LAWLESSNESS

IN COLORADO.

Victor Citizens' Alliance Threatens to Deport Men on Miners' Bonds.

## NOTIFIES THEM TO WITHDRAW.

Buildoing Tactics Succeed and Bonds' men Ask to be Relieved of Responsibility.

Denver, Aug. 10.—Information was received today at the headquarters of the Western Federation of Miners that bondsmen for the men charged with crime in connection with the Victor riot of June who have been released on bail have been notified by a committee representing the Citizens' alliance and Mine Owners' association that unless they withdraw from the bonds of the accused men they would be deported. All the bondsmen except one accordingly have called at the office of the district attorney and asked to be relieved of their responsibility. Their request was granted in the cases of the men who are in Cripple Creek and could be immediately rearrested. Several of the accused, however, have left the district and their bonds will stand until they are again taken into custody and returned to Cripple Creek.

## MINISTER ORDERED AWAY.

Cripple Creek, Colo., Aug. 11.—A committee of five men went to the home of George Sheidt last night for the purpose of deporting him. After the union had gained entrance to the house Sheidt, who was alone, was told that the fire was returned by one of the members of the party and a dozen shots were exchanged. No one was wounded. The would-be deportees finally retired, and officers made a search for the five men but failed to locate them. They took Sheidt to the city jail where he will be held for protection.

Rev. P. S. Leland, pastor of the Methodist Episcopal church of Victor, who has been taking an active interest in the troubles in the district, has been ordered out of the town. He has notified his friends and officers of the law who have rallied to his support. His house is being guarded by a number of armed men inside and outside. Deputy sheriffs of the county, a committee of several men was on the way to his home last night when they learned of the situation and immediately departed. It is supposed to be the same committee that escorted John Harp, out of the district Tuesday night.

Thomas H. Parafet, ex-manager of the Cripple Creek union, and a Mr. Hall who were ordered out of the district, have asked protection from the sheriff. Parafet was placed in a room in the county jail, making every effort to find some clue to the identity of the deporters of Harper but no tangible evidence has been secured as yet.

A new alliance is being formed in the district for the purpose, it is reported of taking the middle ground between the Western Federation of Miners and the Citizens' alliance. The promoters of the new movement are securing signatures of business men who do not favor the deportation of men without trial.

## OUTRAGE ON HARPER.

Victor, Colo., Aug. 10.—John Harper, former president of the Victor Miners' union and late manager of the Miners' union store in this city, was taken to the union store in this city, where he and a band of deported unionists, returned to camp yesterday.

Last night he was seized at his home by a party of masked men and driven out of the district. Mr. Harper's son, Archie, about 21 years old, was also compelled to accompany his father. Young Harper, however, was brought back about an hour after his father had been taken, and reported that at a point a short distance below the town of Lawrence the men who held him and his father in charge decided that he should be returned to his home. The men were detailed for that purpose. He also stated that up to the time that he was separated from the crowd his father had not been beaten nor otherwise maltreated.

Today Harper telephoned his family that he was at Canon City, to which place he had been compelled to walk after being beaten by a party of 10. Exactly 11 masked men have been concerned in three recent whitecapping episodes here. It is charged that one of the men who took Mr. Harper out of his home last night was Mrs. Mary Harper as she attempted to kiss her husband.

## TURN UNIONISTS.

Men Brought to Kansas City to Break Strike Quit.

Kansas City, Aug. 10.—Thirty-eight strike breakers, second rate houses all over Europe and America. As a result, when the genuine client of a Paris dressmaker had bought a high class original, it was often merely to find on returning home that the same American model had already been produced by the wholesaler. Complaints were frequent. To offset this the trust has been formed.

As concerns the autumn fashions, the members of the new organization have decided to show none of the new models to foreign buyers before Aug. 16, and to deliver no model to the continental trade before Sept. 15.

## Firemen Ordered Out.

Washington, Aug. 10.—President Timothy Healy of the International Brotherhood of Stationary Firemen this afternoon ordered a sympathetic strike of the firemen in the New York packing houses. About 25 men will go out under this order. The strike was ordered by the president, President Healy being called from the convention of his organization for the purpose.

## Call for Irrigation Congress.

El Paso, Tex., Aug. 10.—President Eli of Montana has sent the official call for the twelfth annual session of the National Irrigation congress, which meets at El Paso, Nov. 15-18, to the executive committee of the Southwestern Irrigation association of this city for examination and approval.

Action will be taken at a meeting held this week and the call will be ready for circulation early next week. Throughout the vast arid region much interest in the next irrigation congress is being awakened and the attendance according to ascertainable figures of Montana, president of the association, promises to eclipse that of all previous meetings.

## NO IMPERIAL CONFERENCE.

Balfour Will Not Call One to Consider Fiscal Situation.

London, Aug. 10.—Premier Balfour announced in the house of commons today that he did not propose to present to call an imperial conference or appoint a royal committee to examine the fiscal situation in the empire.

Joseph Chamberlain, defending himself in the house of commons, Aug. 1, against an attack of free traders, said the only difference between himself and Premier Balfour was that the latter did not think the country would consent to colonial preferences, as it involved a food tax, and urged Mr. Balfour to call a conference of the colonial representatives to ascertain what they wished and wanted to do in order that the committee discover whether he had based his policy on knowledge and experience.

## Phippis Divorce Case Arguments.

Denver, Aug. 10.—Arguments were made before District Judge J. L. Mullins today on the motion of the defendant in the divorce suit of Lawrence C. Phippis, the Pittsburgh millionaire, to quash the service of summons. A decision will be handed down probably tomorrow. Mrs. Phippis' counsel argued that the service of summons in the suit filed in this city by another than a duly constituted officer of the county of Denver was illegal. He charged the service was made upon Mrs. Phippis in New York by one Winfield Sutherland, who styled himself an assistant deputy sheriff. He challenged opposing counsel to show that such an office existed in the state of New York.

## C. McL. Stoneman Suicides.

Seattle, Wash., Aug. 10.—C. McL. Stoneman, son of the late ex-Gov. Stoneman of California, committed suicide here this morning by shooting himself in the chest with a revolver in the room of the Seattle Cerebral company during a fit of insanity. ## ODELL AND CORTELYOU.

Hold a Conference Regarding Campaign Matters.

New York, Aug. 10.—Chairman Odell of the Republican state committee of New York, spent some time today with Chairman Cortelyou of the Republican national committee. It was the first conference these gentlemen have had since the campaign for the governorship. A complete understanding was reached regarding the campaign in New York state. Chairman Cortelyou recognizes that the state organization for the campaign for the governorship and in New York the Republican state committee will manage the canvass with all the assistance which the national committee gives. The national state chairmen are in perfect accord.

The governorship was discussed briefly, but until more definite information has been obtained regarding the attitude of Edith Root, it can not say who is the probable candidate for the Republican nomination. Lieut.-Gov. Higgins is prominently put forward. Chairman Cortelyou will not discuss the matter, but it is known that he does not think Mr. Root will be nominated. Visitors thronged the Republican headquarters today.

## Strike-Breakers Attacked.

New York, Aug. 10.—Two hundred strike breakers, destined for the plant of Schweizer & Sulzberger, were attacked by a number of beef workers today and routed. Several were badly beaten and others thoroughly frightened. Jumped into East river, from which they were rescued with difficulty. Police reserves were summoned, but no arrests were made.

As a result of an attempt to move beef by non-union drivers, Charles Hinton, business agent of the Drivers and Stableners' union, has ordered the stablemen, cleaners and helpers to stop work.

## NEW YORK GOVERNORSHIP.

Democrats May Run Congressman Francis Harrison Burton.

New York, Aug. 10.—Francis Burton Harrison, who represents the Thirtieth New York district in Congress, was put forward today for the Democratic nomination for governor of New York. His name was suggested in an informal discussion between New York politicians on the way to Esopus. It was received so favorably that some of the Tam-

many officials predicted that the names of Mayor McClellan and former Secy. of War Daniel S. Lamont would be eliminated. Advancing a nomination for Mr. Harrison at this time is said to be in keeping alike with the inclination of state leaders to give the governorship nomination to Tammany and with the demand of that organization that its claims be recognized.

## CAMPAIGN IN VERMONT.

Speaker Cannon Tells Why Parker Sent His Telegram.

Burlington, Vt., Aug. 10.—The Republican campaign was formally opened in Vermont this afternoon with an open-air rally in city hall park with Speaker Joseph G. Cannon of Illinois the principal speaker. Congressman Charles E. Littlefield of Maine and United States Senators Redfield Proctor and W.R. Dillingham of Vermont also made speeches. Speaker Cannon, referring to Judge Parker's telegram to the Democratic convention, announcing his position on the money question, said:

"It was Judge Parker's only chance. He sent that telegram because he was between the devil and the deep sea." He characterized a New York newspaper as "the devil" and the Bryan wing of the Democratic party as "the deep sea."

"Judge Parker," said the speaker, "had to send the telegram to satisfy his New York friends. If he had not done so he would have offended them, whereas on the other hand, the sending of it offended the Bryan wing."

Referring to candidates Roosevelt and Parker, Mr. Cannon said: "Voters of the country can choose between two men, one who has stood by the policy of the Republican party from the first to last, voting with and commending all measures by which it has grown to greatness and power; the other who has opposed a system of protection, who is unbound in his views on money and who voted for Bryan."

## KIDNAPPED.

Only Child of a Rich Italian of Brooklyn.

New York, Aug. 11.—Antonio Mannino, 9 years old, the only child of a rich Italian contractor living in Brooklyn, has been kidnapped, evidently by a gang of Sicilians, who are holding him for ransom. Angelo Cuozzo, 16 years old, who is said to have done the actual work of kidnapping the boy away, is under arrest. After much questioning, he admitted deceiving the child to New York on the pretext of acting as an interpreter. He said they had been by some men, ordered to board a street car and road to a tenement house where he demanded his pay. The men kicked him out and kept Antonio Cuozzo, who worked for the Manninos a short time, said he could find the tenement and, accompanied by several policemen, he walked all over the lower end of Manhattan. Finally he picked out the building, but no such person as he described was to be found within, and evidently the lad had never seen the building before. He has told the police a number of similar tales, none of which afforded a clue to the missing child.

A letter, scrawled in crude Italian, has reached Det. Manning, warning him to keep away from the police and stating that his son is all right. Scores of Italian business men in Manhattan and Brooklyn recently have been receiving threatening letters, some of which demanded large sums. Apparently the missives emanate from an organized band of blackmailers who have thus far escaped detection.

## MINING CONGRESS.

Salt Lake in the Race for the Permanent Home.

Portland, Or., Aug. 10.—The program has been completed for the American Mining congress, the sessions of which will be held in this city from Aug. 22 to 27.

The list of speakers includes some of the most prominent men in the country, and from the character of the subjects that have been selected for the address, the promise that the coming congress will be the most important in history may well be expected to be fulfilled.

Although the day set for the opening sessions is yet two weeks hence, candidates for next year's congress are appearing. The first applicant to be received about the middle of July and was from Cincinnati. O. More ambitious than these are Denver, Salt Lake, Omaha and several other cities of the middle west, which have aspirations to become the permanent home of the congress. Edward G. Reiner, editor of the Daily Mining Record of Denver, is here looking after the interests of his city. According to Mr. Reiner, Denver has the lead in the race and will make every effort to stay there.

Edward says Reiner, "is the logical home of the organization. It is the gate of the west; and the metropolis of a large mining state. It will make offers of real estate and perhaps money for the privilege of having the permanent head of the organization located there."

However, Salt Lake is prepared to make large inducements and claims that she has quite as many qualifications as her eastern neighbor. Omaha has advantages which she proposes shall be forcefully brought to the attention of the congress, not the least of which is that of being more centrally located.

Whatever the outcome may be, a lively and exceedingly spirited contest is destined to take place.
