LOCAL AND OTHER MATTERS.

Ho! for San Juan.—Bishop Jens Nellsen, of Bluff City, San Juan County, expects to leave Cedar City, April 12th, with others, on his return to San Juan by way of Panguitch, Escalanta, and the new road lately opened from that place. Any brethren desirous of locating on the San Juan will do well to meet him by the 16th at Escalanta, or follow after him on that route. There are many Saints needed with means and muscle to help settle that region. The water, soil and climate is good, and will abundantly reward persevering industry and labor. Persons starting from points north of Iron County should follow up the east fork of the Sevier to the Escalanta Road. ERASTUS SNOW.

Fast Meetings.— Fast meetings will be held in the several Wards to-morrow.

Holy Scriptures. — Bibles and Testaments of the American Bible Society's publication, at the lowest possible price, can be had by conferring with Dr. Fisher, District Superintendent, Box 224 Salt Lake City.

Witches Attention!—The following have been handed in for publication:

All who are to assist in the "Macbeth" choruses, must attend the final rehearsal at the Theatre, on Thursday afternoon at 1 o'clock, sharp.

Struck by Lightning.—A special to the NEWS from St. George, received yesterday at 5.15 p. m., states that during a very hard storm yesterday afternoon, a young boy named William Jarvis, aged 9 years, was struck by lightning and killed. A son of D. H. Cannon, standing near Jarvis at the time, was also struck, but his injuries are not serious. The storm commenced about 2 p.m., the fatality occurred three quarters of an hour later. The deceased was the son of George Jarvis, sen.

Not as Stated.—In reply to "S. S.," upon whose information some time since, was chronicled the death of Albertine Mathison, of Brigham City; A. Mathison, a relative of the deceased, writes on the 3rd inst., correcting "S. S." in one or two particulars. He says: "The girl mentioned (the deceased) has been subject to fits almost since she was born, and on the day she died she had been out around in the garden in the morning. She took a fit about 11 p. m., and died in it. As to the statement that she was found dead in the morning, "S. S." is incorrect."

Taken Away.—It is with deep regret that we learn of the death, yesterday afternoon, of Sister Mary Friel Maeser, the wife of Elder Reinhard Maeser, of Provo. She has been very ill since January, and was reported two or three days ago, to be in a dying condition. The first sad news of her demise came by telegram last evening to friends in this city. To-day, the following dispatch came over the wires to the press:

"PROVO, April 6, 1881.

The daughter of Edward and Margaret Friel, wife of Reinhard Maeser, died on Tuesday at 1.30 p. m.; aged 21 years, 11 months and 27 days."

We sincerely condole with the young and sorrowing husband, bereft so soon of his beloved companion, who, not more than a twelvemonth since, became his happy bride.

CITY COUNCIL.

Proceedings at the City Council on Tuesday evening, April 5, 1881, Mayor Little presiding:

Aaron Keyser petitioned for the privilege of placing building material on a portion of the street and sidewalk in front of his premises on Second South Street, immediately west of the White House, during the erection of his new building. Granted under the usual restrictions.

James Glade petitioned for the transfer of the unexpired portion of his license as a fresh meat dealer to Rumel & Co. Granted.

Henry Shingleton made application for license to transact business as a liquor dealer for three months, commencing April 11th, 1881, under the provisions of the ordinance licensing and regulating the sale of liquors, passed February 15th, 1881. Granted.

The committee on claims reported that they had examined the quarterly report of the watermaster, inquired into the expenditures and found the same economical and proper. They therefore recommended the appropriation of the balance due the watermaster's account. Adopted.

The committee on waterworks, to whom was referred the petition of Frank Crocker, asking the privilege of placing a watering trough across the ditch in front of his premises known as the old Colorado Stables, reported, recommending that the prayer of said petition be not granted, and that no private watering troughs be permitted to be placed over any water ditch in the city. Adopted.

Alderman Raleigh, chairman of the committee on streets and alleys, to whom was referred the proposition of Morris & Evans, to put down an asphaltum walk, etc., on First South Street, reported verbally that the subject of estimating the cost of grading and covering with asphaltum this walk had been referred some time ago to the supervisor of streets, and it was to him instead of to the Council that Morris & Evans' proposition should have been presented. In behalf of the committee, the chairman therefore recommended that the recorder be instructed to place the proposition in the hands of the supervisor. Adopted.

The following bills for the month of March were allowed: Marshal's expense bills, $299.15; expense bills of fire department, $136.94; street lamps, $980.23; gas to city buildings, $75.20; jailor's bill for boarding prisoners, $244.44; medical attendance and medicines for prisoners, $37.75; janitor City Hall and assistant jailor, $60; collecting dog tax, $24; night-watching on market lot, $8; weighmaster's services on Washington Square—in addition to amount realized on weigh charges, etc., $9.30; 1,000 printed receipts for weighmaster, $7; G. C. Ferguson, for winding and keeping in repair City Hall clocks for the quarter ending April 6th, $22.50.

On motion, the city attorney was instructed to present to the Council at its next sitting a bill for an ordinance prohibiting the establishment of billiard halls in this city.

Adjourned for one week.

The President's Report. — As stated in last evening's NEWS, a meeting of the stockholders of Z. C. M. I. was held yesterday afternoon, at 2 o'clock, at which a dividend of three per cent. was declared on the capital stock of the Institution for the last six months. We had not space then to say more. The meeting was presided over by Hon. Wm. Hooper, President of Z. C. M. I., and besides Superintendent Jennings and Gen. H. S. Eldredge, Hons. Geo. Q. Cannon and Joseph F. Smith and other interested parties were present. Besides the reports of the Superintendent and the Secretary and Treasurer, that of the President was read. After alluding to the explicit report of the secretary and treasurer, which contains the full details of the institution and stating that, on the recommendation of that officer, the directory had declared a dividend of three per cent. on the capital stock for the half year ending February 28th, and that the remaining earnings ($10,123.29) had been carried to the reserve and stock dividend accounts, the President's report continued:

"This 3 per cent. dividend may seem to some a small remuneration for capital, but when we consider all things I should really be at a loss to know where a better investment could be met with. While for several years, namely from the spring of 1874 to the spring of 1878, no dividends were declared, yet I find, as per a statement furnished by the secretary, that the cash and stock dividends made by the institution were of such magnitude that I myself, am astonished, and feel that every investor in the institution should be fully satisfied that he could not have done any better. I beg leave, therefore, to here enter a note of the result referred to:

The institution commenced business March, 1869, and during the 12 years it has existed, there have been declared cash dividends aggregating 101 per cent., and stock dividends aggregating 80 per cent. In other words, a stockholder who put in $100—one share—in March, 1869, would, up to the present time, have received $137.70 in cash as dividends, and his original $100 investment would now be worth at par $206.97. Thus the investor has recived a yearly average dividend of at least 10 per cent. in cash and nearly 9 per cent. in stock, notwithstanding the lapse of four years during which period no dividends were declared or paid."

It also referred to the future bright prospects of Z. C. M. I., to the Ogden and Soda Springs branches of the institution, and to its boot and shoe factory and tannery, showed the present flourishing condition, and cited various statistics with which the readers of this paper are already acquainted.

Theatre.—A jammed house witnessed "Under the Gaslight" last evening, and from the loud and frequent demonstrations of the audience, it was evident they fully enjoyed the entertainment. Mr. McKenzie as "Snorkey," Mr. Margetts as "Old Byke," Mr. Graham as "Bermudas," Miss Colebrook as "Laura Courtland," Mrs. Cummings as "Peachblossom," Miss Edith Clawson as "Pearl" were all in their element and the principal characters were all greeted with warm applause on first appearing. Mrs. LeClair appeared as "Old Judas" and considering it was her first appearance in a part of that kind, did it admirably. Mr. Smoot made a good "Ray Trafford." The play, though busy and ponderous, as a general thing, went off very smoothly. This was due to the able management of Mr. John T. Caine.

To-night, the beautiful Scotch drama of "Wandering Steenie" supplemented by "Sweethearts and Wives," will take the boards, and will doubtless draw another crowded house. The Thomas Orchestra, which did such good service last evening, will appear again to-night.

RESCUED FROM DEATH.

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT HEMORRHAGE OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

A WISE DEACON.

"Deacon Wilder, I want you to tell me how you kept yourself and family so well the past season, when all the rest of us have been sick so much, and have had the doctors running to us so long."

"Brother Taylor, the answer is very easy. I used Hop Bitters in time and kept my family well and saved large doctor bills. Three dollars' worth of it kept us all well and able to work all the time, and I will warrant it has cost you and most of the neighbors one to two hundred dollars apiece to keep sick the same time. I guess you'll take my medicine hereafter." See other column

FACTORY FACTS.

Close confinement, careful attention to all factory work, gives the operatives pallid faces, poor appetite, languid, miserable feelings, poor blood, inactive liver, kidneys and urinary troubles, and all the physicians and medicine in the world cannot help them unless they get out of of doors or use Hop Bitters, made of the purest and best remedies, and especially for such cases, having abundance of health, sunshine and rosy cheeks in them. None need suffer if they will use them freely. They cost but a trifle. See another column.
