CONGRESSIONAL.

SENATE.

The Chinese Treaty.

WASHINGTON, 13.—Sargent presented a petition from 16,638 citizens of California, asking the Senate to pay some attention to the condition of the treaty between the U. S. and China, with a view to having some modification made thereon to prevent the evil of a Chinese influx to this country; referred to the committee on foreign relations.

HOUSE.

Defeated.

The bill for ascertaining the losses sustained by the citizens of southern Oregon and northern California by Indian depredations in 1872 and 1873, provoked quite an excited discussion, in which Shanks defended the memory of Captain Jack and his Modocs, and stated, as a fact, that when General Canby was holding his conference with Captain Jack the military lines were being closed around the Modocs. The bill was opposed by G. F. Hoar as establishing the dangerous precedent that the government is responsible for the reimbursement of citizens damaged by war.

Garfield said if the bill was passed it would open the sluices of the treasury for claims from Ohio and Indiana arising out of the Morgan raids, and from Pennsylvania arising out of Lee's invasion, and there would not be a cent left in the treasury. Finally, on the motion of Garfield, the enacting clause was stricken out of the bill in a committee of the whole, by a vote of 79 to 68, and the committee thereupon rose and reported the action to the House, and it was concurred in, yeas 105, nays 85, so the bill was defeated.

EASTERN.

$50,000 Incendiary Fire.

PROVIDENCE, 13.—The lower mill at Rocky Brook, South Kensington, owned by the heirs of N. B. Durfee, was burned last night by an incendiary; loss $50,000, insured for $17,000.

Approved—Going for the Indians—Suggestions by Dawes.

WASHINGTON, 13.—The President, to-day, approved the joint resolution authorizing a special court of inquiry concerning Genl. O. O. Howard.

General Sheridan telegraphed Gen. Sherman from N. Y. yesterday, the official reports received by him of recent murders by the Sioux Indians, and that he would leave for Chicago to-day to superintend any action that might be necessary. Gen. Sherman replied the same date as follows—"Under the call of the Interior department, of to-day, sent to your headquarters at Chicago, you will be justified in collecting the most effective force possible, even if you draw the cavalry from Fort Riley by rail to Cheyenne, to march to the Red Cloud agency, striking every party of Indians that oppose, and every Indian who has marauded south of or north of the Platte should be demanded and held as an accomplice in the murder of Lieut. Robinson. Their ponies must be very poor now, and game must be scarce, as the occasion to give the Sioux a lesson long merited seems to me to be favorable. My own opinion is that the Sioux should never again have an agency away from the Missouri river."

Dawes in his speech yesterday, advocated the consolidation, if not the entire abolition, of some thirty-four customs collection districts, also the consolidation of the navy yards on the Atlantic coasts into two, the abolition of pension agencies and the payment of pensions from Washington direct through the post office machinery. He made an onslaught upon the propriety of appropriating money for the construction of public buildings for the District of Columbia, and for river and harbor improvements.

Disfellowshipped.

ST. LOUIS, 13.—In the National Grange this morning the committee on the Boston Grange matter, reported that the Secretary of the National Grange be instructed to notify all the State Granges within its jurisdiction that the "Boston Grange is no longer connected with the patrons of husbandry, and henceforth no fraternal recognition can be extended to it by any Grange, State or subordinate; and the master of the Massachusetts State Grange is hereby required to make a formal demand for the surrender of the dispensation and ritual of the Boston Grange and, when received, to return from the State Grange the sum paid for said dispensation and ritual, and return them without delay to the office of the Secretary of the National Grange at Washington; the report was adopted.

Fatal Boiler Explosion — The Temperance Movement.

CINCINNATI, 13.—The boiler at a saw mill at Mutual, Ohio, exploded this morning, killing Solomon Abrams and Edward Neer, and injuring two others.

The Temperance movement presents no new feature to-day, except that in the rain the women kept at work all the same. At Xenia they visited a house of prostitution where liquors were sold by the proprietress, and knelt in prayer with the woman, who signed the pledge, and promised to try and induce her girls to attend the prayer meeting to-morrow.

Embezzling by Wholesale.

SANDUSKY, O., 13. — Rush B. Sloane, ex-President of the Cincinnati, Sandusky and Cleveland Railroad, was arrested to-day, and held in forty-six thousand dollars bail, on seventeen distinct charges of embezzlement; it is understood that further charges will be made. Civil suits for some $150,000 have already been commenced, and Sloane's property in Chicago, Boston and Sandusky has been levied on.

Arms to be Furnished.

CHEYENNE, W.T. 13.—Governor Campbell has made a requisition on the war department for the quota of arms due this territory, and to-day received a telegram, stating that arms and ammunition will be forwarded immediately from the Leavenworth arsenal for the use of the citizens should it become necessary for them to protect themselves against Indians.

Honor to Agassiz.

BOSTON, 13.—A number of prominent citizens propose to make the Museum of Zoology, at Cambridge, to which Prof. Agassiz, devoted the best years of his life, a memorial monument in his honor, and in order to do this they have resolved to raise $300,000 to complete its endowment.

The Ice House Disaster.

PHILADELPHIA, 13. — It is now known that seven men are buried in the ruins of Miller's ice house. Two dead bodies have been recovered, two more men were taken out alive, one slightly, the other fatally injured. This evening, a man who was assisting in the rescue, fell into the excavation and struck his head with a piece of timber, and was instantly killed.

Jack Sheppard Eclipsed—The Supply of and Prospects for Wheat.

CHICAGO, 13.—Great excitement was created at Quincy, Ills., this evening, by the discovery that the First National Bank had been entered and the vault robbed of about one hundred thousand dollars in currency belonging to the bank, besides a quantity of bonds and valuable papers, and, it is said, quite an amount of special deposits. The bank was entered by cutting the hall floor of the story immediately over the vault. The burglars then made a breach through three feet of masonry of about four feet square; they then cut the rivet of a twenty foot inch thick sheet of boiler iron, with which the vault was lined, and removing it descended into the vault. They then charged both the money safes, and the one containing the bonds and the valuable papers with powder, and by means of a small rubber hose carried a train to the top of the safe, where a small pistol screwed to the top of it, and an old ledger was arranged to set it off. A string was attached to this pistol and passed out of a window of the second story to the street below, and by this means the operators were enabled to discharge their blasts when the streets were clear of people. The clock in the bank was stopped at seventeen minutes past two o'clock, as is supposed by the explosion, which must have occurred at that time. The door of the safe, which was a Dodd's burglar proof, was completely wrenched from the hinges. There is no clue whatever to the perpetrators, but one McCoy, recently connected with a variety show, has been arrested, and is held on suspicion.

The *National Crop Reporter*, published at Jacksonville, Ills., from returns from the States of Illinois, Iowa, Minnesota, Wisconsin, Kansas and Ohio, estimates the total amount of wheat in the hands of producers in those States, February 1st, at nearly 59,000,000 bushels, or 40½ per cent. of the entire crop; the present prospect in the winter wheat-growing States favors a much larger yield than last year.

FOREIGN.

GREAT BRITAIN.

Elected—Lost at Sea.

LONDON, 13.—Fifteen Conservatives and seven Liberals were elected to Parliament yesterday.

The bark *Carl Rosa* has been lost at sea, and many persons drowned.

SPAIN.

Invested.

MADRID, 13.—The investment of Bilboa by the Carlist forces continues; General Morionez is concentrating his troops in Santander, and will soon advance to the relief of the city.

RUSSIA.

Royal Visiting.

ST. PETERSBURG, 13.—The Emperor of Austria arrived here this afternoon, and was most cordially received by the Czar and the members of the Imperial family.
