LOCAL BRIEFS.

Silver Bros. Iron Works are having a steady run on sugar and mining machinery.

Mr. and Mrs. George Bowman are celebrating the advent into the family circle of a bouncing baby boy, who arrived yesterday.

William F. Main, aged 26, and Miss Rosa Smith, aged 21, giving their address as Salt Lake City, were married yesterday in Ogden.

Owing to the absence from the city of Prof. McClellan, Tracy Y. Cannon will officiate at the Tabernacle organ recital this afternoon.

The one-story brick structures north of the Consolidated Wagon & Machine company on State street are being torn down to make way for the new Orpheum theater.

Rev. N. S. Elkins of the First Congregational church of Ogden is supplying the pulpit of the First Congregational church in this city, during Mr. Goshen's absence.

The Salt Lake Security & Trust company is building three attractive residences at G and Seventh streets for A. R. Kosswig as an investment. The houses will cost $8,000.

E. Richardson of Ogden, O. J. Yost and H. M. Burton of this city, and C. McNicl of Logan have been awarded transportation to the Portland fair and free admission, through a scheme inaugurated at Portland, having such purposes in view.

With the continuation of fair weather, the plan of sleeping in tents instead of indoors is becoming more and more fashionable. Quite a number of families on the benches are thus spending the nights, and after getting used to the change are finding it very agreeable.

Members of the finance committee of St. Mary's cathedral are omnipresent these days, and have within a short time collected $20,000 on old subscriptions to the building fund. New subscriptions are being secured, and the monetary skies have a pleasant hue. The chime of bells will cost $10,000.

Col. George B. Squires, assistant to the secretary of state, will lecture at the Third Presbyterian church Monday evening, on the battle of Gettysburg. Col. Squires was a soldier during the Rebellion, and the date of his lecture is the anniversary of the closing battle. The proceeds are for the benefit of the church.

The new directory of the Bell Telephone company now in preparation will not contain the names of subscribers in Murray, Bingham Junction and Forest Dale grouped by themselves. These names will appear with the Salt Lake names, but with speical marks indicating their location, after the fashion of eastern directories. This will insure promptness in securing connections and simplify transaction of business.

The Elks have got out a neat white silk badge on which appear the following mystic figures: "85-7-27-05." This is not necessarily another expression for "S-T-1885-X;" it means, divested of its Delphic mystery, Lodge No. 85, July 27, 1905, Purple Day—or words to that effect. The Elks have also got out 1,000 fans for cooling the superheated countenance, and decorated with designs appropriate to the order. These fans are being given away to friends of the Elks.

We pay 4 per cent interest per annum on $1 to $5,000. Zion's Savings Bank & Trust Co. Joseph F. Smith, President; George M. Cannon, Cashier.

INSPECTING LODGES.

Grand Matron, Order of the Eastern Star, Entertained Here.

The local chapter of the Order of the Eastern Star last night entertained their most worshipful grand matron at a banquet and lodge assembly. Their chief officer, Mrs. M. D. Conkling of Oklahoma city is returning from the Portland fair, at which she has been a visitor, and en route home is calling on local organizations and inspecting them.

Mrs. Conkling arrived in Salt Lake yesterday afternoon and was driven at once to the home of Mrs. Birdie S. Nipper on Sixth South street. During the afternoon many members of the order called to pay their respects, and in the evening several members were put through the ritual service of initiation for the purpose of convincing Mrs. Conkling that the lodge was familiar with it. From Salt Lake the grand matron goes to Provo and Park City to inspect the lodges located there.

IS NOW UP TO CITY COUNCIL.

Commercial Club Submits Boulevard Proposition to That Body.

DEPENDS ON SUPPORT GIVEN.

Important Provisions Governing Construction and Regulation of Proposed Highway.

What is to be the fate of the proposed parked canyon and driveway over the northeast heights is now a question that the city fathers of Salt Lake must answer. At its meeting tonight the council will have the question up for consideration, and on its decision rests the future of the movement, which has recently gathered momentum as a popular demand.

The formative steps to place the proposition on a practical footing, were concluded this afternoon, when a meeting of the board of governors of the Commercial club approved a petition to the city council, stating the desires of the club, and pledging its members to secure through popular subscription $5,000 towards the needed improvements.

The decision to back the proposition which was approved this afternoon, was made at a meeting of the Commercial club committee on parks and public improvements yesterday afternoon, at which there were present H. O. Howard, Chas. A. Quigley, James D. Murdock, Chas. S. Burton, A. F. Doremus, Fisher S. Harris, City Engineer Geo. W. Riter and Councilmen W. J. Tuddenham and Rulon S. Wells.

Engineer Riter submitted a report, showing that a minimum cost of repairing the road would be $1,800, and of building the bridge over the stream at the point of turning, $600. It was decided that the improvements must be placed on a solid basis to be of any value, and for particular features necessary to its success the following were agreed upon:

IMPORTANT PROVISIONS.

The road must be 26 feet in width, at the narrowest point.

A fence not over 3 feet in height and rustic in design, must extend from the canyon bridge to Inspiration Point, on the east bench.

The bridge over the stream must be of concrete, and must be built solidly enough to be a permanent improvement.

The rock crusher must go from City Creek canyon.

The canyon gravel pits with their dust and heavy haulage must give way to the seekers after recreation and pleasure, the leases on them being terminated at the first practicable moment.

The drive must be kept sprinkled by the city after it is built.

The powder houses must be removed from the canyon driveway.

The entrance to City Creek canyon must be parked, beginning at Third street and Canyon road, and running north for about a quarter of a mile.

Automobiles may be allowed on the new boulevard, and all traffic must head in one direction going over it; this is to avoid accidents.

On this basis the club pledged to raise $5,000, instead of the smaller amount estimated as a minimum, and now it is a query as to how substantially the city council will help the proposition. Just what the Commercial club considers a desirable boulevard, and how it will help in its construction, will be stated in the petition which goes in tonight to the council, after approval by the club's board of governors.

CALLS FOR ACTION.

In connection with the Commercial club's petition, the following resolution will probably be submitted tonight:

Whereas, The Commercial club has taken the initiative in promoting the improvement and completion of the canyon drive, or boulevard, and has signified its willingness to secure by popular subscription the necessary funds for the accomplishment of this most worthy and desirable purpose; and

Whereas, The opening up of this drive for the public use will be a great benefit and pleasure to the people of this city and a delight to the stranger within our gates; and

Whereas, The city council has been petitioned to encourage this laudable undertaking by building a bridge across the City creek; therefore, be it

Resolved, That the city engineer be and the same hereby is authorized and instructed to prepare plans for a concrete bridge across City creek at the point where the proposed drive leaves the canyon, at a cost not to exceed $1,000, and that the board of public works is authorized and instructed to procure bids and award a contract for the construction of same at the earliest possible date; be it further

Resolved, That the city prison labor be employed to assist in the construction of the drive.
