

## REFORM MEASURES DO NOT COME UP

Council Exhibits Peculiar Timidity in Handling the Subject.

WILL NOT PAY THE SPECIALS

McGinty's Request Dies in Committee Report—May Raise Engineer's Pay.

The expected did not happen in the city council last evening in the matter of the two proposed new ordinances regulating the sale of liquor and abolishing booths in saloons and restaurants. It had been confidently expected that both measures would pass, though not without considerable debate. They have been hanging fire for a long time.

The liquor ordinance was laid over for one week, on motion of Mr. Reddell, who stated that he wished to offer a long amendment, and he would submit it to the city attorney that it might be drafted properly. There was no opposition to the postponement.

Mr. Fernstrom objected to delay in the matter of the restaurant ordinance, and said that Mr. Martin, who asked for additional consideration, was not sincere in his "championship of blue laws." Answering Mr. Holley's plea to give the restaurant men a chance to be heard, and his statement that the council had no right to dictate how a man's business should be conducted, Mr. Fernstrom explained that the measure was directed only against places that were doing an illegitimate and unlawful business.

PERNSTROM'S QUERY.

"Have we the courage to say that we will not permit restaurants to run contrary to the laws of decency and morality," said Mr. Fernstrom. "The people demand that those places be reformed and it is up to this council to clean them up, or we will be wiped out politically."

Mr. Raybould wanted the ordinance passed at once, saying that during the week he had visited a number of eating houses, in company with other councilmen, and had found deplorable conditions. The postponement was voted favorably, the two ordinances to come up together.

Resolution passed two weeks ago calling to task the Campbell Construction company for non-completion of the wooden stave pipe line for the increasing season was not reconsidered last night.

Mr. Perry, who was to bring the matter up, was not present, and Mr. Pernstrom was willing to let it go over for a week, inasmuch as the company is now busily engaged in making needed repairs.

CITY WILL NOT PAY.

The special policemen appointed by the chief of police to serve on election day will not be paid from the city funds, the request of Chairman McGinty of the "American" committee having been turned down by the license committee, thus sparing the question for debate in the council.

An ordinance to increase the salary of the city engineer from \$2,400 a year to \$3,600. It was referred to the finance committee.

A resolution was adopted by the council granting the Utah Light & Railway company permission to use the tracks of the Utah Light & Railway company, between the hours of 10 p. m. and 7 a. m., for the purpose of hauling supplies and material from the Utah Light & Railway depot of Fifth South and Thirteenth East.

The subject of the tax imposed on each car of the Utah Light & Railway company created some discussion. The license committee was willing to take the word of the company's management that only 65 cars were in actual use, but Mr. Martin asked that consideration go over for a week. He said he would like to stand on the street corner and count the cars, believing he could discover twice as many as reported.

MARKET PLACE SUGGESTED.

Another petition to go over was that of a number of citizens for the opening, lighting and patrolling of Pioneer park. Stalls could be erected there for the use of the produce vendors, and the city could receive considerable revenue therefrom.

The appointment of Charles T. Nelson as special policeman was confirmed, as was also the appointment by Chief Glone of Thomas J. Owens as a fireman. The sum of \$200 was appropriated to connect fire station No. 5 with the sewer on Ninth South and Ninth East.

FILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding, or protruding piles in 6 to 14 days, or money refunded.

HORTICULTURAL REPORT.

The November report of Horticultural Inspector John P. Sorenson was submitted to the county commissioners yesterday, and reads as follows:

"In the month of November two deputies worked at nursery stock as it was being up, inspecting and fumigating the same. One 18 days and the other 21 days. One deputy also worked five days gathering statistics."

"There was 250,000 trees dug up in the nurseries, 10,000 of which were inspected and fumigated for root diseases, and 1,600 of which were condemned to be burned."

"Fifty thousand of the trees which passed inspection were sent out and delivered to customers, mostly outside the county and a large part outside the state; one carload going as far east as Iowa. The balance of the trees dug up and not delivered have been stored in frost-proof houses for future inspection and delivery."

"The nursery trees have had an extra fine growth this year and are also cleaner and in better condition than ever before. By our attending to the inspection of tree digging, we have not yet had time to complete our statistical returns."

## PLAN FOR SPEEDWAY IN DEFINITE SHAPE

Incorporation Will Soon be Effected And Construction Begun At Once.

From a mere proposition to get an automobile road to the shores of Great Salt Lake, the Salt Lake Automobile club's boulevard plans now call for an unexcelled racing course. If constructed as it is now being planned, it will be a case of matching the level bottom of a prehistoric lake with the level sands of Florida's beaches, and setting up a claim here in Salt Lake that racing course of unparalleled excellence has been constructed.

The advantages of the course are that there are no miles of absolutely unexcited roadway laid in a straight line without a hill or a depression to interrupt perfect speed.

A railroad along one side guarantees a crowd. A grand stand at the end of the course guarantees the financial end, and the fact that from this grand stand spectators can command the whole roadway with a set of glasses, guarantees a constant interest in the progress of cars over the course.

The proposition has now reached the definite form of a lease drawn up to the incorporation which will build the roadway, the request of Chairman McGinty, which is the owner of the course, lies along their right of way, paralleling their track, and it is the plan to dump shale and gravel from cars along the side of the track whenever the weather will permit during the winter, and to top the boulevard off in the spring. An initial expenditure of \$50,000 it is thought will build the course and provide a grand stand for race meets at its Saltair terminus.

The selling of stock in the corporation will be undertaken by the Salt Lake Automobile club, which feels that the prospects are good enough to guarantee fair interest on the investment automobile owners will be asked to make.

The question of a Saltair automobile speedway has been agitated for several years. Salt Lake automobile owners who wished to drive out to the lake in their cars, and from that agitation it took definite form in the present plans for a private speedway, to be maintained by a race track.

The latest feature to be figured in is that of holding the big race meets, and it is possible that if next summer's use of the road is successful, the dining room built at both ends on which cars in a racing meet can double over the course for long contests.

GOOD COUGH MEDICINE FOR CHILDREN.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are still suffering from it. It is a safe, reliable, and effective remedy for all coughs and colds. It is the only one that is guaranteed to cure all coughs and colds. It is the only one that is guaranteed to cure all coughs and colds.

## THE ROUND OF THE THEATRES.

Theater—The Salt Lake theater last night and some other houses, showed the usual signs of the devastating influence of Sunday night theatricals all over town. Added to this, there was also the fact that old time comedy of "The Rivals" was the bill, and said as it may seem, these old comedies, no matter how well presented, do not appeal to the tastes of the theater goers of the present day. Then too, perhaps, old timers did not wish to have the reputation of the glorious rendition seen 16 years ago disturbed. On that date, March 22, 1892, Joe Jefferson himself, Mrs. John Drew, Louis James, and Viola Allen gave a presentation of "The Rivals" never to be forgotten. They played to an \$1,800 house, and what Jefferson brought out of the character of Acres and what Mrs. John Drew did with the part of Mrs. Malaprop, no one needs to be reminded.

The Jefferson brothers, William, who played his father's role, and Joseph, who had the part of Sir Lucius, last night presented the play with a handsome mounting, a good cast, and all the original business built up during the two generations their father presented the play. It was mainly interesting in the character of the actors, both worked hard in their "immortal spark" which distinguished their sires. The best acting of the night and the one played upon the most legitimate lines, was the Mrs. Malaprop of Rosa Rand, a delightful bit of character work thought out by Mr. Hamilton as Sir Lucius, a very inebriated in face and voice of Louis James, also gave a strong rendition.

An excellent piece of comedy work was the Davy of Mr. Bishop, a German not equal to the demands of the part of the Jealous Falkland, and Mr. Lane was acceptable as Captain Absolute. Miss Bender as Lydia, Miss Rodman as the old maid, both with sweetness and good taste, and looked charming in their costumes of two centuries ago.

"The Rivals" will be seen tonight, tomorrow and evening. The next attractions are the Orie Reed lecture Friday, "The Honeymooners" the 8th and 9th, and the big Ben Hur, engagement, 10th, 11th and 12th.

Thomas Jefferson, the third of the Jefferson brothers, who is still playing in his father's part of "Rip Van Winkle," is due here later in the season.

Orpheum—There is nearly always something good at the Orpheum, but it is not always the offering is of excellence; this week's bill, however, is certainly deserving of that term. From the rising of the curtain until the last number, one may enjoy an evening's entertainment of a high class order. There is not a poor number on the bill.

First honors are divided between Miss Julia Horne and her players in present charming number, "A Mountain Cinderella," and Gennaro "The Eccentric" and his Venetian Gondolier. Miss Horne's portrayal of the southern mountain girl is done in a most charming manner. The cabin scene in the Tennessee mountains is true to life and the story of hatred, bloodshed and love is charmingly told.

Gennaro, "The Eccentric," lived up to the title last night. There may be more accomplished band leaders, but as a contortionist with a baton he certainly ranks in the first class. The program rendered by the accomplished musicians, made one, particularly the "William Tell" overture, and the "Grand American Fantasia." When the latter was rendered the big audience arose, cheered and sang "America" lustily.

The Jupiter brothers in their original and mystifying work of magic, come in for a share of honors. One of the brothers tied in a cabinet, performs all sorts of magic, and in the post card album, a series of tableaux, proved to be one of the most beautiful acts seen at the Orpheum.

Miss Berlie Fowler, in her merry and amusing work, "The One and Only," was particularly clever.

STEVENS FOUND GUILTY.

Charles Stevens, the negro, was found guilty in Kansas City last week of the famous Los Angeles to New York mail pouch robbery in which he got away with \$50,000. He served a sentence in the Utah state prison from Oct. 9, 1902, to Sept. 19, 1905, for the robbery of the Salt Lake postoffice. Shortly after his release from prison on the expiration of his term he was found guilty of robbing a mail pouch at the Union depot in Portland, and sentenced to serve two years on McNeil's Island, the federal prison at Washington. It was shortly after his release from McNeil that he went to Kansas City and committed the crime for which he was found guilty a few days ago.

MRS. MCRAE'S EXPERIENCE.

Mrs. M. McRae, Prentiss, Miss., writes: "I was confined to my bed for three months with kidney and bladder troubles, and was cured by two physical clays but failed to get better. No human tongue can tell how I suffered, and I had given up hope of ever getting better until I began taking Foley's Kidney Remedy. After taking two bottles I felt like a new person, and feel it my duty to tell suffering women what Foley's Kidney Remedy did for me. P. J. Hill Drug Co., 'The Never Substitutors'."

UNIVERSITY NOTES.

The prize song and yell contest which was opened at the university Nov. 15 will come to a close today. The selecting of the winning song will be done by a committee consisting of Squire Coop, Evan Stephens and Dr. W. C. Ebaugh, and the yells will be selected by a committee of students. The prize will consist of a job or pin.

The combined musical organizations will meet this afternoon for the purpose of forming some plans for vacation days. If the club is able to get together the management has several offers.

The senior class met yesterday and decided to keep the same pin of a black and white design as was used by the former class. Some preliminary arrangements were also made for the coming senior dance.

At a meeting of the Dramatic club, the reading of a new play was postponed until tomorrow afternoon until further selections could be made.

N. C. Hanks, who lost his hands and eyesight in a mine accident at Heber City, will deliver a lecture on his experiences this week.

Miss Lucy Van Cott, who has charge of a banquet to be given to the members of the Athletic teams Friday night, is making final preparations.

HIGH SCHOOL NOTES.

The Salt Lake football squad made its first appearance in school Monday, and the team was well spoken of. The star full back and punter who was thought to have been seriously hurt in the Spokane game came back with his twisted knee practically well.

Outside supporters of the football team are arranging a banquet to be held soon at which the captain of next

in her imitation of the little girl and in the drunken youth's tale of woe, although as to the latter some thought she could have found a better vehicle for her talents.

The black face turn of White and Simmons proved funny, and the toe dancing of Mlle. Pertina was an exhibition of marvelous grace and skill. The selection of "That's Art," representing the orchestra, is deserving of special mention.

Colonial—That the presentation of "Pantomime Extravaganza" which runs all week at the Colonial theater, caught the crest of the wave of popularity, the size of the house at the performance last evening fully attested. That the performance justified the popularity there can be no doubt. Of the artists in the cast, of Teddy Webb, the commodore's valet, it may be said that he is a "scream." He was "it" all the time, with able assistance from Jessie, maid to Fantana, portrayed by Amy Leicester. This pair was responsible for nine-tenths of the continued stream of laughter which convulsed the house from pit to gallery. Webb was here last season in the "Alaskan," and those who saw him again last night declared he surpassed himself, in the musical comedy. His song "That's Art," representing in succession the "Strong man of the stage," the illustrated song artist singing to the pictures "Don't Go in the Lion's Cage Tonight," Mother, first produced in this city by the Salt Lake Press club in their performance of "Uncle Tom's Cabin," but original with "Fantana," and his lightning landscape painting were all pronounced features. Fanny Everett, the comedienne, was charmingly portrayed by Evelyn Francis Kellogg; Marquis Klotz, the governor, was artistically presented, while Pauline Bartram, Jennie Grey, Clara Merrick, Fred Snook and J. Russell Powell were all acceptable.

The special scenery was of a high class. The representation of the Japanese garden and the deck of the commodore's yacht made special hits.

Grand—"Pike County Folks" at the Grand drew a fair house last night from the local patrons of melodrama, and although the piece is one of a class fast fading from the high place it once held, it still has a certain charm of western life and freedom which appeals to many. The scene is laid in an Idaho mining camp, and the plot involves the migration from Missouri of the Pike county folks, all of whom become involved more or less intricately in the local love affairs of the drama, and although the piece is one of a class fast fading from the high place it once held, it still has a certain charm of western life and freedom which appeals to many. Lyric—The present bill at the New Lyric theater is headed by the Gibson girls, who present a novelty from "The Belle of Mayfair" and from the "Follies of 1908," which stand equal with anything of its kind that has yet been seen here.

BEWARE OF FREQUENT COLD.

A succession of colds or a protracted cold is almost certain to end in chronic catarrh, from which few persons ever wholly recover. Give every cold the attention it deserves, and you may avoid this disagreeable condition. Now you cure a cold? Why not try Chamberlain's Cough Remedy? It is highly recommended by Mrs. M. White of Butler, Tenn., says: "Several years ago I was bothered with my throat and lungs. Some one told me of Chamberlain's Cough Remedy. I began using it, and it relieved me at once. I used it for some time and it cured me. Now my throat and lungs are sound and well." For sale by all druggists.

may be chosen. Only those who have won their H will be allowed to vote.

A leap-year dance will be given in the gymnasium Friday evening and the girls are on the job in fine style "don't the askin'."

Foley's Orino Laxative cures chronic constipation and stimulates the liver. Orino regulates the bowels so they will act naturally and you do not have to take purgatives continually. P. J. Hill Drug Co., "The Never Substitutors."

MAY INCREASE CAPITAL.

There will be a meeting Dec. 23 of the stockholders of the Utah Gas & Coke company in this city, to take action on the proposition to increase the capital stock to \$3,000,000, and to classify the stock, making the increased stock preferred and defining the rights and privileges to be held by each class of stock, and their relations to the other classes.

activity in this city. He is thinking of returning to Pocatello to once more take charge of the Tribune of that city. Mr. Ift remarked in conversation today, his regret that emigration from northern Europe had so largely ceased, while emigration from southern Europe was as largely in the preponderance. He said the best emigrants came from among the thrifty north German peasantry who are now remaining at home. Steamship competition is responsible for the southern European exodus, as \$2.50 to \$3.50 will pay a person's passage from the Mediterranean sea to America, the steamship companies feeding the emigrants.
