

FRAGMENTS.

"SAINTS AND SINNERS" at the Theatre this evening.

See change of time in running Utah & Nevada railway trains.

To-morrow evening "Jim, the Penman" will be played at the Theatre.

Dr. Fred. Clawson goes east on Wednesday, to continue his studies.

B. Anderson had \$14.90 stolen from his bedroom on Commercial street last night.

Two prisoners, Hogan and Williams, escaped from the city jail yard on Friday evening. Hogan has been recaptured.

John H. Freeman, whose advertisement is in another column, continues to serve the public with fresh fish at low prices.

W. R. Palmer, Esq., business manager of the Madison Square Company, was accompanied to our office this morning by David McKenzie, Esq. Mr. Palmer is a pleasant gentleman to meet.

Is the Theatre this evening, instead of having a card with "Taken" on each reserved seat, where whole rows are occupied there will be a card on the ends announcing "Every chair in this row is taken."

HERKTOPORE the curtain in the Salt Lake Theatre, has not been raised until 8:30, on account of the bathing train. But because of the length of "Saints and Sinners," the piece to be played to-night, it will rise at 8:15 sharp.

Robert H. HASTAM is the proprietor of the Sixteenth Ward meat market, 617 and 519 First North Street, west, which he keeps well supplied. He also keeps a stock of dry goods and groceries, grain, feed, etc., and his establishment is quite a convenience in the neighborhood.

A FIRE started in Dr. Allen's house, in the Twelfth Ward, yesterday afternoon, originating from a defective flue. Neighbors rendered assistance, and hand grenades and a garden hose extinguished the flames. The fire department hose cart was on hand in quick time, but was not required.

LOCAL NEWS.

A Free Entertainment.—A free entertainment will be given in the 19th Ward school house under the auspices of the Y. L. M. I. A., on Tuesday evening, September 14th. The entertainment will consist of singing, recitations and readings from the latest published work, "Ballads of Life."

Farmers Ward Reorganized.—A communication from William Glibby, ward clerk, informs us that on Sunday afternoon, September 12th, Farmers Ward, of Salt Lake Stake, was reorganized. Henry F. Burton was re-elected and set apart as Bishop, with John Gabbott and William Wagstaff as counselors.

Stabbing Affray at Butte.—The town of Butte, Montana, was considerably excited last Saturday by the stabbing of a man named Schlesinger by another named Isen. The former was shot and gashed in a shocking manner, but up to last account it was uncertain whether or not his wounds would prove fatal. The stabbing was done during a fight over a sum of money claimed by Schlesinger from Isen, in connection with a poker game.

Clever Invention.—Mr. J. J. Sack brought with him from his recent visit to San Francisco a very novel and quite useful invention, entirely new to this community. It is a combined tack hammer, claw hammer, monkey wrench, pipe wrench, screw driver and being about the size of a man's finger, but as capable and useful as though each department were by itself and three times as large as the whole.

The Fistic Encounter.—Those who attended the performance at the Opera House on Saturday evening, went away in high indignation, and with the feeling strongly expressed in some instances that they had once more been "taken in," decidedly so. As to the character of the entertainment advertised, we have no words of commendation; men could spend their money and time to much better advantage, even in the patronage of athletic tournaments, which are, in the absence of brutality, generally unobjectionable. But there is but little sympathy to be felt for those who patronize any kind of show when the experiences of the past make it reasonably certain that they are not going to see what they pay for.

To be Sentenced to-morrow.—William Felstead, who had entered a plea of guilty to the indictment charging him with polygamy and unlawful cohabitation, was called in the Third District Court to-day to receive sentence. He requested that judgment be deferred another week, in consequence of his being ill in health.

Mr. Dickson opposed the extension of time and said if Mr. Felstead chose to promise obedience to the law he was willing to have judgment suspended. If he would not make the promise, he would oppose the continuance.

The Court said that, as the defendant had voluntarily entered a plea of guilty, sentence would be deferred until to-morrow.

The Snell Case.—The application of John W. Snell, for release from custody, was called up before Commissioner McKay this morning. Mr. Snell has served a six months' term of imprisonment and 30 days additional for the fine and costs imposed, for the offense of living with more than one wife. This morning, when questioned relative to his property, he stated that he was bankrupt, his property being mortgaged, but he could not say how his assets and liabilities compared. He had made no statement of his affairs and could not say whether he actually owned any property above his indebtedness or not. The case was continued until 3 o'clock this afternoon, that the applicant might have an opportunity of finding out what his financial condition was.

Police Court.—There was a larger list than usual in Judge Pyper's court to-day. Following is the official score at the latest writing:

Joseph Boston, vagrancy, \$75.

John Williams, same, \$80.

Edward Riley, same, \$80.

John Baker, same, \$80.

E. Burt, drunk and profane, \$10.

J. A. Rose, drunk and profane, left \$50 for security.

G. T. Green, drunk, fine not guilty. Trial, Oct. 15, \$50.

Alex. Knight, drunk, \$5.

John Sanderland, profane, left \$10 and forfeited it.

Peter Anderson and R. W. Doble, for fast driving and disorderly conduct, pleaded guilty and were fined \$10 each.

Frank Nielsen, drunk, \$5.

Sam Jones, drunk and profane, was tried and got it. He also got it to the extent \$20.

Wm. Carter, for vagrancy, not guilty.

IN MEMORIAM.

May it please the Court:

Death has again invaded the bar of this court, and has this time taken one of its fairest and most highly respected members.

Adam S. Patterson, at the time official reporter of the court, departed this life at San Francisco, California, on the 22nd day of August, 1886, in the 33rd year of his age.

He was a native of this Territory—born of Scotch parents, and reared in the "Gorham" faith.

While yet a boy he renounced the faith of his parents, and being attracted to the "Gorham" faith, he became a member of the same.

With but a common school education, but possessing unusual quick intellect, he rapidly became proficient in legal learning, and soon after he had attained his majority was admitted to the bar.

Meanwhile he had studied and practiced the stenographic art, and qualified himself thoroughly as a shorthand reporter.

Well equipped as he was for successful practice of the law, he reported the work of law reporting, and in that capacity most of us have known him best.

He was possessed of those traditional Scottish traits—clear judgment, keen wit, and steadfast friendship—in large measure.

He was courteous, genial, obliging, honorable and generous to a fault.

His early taking of a law degree, but in the economy of nature and things as well as for the sake of his family, he had wisely turned to law, and in that capacity most of us have known him best.

To the bereaved family, parents and friends of our departed professional brother, we tender our sincere condolence and heartfelt sympathy. We deeply regret his early departure from our midst and will with affectionate regard cherish his memory.

And now, may it please the Court, we ask that this address be placed upon the Journal of this court, and that copies of this public journal of this city, and that copies of this address be furnished to the family and parents of the deceased.

We have also secured the agency for the celebrated Vaseline Standard Wagon and Carriage Grease. This condensed and strictly Pure Petroleum Jelly possesses all the Lubricating, Softening, Preservative and healing properties of the other well known and familiar grades, differing from them only in melting point as it is 45 many degrees higher.

For Carriage and Light Wagon Axles, the high melting point guarantees clean hubs in any climate and prevents waste from dripping by the action of heat, and will not travel like Castor Oil, which, when applied, causes injury to the underside of the axle arm from dust or grit.

For all kinds of Agricultural Implements it is the most practical and satisfactory lubricant known.

For Leather and Enamelled goods, it is softening and preservative, resisting the effects of rain, cold, or animal salts when applied upon a clean and dry surface.

For Sores, Burns, Scalds and Chapped Hands it is cooling and curative.

As a Hoof Ointment it has a widely established reputation.

For tick in sheep it is a perfect remedy destroying the grub without injuring the fleece.
