**IMPORTANT TO THE TRAVELING PUBLIC.**

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same place, to decide which is the safest and most pleasant to travel.

We take pleasure in stating that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several miles the shortest, route between Omaha and Chicago. Within the past two years the road has been put in admirable condition, and almost the entire line has been re-laid with steel rails.

The Depot in Chicago is centrally located, and the trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh & Wayne & Chicago, Kanawha Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East you should, by all means, purchase your tickets at the Old Pioneer Route.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at the Chicago and North-Western Ticket Office, or to J. H. Morrison, Western Traveling Agent, Omaha, Neb., or to W. H. Stannett, General Passenger Agent, Chicago.

**Assault and Battery.**—A very serious affray occurred just south of this city last evening, in which one party received an ugly gash on his head, and another man was severely stabbed in the neck with a pocket knife. One of the parties has been arrested and held for trial.

**English Opera Next Week.**—This week we have English comic opera, and next week English opera proper. Surely the theater-goers of Salt Lake will rejoice and account themselves highly favored. Mr. Maguire, the San Francisco manager, announces the appearance at the Theatre in this city of an array of talent from New York, numbering 70 artists, in the following standard operas—"Il Trovatore," "Martha," "Bohemian Girl," and "Fra Diavolo." A great treat is thus in store for the lovers of music and the drama.

It is in splendid condition, and is really delightful to the eye of the lover of the beautiful, while the sense of smell is greeted with delightful perfume emitted by the lovely flowers with which the garden abounds. The collection of roses is especially notable for abundance, extensiveness of variety, and beauty and delicacy of color, being from the delicate white to the deepest shade of crimson, and among them stands out prominently, most magnificently of that class of flowers, "The Giant of Battles."

The collection of young trees is excellent, the two-year-old cherry trees being particularly large, healthy and thrifty. Mr. Fenton's extensive nursery gives everywhere the indication that that gentleman is a well informed and practical horticulturist.

**Sericultural Meeting.**—The second meeting of parties interested in the cultivation of silk took place at the City Hall, at five o'clock last evening, A. M. Musser, Esq., presiding.

Mrs. E. B. Snow, in behalf of committee, reported the sum of \$133 subscribed for the purpose of procuring necessary machinery, of which \$89 had been paid. She stated that the disposition manifested on the part of the majority was to inquire whether the enterprise would pay.

Mrs. Barney expressed her willingness for the \$50 previously offered by her as a premium to be diverted to the general fund, which was endorsed by the meeting.

Robert Campbell, in behalf of Alex. C. Pyper, who was detained by his official duties, said it was his wish that, before sending for machinery with the exception of reeling silk should be produced in an extensive manner, and the society be properly organized.

Some conversation ensued upon the subject, when it was resolved: That a preliminary organization be immediately formed, under the

name of the "Deseret Silk Association," and that E. B. Snow, Mr. J. J. Horne, and Robert Campbell act as committee to nominate the necessary officers.

**During the absence of the committee some excellent remarks were made by Messrs. Whitehead and Groves, Mrs. Gardner, and Mrs. Barney,** indicating the practicability and utility of the silk enterprise in Utah, and the necessity of prompt and united action to realize its benefits at the earliest possible period.

Young; First Vice President, Anson Call; Second Vice President, Mary J. Horne; Secretary, Lelia Tuckett; Corresponding Secretary, Mary Carter; Treasurer, Paul A. Mrs. E. B. Snow, in behalf of committee, reported the sum of \$133 subscribed for the purpose of procuring necessary machinery, of which \$89 had been paid. She stated that the disposition manifested on the part of the majority was to inquire whether the enterprise would pay.

Mrs. Barney expressed her willingness for the \$50 previously offered by her as a premium to be diverted to the general fund, which was endorsed by the meeting.

Robert Campbell, in behalf of Alex. C. Pyper, who was detained by his official duties, said it was his wish that, before sending for machinery with the exception of reeling silk should be produced in an extensive manner, and the society be properly organized.

Some conversation ensued upon the subject, when it was resolved: That a preliminary organization be immediately formed, under the

name of the "Deseret Silk Association," and that E. B. Snow, Mr. J. J. Horne, and Robert Campbell act as committee to nominate the necessary officers.

**During the absence of the committee some excellent remarks were made by Messrs. Whitehead and Groves, Mrs. Gardner, and Mrs. Barney,** indicating the practicability and utility of the silk enterprise in Utah, and the necessity of prompt and united action to realize its benefits at the earliest possible period.

**On the return of the committee the following names were presented and unanimously elected officers of the "Deseret Silk Association":** President, Zillah D. Young; First Vice President, Anson Call; Second Vice President, Mary J. Horne; Secretary, Lelia Tuckett; Corresponding Secretary, Mary Carter; Treasurer, Paul A. Schettler; Superintendent, Alexander C. Pyper.

Mrs. Z. D. Young made some appropriate remarks.

Meeting adjourned to Monday, June 21st, at 5 o'clock p. m.

**Furious Riding.**—Three boys, who live in the lower part of the City, were before Justice Pyper this morning, on a charge of riding furiously through the streets yesterday. Two of them were fined \$5 and the other \$10.

**At Lindsey's.**—A large number of residents of the Sixth Ward, including the school children, spent yesterday very pleasantly at Lindsey's Gardens, and the Norwich Conference people and their friends are there today.

**English Opera Next Week.**—This week we have English comic opera, and next week English opera proper. Surely the theater-goers of Salt Lake will rejoice and account themselves highly favored. Mr. Maguire, the San Francisco manager, announces the appearance at the Theatre in this city of an array of talent from New York, numbering 70 artists, in the following standard operas—"Il Trovatore," "Martha," "Bohemian Girl," and "Fra Diavolo." A great treat is thus in store for the lovers of music and the drama.

**Catch Valley.**—Bro. James A. Leishman, of Logan, just in from that part of the Territory, reports the prospects for a grain crop flattering, grass upon the benches and range excellent, owing to the frequent rains which have fallen of late.

**An organization of the United Order has been effected,** called the "United Order of Cache County," under the auspices of which the county propose to build and furnish with machinery a woolen factory, which will work up the wool of the north and east of that part of the Territory.

**Much damage has been done to the bridges on Bear River** the present summer, through high water, rendering travel and traffic rare and difficult from the localities west of Bear River. The Cache County bridge over Bear River will be put in repair as soon as the high water sufficiently abates to admit of workmen doing so.

**The County Court recently ordered that all the county roads,** which had been laid off, be surveyed and properly plotted, which order has been put into effect under the supervision of Road Commissioner C. O. Card, and J. H. Martineau, County Surveyor.

**A good spirit prevailed during the two days' meeting recently held at Logan by President B. Young and those accompanying him.** Much good instruction was imparted and an excellent spirit was infused among the people.

**The U. S. R. R. traffic in consequence of the shipment of war and other business material connected therewith, is increasing,** much to the satisfaction of those interested in that road.

**A Fine Nursery.**—On Saturday afternoon we paid a visit to and enjoyed a ramble through the nursery of Mr. Thomas Fenton, in the Sixth Ward. It is in splendid condition, and is really delightful to the eye of the lover of the beautiful, while the sense of smell is greeted with delightful perfume emitted by the lovely flowers with which the garden abounds. The collection of roses is especially notable for abundance, extensiveness of variety, and beauty and delicacy of color, being from the delicate white to the deepest shade of crimson, and among them stands out prominently, most magnificently of that class of flowers, "The Giant of Battles."

The collection of young trees is excellent, the two-year-old cherry trees being particularly large, healthy and thrifty. Mr. Fenton's extensive nursery gives everywhere the indication that that gentleman is a well informed and practical horticulturist.

**Sericultural Meeting.**—The second meeting of parties interested in the cultivation of silk took place at the City Hall, at five o'clock last evening, A. M. Musser, Esq., presiding.

Mrs. E. B. Snow, in behalf of committee, reported the sum of \$133 subscribed for the purpose of procuring necessary machinery, of which \$89 had been paid. She stated that the disposition manifested on the part of the majority was to inquire whether the enterprise would pay.

Mrs. Barney expressed her willingness for the \$50 previously offered by her as a premium to be diverted to the general fund, which was endorsed by the meeting.
