

PROMOTION FOR WILLIAM ASHTON

Effective Tomorrow He Will be
The Chief Engineer for O. S. L.
Enlarged System.

JURISDICTION OVER CUT-OFF.

He Will be in Charge of Maintenance
And Way from Green River
To Reno,

Effective tomorrow, William Ashton, resident engineer of the Oregon Short Line, will henceforth be known as Chief Engineer of the enlarged Short Line system.

WILLIAM ASHTON,
Chief Engineer of the Oregon Short Line.

afternoon, when circulars were posted announcing the change. The circular No. 30, bears the signature of W. H. Bancroft, vice president and general manager, and is approved by Julius Kruttschnitt, director of maintenance and operation. It is as follows:

"Effective this date, Mr. William Ashton is appointed chief engineer of the Oregon Short Line Railroad company, with headquarters in Salt Lake City, Utah.

"His jurisdiction will extend over the Union Pacific line west of Green River, including the Park City branch, also over the Salt Lake division of the Southern Pacific company, in charge of maintenance of way only."

This promotion means that Mr. Ashton will have jurisdiction over the Ogden-Lucia cut-off as soon as that piece of work is turned over to the engineering department by those now in charge of construction.

As a preliminary to this appointment Mr. Ashton left yesterday with a party of officials to inspect the new territory between Ogden and Reno. In the party were William Allen, chief engineer of the Southern Pacific; General Superintendent E. Buckingham, Superintendent Scott and Assistant Superintendent Thomas Fitzgerald.

Mr. Ashton, the chief engineer of the Oregon Short Line, was forty-four years of age on Feb. 2. He was born at Salem, N. Y., and educated at the Washington academy in the same city. He first entered the railroad service as chairman on a survey on the Burlington & Missouri in 1881. He remained with this road as a member of the engineering department, with the exception of two months when he was engaged in city work at Omaha, for three and one-half years. From March, 1885, until 1888, he was with the engineering department of the Union Pacific. During the last named year he was appointed division engineer for the same system at Denver. In February, 1890, he was appointed resident engineer here for the Oregon Short Line.

ANOTHER DEAD BABY.

Remains of Second Infant Found from
The Waters of the Jordan.

The police were notified about 4 o'clock yesterday afternoon that the body of a boy baby had been found floating in the eddies under the San Pedro bridge over the Jordan river, at Twelfth West and First South street. Patrolman Clive was sent to the place indicated and found the body lodged in a pile of brush near the bridge piers. The child was badly decomposed, but the body was badly decomposed. A cigar box and a piece of cloth were found near the corpse and these may prove valuable clues to the discovery of the unnatural parents.

This morning Justice Clark called a coroner's jury, composed of R. D. McDonald, John Alvey and E. M. Weller, to hold an inquest over the body of the girl baby found yesterday. After hearing Chief Lynskey's story, as published in last evening's "News," the case was continued for two weeks. The authorities say they are yet absolutely in the dark as to who is responsible for the murder. In the meantime, Undertaker Evans will bury both bodies.

TAPPED BAKER'S TILL.

The money till of William Everett, who conducts a bakery shop at 323 west South Temple street, was tapped by three men on Thursday night, who secured but a few dollars in change for their trouble. Three strangers entered the bakery shop about 7 o'clock Thursday night, and said that they wished to get three loaves of bread. In payment, they tendered a \$5 bill, which the baker was unable to change. While he went to a nearby store for the change the men tapped the till. The police are investigating.

Take nutmeg; one is not as good as another. Schilling's Best, in nutmeg, is ground fine from difficult nuts to grind because full of oil; the oil is their virtue. There are dry nuts; there are wormy nuts. We are no more careful in nutmegs than all through.

Y. M. C. A. CORNER STONE.

Laying of It Tomorrow Will be With
Impressive Ceremonies.

Tomorrow will be a red letter day for the Young Men's Christian association of this city, the occasion being the laying of the corner stone of the new building, at the corner of State and First South streets. The services will be divided into two parts, the first at

ley of the association. Mrs. C. G. Plummer will sing, and the meeting will close with an address from Rev. E. I. Goshen.

The original call for a public meeting with a view to organization, was issued in the local papers the last week in February, 1890, and read: "All young men interested in the organization of a Young Men's Christian association for Salt Lake City, are earnestly invited to meet in the federal court room, Wasatch block, March 2, 1890, at 4 p. m., to consider the question of an immediate organization. (Signed) C. H. Parsons, Frank Pierce, Frank B. Stephens, C. L. Hawley, W. N. Peet, J. F. Millsap, A. R. Randolph, O. L. Menta, Max E. Smith, R. J. Glendinning, F. M. Stockdale, G. E. Andrews, C. B. Durst, W. H. Sherman, W. D. Goodspeed, Isaac Eddy, M. N. Newcomb, P. A. Dix, K. S. Ostley, R. J. Caskey and R. J. Jessup."

The following invitation announcement has been requested:

No individual invitations have been issued to the laying of the corner stone of the Young Men's Christian Association building on Sunday, May 1, at 4 o'clock, nor to the fourteenth anniversary address to be delivered by the Rev. Elmer I. Goshen in the Salt Lake theater immediately following, as these occasions are entirely public and all are most cordially invited.

FRANK B. STEPHENS, President.

OSCAR L. COX, General Secretary.

A CARD

To The Insuring Public.

Much has been published and too much said, by rival agents, pertaining to our loss in Ogden under policy No. 703,673, Firemen's Insurance company of Baltimore; wasted sympathy has been extended us and criticism heaped upon the company and its state representative, Agent Peirce; all unwarranted and without cause in fact; the loss has been paid, in full, and to our entire satisfaction.

MUSICIANS' UNION NOW.

Makes Demands of Salt Lake Theater
Orchestra Members.

Will there be war between the Musicians' union and the Theater orchestra? A meeting of the union will be held tomorrow, at which it is proposed to lay down a law commanding strict adherence to the rules, which say that union men shall not work with non-union men. And Conductor Arthur Shepherd, having men of both classes in his organization, is sitting by and wondering what the result will be. The union has demanded that the union members of the orchestra come to time by May 31.

"The truth is," said Mr. Shepherd this morning, "I anticipate no trouble, inasmuch as the union men in the orchestra have all given their word that they will report for work next season, as usual. These same men are, respectively, the vice president and secretary of the union. Now, what are they going to do about it? What can they do? Of course, the members of the orchestra do not work under written contract, but the agreement between us has never yet been broken, and I think the whole proposition will probably be ignored at the meeting tomorrow. This is just the annual spring out-break. It happens every year, but comes to naught. I will state this much, however, so far as the management of the Theater is concerned, any member of the orchestra who does not want to join the union will stay in the orchestra. That's all there is to it."

Commenting upon the situation, Mr. Pyper said to the "News" last evening: "The Theater has no fight on with the union, nor does it want one. But it proposes to run its own business, and will do so. We never ask whether a musician or attache of the house in any other line, belongs to the union or not, and don't care. We do care, however, when outsiders step forward and commence to dictate to us how our affairs shall be conducted. Then it is time to call a halt, and we will call it without hesitation. But regarding the trouble, and the demands that have been made, you had better see Mr. Shepherd. He has the matter in hand and can tell you better than I can what the members propose to do."

BISHOP CRANDALL DEAD.

Bishop H. O. Crandall, for many years
a resident of this place. The cause of
death was heart failure. The deceased
was the son of Myron Nathan and
Tryphena Crandall, pioneer residents of
this section, and was born in Spring-
ville in 1858. In 1877 he went to Hunt-
ington, Emery county, where he was
first counselor in the first Bishopric of
the ward. Later he moved to Ashley,
then to Arizona, where he remained
for several years, and then to Driggs,
Ida., where he became Bishop. He was
a highly respected citizen and will be
sorely missed by his family and friends.

George Robertson, Jr., died at 9:25

CALL FOR THE DEMOCRATIC DIS- TRICT PRIMARIES.

At a meeting of the Joint City and
County Democratic Committee, held in
Salt Lake City, Utah, April 27, 1904, it
was ordered that the primaries of the
Democratic voters of said county be held
in the various election districts of Salt
Lake City and Salt Lake County on the
evening of Wednesday, May 11, 1904, for
the following purposes, to-wit:

First: The election of 124 delegates to
the state convention of the Democratic
party, which will be held in Salt Lake
City, Utah, June 9, 1904, which said con-
vention is called for the purpose of elect-
ing six delegates to the National conven-
tion of the Democratic party which is to be held
in the city of St. Louis, Missouri, on July 6,
1904.

Second: The election of 132 delegates to
the Third Judicial District convention of
the Democratic party of the Third Ju-
dicial district, which said convention will
meet in the city of Salt Lake, Utah, on
Monday, May 16th, 1904, for the purpose
of nominating candidates for judges of
the district court of said district, and one
candidate for district attorney of said
district.

Upon the suggestion of the state com-
mittee, the appointment for the first
named convention to the several districts
in Salt Lake City and Salt Lake County
is the same as in 1900, viz.: one dele-
gate for each seventy votes cast for rep-
resentative in congress in 1898, and ma-
jority fraction thereof, and by order of
the judicial committee of the Third Ju-
dicial District, the representation for each
district in the said Judicial District con-
vention is one delegate for each 100
votes cast for Hon. William C. Hall, dis-
trict judge, in 1900.

The representation of the several elec-
tion districts of the city and county of
Salt Lake is as follows:

County Districts.

In the state convention districts 63, 64, 65, 70, 74 and 86 are entitled to one vote. The chairmen of the districts mentioned will take action at once looking toward the selection of such delegate. The committee suggests that delegates with power to select this delegate meet previous to the holding of the state convention and make a choice.

In the judicial convention districts 63,
