SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-SIXTH CONGRESS.

HOUSE.

WASHINGTON, 18.—The clerk gave Hull, democrat, of Florida, his seat, and allowed the Iowa delegation to come in. His ground in both cases was that a governor's certificate and seal of state gave the holders a *prima facie* right to seats. As to the State of Kansas, the clerk said he had not put on the roll the names of the persons claiming to have been elected from that state by the state at large, the state being only entitled to three members.

Garfield and Blackburn conducted Randall to the chair. He made a brief address and then the oath of office was administered to the Speaker by Kelly, of Pennsylvania, after which the oath to the members was administered by the Speaker in the groups of states.

Frye objected to administering the oath to Hull, of Florida, and the matter went over till to-morrow.

The following officers were re-elected: Adams, clerk; Thompson, sergeant-at-arms; Field, doorkeeper; Stewart, postmaster; Rev. W. P. Harrison, chaplain.

McMahon sent to the clerk's desk and asked to have read a petition signed by twenty-three prominent citizens of Cincinnati against the right of Butterworth and Young of Ohio, to occupy their seats. A discussion arose as to whether the petition should take the ordinary course or be read and printed in the record. Without action the matter went over. The drawing for seats was then proceeded with and at the conclusion the House adjourned.

EASTERN.

Prompt Organization of the House of Representatives.

WASHINGTON, 18.—The first session of the Forty-sixth Congress commenced to-day, under favorable auspices and a general air of cheerfulness prevaded the occupants of the floors and the immense crowds of interested spectators that filled the galleries of both houses at least an hour before the time fixed by the President's message for the formal convening. The organizing of the House of Representatives was effected with ease and promptitude, notwithstanding the prediction which had gained such wide currency concerning the difficulties that were to result from the plots and combinations of greenbackers with republicans, and dissatisfied anti-Randall democrats, or from a supposed lack of sufficient democratic votes to constitute the requisite majority of the total House membership. All these predictions, like the claims of the pledges for Blackburn's nomination, proved to be mere puff-balls, and the general expectation of exciting scenes, to-day, was therefore entirely disappointed. There were, however, several interesting incidents, such as the outburst of applause which greeted Colonel Blackburn's *viva voce* vote for Randall; the similar demonstration when Randall was escorted to the chair by his unsuccessful competitors for the Speakership — Messrs. Blackburn and Garfield; the breezy little debate which sprung up from McMahon's effort to impeach the validity of the election of Butterworth who succeeds Sayler as one of the Representatives from Cincinnati, and the noticeable circumstance that only five of the twenty-nine members elect from Maryland, Delaware, Virginia, North Carolina and South Carolina responded to Speaker Randall's invitation for all who could take the ironclad oath of loyalty to step aside when the groups from those States advanced to be sworn in.

The Oliver-Cameron Suit.

In the Oliver-Cameron suit to-day, the witness said that in the winter Cameron sent for her to come to his parlors at the Congressional Hotel. When she entered he locked the door and kept her in the room all night. Cameron said she was to marry him and she yielded to his solicitation. Upon cross-examination, witness said she had lived with Thomas Marshall Oliver as his wife and had two children by him, though he had a wife living. He subsequently procured a divorce from his wife, and the judge told her that it divorced her also. After the divorce Oliver left and she never saw him again. For several years she was looked upon as Oliver's wife. The marriage was not lawful because he had a wife living when he married the witness, who was young at the time and did not know anything about the former marriage. She had written to Oliver at several places lately, but did not know he was living. At this point Mr. Oliver entered the court room, and the witness said: "That is Mr. Oliver; he has changed somewhat, but that is him." For five years witness said she had held herself out as Oliver's wife in Louisville. He then left her and went to Lexington, Ky., where he married some one else. The following letter was then shown to her and she admitted the handwriting as hers. The envelope bore stamp Oct. 31, 1878.

Hon. Simon Cameron:

Late as it is, I will pray to God to have you sent to England, if you will marry me or provide for me as a wife, as you promised me. You have but a short time to let me know, and this mission is yours. It will be granted to you because I pray for it. My prayers to God are always answered. Let me know. Justice to me and fortune is yours,

Respectfully, MARY.

After reading it, she laughingly said: "Well, Gen. Butler, you can't blame me for wanting to stir the old man up and get him to marry me." She said she had not shewn the following letter to any one, nor recollect receiving it:

Harrisburg, Sept 5, 1875.

My Dear Mrs. Oliver:

My Dear Madame—I hope you will be my wife before very long. It is better you should have a home than remain without protection. Hereafter you will be informed of it. Decline the acquaintances of all people. The small sum will pay your expenses. I shall probably be in Washington in 12 or 14 days. I hope you may continue to avoid all bad people.

Yours, S. C.

In a letter to Cameron, Mrs. Oliver says: "I will accept $4,000 with the $1,000 I have already received from you, and when you give me $4,000 in my hand, then and there and for ever all claims cease of mine against you." In another letter she says: "I will take $1,000 in addition to what has been received and a $75 per month position in the department."

Without concluding the cross-examination the court adjourned.

Business Prospects.

NEW YORK, 18.—The *Times* will to-morrow publish reports of the actual condition of trades, manufactures and other industries in fourteen states, and from the business centres in those states, showing that the condition of business interests of the country, as compared with the outlook a year ago at this time, gives promise of a profitable season, beginning of a return of national prosperity and the assurance of a general and apparently lasting revival of business. The *Times* says the unanimity of expressions as to the favorable outlook is the more trustworthy, because the enquirer was pursuing his investigation entirely unbiased and independent of any other motives.

Outlived their Usefulness.

General Thomas L. Clingman, formerly Senator of North Carolina, said both the republican and democratic parties have outlived their usefulness and ought to be broken up. The republican party is a sectional party, and the democratic party, through the support given it by a solid South, has also the appearance of being sectional. The people of my State are not satisfied with the present shape of national politics. Only a fear of a return to military rule and bad local government keep thousands in the democratic party.

Grant's Nomination.

Ex-Senator Hitchcock, of Nebraska, said Grant's nomination in 1880 is almost a certainty. We must nominate Grant to get even with the patent reformers, and put the party back where it was before they began their mischief. The general movement is a reaction against bogus reform and civil service humbug, as well as a protest against the attitude of the solid South.

An Educated Chinaman.

Moy Ginkee, an educated Chinaman, addressed the St. James' Methodist Church, on Sunday. He said the Americans could learn something of his people. Confucius said that drink was worse than a rattlesnake. Rattlesnakes don't abuse their own children. The Chinese think drinking very bad.

Sentenced.

George Brennan, who robbed a Chinese laundryman of $100, was yesterday, sentenced to the penitentiary for four years.

The Irish Colonization Scheme.

CHICAGO, 18.—The Irish colonization convention to-day adopted the plans recommended by Bishop Ireland, which set forth that the chief object of the convention should be to assist poor and worthy people to secure homes upon lands, and to form an organization for this purpose, its name to be the Irish Catholic Colonization Association of America. It shall have an executive board of seven bishops and seven laymen, with full powers to act for the convention and perfect a practicable plan. The following were appointed members of the executive board: Laymen—General Lawler of Prairie Du Chein; Anthony Kelley of Minneapolis; P. P. Roy of St. Louis; John Royle O'Reilly of Boston; W. J. O'Hanahan of Chicago; J. A. Creighton of Omaha; P. V. Hickey of New York, and Bishops Ireland and O'Connor, with power to select five other bishops. Adjourned after a brief evening session.

The Sulphur Shower.

MAUCH CHUNK, Pa., 18.—Scientific examination of the sulphur which fell in the shower yesterday, over the Lehigh Valley, proves to be the pollen from a species of pine, caught up by the wind and carried from the Jersey forests.

Judge Rivers Charges the Grand Jury.

LYNCHBURG, W. Va., 18.—The United States court of the Western district of Virginia commenced session to-day. Judge Rivers, in his charge to the grand jury on the subject of mixed juries and indictments against the county judges for failure to provide a tax, said the duty of the jury was to enforce uniform obedience and exact universal respect for the laws. If this shall be faithfully and fearlessly done will arrest future resorts to the federal courts and leave the State courts in the full and free exercise of their appropriate jurisdiction. But if this be not done, and a plain duty is evaded, under artfully devised and misplaced scruples as to law, you will be fomenting further disorders and conflicts. I am at a loss to conceive any motive on the part of honorable and intelligent citizens to undertake, in any way, to obstruct great organic measures to which your faith as a people is plighted in the most solemn manner or to thwart the mission of the general government in all its departments, to give equal protection of laws to all its citizens, without distinction.

WESTERN.

The Sutro Tunnel Difficulty—A Compromise.

SAN FRANCISCO, 18.—The long contest between the Sutro Tunnel Company and the mining companies of the Comstock lode, was finally concluded this afternoon, when all the parties interested gave their adhesion to articles of compromise, which were at once placed in the hands of the printer and will be ratified as soon as received from him. Until then the articles will not be made public, but it is understood that they involve mutual concessions. This settlement will bring the Sutro tunnel into immediate use in the work of ventilating and draining the mines with the practical effect of creating what may be considered a new surface nearly 1,800 feet below the croppings of the mines. The tunnel will also permit the use of water power in the mines in pumping from the lower levels. Before the benefit of the tunnel can be felt, considerable work remains to be done in completing the sub-drifts, running lateral drifts, making connections, etc. Its completion will greatly reduce the cost of working the mines, and a heavy force will soon be put at work on the sub-drain and lateral drifts.

FOREIGN.

GERMANY.

The Tariff Question, Etc.

BERLIN, 18.—The committee of the Reichstag on standing orders resolved not to undertake any general revision of the rules of the house, but will simply revise the arrangements relative to the president's power to prevent a member from speaking.

The tariff commission seems particularly anxious to secure German industry against American competition. It has proposed heavy duties upon most of the articles now imported from America. Its last decision is in favor of a duty of 20 marks per cwt. on leather goods. Protectionists are now attacking the present coinage system and recommend the issue of plenty of money.

Herr Leibnecht's speech has sadly injured the socialist cause.

The Emperor is still obliged to keep his room in consequence of the recent fall, but is improving.

Prince Frederick Charles, brother of the Emperor William, is seriously ill.

SCOVILL'S

Blood AND Liver Syrup

A PEERLESS REMEDY FOR

Scrofula, White Swellings, Cancer Eruptions, Sores, Ulcers, Syphilis, Tumors, Carbuncles, Salt Rheum,

And all Diseases indicating an IMPURE CONDITION of the BLOOD

Cutaneous eruptions upon the face or body do not necessarily indicate the taint of Scrofula, but whether the insidious poison of that diro malady is present in the system or not, certain it is that

Scovill's Blood & Liver Syrup

completely cures such disorders. If virus of Scrofula *does* exist in the every this matchless purifier will root out be it vestige of it. No empiric malady, of scrofulous or other wise, can resist the tonic rifying action of this safe and potent remedy, which renders the skin

CLEAR, SOFT AND BEAUTIFUL,

when ordinary medicines utterly fail to arrest the progress of scrofulous and other eruptive disorders, the persistent use of this incomparable depurent secures the desired result. From

THE ARRAY OF PROOF

of its reliability in our possession, we make the two following condensed extracts:

Mr. Samuel H. Matthews, Modestown, Accomac Co., Va., states that his child, when 4 months old, was attacked with an eruption which covered its head, face, arms, feet and legs, converting them into "*nearly one solid sore*," but that two and a-half bottles of Scovill's Blood and Liver Syrup effected a complete cure, without a scar.

Martin Robbins, Jr., writes that he suffered from Scrofulous White Swelling with twelve running ulcers on his legs, from which more than 100 pieces of bone sloughed away, but by the time he had finished the twenty-fourth bottle of the Syrup he was completely cured.

THIS GRAND REMEDY

is a compound of vegetable extracts, the chief of which are

Sarsaparilla and Stillingia

The cures effected by

Scovill's Blood and Liver Syrup

are absolute, and their record is studded with cures effected by it, after all other means had failed by failure. For sale by all Druggists.

Price, $1.00 per bottle.
