Discussing the Whisky Question.

WASHINGTON, 1.—The hearing of the distillers and rectifiers before the committee of ways and means concluded to-day. Adolph Woolner, distiller of Peoria, opposed the bill, which he said ought to be entitled "A bill to instruct the Internal Revenue to give distillers and curers of fine whiskys a bonus of 18½ per cent. of the tax and additional inducement to defraud the government of another 18½ per cent. of tax." He argued that under the present law the revenue from whisky was very closely collected, and the trade was prosperous, and that under the proposed bill, distillers who had three years in which to pay the tax, would pay a tax of 20 cents less per gallon than a man who paid the tax immediately, and that this principle was contrary to all rules of trade. The result of the bill would be to abondon the system of cash down tax payers. The great damage, however, would be in the temptation to fraud. The trade needed relief, and the best thing to be done was to let well enough alone. These views were reinforced by W. E. Bush, of Peoria, and T. G. McNamara, of Cincinnati. The bill was advocated by Thomas, of Louisville, and Henry S. Hannis, of Philadelphia. The latter said he had lost $750,000 ten years ago in consequence of the unexpected change of law in 1869, forcing all goods out of bond on a given day. He had since organized the present company with a paid up capital of $100,000, and that was all gone.

Recognition Wanted.

A delegation of colored men from St. Louis consisting of J. Milton Turner, ex-United States Minister to Liberia, J. T. Smith, Charlton H. Tanney, J. W. Wilson, and Alfred Carter, called on the President to-day stating that the negro and German vote together comprise the bulk of the Republican vote of the State; that the negro vote amounting to 40,000, controls two if not three Congressional districts; that if the President would elevate the colored man to a responsible official position in Missouri, it would reunite the colored people, who are now dissatisfied on account of having to carry the burdens of the party without recognition.

General Chat.

The House military committee have agreed to report a resolution to be placed upon the army appropriation bill, that none of the money appropriated by the bill shall be paid for the transportation of troops to be used as police at the polls.

The Treasury Department has purchased 315,000 ounces of silver for the Philadephia and San Francisco mints. Coinage at the United States mints for March amounted to $7,475,000, of which $2,350,000 were silver dollars.

James M. T. Stone (colored) was hanged to-day for the murder of his wife last October. He was formerly janitor of the Associated Press office.

Congressional Carrel.

NEW YORK, 2. — The World's Washington says: Manning and Springer had a personal wrangle in the committee room to-day. Finally Manning said, "The chairman of this committee told me that he would vote for my report."

"I told you nothing of the kind," Springer replied.

"The chairman of this committee did tell me he would vote for my report," Manning repeated, "and if he denies it now he lies."

Manning was standing, at this time and Springer sat in his chair at the head of the table. He said, "The gentleman from Mississippi will retract those words."

As chairman of the committee he had the advantage of his antagonist, and called for a retraction in a tone of command.

Manning simply answered, "Yes, I withdraw them for the time being."

"No," said Springer, "you withdraw them for all time."

Manning was about to reply further, but other gentlemen interfered and the matter was hushed.

Swinton Won't be President.

John Swinton is out in a card addressed to J. McGuire and Albert Carlin, of St. Louis, George Schilling, of Chicago, Philip Van Patten, of Cincinnati, Dennis Kearney, of San Francisco, Geo. Herzig, of Detroit, and others, declining the nomination for President of the United States on the ground that he was not born in this country.

Liberal News From the Old Country.

The *Tribune's* London special says: Lord Hartington, the liberal leader, in a speech to-day in Lancashire, said that if a liberal cabinet is to be formnd at once, the question of the premiership should be decided by the party and the wishes of the Queen.

The *Herald* has the following: The Edinburgh Liberals have already won 29 seats, making a difference of 58 votes so far. The government is therefore already hopelessly beaten.

An Aristocratic Cattle Raiser.

NEW YORK, 2.—Charles Adolphus Murray, Earl of Dunmore, is stopping at the BrevportHouse. He is on his way to Helena to buy cattle for his ranch in the Yellowstone valley.

Grant in New Orleans.

NEW ORLEANS, 2.—General Grant had a reception at the St. Charles Hotel from 1 to 2 o'clock p. m. and afterwards took a drive through the city. Last night the Carnival Court having serenaded the queen and other distinguished members of the court in accordance with the annual custom, repaired finally to the mansion of Albert Baldwin, president of the royal host, where a large company including Gen. Grant, who had been specially invited by the host was in attendance. After an introduction to the president, the entire company participated in a magnificent banquet. During its progress, Baldwin announced that the General had been elected a member of the Royal Host, and the title of duke conferred upon him. The General was immediately decorated with the order of St. Rex, by Judge George H. Braughn, Lord High Chamberlain, and the General acknowledged the compliment in substance as follows:

Ladies and Gentlemen:

I thank you very much for the kind reception and for the compliment which the Rex Association has just paid me. For pronounced republican as I am, it would, under ordinary circumstances, hardly be proper for me to accept the distinction which you have just conferred upon me, especially as I have been frequently charged with an attempt to seize upon the higher title; but, as I said before, under such circumstances, and appreciating the objects of your worthy organization, I accept the title of duke, and thank you again for the compliment paid, and the kind reception extended to me.

Heavy Rains.

The Galveston *News'* special from Minola, Texas, says: Very heavy rains caused the river to rise and 150 feet of the embankment on Buck Creek, between here and Tyler, was washed away. Passengers came through and returned by hand car.

Extensive Exodus Expected.

CHICAGO, 2.—The *Inter-Ocean's* Washington special says: To-night a colored exodus meeting was held in one of the rooms of the Corcoran Building, attended by representatives from nearly all the Southern States. Mr. Langdale, of Indiana, was present. It seems about 5,000 colored people have moved to Indiana, and a great majority are doing well. The purpose of the meeting to-night was to discuss the question generally. Representatives from the south are generaliy of the opinion that the exodus is yet in its infancy, and that there will be quite a stampede northward this summer. Ohio is looked upon as a favorable locality, and it is reported that all who have gone there have done well.

A New Depot.

The contract was let to-day for the immense new depot to be built on the corner of Canal and Madison Streets by the Chicago, Milwaukee and St. Paul, the Pittsburg and Fort Wayne and the Chicago and Alton railroads.

A $1,000,000 Suit.

SAN FRANCISCO, 2.—Rodman M. Price, ex-Governor of New Jersey, has brought suit in the Superior Court against Squire P. Dewey, survivor of the firm of Theodore Payne & Co., to recover $1,000,000 alleged to be due from defendant as plaintiff's agent. The complaint alleges that the plaintiff, in the early days of San Francisco, owned several pieces of valuable real estate in the city, which he entrusted to Erasmus D. Keyes, captain in the United States army, as agent; that Keyes entered into a fraudulent conspiracy with Edmund Scott and defendant to defraud plaintiff of the property in question. Scott died in 1873. An account is asked from defendant for the income and proceeds of all sales and conveyances held by defendant, and judgment for $1,000,000 and costs.

The Columbia Trade Vessels.

The Portland Board of Trade has issued a notice to shipowners and masters to the effect that no vessel over 20½ feet draft ought to try to pass over Columbia bar, except between the 1st of May and the 1st of October, when generally smooth. The board recommends vessels of not more than 20 feet draft for general trade to Columbia.

A Big Litigation Ended.

DENVER, 2.—The protracted litigation between the Denver and Rio Grand Railway Company, and the Atchison, Topeka, and Santa Fe, and the Pueblo and Arkansas Valley Companies, has been finally ended by the entry her of the decrees in the cases made last week by Judge Miller. The Denver and Rio Grande Company has taken possession of the Leadville line, and is pressing the work of completion with great vigor. That line will be completed to Leadville in about 60 days. By the decrees the lease of the constructed road to the Atchison Company is cancelled and the receiver discharged and ordered to turn it back to the Denver and Rio Grande Company. This will be done early next week. The line is in excellent condition and doing a large and profitable business. The San Juan extension is completed to Correjas and 2,000 men are at work there or beyond. These extensions tap the most valuable mineral sections of Colorado, and guarantee a large increase of traffic.

A Pennsylvania Fire.

BRADFORD, Pa., 2. — Eighteen buildings, including the Academy of Music and the Titusville House, on Main and Webster streets, were burned. Loss, $150,000; insured. The fire started in Sawyer's saloon. The Cory House, Holme's liquor store, Wright's grocery, the Washington house, Hanlan's hotel, and Michael's clothing store are among the buildings burned. James Williams, of Dunkirk, was burned to death.

A Fratricide Sentenced.

Robert Butler, tried for the murder of his brother Henry, on the 7th of last October, has been convicted of murder in the second degree and sentenced to eight years' solitary confinement in Western Pennsylvania Penitentiary.

Grant Is Sure to Speak Out.

BOSTON, 2.—The *Journal*, editorially, says: Well informed parties assure us that Grant will speak out before the Chicago Convention and place himself on a platform that will sweep the country. He will declare that only a call of great weight would induce him to resume official duties, and only then on a perfect understanding among the republicans that he is to be relieved at the end of four years.

A Suspicious Fire.

CINCINNATI, 2.—The *Gazette* special says: The dwelling of Mr. Holloway, two miles from Silver Lake, Kosciusko County, Indiana, was burned this morning, and with it Mrs. Holloway and her one-year-old child. The house caught fire in the absence of Mr. Holloway, and the failure of the woman and child to escape gives rise to a suspicion of murder.

Tilden's Success in Nebraska.

OMAHA, 2.—Tilden carried the Nebraska State Democratic Convention, which concluded its labors today at Columbus. The delegates to Cincinnati were not instructed, but are all Tilden men, as follows: Dr. G. L. Miller, J. Sterling Morton, J. E. North, J. W. Pollock, R. S. Maloney and F. A. Harmon.

Fell From a Scaffold.

TROY, N. Y., 2.—By the breaking of a scaffold, 10 men, engaged in erecting an iron bridge over the Hudson at Lansingburg, were precipitated into the river, a distance of 47 feet. Three were badly injured and another lost an eye.

Attack of Apaches.

SANTA FE, 2.—An Apache band attacked the village of San Jose, 17 miles from the Rio Grande, but soldiers and Mexicans drove them off. One soldier of the Ninth Cavalry and one Mexican were killed.

Vermont Democrats.

WATERBURY, 2.—The democratic State committee have decided to hold a convention for the selection of delegates to Cincinnati, at Montpelier, April 22. A strong Hancock sentiment prevails.

Boiler Explosion.

BUFFALO, 2. — Superintendent Kammerer was burned and three men severely hurt by the explosion of the boiler of Child's steam forge. The building is largely demolished.

FOREIGN.

GREAT BRITAIN.

Foreign Notes.

LONDON, 2.—The *Standard's* leading editorial this morning declares that the results of yesterday's voting only served to increase the government losses. The conservative majority has well nigh disappeared, and the question no longer is whether the ministry will be able to hold their own, but whether the opposition will secure such a majority as will enable them to take office with a reasonable prospect of carrying on the business of the country satisfactorily.

The *Times* in its leader says: About a third of the entire number of the members of the House of Commons have now been elected, and the apparent result is that the conservative majority has been replaced by a liberal majority. The balance of gains and losses recorded yesterday will suffice to set at rest many hopes and fears and to give the country the means of estimating the future relations of parties in the House of Commons.

It is rumored that 1,500 Chinese troops have crossed the eastern Russian frontier at Ussuri, south of the Amoor, and that 30,000 men are concentrated on the western frontier.

The Pope is disposed to accede to the wishes of the Archbishop of Baltimore for a large increase of church accommodation in consequence of the number of persons disposed to join the church, and for special power to facilitate their reception.

MONS, 2.—An explosion of fire damp occurred yesterday in a colliery at Anderlues, Belgium. The number of lives lost is unknown, but 20 corpses have already been recovered. There were 150 persons in the pit at the time of the disaster.

Gen. Lucius Fairchild, United States minister to Spain, presented his credentials to King Alphonso yesterday. Gen. Fairchild expressed the friendly feelings of America towards Spain, and the King replied in a similar spirit.

King George, of Greece, has warmly thanked Charles Tuckerman, formerly United States minister at Athens, for his paper on the Greek frontier question, which he prepared some time ago for the consideration of the Mixed Commission.

The results of the election in Great Britain have produced a most profound sensation. It is thought the reports of the liberal success are exaggerated.
