

BANKER M'CORNIC SUES GROESBECK

County Treasurer is Restrained From Advertising or Collecting Balance of Taxes.

FAVORITISM IS ALLEGED.

Plaintiff Says He Did Not Receive Reductions Given to Similar Concerns.

An injunction suit was filed today by W. S. McCormick, treasurer of Salt Lake county, to enjoin the latter from advertising or collecting a certain balance of taxes due from the banking institution of W. S. McCormick & Co. for the year 1907.

The complaint is a lengthy document, and among many other allegations, contains one to the effect that complainant did not receive the benefit of certain reductions made in behalf of other banks. It is set forth that at the time the assessment was made the capital stock was \$250,000, and the undivided profits \$45,142. It is claimed that the bank should have been assessed 20 per cent less than that amount. The money on hand was \$384,867, less the building, \$24,260, or a net total of \$360,607, and that upon this showing he should have received a deduction of 25 per cent, as did other banks.

TEMPORARY ORDER.

It is further alleged that plaintiff's assessment for 1907 was \$25,364, upon \$360,607, at the rate of 7.03 mills, and that of the taxes amounting to \$2,391, he has paid the sum of \$18,572, which he claims is all that is rightfully due, as he should have been assessed on \$360,607 instead of \$384,867. The plaintiff prays that defendant be cited to appear Dec. 23 to show cause why he should not be prohibited from advertising and collecting the unpaid balance, \$6,786.24. A temporary restraining order was issued today by Judge Morris.

SUES FOR \$25,000.

James Gibson Claims He Was Injured By Negligence of Plumbers.

George G. Doyle & Co., plumbers, were made the defendants in a \$25,000 damage suit filed in the district court yesterday by James Gibson. It is set forth in the complaint that the plaintiff was severely injured by the falling of a heavy hammer in the Z. C. M. I. drug store, where he was employed, and that the said hammer was being used by plumbers of the defendant company. The instrument had been left on the top of a step ladder, and it is alleged that it fell upon the plaintiff, causing permanent injuries in the way of paralysis. Mr. Gibson is the aged doorkeeper of the Salt Lake theater.

BEATING ONLY WORTH \$50.

Jury Awards That Amount to Noble Instead of \$10,000.

The jury in the case of Noble against Butterfield brought in a verdict for the plaintiff yesterday afternoon, but the amount awarded him was \$50, instead of the \$10,000 that he asked for. The trial grew out of a beating which Noble alleged he received at the hands of Butterfield in 1906. The hearing occupied the attention of the court for the greater part of two weeks, each side producing many witnesses. After being out two hours, the jury reported its findings.

RADOVICH RESISTED.

Louis Radovich and Joseph Ives, the two Austrians who were adjudged insane on Wednesday, were taken to the state mental hospital yesterday. Radovich was very much opposed to entering the carriage to be taken to the depot, as he was sane enough to know just where he was going. He resisted considerably, but was finally forcibly put into the vehicle by the officers. Both men came from the south end of the county.

LUKIC CASE SUBMITTED.

The case of Lukic against the Southern Pacific Railway company was argued and submitted today in the United States court. This is a suit for personal injuries alleged to have been sustained by reason of negligence and neglect on the part of the railway company.

ADAMS-UTAH COPPER CO.

The case of Adams against the Utah Copper company, which was set for trial before Judge Marshall in the United States court for Nov. 22, was continued yesterday until the April term of court. This case was one in which damages were sought for \$5,000, said to cover injuries alleged to have been done him by fallings from the defendant's shafts.

BERNARDO IN CUSTODY.

Chief Deputy Lucian H. Smyth of the United States marshal's office went to Ogden today to bring Antonio Bernardo to this city to plead to the indictment returned against him by the grand jury.

READY TO RESUME CASH PAYMENTS.

That's what many banks are now doing. The money storm is over and the snow storm is here—Keep busy—the demand for money-back rubbers has started in, we have every reason for believing that this will be an unusually large season for us.

We made preparations for this long ago and are in readiness to fit your shoes with any style or size—

Money-back rubbers like our leather shoes have our guarantee back of them, in fact all transactions in this store are sure to result satisfactory.

DAVIS SHOE CO.

Federal grand jury, which charges him with having kept an alien woman for immoral purposes, contrary to the immigration laws of the United States.

COAL INQUIRY CONTINUES.

The inquiry into the various geological conditions existing in Carbon county continued before Master in Chancery S. H. Lewis today with Prof. Joseph Taff still on the stand. The examination is being conducted for the Utah Fuel company by John M. Zane, an attorney from Chicago.

JURORS EXCUSED.

All jurors, with the exception of those on the panel in the case of Lukic against the Southern Pacific Railway company, were excused over Saturday and Sunday by Judge Marshall today.

HART-UNITED STATES LIME.

The case of Hart against the United States Lime company was continued before Judge Marshall yesterday in the United States court until the April term of court. This case is one in which Hart seeks to recover \$20,000 for personal injuries.

TWO MORE DIVORCES.

Judge Armstrong granted two divorces yesterday afternoon. The first case considered was that of Evelyn L. Emmann vs. Louis L. Emmann, and the grounds upon which a dissolution of the matrimonial bonds were asked were cruel treatment and desertion. After hearing the testimony of Mrs. Emmann, which was corroborated by Edna L. Emmann, the divorce was granted.

For substantiated allegations of non-support, Mrs. Elton L. Snyder secured a legal separation from John A. Snyder. The couple was married April 3, 1895.

OFFICIALS GIVE BAIL.

J. M. Moore and Everett Buckingham, local officials of the Hartman Interiors who are indicted for violations of the anti-trust law in restraint of trade in the D. S. Soap case, were before United States Commissioner Baldwin today to renew their former bond of \$2,000 in each case for appearance in the United States court when so ordered.

DIVORCE SUIT FOLLOWS BATTERY.

Suit for divorce was filed today in the district court by Cella Thomas Wagner against Charles W. Wagner. The plaintiff alleges that she was married to defendant at Farmington, July 8, 1907, and that on Nov. 19 he struck her many times with his clenched fist, in the face and on the head, and otherwise beat and bruised her. Mrs. Wagner therefore asks that the bonds of matrimony existing between her and the said Charles W. Wagner be dissolved, and that she be given costs of suit.

Wagner was arrested a few days ago at the instance of his wife, who is at the time of her husband, and Wagner pleaded guilty to battery. The case was called before Judge C. H. Diehl of the criminal division of the city court. Yesterday afternoon Mrs. Wagner appeared in court for the purpose of testifying against her husband, but the matter was continued and is being heard at a late hour this afternoon.

Wagner is a brother of Alie Majors, now serving a life sentence in the Utah state prison for the murder of Capt. Brown of Ogden.

AMUSEMENTS.

Theater—The long talked of benefit to the veteran doorkeeper of the Salt Lake Theater, James Gibson, comes off tonight. As the affair is in the hands of the Elks, the box office success may be said to be assured in advance. The committee in charge of the program has also done its full share, as a glance at the following numbers will disclose:

Juvenile Band—P. Christensen, Conductor

"Talks With Popular Poets"—Petrarch, Shakespeare, Mr. John P. Meakin

Flute solo—Mr. W. J. Flashman

Dale and Carrer in black and white, Solo—Miss Kathleen Fitzgerald

Overture, "Pomp and Circumstances"—Eugene

Theater orchestra, Arthur Shepherd, director

The inimitable imitator—Mr. Sidney Chalker

Solo, "Ho for a Sail in a Piping Breeze"—Mr. Alfred L. Farrell

Recitations, Master Don Carlos Wood

Selections from "The Jolly Widow"—Theater Orchestra

Selections by Salt Lake Opera Company, J. J. McFarland, director

E. P. Kimball, accompanist

(a)—"Brown October Ale"—Mr. Hugh W. Douglas and chorus

(b)—"My Gypsy Sweetheart"—Mr. Horace C. Ensign and chorus

Orpheum—Tonight will be the usual society occasion at the Orpheum and a big turnout is looked for.

Grand—A pleasing and well performed play is "Old Arkansas," which opened a half week's engagement at the Grand last evening. There were a large audience in attendance, and unstinted applause showed that the company found and retained the good will of the house. Willard Dashiell, in the title role, was quite beyond advice and criticism. In rhythmic voice and acting, he was fully equal to the task of impersonating the typical mountaineer of the Ozark backwoods. The character work of Harry Edman, as the wheezy, irritable old Jeremiah Snodgrass, who sometimes indulges in singing and dancing, was a feature of the evening. Miss Priddy, as Sue Rogers, ward of "Old Arkansas," came in for a good share of recognition, and Marie Clifford, as a jealous woman sustained the part well. The show is a charming one, and is a little of the melo-dramatic in it, but just enough to show that there are bad men, and that retribution sooner or later is theirs. There is a little of the melo-dramatic in it, and the manner in which the present company plays it affords a most enjoyable entertainment.

Lyric—The best presentation of this week's bill goes on tonight and will be followed by a complete change tomorrow afternoon.

Physicians Disagree.

Can't Decide What Disease Clay Children are Suffering From. Evidently.

Doctors seem in doubt as to just what the reality which has caused three deaths in the Wm. H. Clay family of 42 Bonanza avenue and has brought four more children to sickbeds really is; a consultation was held at which Dr. W. E. Beer, Dr. A. S. Bower, A. C. Bower and E. H. Gibson discussed the matter. Dr. Beer who has made a specialty of children's diseases believes

the children are suffering from diphtheria and scarlet fever combined and recommends treatment for diphtheria. Dr. Bower is as firm in his belief the sickness is scarlet fever, only. Dr. Bower is positive such is the case. Dr. Gibson, the consulting physician called in the others for a consultation for a treatment for scarlet fever originally, but the cases were so malignant that he advised others to diagnose them. According to his statement there are no indications of diphtheria and he treated for scarlet fever. In virulence the cases surpass anything ever brought before the notice of local physicians. Dr. Beer says he has seen scarlet fever and diphtheria in a combination form and he explains the cases virulence to such a combination.

WORKED ANOTHER GAME.

Got Cigars From Factory and Then Tried to Sell Them.

The police and sheriff's office are looking for a smooth individual who walked into George A. Whittaker's cigar factory this morning and ordered 200 cigars to be charged to George D. Roper, the proprietor of the Zang saloon. The man carried off the package and in due season inquiries commenced to come in over the telephone as to the reason why the price in the standard brands had been cut so considerably. When one told a story that the man who was selling the cigars claimed to be an employee of the Whittaker factory, and was being paid off in cigars instead of cash, a great light broke on the mystery. The police expect to have the fellow before night. Incidentally it is believed that he is a member of the gang that has been operating here for the past week or so and regarding whose depredations the police department have been so silent.

RAILROAD NEWS.

CHECKS CAUSE TROUBLE.

Train Service is Suspended on S. P. When Paper is Distributed.

Chicago, Nov. 22.—A dispatch to the Record-Herald from Reno, Nev., says: Train service on the Southern Pacific east of here and all work in the shops was suspended yesterday as a result of the payment of the employees of the company in checks. The pay car left checks as usual, but when the men presented them at the banks payment was refused because the checks were indorsed on the face "Payable in funds current at the San Francisco clearing house." Firemen and engineers left their trains and refused to turn a wheel until cash was forthcoming. Eastbound trains were tied up except mail trains. A compromise was finally arranged by which men will receive 10 per cent of their pay in cash. It is thought they will return to work today.

CHANGE IS ANNOUNCED.

(Special to the "News")

Ogden, Nov. 22.—Supt. E. E. Lewis of the dining car service has given notice that the office of commissary of service and commissary of stores are abolished, and the new office of assistant superintendent has been established with Frank C. Gellenbeck, a well known hotel man, in the position.

NATIONAL COMMITTEEN.

French Lick, Ind., Nov. 22.—Twenty members of the National Democratic committee have arrived here to attend an informal conference which will decide on the time and place for a formal meeting of the committee, at which the time and place of the next national convention will be selected. The committeemen are expected late today.

MORE THAN EVER.

Increasing Capacity for Mental Labor Since Leaving off Coffee.

Many former office drunks who have mental power to perform day after day, have found that they could do greater endurance by using Postum Food Coffee, instead of ordinary coffee. An Illinois woman writes:

"I had drunk coffee for about twenty years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely dependent, had little mental or physical strength left, had indigestion, trouble and constipation. The first noticeable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart action was greatly improved and my nervous steady."

"Then I became less dependent, and the desire to be active again showed proof of renewed physical and mental strength."

"I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee. Now I am doing Postum I am doing hard mental labor with less fatigue than ever before."

100 MEN LAID OFF.

Albany, N. Y., Nov. 22.—About 100 men employed in the shops of the New York Central and Hudson River railway at Albany, have been laid off. This is about a quarter of the entire force. It is not stated how long the reduction is to continue.

LAPLANDERS STARVING.

Stockholm, Sweden, Nov. 22.—Famine conditions are threatening the Westernmost and Westernmost districts of Lapland, where denging rains have had disastrous effects on the crops. Official advisers say the threatened barley only weighs 34 kilograms per barrel instead of the usual 112; that bread baked therefrom is black and almost worthless as food, and that the much cows must be slaughtered to prevent the people from dying of starvation.

The Swedish cabinet has been petitioned to remove the duty on grain and other steps are being taken to alleviate the threatened starvation.

PASSING OF "OLD" NEW YORK.

One thousand families have been driven from their homes in order to make room for the approaches to a new East river bridge. Not long ago \$500 people were compelled to squeeze to make room for widening a street leading to another bridge. The new railway terminus under construction will displace 15,000 people within a couple of years, and the Mulberry park improvement has first and last displaced 10,000 people.

All of these improvements have taken place in downtown New York, the

Mulberry park scheme and the new bridges affecting the old quarters which we read about and which have always had an attraction for visitors. The famous and picturesque "Five Points" disappeared when the landscape artist and engineer developed Mulberry park. The new bridge approach tears up part of the district just east of the Bowery and north of Canal street. Once a region of orderly residences, with a fringe of dock population, it next became a slum and now follows the fate of the chief of all New York slums, "Five Points," and will be reformed out of existence. Unlike Paris and London, New York has not developed a Dickens and a Balzac. These story tellers made readers of all lands feel at home in the scenes they described. But the early Ledger and New York Weekly stories, also the sensational books of two generations ago, took the reader into the streets and the homes of his native New York. A very few landmarks remain, but these large depots mean the destruction of a type of humanity, for the refugees are scattered among the suburbs, and the life of the old crowded downtown wards of New York is vanishing for good.
