LYON'KATHAIRON.

Lyon's Kathairon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing —cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Kathairon properly.

Gone to Logan.—President B. Young and D. H. Wells and Apostle George Q. Cannon left for Logan at 9:30 this morning.

D. A. & M. S.—The directors of the D. A. and M. Society are requested to meet at the Historian's office, at 7 p.m. August 26th.
W. WOODRUFF, Prest.

The Cavalcade.—The cavalcade of the great international show, with all its "pomp and circumstance," was out upon the streets to-day, and was viewed by many hundreds of spectators.

Information Wanted.—President Joseph Young will feel obliged to any person who will inform him of the date on which Joseph Smith, the Prophet, organized the first two Quorums of Seventies, at Kirtland, Ohio.

Restore It.—Yesterday afternoon there was lost, between Z. C. M. I. and Cutler Bro's store, First South Street, a packet containing a number of notions. The finder will confer a favor by leaving it at this Office for the owner.

Crowded. — There was another large audience at the great show yesterday afternoon, and last evening there was not room enough on the usual sitting space, the proprietors being under the necessity of having quantities of hay piled on the open space between the raised seats and the ring for persons unable to obtain other seats to squat upon. The concluding performance will be given this evening.

Returned. — Superintendent O. H. Riggs and family, who have been on a visit to the eastern States, returned last evening in good health. Mr. Riggs attended the sessions of the National Educational Association, held in the city of Baltimore, and also of the International Educational Congress, the first day's meeting of which was held at the same place, and the subsequent ones in the Judges' Hall, Centennial grounds, Philadelphia.

For "Ould" Ireland.—This afternoon Brother James T. Wilson, of the Second Ward, was to leave on a visit to his native country, the "Emerald Isle." He will visit and sojourn for some time with his family connections, of whom he has a large number, in the County of Armagh, near Belfast, and whom he has not seen for thirty-five years. He will doubtless find that many changes have occurred during that period. He anticipates returning home in the Spring, and purposes remaining about two months, on the way, in the States, with the view of obtaining useful information relative to the broom-making business, which trade he has followed for some years in this Territory. He has lived in this City twenty-four years. We wish him bon voyage.

An Excellent Number.—We have received No. 16 of the issuing volume of the *Juvenile Instructor*. It is even more than usually interesting and instructive, the table of contents embracing some excellent papers from local writers. There is an article on the "Shah of Persia," with an accompanying portrait of that noted dignitary; "Old Modes of Travel," concluded; "Sandwich Islands," "Questions and Answers," a good description of the "Apache Indians," written by a gentleman who recently visited them; "Editorial Thoughts" are of extra interest in this number, and the continued paper on "Our Antipodes" has a good illustration; there is "Leaves from a Log Book," by G. M. O., author of "A Boy's Trip Around the World;" "Letters to Our Children," "Entomology" "Joseph Smith, the Prophet," "Conference Song," works by Hugh Knough, music by Prof. Thomas, &c.

Returned Missionary. — We received a call to-day from Elder Israel D. Allphin, of Pine Valley, Washington County, who returned last evening from a mission to Texas, on which he left this city on the 25th of last October, having been gone eleven months. While in Texas he made his headquarters in Madison County, but visited eight other counties, traveling nearly all the time, holding from one to four meetings a week. Elder Owen Dix labored in company with him for some time. He baptized five persons in Borcua Co. In McLellan County four had signified their desire to become members of the Church, and several people in Johnson County had sent word that they were ready for baptism. These parties will be visited and probably baptized by Elder Dix.

Elder Allphin says there are many who express themselves satisfied as to the truth of the latter-day work, but whose circumstances are such as to deter them from embracing the gospel at present. The people generally of that part of the country are very much embarrassed in their business affairs.

Elder Allphin returns in improved health and excellent spirits.

The Fire Last Night.—About ten o'clock last night, a large fire could be seen a mile or two south-east of the City, which brilliantly illuminated the surrounding country. Probably thinking that the locality was much closer than it was, somebody rang the alarm bells, which aroused the people of the City, but of course the firemen did not get to the scene.

It was a flouring mill and an adjoining house, the property of Mr. Thomas Jenkins, and formerly owned by Hans N. Chlarson. Both structures were, we understand, totally destroyed, causing a loss to the proprietor of probably not less than $10,000 in buildings and machinery alone, besides a heavy loss of other property, the extent of which we have not yet learned.

The mill at one time belonged to Mr. Alex. C. Pyper, who sold to Chlarson and Capson, Chlarson finally becoming sole owner, until he gave a deed to Mr. Jenkins of the mill, &c., to secure him for the $900 and over of his money of which Chlarson claimed he was robbed in the vicinity of the same mill. After giving the deed Chlarson endeavored to prevent Mr. Jenkins having any road way or access to the mill.

The opinion is freely expressed in a general way that the fire was incendiary.

The Suppression of the Liquor Trade.—The following petition to the Mayor and City Council was handed to us for signature to-day—

"SALT LAKE CITY, UTAH.
"August 25, 1876.

"To the Mayor and City Council of Salt Lake City, Greeting—

"We, your petitioners, residents of Salt Lake City, respectfully draw the attention of your humble body to the deplorable fact that drunkenness has increased to an alarming extent during the last few years. The evidences are so abundant of this truth that it is scarcely necessary to enumerate them in this petition. There are between forty and fifty drinking saloons in the city, around many of which gather persons in various stages of intoxication, so much so that ladies of respectability cannot pass such localities without incurring the danger of being insulted by men and even by boys whose intellects and senses are blunted and their natures rendered brutal by the influence of strong drink.

"Drunkenness cannot exist in any community without producing nearly every degrading vice known to the vocabulary of crime, and our deep seated conviction is that this curse to humanity is increased, fostered and encouraged by the abundance of opportunities for its indulgence provided by the numerous drinking establishments that are located on many of our streets. Parents, and all others having the welfare of the rising generation at heart must feel the increasing danger to which the young people of the community are liable by these great and multiplying temptations.

"In view of these and many other considerations we earnestly pray your honorable body to adopt some speedy and effective measures for the material reduction of the traffic in spirituous and fermented liquors, because we feel convinced that the abatement of that trade would have a powerful effect in, at least, greatly diminishing the degrading, soul and body destroying evil of drunkenness. We also believe that as the liquor question is being agitated among interested parties and is under consideration by your honorable body, now is an opportune time for definite and judicious action on the part of your honorable body, in the measurable if not total suppression of the liquor traffic, and if such action be taken we are satisfied it will be heartily approved by the great majority of the community.

"We earnestly intreat your honorable body to give an early and favorable consideration to our petition, and, as in duty bound, your petitioners will ever pray.

We consider the foregoing petition most timely, as relating to an evil, the remarkable increase of which during the last few years may well create a feeling of deep concern in the minds of the well-wishers of the community. The document is couched in moderate and respectful terms, and is, in our opinion, of such a character as to cause every good, moral, disinterested resident of Salt Lake City to attach his or her signature to it, and it is probable it will be, therefore, very numerously signed, its circulation for that purpose having been commenced to-day. We do not see how the Mayor and City Council can well dispose of so powerful and altogether legitimate appeal without doing something in the direction indicated. The NEWS has several times of late taken occasion to urge the necessity of the adoption of some such measures as those asked for by the petitioners, for the suppression of drunkenness, and we are glad to see this present movement towards that end, which has our hearty endorsement.

TO-DAY'S DISPATCHES.

EASTERN.

From the Black Hills.

CHEYENNE, Wyo., 25.—A party of fifteen men, on their return trip from Deadwood, were attacked by Indians on the 20th inst., ten miles beyond Sage Creek, where Lieut. Taylor's company of the 23rd infantry is stationed. Two horses were killed, three wounded and six stolen. The men escaped unhurt into the station, and Lieut. Taylor sent out a detachment, which recovered the wagons and property.

The latest news by the Black Hills *Pioneer*, published at Deadwood, is encouraging beyond measure. Eight hundred ounces of gold dust arrived in this city to-day. Yesterday a solid piece of quartz was consigned to the Pacific Coast for exhibition, which bristles with free gold all over. The piece weighs about twenty-five pounds, and is estimated to contain one hundred dollars in gold. This is from the Alpha mine, and specimens of the same ore are now on exhibition in Philadelphia, in the name of W. C. Bennett.

The telegraph line, which has been making rather slow progress owing to the absence of an escort for the working parties, is now making headway, all the poles being set to Hat Creek, fifty-five miles beyond Fort Laramie, and the work of stringing the wire has begun. The first communication was received last night from Platte river.

The Peace Commission.

CHICAGO, 25.—The peace commissioners, some half dozen in number, arrived here to-day en *route* to Omaha and points west, to talk with the Sioux Indians, Bishop Whipple will arrive and join them this evening, and they will leave within twenty-four hours on their mission. They are furnished with instructions from the Interior Department to inform the Indians that they must not leave their reservation and must stop depredations on the Black Hills miners, or submit to extermination.

Workmen for Scotland.

NEW YORK, 25.—One hundred and fifty masons and stone-cutters sailed yesterday for Scotland, under contract with Josiah Coghill, to work on the parochial buildings at Greenock. They are to recieve ten pence per hour for eight hours a day. One hundred and fifty more are to sail soon for Scotland.

GREAT BRITAIN.

War News.

LONDON, 25.—A special to the *Standard* from Alexinatz says Tchernayeff attacked Ali Saib at noon on Wednesday.

Twenty Servian battalions with two batteries of artillery, passed through the valley leading northeast of Alexinatz to the Turkish headquarters. The movement was discovered by the Turks who went to meet the column. The Turks held their ground, although the Servians were superior in numbers. The losses of the Turks were heavy, nearly all of their officers were killed or wounded. The Servians fought under the shelter of a forest, but at six in the evening retreated to Alexinatz. Their total loss is 1,000 killed and wounded.

Riot at Retimo and Loss of Life.

A *Times* dispatch from Vienna says the Porte's refusal to grant the concession demanded by the Cretans has revived animosity between the Christians and Mahommedans. This state of things has already led to bloodshed at Retimo, in a quarrel between a Turk and Greek. The latter was shot. This was the signal for gathering, and before the authorities could interfere eight Turks were killed and several Greeks wounded. The riot was followed by a panic. All the shops were closed and the Christians barricaded the houses. The Turks are encamped in the streets. A portion of the Turkish fleet has been dispatched to Retimo, and troops have been asked for from Constantinople.
