DESIGNED IN NEW YORK AND MODELED IN PARIS.

A dressmaker who prides herself on the originality of her ideas had this model built in Paris from a design made by herself, knowing that any gown gains eclat from the name of a Paris house. It is a primrose effect very easily achieved by the use of front and back panels; these are applied to a little skirt and waist which are joined almost invisibly by a bias band of the check silk of which the dress is made. A band of black taffeta an inch wide outlines the panel, and four velvet buttons, set in groups of two, slip through bound buttonholes to close the dress on the left front. The short puff sleeves have flaring cuffs and a little extension of Valenciennes frills. Two tiny pockets piped with the black are placed above the bustline on either side the front panel. The pointed dickey is of baby Irish lace.

50 Years In Favor

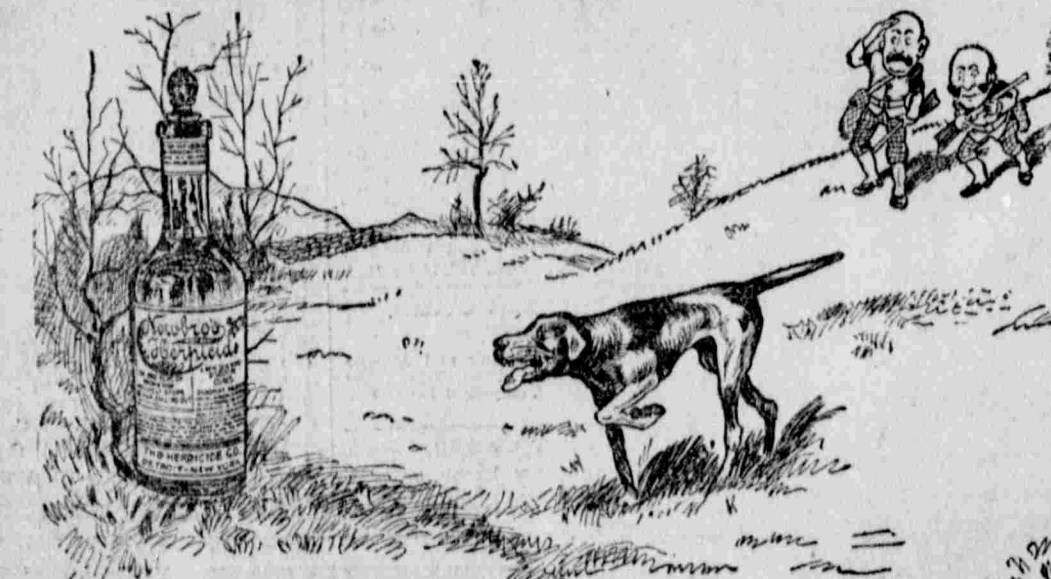

A product that grows in favor, year after year, for over fifty years must possess unusual merit. That's the history of Ghirardelli's Ground Chocolate. Time after time, the capacity of the plant has been increased to keep pace with the growing demand, in spite of sharp competition and frequent imitations. Try one can and you'll understand why. You'll appreciate the delicate flavor and satisfying goodness.

Ask your grocer for it. Be sure that you get it.

Newbro's Herpicide.

The Original Remedy That "Kills the Dandruff Germ."

THE HUNTERS CAME TOO LATE.

Their Faithful Dog has pointed out the True Remedy to prevent Baldness, but the Hunters came too late—Chronic baldness is incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness of the hair, causes are completely destroyed, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair papilla at the bottom of the hair follicle. In chronic baldness the hair papilla is destroyed direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbes grow in the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebura also solidifies, causing dry, brittle and brittle hair. Destroy this microbe growth with Newbro's Herpicide, and protect the hair against re-infection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ-destroying solution that will enable careful persons to save beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, an account of its daintiness and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly. WHAT A LEADING DRUGGIST SAYS: Herpicide has been a success with us from the start, owing to two considerations—first, because it is essentially a meritorious article and does the work that is claimed for it and every bottle sold makes a friend, who publishes the glad tidings to other friends, and an endless chain is thus created for Herpicide.

Secondly: You fill your contracts to the letter and treat your Agents squarely and cleverly, and every Agent in turn takes pleasure in pushing the goods for your personal account. We have never sold a proprietary article which was more satisfactory. (Signed) W. H. Torbert, Dubuque, Iowa.
