

## SENATOR FAIRBANKS MADE 7 SPEECHES

Were at Anaconda, Butte, Big  
Timber, Livingston, Bazeman  
And Whitehall.

## DISCUSSED THE WOOL QUESTION

This Was Principal Topic—Also De-  
fended President's Course in  
Panama Affair.

Butte, Sept. 27.—With a speech at  
Anaconda, made late today, and two  
in this city tonight, Senator Fairbanks  
concluded his second day in Montana.  
The itinerary for the day covered the  
line of the Northern Pacific railroad  
from Billings to this point, and the  
party passed from the upper Yellow-  
stone country into the Gallatin valley,  
crossing then the continental divide  
and arriving at Butte very little after  
midnight.

In addition to Anaconda and Butte  
stops for speeches were made at Big  
Timber, Livingston, Bazeman and  
Whitehall. At all of those places, ex-  
cept Bazeman, practically the entire  
population turned out to welcome the  
vice-presidential candidate and his as-  
sociates and the exception at Bazeman  
was caused by a misunderstanding of  
the time of arrival. At Livingston and  
Big Timber the school children were  
marched for special display and  
formed a noticeable feature of the  
meeting.

Addresses were made at all the stop-  
ping points by Senators Fairbanks and  
Dixon and ex-Senator Carter, and in  
addition to these remarks were fre-  
quently punctuated by applause. In  
the main the speeches were along gen-  
eral lines and consisted largely of ap-  
peals to sustain existing conditions by  
the Republican ticket.

At Whitehall the train backed  
slightly while Senator Fairbanks was  
speaking, and he made an instantaneous  
hit by remarking "This must be a  
Democratic train, as it shows its dis-  
position to move backwards."

At Bazeman the speaking platform  
was erected on the street immediately  
under the windows of the law office of  
ex-Congressman Hartman, who was  
one of the leaders of the Silver Repub-  
lican bolt in 1896. He listened to the  
speeches from his windows, and one  
of the things he heard was denunciations  
by Senator Dilliver of the Demo-  
cratic party for deserting the silver  
men at the last convention, and an in-  
vitation to those remaining out to re-  
turn to the Republican fold.

There was some delay at Bazeman,  
and in order to make up the time lost  
a very rapid run was made across the  
Gallatin valley, the speed at one time  
reaching sixty-three miles an hour.  
Senator Fairbanks discussed the wool  
tariff in the first speech of the day  
made at Big Timber at 8:30 o'clock this  
morning. A light rain was falling and  
the air was decidedly chilly. The wool  
tariff, appropriately, was held in a large  
warehouse by the side of the rail-  
road track, in which President Roose-  
velt had also spoken. The only seats  
in the building were given over to the  
school children, who were present in  
large numbers.

On the wool question, Senator Fair-  
banks said:  
"It is the policy of the Republican  
party so far as possible, to diversify  
industry throughout the United States.  
It has sought to stimulate the estab-  
lishment of new industries by means of  
protection, and it has endeavored to  
build up those we have by imposing  
duties wisely discriminating in favor of  
American production. It believes in  
encouraging sheep husbandry and in  
stimulating the production of woolen  
goods in the United States."

"There is no good reason why the  
American farmer should not be able to  
produce the wool necessary to meet our  
great and expanding domestic needs.  
We should not turn over wool-growing  
for our uses to the farmers of Australia,  
the Cape of Good Hope, the Argentine  
republic or elsewhere. We should not  
pursue a policy which destroys Ameri-  
can flocks, but on the other hand,  
should, by the application of the pro-  
tective principle, encourage sheep hus-  
bandry in our own country."

"There is a radical difference between  
the parties upon this important sub-  
ject. The difference is not found only in  
the platforms adopted by them, but in  
the legislation of Congress."

"The Democratic party stands by its  
traditional doctrine of free raw mate-  
rial. It placed wool on the free list  
in its last tariff measure and thereby  
drove millions of the sheep to the  
slaughter houses of the country, the  
price of wool decreased rapidly and  
cheaply. It is estimated that there  
were on Jan. 1, 1893, 47,000,000 head of  
sheep, worth \$125,000,000. Three years  
later the number had fallen to about  
10,000,000 in number, and \$47,000,000 in  
value, a loss of more than 10,000,000  
in the number and a shrinkage of \$38-  
00,000 in value."

"With the return of the Republican  
party to power and the restoration of  
the protective principle the flocks were  
increased until Jan. 1, 1903, they were  
worth \$148,000,000. It is estimated that the wool clip  
of 1903 was worth \$18,000,000. Now it is  
more than double the value that it  
was at the close of the last Democratic  
administration."

"No people have suffered more under  
the last Democratic administration  
than sheep raisers and the wool in-  
dustry than the people of this state, and  
no one has been more benefited than the  
Democratic leaders by the policy. Dur-  
ing the last Democratic administration  
wool was worth seven to nine  
cents per pound. Now it is 17 to 20  
cents. I was advised yesterday by a  
large sheepraiser that he was recently  
offered 20 cents per pound for his next  
year's clip. Sheep which were worth  
worth from \$2 to \$3, a head are now  
worth from \$10 to \$15."

"We stand face to face with the ques-  
tion as to whether we shall overthrow  
the Republican party, under which the  
wool industry has been put upon a  
profitable basis, or whether we shall re-  
turn to the Democratic policy, which  
has greatly injured it. No state would  
be more seriously injured than Montana  
if the Democratic policy should receive  
the sanction of the law. Democratic  
triumph means to put in serious dan-  
ger the sheep industry."

Senator Dilliver also made a brief  
speech.

## SENATOR FAIRBANKS AT ANA- CONDA.

Butte, Mont., Sept. 27.—The recep-  
tion accorded the Fairbanks party at  
Anaconda was extremely cordial, and  
the Margaret theater, in which the  
meeting at that point was held, was  
filled to repletion. The streets between  
the railroad station and the theater  
were lined with people and much en-  
thusiasm was displayed. The em-  
ployees from the immense smelter of  
the Anaconda Copper company  
were present at the meeting in large

DR. PIERCE'S

We seldom fear a  
danger that we cannot  
see. The danger of  
being run-down by a  
horse is a very real  
one to everybody, the  
danger of being mur-  
dered by a microbe  
does not trouble us.  
And yet the minute mi-  
crobe is more dangerous  
than the wildest horse.

The only people who can  
afford not to fear the mi-  
crobes of disease are those  
who keep their blood pure  
and rich. These are prac-  
tically immune from the  
attacks of most microbes.

Dr. Pierce's Golden Medical Discov-  
ery purifies and enriches the blood, and  
gives the body a vigorous vitality. It  
cures scrofula, eczema, boils, pimples  
and other eruptive diseases which are  
caused by impure blood.

"I had been troubled for about four years with  
eczema, or a skin disease, which at times was  
almost unbearable as it would itch so," writes  
Mr. John Larson, of 115 Powhattan St., Dallas,  
Texas. "I decided to try Dr. Pierce's Golden  
Medical Discovery, and after using five bottles  
found that I was entirely cured. Please accept  
many thanks."

Accept no substitute for "Golden Medi-  
cal Discovery." There is nothing "just  
as good" for diseases of the blood.

stipation and its consequences.

numbers. Ex-Senator Mantle and  
Congressman Dixon occupied promi-  
nent places on the stage at Anaconda,  
as they did also at Butte. The Pan-  
ama canal question was among the in-  
surs discussed at the Anaconda meet-  
ing by Senator Fairbanks, and on that  
point he said:

"The opposition condemns the meth-  
ods by which the president secured  
the necessary rights and franchises to  
construct and maintain the Panama  
canal, but they cheerfully accept the  
fruit of his effort and promise to carry  
on the great work. The president ac-  
knowledge the independence of the  
people of Panama, in the proper ex-  
ercise of his constitutional powers. He  
acted within the rights which were  
he protected the lives and property of  
American citizens upon the isthmus.  
His prompt action has made possible  
the early completion of the canal. He  
has not acted in contravention of the  
executive rights of our national inter-  
est. He has earned praise, not cen-  
sure, by his timely, wise and courage-  
ous course."

While Senator Fairbanks was speak-  
ing at Anaconda a photographer  
touched off a flash-light, causing the  
senator to say, "That really typifies the  
disappearance of the Democratic party."  
When the photographer stepped  
aside he replaced a large photograph  
of Lincoln, which he had removed,  
whereupon the speaker remarked that  
no more appropriate act could follow  
the disappearance of Democracy."

Butte the party was also cor-  
dially greeted and the entire population  
appeared to be on the streets or at the  
theaters in which the two meetings of  
the night were held. At the Grand  
theater in Butte, where Senator Fair-  
banks spoke, he dwelt upon the tariff  
question, referring especially to the  
tariff on lead ore. On the latter point  
he said in part:

"One of the wise provisions of our  
protective law is that which imposes a  
duty on lead ore. The miners of the  
great Rocky mountain regions and else-  
where are entitled to an adequate pro-  
tective tariff on lead ore, which you will  
open old mines closed by the Demo-  
cratic policy and start new ones, and there-  
by give remunerative employment to a  
vast army of wage earners."

"We believe the claims to be well  
founded. We acted upon the assump-  
tion that an adequate duty on lead  
would stimulate the mining industry,  
and we therefore imposed a sufficient  
duty to protect the industry against  
foreign competitors who were able to  
hire their labor at less wages than we  
would either ask or desire our miners  
to accept."

"The Republican party believes not  
only in well employed labor, but in well  
paid labor, also. We believe in that  
policy which affords the American wage  
earner an opportunity to lay by some-  
thing for the future which will enable  
them to support their families and edu-  
cate their children, and have something  
left to meet their future needs. If the  
Democratic policy receives the approval  
of the American voters and the protec-  
tive tariff is thrown down, if the Repub-  
lican duty on lead ore is stricken down,  
it will affect injuriously the mining in-  
dustry, not only of Montana, but else-  
where."

## AMATEUR HOLD UP KILLED.

Con Kiley of Anaconda Shot by  
Saloon Keeper.

Anaconda, Mont., Sept. 27.—During an  
attempted robbery of Mike Kara's sal-  
oon here tonight, Con Kiley, a well  
known young man of Anaconda, was  
shot through the heart and instantly  
killed by Kara, who was testing bar.  
About 10:30 o'clock, while Kara was  
talking to a patron, the front and back  
doors were opened simultaneously and  
two men wearing black masks entered  
and ordered hands up. Kara dropped  
behind the bar, seized his gun and  
shot the man who had entered at the  
rear, and who proved to be Kiley. Af-  
ter firing one shot, which grazed Kara's  
head, inflicting a slight wound, the  
other hold-up, who is unknown, es-  
caped. Young Kiley's parents are re-  
spectable residents here.

## TOBACCO MONOPOLY.

Japanese Government Increases  
Price to American Company.

Tokio, Sept. 27.—The terms of the  
sale of the interests of the American  
Tobacco company to the Japanese gov-  
ernment, under the recently established  
monopoly, have been decided.  
The company objected to the price  
the government first offered and ap-  
pealed to the American legation. As a  
result of the extended representations  
by Mr. Grierson, the American minis-  
ter, the consideration for the transfer  
of the company's interests has been in-  
creased about 1,000,000 yen, equivalent  
to about \$400,000 in American money.  
The total consideration has not been  
made public.

## PREST. ROOSEVELT MAKES A DENIAL.

Finds it Necessary to Deny the  
Authenticity of a Letter At-  
tributed to Him.

## IT DENOUNCED LABOR UNIONS.

Lays Matter Before District Attorney  
And Wants Forger Punished  
If Possible.

Butte, Mont., Sept. 27.—When Sen-  
ator Fairbanks and his party arrived  
here they found the Republican leaders  
considerably exercised over the publi-  
cation in the Miners' Magazine, pub-  
lished at Denver by the Western Fed-  
eration of Miners, of what purported to  
be a denunciation of labor unions by  
President Roosevelt, and a denial of  
the authenticity by the president. The  
president's contradiction, was sent to  
former Senator Lee Mantle, in response  
to a telegram of inquiry from him, and  
was as follows:

## PRESIDENT'S DENIAL.

"White House, Washington, Sept. 28.  
—Hon. Lee Mantle, Butte.—Your tele-  
gram received. The letter you refer to  
purporting to be addressed by me to  
Mr. Michael Donnelly and printed in the  
Miners' Magazine of Sept. 23, is, of  
course, an absurd and impudent for-  
gey. I have written no such letter,  
nor any letter over resembling it, to  
Mr. Donnelly, nor any one else. I have  
written Mr. Donnelly requesting to  
know if he has received any such letter  
and requesting him, if so, to at once  
lay it before the district attorney of  
Chicago to find out whether it is pos-  
sible to discover and punish the for-  
ger."  
"THEODORE ROOSEVELT."

The letter in which the president was  
represented to have made his attack  
upon union labor was addressed to  
Donnelly, president of the Butchers  
and Meat Cutters' union of Chicago.  
The document is given in full, with  
President Roosevelt's name attached,  
but without date and it stated that  
it was written in response to an appeal  
by Donnelly to him to interfere for the  
settlement of the late butchers' strikes.  
Following is some extracts from it:

## EXTRACTS FROM LETTER.

I stand ready to do my illustrious  
predecessor, Grover Cleveland, did, and  
assert the power of this nation against  
all local bullfights.

Last summer I felt impelled to write  
a letter calling upon my countrymen  
to put down lynching. But labor union  
terrorism and crime are as great a na-  
tional menace as lynch law.

Let me tell you that the first duty of  
the officers of the law, whether they be  
sheriff, constable, municipal officer,  
mayor, governor or the president him-  
self is to maintain order and put down  
the mob with an iron hand.

After advising Donnelly to put a stop  
to the strike, the president is re-  
presented as saying: "In any case he as-  
sured I will keep my hands off unless  
your folly brings you into collision with  
the laws of the United States, when my  
hand will go on in a way you will not  
like. So far as I am concerned, you  
have backed up the wrong cause. I am  
not to be either hoodwinked or frightened  
into meddling with what is none of my  
business."

## WHAT HAYWOOD SAYS.

Denver, Colo., Sept. 27.—Secy. W. D.  
Haywood of the Western Federation of  
Miners said tonight that the reputed  
letter of President Roosevelt to Presi-  
dent Donnelly of the Butchers' union  
was copied from the Wisconsin Toller.  
Secy. Haywood said he did not know  
where the Toller was published. So  
where the letter of President Roose-  
velt having been a forgery. Secy. Hay-  
wood says he was not aware of it. The  
Miners' Magazine is published under  
the direction of the federation and both  
President Moyer and Secy. Haywood  
take an active part in its direction.

## DONNELLY NOT HEARD FROM.

Chicago, Sept. 27.—Michael Donnelly,  
president of the Butchers' and Meat  
Cutters' union, is not in his home to-  
night. He is supposed to be on a rail-  
road train somewhere between St. Louis  
and Chicago. S. H. Bethea, United  
States district attorney, stated today  
that he had heard nothing of the letter  
said to have been forged.

## Vesuvius Less Violent.

Naples, Sept. 27.—The eruption of  
Mount Vesuvius has greatly dimin-  
ished. The stones ejected from the crater  
do not now rise beyond a height of 150  
feet. The authorities have relaxed the  
restrictions placed upon the public  
when the eruption was at its worst,  
and people are permitted to ascend the  
mountain.

## Evidence in Chinese Cases.

San Francisco, Sept. 27.—Judge De  
Brien of the United States district  
court handed down a decision today  
affirming the ruling laid down by  
United States Commissioner E. H. Hea-  
cock in the habeas corpus case of Mark  
Lin King, Chinese prisoner. Evidence that  
had not previously been submitted at  
the hearings before the Chinese bureau  
might be introduced in the habeas  
corpus hearings before a United States  
commissioner.

## Tacoma Physician Pleads Guilty

Tacoma, Wash., Sept. 27.—Dr. Otto J.  
Martiny, a prominent physician who  
fled from Tacoma and was arrested in  
Mexico and brought back last week, to-  
day pleaded guilty to the charge of for-  
saking his allegiance and sentence  
will be pronounced in a few days.

## May be Train Robber.

Vancouver, B. C., Sept. 27.—The Van-  
couver police say they have in cus-  
tody the leader of the three men who  
held up the Canadian Pacific train near  
Mission two weeks ago. He is A. Den-  
nison, alias Jerry Sullivan, and he was  
arrested here for burglary, for which  
he was today sentenced to three years'  
imprisonment. His appearance fits the  
description given by the train crew.

## ROW OVER POLITICS.

Three Indictments Returned by  
Federal Grand Jury.

Helena, Mont., Sept. 27.—Three in-  
dictments were returned by the federal  
grand jury here today as the result of  
the sensational altercation at the fed-  
eral building last week when Receiver  
George O. Freeman of the local United  
States land office was badly beaten by  
a number of assailants.  
The indicted men are former Mayor  
Edwards, former Chief of Police Travis  
and Samuel Goodman. They are charged  
with assault in the third degree.  
The indicted men gave bonds for their  
appearance in the sum of \$500 each.

The affair at the federal building was  
the outcome of political differences be-  
tween Mr. Freeman and the others.

## Jail Breakers Caught.

Billings, Mont., Sept. 27.—Two more  
of the jail-breakers, Frank Day, wanted  
for robbery, and Frank La Point, want-  
ed for burglary, were captured today.  
Day was taken at Forsythe and La  
Point at Junction. A telegram from  
Stock Inspector Wabli states that he  
was close enough to the Parkington  
brothers late yesterday evening to see  
them with his field glasses and was  
confident that he would soon effect  
their capture.

## MINE OWNER KILLED.

He Refused to Advance the Min-  
ers' Wages.

El Paso, Tex., Sept. 27.—In an attack  
which was made upon him today by his  
employees, owing to his refusal to in-  
crease their wages, Jesus Camillo, a  
mine-owner at Sabinal, Mex., was shot  
and instantly killed. The man who did  
the shooting was arrested, but all of  
the others who made up the attacking  
party managed to escape.

## LEADVILLE MINERS.

Notified that They Must Have  
Cards of Recommendation.

Leadville, Colo., Sept. 27.—Notices in-  
forming the miners of the camp that  
it would be necessary for them to have  
cards of recommendation by Oct. 1 in  
order to work in the mines of the dis-  
trict were posted in every shafthouse  
in this section yesterday. This even-  
ing the secretary of the Leadville Dis-  
trict Mining association reported that  
nearly 1,000 cards had been issued.  
There has been no difficulty experi-  
enced anywhere. The men seem to  
appreciate the necessity of taking out  
these cards, and are offering no objec-  
tion. It is believed by Oct. 1 a large  
majority of the men will have taken  
out cards.

## SUPPOSED COUNTERFEITERS.

Police Capture Four Men Who  
Compose a Band.

Shreveport, La., Sept. 28.—The police  
have captured four men who are sup-  
posed to compose an organized gang of  
counterfeiters. They are Robert Deal,  
J. E. McKinnon, N. H. Keith, and W.  
E. Heath. Deal attempted to pass a  
counterfeit \$10 gold piece when the  
fraud was discovered. McKinnon, when  
searched, had six counterfeit \$10 gold  
pieces in his pocket, and several coun-  
terfeit \$5 gold pieces in his shoes. The  
molds for making the spurious coins  
were found in the possession of Heath.  
Secret Service Agent Thomas assisted  
the police.

## MURDERED IN HONOLULU.

S. E. Damon Stabbed to Death  
By a Porto Rican.

Honolulu, Sept. 28.—S. E. Damon, a  
member of a prominent local fam-  
ily, and connected in a business way with  
a local banking firm, has been murder-  
ed by a Porto Rican named Jose Re-  
veira. Mr. Damon was driving home  
and when near Maunaloa met three  
Porto Ricans, one of whom was a wo-  
man. One of the men took Mr. Dama-  
on's lantern, and when he remon-  
strated, stabbed him in the abdomen.  
He then drove on to Honolulu, but died  
before reaching a hospital. The de-  
ceased was 35 years of age, and leaves  
a wife and four children, one of whom  
is dying of meningitis, and may not live  
until tomorrow. His mother is now in  
London, and his father is prominent  
here as a banker and financier.

Reveira and his companions have  
been arrested and the woman has prac-  
tically made a confession. Public feel-  
ing over the occurrence is intense.

## PROMOTER ARRESTED.

J. E. Cochran Jr. of Chester, Pa.,  
Lived Too High.

Chicago, Sept. 28.—J. E. Cochran, Jr.,  
of Chester, Pa., claims that \$5,000 is not  
too much to spend in three months in  
floating \$50,000 bonds of a new com-  
pany. His employer claims the sum  
is out of proportion. Justice Foster of  
South Chicago, unable to decide the  
merits of the case, held Cochran to the  
grand jury.

The complaining witness against  
Cochran was Edward D. Nelson, of  
Ironwood, Mich., president of the Twin  
City Electric & Supply company, the  
Ironwood Water Works, the Jurley  
(Wis.) water works and the Ironwood  
& Bessemer Interurban street railroad.  
He consolidated the companies as the  
Gogebic Electric company of Besse-  
mer, Mich., with a capitalization of  
\$400,000, and employed Cochran as pro-  
moter, offering, it is said, a bonus of  
\$125,000 of stock in the company for  
the sale of \$250,000 worth.

Cochran is said to have cashed a  
draft of \$5,000 given him by Nelson,  
and later was asked for its return. He  
said he had spent it in interesting his  
friends in the new company. He was  
arrested in Chicago, charged with ob-  
taining money under false pretenses.

## THE VICTORIA AND ALBERT TOMB AT FROGMORE.

The mausoleum which was designed as the burial place of Queen Victoria  
and Prince Albert was begun almost immediately after the death of the prince.  
It was finished during the queen's lifetime, and the prince's body was removed  
from its temporary resting place and reinterred in the new structure. Upon the  
top of the splendid sarcophagus which contains the bodies of the queen and her  
consort lie white marble figures of the royal pair. The figures represent the  
couple as much younger than they were at the time of their death. The queen  
is depicted in regal attire, wearing a crown and holding a scepter in her clasped  
hands.

## IN AN INDIAN GRAVEYARD.

An Indian cemetery is a curiosity to one who sees it for the first time. It is  
a rather pathetic exhibition of barbarism tempered by a modicum of Christian  
civilization. The graves are marked with wooden crosses, and on the mounds  
are placed clocks, medicine bottles, dishes and a variety of articles that belonged  
to the deceased. Coupled with their acceptance of the essentials of the belief  
of the white man, the Indians of the plains retain their ancient custom of cov-  
ering the graves of their dead with the articles most used during life. This  
remnant of the old savage life they refuse to abandon.
