

DEATH FOLLOWS IN WAKE OF TORNADO

Strikes Montague County, Texas, Killing Many People and Doing Much Damage

SMALL TOWNS WERE MISSED.

Storm Took a Zigzag Direction and in Its Course Destroyed Many Farm Houses.

Fort Worth, Tex., July 5.—A tornado which struck today in the upper edge of Montague county, coming from the northeast and swinging far to the southeast this afternoon, caused the loss, it is believed, of 40 lives, injured a large number of people and did untold damage to growing crops and cattle.

Fortunately the tornado missed the small towns in the section through which it swept, but it zigzagged in such a way as to take in the homes of many farmers and stockraisers in the section.

At Jackboro the force of the wind was terrific. The Baptist church and 30 other buildings were blown off their foundations and a number of buildings totally destroyed.

Mrs. Travis Calhoun was seriously injured. Her husband, Mrs. Thomas Horton and Henry Wessner and family were also injured.

At Montague no lives were lost in the town, but in the country great loss of life is reported. The winds are down in all directions, and it is difficult to get particulars. Ten persons are known to be dead in the neighborhood of Montague. Most of those killed lived on Salt creek, along which the tornado swept with special force.

At Nacoma the tornado passed a few miles to the south, and later lists give the dead at 14 and the injured at 11.

A reliable man at Nacoma, who has been over the scene, says that reports were being received of the dead when he left there, and he places the loss of life at 40.

Owing to the widely separated homes and the fact that in many instances whole families were wiped out, details and names are hard to get.

FOURTEEN AT NACOMA.

Nacoma, Tex., July 5.—A tornado and thunderstorm passed a few miles west and south of here this afternoon, killing 14 persons and injuring many others and destroying a number of houses. The latest reports from the storm-swept district give the following casualties:

—Harris, fatally.

Mrs. Jesse.

C. S. Shackelford and wife.

C. S. Shackelford, injured about head.

Four of his children also received serious injuries.

A child of Mrs. Mary Lester is believed to be fatally injured.

Many farm houses were swept entirely away.

Baptist and Methodist churches at Jackboro were much damaged. The Methodist church at Montague is reported wrecked and the courthouse damaged, along other churches there. The Dixie schoolhouse six miles south of here, was entirely blown away.

Reports of the work of the tornado are still coming in. The number of killed and injured probably will reach 60.

TEN DEAD AT MONTAGUE.

Montague, Tex., July 5.—Ten people are dead as a result of a tornado that passed over Montague this afternoon. They are:

JUST FOR FUN.

Boys Lock Boy in Freight Car And Is Taken Away.

Detroit, July 5.—Percy Deneau, a young lad living at 46 Bruce avenue, is supposed to be locked in a freight car which left Detroit Tuesday, the destination of which is not known. They were unable to give any adequate description of the car and the parents of the lad are frantic with anxiety.

Killed by Accident.

Colorado Springs, July 5.—Rosa Harris, aged 16, only son of Judge Ira Harris, former mayor of this city, has been shot in the heart by a child, Matthew Bailey, aged 15. LAND FRAUD CASES.

Case of Congressman Binger Hermann Put at Foot of Calendar.

Portland, Or., July 5.—In the federal court today the case against Congressman Binger Hermann, indicted in connection with the land frauds in this state, was put at the bottom of the calendar. It is believed to indicate that Hermann will first be brought to trial on the indictment returned against State Senator W. W. Steiner, R. H. Hensley, Congressman Hermann et al, for illegally fencing lands in Wheeler county, Or. The court took the motion under advisement and will announce decision tomorrow.

In the case of Frank R. Alley, R. R. and A. R. Downs of Seattle, the government was given until Monday to file an answer to a plea in abatement. Two perjury cases against George Sorenson were placed at the latter end of the calendar.

In the matter of the indictment and trial of S. A. D. Pater, Marie Ware, Emma J. Watson and State Senator P. P. May, charged with conspiracy to defraud the government, it was announced that the first three named had agreed to plead guilty, leaving May the only one not admitting his guilt. May is at Oakland, Cal., and cannot appear tomorrow as expected.

The government was given until Monday to answer a plea in abatement filed by ex-Governor Steiner, John Hall, ex-Mayor Harry Rice, C. P. Lord and Henry Ford, who are charged with having conspired to blackmail the character of United States Dist. Atty. Henry Judge de Haven also ordered these defendants to appear for arraignment on the same day.

The court stated that his duties in San Francisco would probably prevent his trying this case at the present term of court.

A number of other cases in connection with the land frauds in this state have been set for tomorrow. Cases in which Senator Mitchell is involved were placed near the foot of the calendar, probably indicating that he will not again be tried for alleged offenses against the government.

NAT'L EDUCATIONAL ASS'N.

In the department of manual training Katherine E. Dopp of the University of Chicago spoke on "Forms and Limitations of Hand Work for Girls in the High Schools."

At the meeting of the department on business education Allan Davis, principal of the business high school, Washington, D. C., spoke on "The Science of a Four Years Course."

John L. Thibault of the high school of commerce, New York, discussed business education, with an address on "The Study of Local Industry and Trade."

There was a big attendance tonight at the general session of the day, which was in the auditorium. The principal topic was "Child Labor and Compulsory Education," which was discussed by George H. Martin of Boston and Franklin H. Giddings of Columbia university.

Miss Julia Richmond, district superintendent of schools of New York, followed with a paper on "The Immigrant Child."

It was announced this evening that after President Roosevelt had addressed the convention in the auditorium on Friday he would be escorted to the board walk, at the foot of Ocean avenue, where he will deliver a short address to the gathering on the beach.

The election of officers will take place tomorrow.

Gift for Charities.

New York, July 5.—The late Baron Alphonse de Rothschild left \$500,000 to be expended in charities of various kinds without distinction of religion, says a Paris dispatch to the Herald.

Steamer Firemen Strike.

San Francisco, July 5.—Nearly a score of firemen on the oceanic steamer "Albatross" struck for better pay since arriving in port last Tuesday, and left the ship. Their places were taken by a number of men who have been employed on the Pacific Mail line. City of Peking, routing to southern points. Today when the new men on the Albatross were on the way to supper they encountered the striking firemen when a battle royal resulted. Striken and

data figured prominently in the affray and one striker was precipitated into the bay from Howard street wharf, where the fight took place. He was quickly rescued, but the fight went merrily on. Before it came to a stop several men on both sides of the controversy were disheveled and the controversy was still unsettled.

MAYOR DUNNE'S PLAN FOR MUNICIPAL OWNERSHIP

Chicago, July 5.—Mayor Edward F. Dunne told the city council tonight his plans for municipal ownership of traction properties. It was not municipal ownership absolutely, but as the mayor explained, the nearest thing possible under existing conditions, and he asked the aldermen to consider it carefully. Absolute municipal ownership and operation, the mayor said, he does not consider practical just now.

The plan which the mayor offered provides for the incorporation of a company, managed by five men, who would own the franchise of the people of Chicago. To this company is to be granted a 20-year franchise covering the streets in which the rights of the old companies already have expired or soon will expire.

It is to be stocked to the amount necessary to establish a street car system in these streets, roughly estimated at 20 miles. No bonds are to be sold. The stock is to be deposited with a trust company, which the five directors are to select, so as to prevent a purchase of it, and consequent control by outside interests.

The stock is to be sold at popular subscription. At any time the city may elect if it can take over the property on an appraised valuation.

"SCAB BEER"

Injunction Asked Against Former Employees' Boycott.

Seattle, Wash., July 5.—The Seattle Brewing and Malting company applied this afternoon to the United States circuit court for an injunction restraining the former employees from continuing the boycott against it. Posting of "scab beer" signs, calling non-union men obscene names, intimidating them and the continuing of strike picketing, together with the "Bottlers' union" and its members, are named as defendants in the suit.

To Transport California Oils

San Francisco, July 5.—W. S. Porter, general manager of the Associated Oil company, who has just returned from New York, makes the announcement that the Associated Oil company is trying to purchase steamers in England to transport California fuel oil to various parts of the world. Agents of the company are now in South America and in Japan endeavoring to build up a market for fuel oil. About \$5,000,000 will be expended, he says, in buying tank steamers for the export of oil from California.

German Exports to America.

Berlin, July 5.—German exports to the United States were about \$115,362, 247 during the year ending June 30, or \$12,000,000 more than during the preceding fiscal year.

It is probable that the heavy sales to the United States will have a favorable influence on the commercial treaty question.
