But, if you will take your Exercise in an Easy Chair, there's only one way to do that, because,-there's only one kind of Artificial Exercise for the Bowels and its name is "CASCARETS."

Cascarets are the only means to exercise the Bowel Muscles without work.

A Cascaret acts on your Bowel Muscles as if you had just sawed a cord of wood, or walked ten miles.

Cascarets move the Food Naturally, digesting it without waste of tomorrow's Gastric Juice.

DISTRICT ATTORNEY REPLIES.

Says He Can't Understand What Hearst Means By His Statement.

New York, Aug. 28 .- William Randolph Hearst said today, when asked whether he would accept the nomination for governor from the Democratic convention:

"I will be a candidate of the Independence league, if I run, but I certainly shall not object to the Democrats or others voting for me.' "What do you think of the candidacy

of Mr. Jerome for the office of governor of New York?" he was asked.

"I think Jerome is doing what he is told to do by the representatives of he interests which contributed to his last campaign fund, and to which he is under obligation," was the reply. "The object of the men who control

Jerome is to create a diversion, so that there will not be a crystalization of public sentimentas to the real issue. The real issue, as I see it, is politics without boss control through corrupt forces The question is whether the people shall control politics independent of the dictation of corporations coming through criminal bosses. "It seems to me that Mr. Jerome's dictation of

course shows plainly that he is more auxious to satisfy the bosses than he is o serve the people. I think his candilacy is insincere as well as somewhat "Do you think it possible that Mr.

Jerome will be nominated for governor by the Democrats? If Messrs, Ryan and Belmont control the convention, I consider it not only

but probable, that Mr. Jerome possible. will be the Democratic nominee. Mr. Hearst was then asked concerning

the statements of C. F. Murphy, leader of Tammany Hall, to the effect that Mr. Murphy was supporting him. "I do not believe Murphy is support-ing me now," said Mr. Hearst, "nor do

I believe that he would support me at any critical point. It has amused me greatly when such men as Murphy, Mc-Carren and Sullivan have come out as my supporters. They have not meant what they said. There have been many stories as to my alleged affiliations with Murphy, but I have denied them public-

The object of these bosses in saying that they were supporting me has been I believe, to affect primary voting and to confuse men who are really on my side. The primary principle of the In-dependence league, of which I am a member, means the destruction of bosses and bossism, and I cannot see how such men as Murphy can really be out for my support. It is also true that when a man goes after the scalp

report. Gen, Funston said: "All there is to that report is that one of the organizations here, the Twenty-second infantry, had a number the of cases of typhoid in Ean Francisco and after the regiment arrived here The mer two more cases developed. were sent away at once. Owing to the possibility that the ground of the regiment's camp might have become in-fested, the regiment has now been moved to another part of the camp. A! together there have been nine cases of fever in the Twenty-second since its arrival here. These cases have been very mild and there has been no death. There is no doubt but that the infection was brought from San Francisco as the two first cases developed almost immediately after the regiment's ar-rival here. If the ground became in-fected the dust would carry the germs about the camp, and we thought it wise o move the regiment to new ground. It is possible that the fever hardly is the rue typhoid, at all events it is a very mild form of fever, and there have been no cases in any of the other organiza-

The health of the camp is generally very good, the percentage of men or the sick list being 1 per cent. Most of these cases are slight ailments and minor accidents, such as sprains and so forth.

N. Hyde, Found Dead.

Los Angeles, Cal. Aug. 28. — The body of James N. Hyde, manager of the Crystal Water company, of 1643 Morton avenue, was found at Twenty-seventh street and Fourth avenue. In the southwest suburb of the city this morning. It was at first thought that Hyde may have committed suicide, but fater developments seem to indicate that he had been murdered. A cap of carbolic acid was found beside the body and this first gave rise to the suicide theory, but the authorities, upon investigating, found two or three large brukes about the head and evi-dence of loternal bleeding. It is thought the cup of polson may have been placed to give an indication of suicide. But a few cents in money were found on the body, although Hyde usually carried oute a sum.

Mr. Hyde left his bottling works yesterday and it is supposed the crime was committed late yesterday after-neon or last night. The place where the body was found is a sparsely act-t. A neighborhood.

It dis-closes Junipero Serr, under the historic oak tree at Monterey, surrounded by

The painting is being shipped to James A. Murray of a coolness it has begun since the date of that letter." John H. Stanchfield, who was the

Democratic candidate for governor in 1909, declared today that Hearst would be nominated by the Buffalo convention if the New York delegation should be for him. "New York county will hold the balance of power in the state con-vention," he said, "If New York is for Hearst the convention will undoubtedly nominate him. But if New York is against him it is equally certain, in my opinion, that the convention will choose another candidate."

JEROME'S REPLY.

New York, Aug. 28 .- In reply to the remarks of William R. Hearst, Dist.-Atty, William Travers Jerome tonight gave out a statement in which he said part: The situation shows the need of a

amount paid by them for premiums on life insurance policies issued by Eng-lish companies, but the law has not fight fight because the mechanism of the party has fallen into the hands of men that nobody can trust and that a deen construed to permit such deductions on account of premiums paid to other than Euglish companies, and it ground.

Referring to a statement attributed to Mr. Hearst. that he would run only as the nominee of the Independence league, Mr. Jerome said: "I don't understand exactly what Mr.

Hearst means by that. He doesn't tell as whether the Independence league ns to become a state party or whether it is only a movement in the Demo-cratic party to purify that party.

"It can hardly be the latter when Hearst says that he can't see Bryan as the candidate of the league because the league is composed of Democrats and Republicans and that he could on-ly see Mr. Bryan in his personal capa-city. The logic of that, to my mind, is that the league aims to become an independent state party. I did not seek to get in this fight, only there were principles involved and no one else would stand for them. The suc-cess of my fight would mean that I cess of my fight would mean that I would not be a Democratic governor, but simply governor, and I would not use the powers of that effice to build up the Democratic organization or to depress the Republicans.
