

## DESERET EVENING NEWS

## FIFTIETH ANNIVERSARY EDITION.

ON June 15th, 1900, the "News" will celebrate its Fiftieth Anniversary. Saturday, June 16th, will be the opening of its 51st year, and on that date the paper will issue a specially enlarged and attractive edition in commemoration of the occasion.

The main feature of the edition will be an eight-page supplement, printed on fine paper, with numerous half-tone illustrations, depicting the growth and progress of our City, State and Nation during the fifty years past. A special feature will be a fine double-page view of Salt Lake City in 1900, with an accompanying view of the City as it looked in 1850. The front illustration will be an ideal figure of "Utah," drawn by the artist Mr. J. W. Clawson, who has used for his model the face of a well known Utah girl.

In addition to other attractive contributions, the issue will contain an article on the "Growth of the Church in Fifty Years," by B. H. Roberts; "The Progress of the University in Fifty Years," by Prof. Joseph T. Kingsbury; "Growth of Our Sunday Schools in Fifty Years," by George Reynolds; "Fiftieth Anniversary of the Opening of the Scandinavian Mission," by J. M. Sjodahl; "A Brief History of Utah Journalism," "Development of Salt Lake in Fifty Years," "Growth of Utah in Fifty Years," and many other timely articles by members of the "News" staff.

Another interesting feature of the issue will be the presentation to each subscriber of the daily, Saturday and Semi-Weekly "News" of a fac-simile of the first number of the paper issued—an exact reproduction of the "Deseret News" as it came from the primitive press, brought over by the Pioneers, and printed June 15th, 1850.

This edition will have a widespread circulation, not only in the West, but throughout the nation, the "News" having arranged to circulate several thousand copies, as an advertisement for itself, through the boards of trade, hotels and libraries in all the important cities.

No display advertisements will be accepted for the illustrated supplement, but space will be reserved for a limited number of reading notices of business houses.

News-dealers and others desiring extra copies are requested to place their orders immediately, as a second edition will not be printed.

Utah—Forecast made at San Francisco:  
Cloudy tonight; fair Sunday.

## WEATHER CONDITIONS.

The storm is now central over South Dakota where the barometer reads 29.50 inches. The crest of an area of high pressure lies over Washington. Rain has fallen over Nevada, Utah, New Mexico, Oklahoma, Minnesota and Wisconsin. Thunderstorms occurred at Winona, Minnesota and Salt Lake City, and the first named place reports a wind of forty miles per hour from the northwest. It is colder over the northern plateau region, Nevada, southern Utah, Montana and Illinois, and warmer over Wyoming and the lower Missouri valley.

L. H. MURDOCH,  
Section Director.

## LOCAL BRIEFS.

R. I. Mills sends a dollar to the Scott relief fund from Oakley, Idaho.

A shipment of art portfolio No. 3 has been received at the "News" office, and the books are now ready for subscribers.

Major Edmund Wilkes, of this city, has been appointed to the post of government hunter at Fort Duchesne and Fort Douglas.

Enoch Covey, the well known sheep man, is lying seriously ill at his home in the southeastern part of the city. His condition has been such as to cause much anxiety to his family and friends.

The veteran volunteer firemen at their meeting last evening decided to take their annual outing at Lagoona on June 22. A committee has been appointed to arrange a program of sports and contests for which prizes will be given.

Shirley Pugsley, the little son of Joseph Pugsley, of No. 252 West Fifth North, fell from his father's porch last evening, his arm being broken in the fall. The broken member was attended to at St. Mark's hospital and the lad was taken home.

R. E. Curley, a carpenter employed by the Rio Grande Western Company, who resides at Euclid avenue, met with quite a serious accident last evening. The second finger on his right hand was caught in a circular saw and so badly lacerated that the member had to be amputated.

It is expected that Bishop Charles F. Fowler, of Buffalo, N. Y., an eminent Methodist divine, will preside at the annual meeting of the Utah Methodists next August. It is also probable that Bishop Fowler will here deliver his famous lecture on Abraham Lincoln.

Ralph Wilkins, of Spanish Fork, one of the bright boys scattered through the State who make a neat little sum annually by selling the "News," rode up to the city on his wheel the other day, to visit the home office. He will return by the same conveyance, taking about nine hours for the trip.

The report of the board of health for the week is as follows: Births 24, equally divided between the sexes; Deaths 11. The Seventh ward Sunday school brought here for interment 2; shipped away for interment elsewhere 3; contagious disease flags outstanding 13, covering 18 cases of scarlet fever, diphtheria, No. 10 of "smallpox" were reported during the week, but there are seven patients still confined in the Parley's canyon pest house.

Richard Preator, at one time a resident of Birmingham, England, and who came to Utah in early days with the Ellsworth hand-cart company, and who was the leader of the famous Pioneer band, and who moved to Independence many years ago, is in Salt Lake on a business visit. Mr. Preator resided here twenty-three years and has lived at Independence for sixteen years. He is the present of the branch of the Church at that place.

Letters received at Z. C. M. I. from Superintendent T. C. Webster state that he and Mrs. Webster have just concluded a month's tour of Italy, touching at Rome, Naples, Florence, Genoa and other points. They are now in Switzerland, and will proceed from there down the Rhine, visiting Cologne and other noted cities. They expect to be in Paris on the 25th, and will remain there two or three weeks. From Paris they will go to Mr. Webster's old home in England, spending a month there before sailing for America. According to present plans they will reach home in September.

## COMPLAINANT OWEN.

Bobs Up in Brigham City and Has President Kelley Arrested.

Charles Mostyn Owen has sworn to a complaint before Justice of the Peace Elias Jensen of Brigham City, charging Charles Kelley, president of the Boxelder Stake, with unlawful cohabitation, with Sarah P. Wright, an alleged wife. Mr. Kelley was arrested for the same offense on the complaint of Owen, last July, and fined \$50, upon a plea of guilty. At that time Mr. Kelley said, "If visiting my wife and children constitutes the offense of unlawful cohabitation, I am technically guilty." While in Brigham City, Owen also swore to a complaint before the same justice, charging Anna C. Nielsen with failure to comply with the law governing the registry of births. Owen claims that the defendant attended the alleged plural wife and failed to make an entry of the alleged birth.

## ALL HALLOWS COMMENCEMENT.

The commencement exercises of All Hallows college will be held in the Salt Lake theater on the evening of Monday, June 18th, commencing at 8 o'clock. The engraved invitation says that the exercises are to be held in the new Grand theater, but since its printing the Salt Lake theater has been secured.

REOPENING WALKER HOUSE BAR.  
The new Walker House Bar and Billiard Parlor has been thoroughly overhauled and renovated, new Billiard Tables and Bar Fixtures substituted. Electric Wiring throughout, and every convenience introduced looking to the comfort of the guests. A Grand Free Lunch opening is promised for Saturday night at which no doubt the many friends of Messrs Fisher and Dudley will attend.

## NEW ZEALANDER VISITS UTAH.

Talks Interestingly on His Island Home and Bathes in Our Dead Sea.

## STUDYING TARIFF AND WOOL

Thinks the United States Should Not Charge New Zealand—Nearly Prohibition Tariff—Pavilion Notes.

Among Salt Lake visitors who went out to Saltair yesterday afternoon was W. Ball Common of Christ Church, New Zealand, representing the firm of Common, Shelton and Company, Ltd., of that city. Their visit was due to curiosity excited by stories heard and read of Utah and her salt sea on earth. The gentleman was accompanied by his wife, and both greatly enjoyed the bathing.

Mr. Common is an agreeable and intelligent talker, especially about his far island home. He thinks New Zealand among the most fertile lands of the globe, and for its size, among the foremost of farming and stock-raising countries. The sheep and wool industry is immense. Three million frozen carcasses of mutton and lamb are shipped annually to London.

As to wool, Mr. Common thinks the United States might be in better business than charging the New Zealanders an almost prohibitory tariff. He understood, however, that the sheepmen of Utah, Colorado and Wyoming had a very great interest in keeping down the importation of his wool. The gentleman made a prediction that he would record, though not in the matter of tariff. He had been studying surface indications along the way from the city to Saltair, and the alkali lands were the topic of remark. Said he:

"I believe we have in New Zealand a vegetation that may some day become of great value in this country, where you have such land as I have seen here. It is called the salt bush—grows about as large as the English current bush, and our stock will leave grass to find it, and grow fat upon it. It grows on the arid alkali lands, and I have no doubt could be introduced successfully in this country." Why not?

Christian Darnstrom, a stock-raiser of Montana, was another visitor. He crossed the country from Iowa to California in 1850, and fell in with several "Mormon" companies on the journey, camped with them and still remembers them as a most kindly, well behaved people. The gentleman contemplates disposing of his interests in Montana and making his home in this city.

The water at Saltair affords one an opportunity to study aqueous freaks. For instance, June 7 at 4 p. m. the water was 84. At 11 a. m. next day it was 76. At 2 p. m. it was 80. But meantime a stiff westerly wind had stirred the water up. That is, in the night the water cools on the surface, and hence soon becomes warm under the sun and wind.

The wind storm that swept across the valley in the afternoon played rip with the tent over the merry-go-round. In the water the short, lumpy, choppy little waves slapped the bathers laughingly in the face, and some of the latter laughed in return too soon, and so shipped seas that choked windpipe and scupper and created a demand for water drink. But there was no harm done. The Seventh ward Sunday school had a jolly outing notwithstanding the wind, though for a time the ladies sailed, so to speak, under close reefs and bathers scudded under bare poles.
