

FOR A LAND TAX.

Here's a Correspondent Who Would Have Radical Changes in the Land Laws.

SALT LAKE CITY, Sept. 8, 1894.
Editor Evening News:

In a recent editorial you wrote the substance of the question of the taxation of the land in the several states. Allow me to present to your readers a few arguments from the standpoint of one who believes that all questions of government and legislation depend, for their correct solution, upon a few simple fundamental principles, and that one of the most important of these is that all men have an equal right in the use of the earth, not merely to such parts as they can find in it, but to the whole of it, as a common inheritance, and that the great question is not to divide it, but to divide it so that each man may have his share of it.

Let us suppose that the land is divided into two parts, one part to be used for the support of the government, and the other part to be used for the support of the people. The first part is the land which is used for the support of the government, and the second part is the land which is used for the support of the people. The first part is the land which is used for the support of the government, and the second part is the land which is used for the support of the people.

40. Count Them! 40.

Did you ever Count Them? We refer to the Spokes in the Wheels of your Bicycles. Some have 28. Some have 32. The STEARNS, that famous 30 Count Guaranteed Road Wheel, has 40. Count them? 40. No wonder the Wheel stands Hard usage. What wonder that it can be ridden over all kinds of roads and never break down. Mr. T. O. Angel, our Skuril and pain-taking repairer says: "I never saw anything like that STEARNS Spoke. No, a broken one so far this year. And really, you can't lose one!" Talking about light wheels, "Stearns" is riding the 30 Pound Wheel. Think of it! Pounds for the road wheel. Mr. T. O. Angel at Logan and Brigham City, on route for Salt Lake City. We are told once in a while that our representatives have created a sensation at Logan and Brigham City with the "STEARNS."

Tired, Weak, Nervous, Could Not Sleep.

Prof. L. L. Lawrence, of Boston, writes: "I was ill for some time, and was unable to sleep. I tried many remedies, but nothing helped. I then tried Dr. Miles' Nervine, and in a few days I was able to sleep. I am now well and strong, and I can sleep at night. I can now do my work, and I am very much pleased with the result. I can now do my work, and I am very much pleased with the result."

THEY BUILD UP UTAH and are entitled to the support of the people. By dealing with the merchants who give preference to the sale of Home Made goods, you help the Home Industry cause. You help to give employment to worthy people, you help to keep money at home, which circulates in our midst and you get back a part of that money again in your business or profession. Keep this in mind, every dollar expended for Utah made goods, means more employment for honest labor; every dollar expended for goods manufactured elsewhere, means employment for somebody living elsewhere, and whose interests are generally not with us. "Charity begins at home." This is a time for both common sense and patriotism. When you wish to help industry, be sure to look over the following list before making your purchases:
