REGISTRATION.

Indifferent Voters Had to be Transported To and Fro In Carriages.

ALMOST LIKE PULLING TEETH

Party Workers Estimate that Day's Registration Will be About Five Thousand.

If expectations are fully realized the registered vote in this county today will not fall very much short of 5,000. From early morn party workers have been more than ordinarily busy and as in many instances carriages were used to convey voters to and fro, many of those apathetic and indifferent in this regard were almost forced to comply with the requirements of the law.

"It is really astonishing," said one gentleman today, "the indifference that citizens manifest in this regard. Talk about pulling teeth! Why, it's not in it with getting people to register. When approached on the proposition, they will almost ask you what business it is of yours whether they register or whether they don't register, And when you try to reason with them and point out the importance of the matter, they assume that you have a personal axe to grind and in many cases refuse to go. I tell you, this political work is not what it's cracked up to be.

Despite this condition the work today was highly satisfactory to all concerned, and when the day closes it is expected that the total registration in this county will reach at least 12,= cce. This is considerably less than onehalf of the total vote and means that the remaining days will be busy ones for both registrars and party workers. After today there will be a lapse of two weeks before the work is resumed and then, with two days towards a regisand then, with two days together, regis-tration will close, and those not on the books will be deprived of the opportun-

ity to vote.
It is estimated that the vote in Salt Lake county is between 30,000 and 32,-000, so that it will readily be seen that unless voters move quickly, many may be shut out entirely and have absolutely no one to blame but them-selves. All such should remember that the coming election is one of the most important in the history of this nation and should be taken advantage of by all who are entitled to the elective franchise. A hint to the wise should be sufficient.

CONCERNING REGISTRARS.

What Law Says About Their Own Registration.

A question has arisen among registration officers concerning their own registration and whether or not they should go into a district other than that in which they reside and qualify, or should administer the oath unto themselves, as some have done in times

The matter was called to the attention of County Clerk James and that official immediately set about looking up the law on this point. The result was that he found securely tucked away in an obscure corner of Section 813, Revised Statutes of Utah, the very thing he was looking for. It reads that reg-istry agents may take the registration eath before any person authorized to administer oaths, that is, before a notary public, county clerk or other per-

holding like authority. Mr. James states that if agents will notify him he will send a deputy to their respective districts on registration days and administer the eath to them, that they too may become qualified to vote on election day.

ject follows in full:

as the sense of the meeting, that the coming session of the Utah State Teach-ers' association should be held at Los ers' association should be held at Les Angeles, California.

The following reasons are assigned in favor of that place:

Ist. A majority of the teachers of the state have never seen California or the ocean. The inspiration that they would receive through such a trip would

be both great and permanent, and would result in much benefit to the schools o 2nd. The completion of the new road is an auspicious event, and its opening will no doubt be the occasion of un-

usually low rates.

3rd. Los Angeles will be almost as near to many of the teachers in south-Utah as Salt Lake City, Provo, ogden, or Logan. We shall be pleased to have yourself and the executive committee consider the suggestions above, and hope you

may find the plan possible.

It will be considered a favor to hear from you soon in regard to this mai-
