MOUNT PLEASANT, Sep. 7.

Today General Morrow held a council with the Indians chiefs Tabiona, Angitzel, White Hare, chief and others, representing about 100 Indians. The words of General Morrow were firm, but kind and friendly. In regard to their returning to the reservation, the Indians spoke of promises which their father at Uintah had made them not being kept, and of the suffering of themselves and papooses in consequence, but hoped the same would not occur again. They manifested the utmost confidence in the words of General Morrow, who pledged his word that they should be furnished with all necessary provisions on their way to Uintah, and while they remained there. But, he said, should they be found away from there without written permission from their agent, he should treat them as hostile. They all agreed to return immediately to the reservation, but said, if food, &c., were not provided them on their arrival they should return. The necessary papers were signed by the chiefs, and the council broke up with a friendly feeling. There were present several officers of General Morrow's command. President O. Hyde, Bishops Seeley, Tucker, Olsen, Col. Alfred and a great number of citizens. General Morrow left this p.m. for Salt Lake City, where he intends to arrive Monday evening.

General Morrow has scouting parties out from this point all the time. A party from the command at Manti will start out to-morrow.
