JAMES S. SHERMAN LEAVES HOSPITAL

Republican Nominee for the Vice Presidency Looked Extremely Pale.

SAYS HE FEELS QUITE WELL

Did Not Attempt to Walk, Being Wheeled to Auto While in Invalid Chair.

Cause of Trouble Has Not Been Removed and Later on Will Submit to an Operation.

Cleveland, July 2.—Looking extremely pale, James S. Sherman, Republican vice presidential nominee, left his morning in a private car attached to the train leaving for the east at 8 o'clock of the Lake Shore road. Mr. Sherman was accompanied by his wife and Dr. E. P. Carter. The party expects to arrive in Utica, N. Y., about 9:15 this evening.

"I am feeling quite well, but a little weak," said the congressman, as he entered the big touring car of ex-Gov. Myron T. Herrick at the hospital, for the trip to the railway station.

Mr. Sherman did not attempt to walk from his apartments in the hospital, but was wheeled to the automobile in an invalid chair, from which the hospital physicians lifted him into the touring car. Upon arriving at the station Mr. Sherman was at once assisted to the private car.

Mr. Sherman was taken all on route from Cincinnati to Cleveland shortly after the close of the Republican national convention at Chicago. He came here as the guest of ex-Gov. Byron T. Herrick. Subsequently he was removed to Lakeside hospital, where it was thought for a time it would be necessary to perform an operation for the removal of gall stones from which Mr. Sherman was suffering. The trouble was overcome temporarily, however, by the use of drugs. But the cause of the disturbance has not been removed and it is understood that an operation just as soon as he fully recovers his strength.

ADMIRAL R. D. EVANS OPERATED ON FOR GOUT

New York, July 2.—Special dispatches from Poughkeepsie say that Rear Admiral Robert D. Evans, who is spending the summer at Lake Mohonk, has submitted to an operation for gout. The admiral has been suffering from the ailment for many days. A large quantity of chalk was taken out by Dr. G. W. Poucher. The result of the operation was to greatly relieve the admiral's suffering. From this complaint, it is well and cheerful.

TWENTY FISHERMEN MAROONED FOR MONTHS

Victoria, B. C., July 2.—Twenty fishermen marooned for months on Victor Island, rescued by two Brazilian training ships, were taken to Yokohama, according to news received by the Empress of China. The men were left with orders to fish by the Japanese fishery schooner Hokoku Maru in January, 1, and were abandoned. They were found on May 26 and were starving when rescued. The Japanese police have arrested the captain of the Hokoku Maru at Yokohama for marooning the fishermen.

FORAKER DOES NOT LIKE ROOSEVELT POLICIES

Cincinnati, O., July 1.—Praise for the personality of William H. Taft, Republican nominee for president, and for his policy in him that he favors the Roosevelt policies, formed a part of a delivery made by Senator Foraker at the chamber of commerce in this city, the occasion being the anniversary of the day, founded by an association, and organized for the purpose of bringing about better times by striving to forget that there has been any other kind of man.

When Mr. Foraker referred to Mr. Taft as "a man in character is all that he needs," he was referring to the fact that the applause had closed his conference.

It is unfortunate that there is one fatal weakness in the candidate in that he favors a continuance of the so-called Roosevelt policies, of which we have already had far too much.

BRYAN ASKS CONFERENCE WITH JOHNSON LEADER

Denver, Colo., July 2.—Mr. Bryan has asked for a conference with D. O'Brien of Minnesota, one of the most enthusiastic supporters of Gov. John A. Johnson, and one of the most energetic managers of the Johnson campaign here. Mr. O'Brien will leave St. Paul for Denver tomorrow and has been asked by Mr. Bryan to stop for a short time. It is generally supposed by the Johnson men that Mr. Bryan wishes to talk over the vice presidential situation. That at least is the opinion which they can imagine for the request of Mr. Bryan. They discounted any results from the conference proposed, but it should turn out to be a subject by which Mr. Johnson will not consent under any circumstances to be considered as available for the second place on the ticket.

FRANK B. KELLOGG Still a Big Factor in Republican National Campaign

New York, July 2.—Frank B. Kellogg, New York state senator, is still a big factor in the situation over the chairmanship of the Republican national committee. No formal offer of the chairmanship has been made to Mr. Kellogg, but it is a general belief in political circles here that such an offer would be made if Mr. Kellogg were to indicate that he was in a position to accept. Mr. Kellogg and Congressman Ward of Utah, spent three hours yesterday in a close conference with President Roosevelt during which Mr. Kellogg's objections to taking the place, it is believed, were set forth. The only reason that has been mentioned by the Minnesota man so far in his prosecution of the government's plan to dissolve the Standard Oil company in New Jersey, Mr. Kellogg first came into national prominence through his ability as a promoter of corporations, and his friendship with the president by his ability in this respect.

COUP D'ETAT AT TEHRAN

Demands by Discarded Courtiers. Backed by National Council, For Dismissal Cause.

SHAH FEIGNED COMPLIANCE.

Then Made His Escape from the Capital—All Happened Within Ten Minutes.

London, July 2.—A special despatch to the Times from Teheran, dated June 16, supplies a long history of the events that led to the recent coup d'etat. According to this a number of old discarded courtiers demanded the dismissal from the palace of a clique while the national council in supporting this demand also called upon the shah to expel certain court favorites, including Amir Bahadur and Chapsal Khan, two of the shah's most trusted counselors. The shah craftily feigned compliance and quietly proposed to escape from the capital. On June 4, everything was ready and Bahadur's wild horsemen galloped through the main thoroughfares brandishing swords and rifles and causing a general stampede. Suddenly a whole regiment of Cossacks with guns ready for action fled out of the drill square followed by the tribal cavalry with wild cries of "Long live the shah!" "Down with the traitors!" The bazars were all closed up and the people ran in fear of their lives. The shah's ministers, driven by bay horses, were seen issuing from the gun square surrounded by six courtiers who, it was supposed, had been dismissed and escorted by every horseman the shah could muster, each with his rifle ready to shoot anybody who might dare to impede the shah's carriage. All happened within 10 minutes, and within another 10 minutes his majesty was breathing the fresh air of Baghshah, the royal garden outside the western gate. Later in the day the queen and the crown prince went to the royal garden with an escort of 400 horsemen. This soon became the center of the royalist activities and the surrounding gardens were approached and a regular camp formed which continually increased its forces. The people were taken completely by surprise at first, thinking the whole thing a joke, but they soon discovered their mistake.

CANDIDATE W. H. TAFT

Expects to Leave Washington for Hot Springs, Virginia, Tomorrow Afternoon at 4 O'clock.

Washington, July 2.—Judge William H. Taft is making all arrangements to leave Washington for Hot Springs, Va., tomorrow afternoon at 4 o'clock. Meantime he desires to dispose of a great accumulation of correspondence. Since he returned from his New Haven trip last Saturday night he really has had little time to devote to the department; but he will make a distinct impression upon it today and tomorrow.

Speaker Cannon, who arrived in Washington last night, said today that he came to attend to some business, but expected to call on Judge Taft during the day. A prompt and cordial promise of earnest support, made immediately after the nomination was deeply appreciated by Judge Taft and harmonious working agreement between the two eminent Republican leaders is assured.

It was expected that Judge Taft and Frank H. Hitchcock might have a conference today, but no arrangement for a meeting was made and it may go over until tomorrow.

Judge Taft has retained a desk and some chairs in the library of his dismembered office, and he is expected to work until his departure.

MAY NOT BE SAVAGE.

Monroe, Mich., July 2.—Postoffice Inspector Stuart of Chicago, arrived here today with Inspector Davis of Denver, and after inspecting the negro taken into custody here Tuesday evening on suspicion of being Charles Savage, alias Stevenson, wanted for alleged connection with the Elroy registered mail robbery, today declared that the local prisoner is not the much-wanted mail robber. The negro says that his name is E. W. Thomas and that he is a collector of funds for a negro home at Macon, Ga.

MURAT HALSTEAD DYING.

Cincinnati, July 2.—Murat Halstead, the veteran editor was this evening reported to be dying following a cerebral hemorrhage yesterday. Mr. Halstead has been in poor health for months but until today his family held hopes of his recovery. Today, however, it was said at his home that hope had been abandoned and the doctors reported that he could not survive the afternoon.

TO NOTIFY TAFT.

Washington, July 2.—Announcement was made today that it has been finally decided to have the notification of Mr. Taft's nomination take place at Cincinnati, July 28.

CALL FOR RESCUE MONEY.

Washington, July 2.—It is understood the secretary of the treasury will this afternoon issue a call for between \$25,000,000 and \$50,000,000 of reserve money held in depository banks payable July 15.

CITY BOND ELECTION.

Tax Payers of Last Year Will Be Entitled to Vote.

It was decided at a conference today between City Attorney Dintons' Clerk Recorder Morston and County Clerk Eledge that the tax list of 1907 will govern in the approaching city bond election. That is to say persons who paid taxes, either personal or real, during that year will be eligible to vote.

DISASTER AT BATAVIA

Large Over-Loaded Boats Overturned in Batavia Harbor During Storm.

NO CHANCE OF RESCUE

Many Sank Struggling While Others Were Snapped Up by Sharks.

Victoria, B. C., July 2.—News of a boat disaster involving the loss of over 600 lives in Batavia, was brought by the Empress of China. Many large overloaded boats were overturned in the harbor during a storm and the shrieking passengers struggled in the water with no chance of rescue, as more fortunate boats in the neighborhood were already too crowded to permit of any others aboard. Others were snapped at by sharks. About 30 were rescued by fishermen, but over 600 were drowned.

During the week following, 359 corpses were found, many being mutilated by sharks.

THERE IS NO REVOLUTION

Says J. C. Corwin, a Prominent Mining Man of Guanajuato, Mexico, Now in Dallas, Texas.

Dallas, July 2.—That the revolution in Mexico is not a revolution at all and that the reports of uprisings there are greatly exaggerated is the statement of J. C. Corwin, a prominent mining man of Guanajuato, Mexico, who is now in Dallas. Mr. Corwin has extensive interests in Mexico and since the first rumors of the strife beyond the Rio Grande, he has been in communication by wire with his representatives in the republic.

"I am able to state," said Mr. Corwin last night, "that this so-called revolution is nothing more or less than a sort of organized bands of robbers and desperadoes who are covering up their crookedness under the guise of politics and are pretending a patriotic movement.

"These revolutions occur periodically. They are incited by a few former Mexicans, who now are residents of the United States. They formerly made their headquarters at St. Louis, but were run out there. These men who could not go back to Mexico, just as there are men in Mexico today, former Americans, who would not venture to set foot on this side of the Rio Grande.

"These men stir up trouble through their agents in Mexico. Their agents represent the ignorant masses of the United States, standing a certain show of escaping capture or of coming clear in case they are taken into custody. This is another of these deep laid plans to pillage.

"I have had advice today that absolutely convinces me that there is no fighting more than 50 miles the other side of the government of the trouble in Torreon, and that a train had been backed up, and a fear of running into a band of revolutionists is maintained. The revolutionary element in Mexico is as powerless as the black hand are powerless to get control of the government of the United States. They kill occasionally, and pillage, but that is all. The reports received by the newspapers are exaggerated."

FAST TRAINS COLLIDE HEAD-ON

Were Missouri Pacific California Limited and St. Joseph Express for St. Louis.

AT LEAST SEVEN WERE KILLED

A Score More Injured—Cause of Collision Unknown—Place Level Without Curves.

St. Louis, July 2.—A long distance telephone communication with Sedalia concerning the Missouri Pacific wreck that occurred 20 miles east of there early today is to the effect that seven are known to have been killed and a score were injured. The fast Missouri Pacific California limited, which left St. Louis at 10:10 last night, and the St. Joseph express bound for St. Louis met head-on between Lamont and Knobnoster. The cause of the collision has not been determined, but it is believed the failure of the California limited to take the siding near Knobnoster caused the disaster.

The track at the scene is level and without curves but a heavy fog prevailed at the time and prevented the engineers from seeing ahead any distance.

The locomotives were smashed and the mail, baggage and forward coaches were badly broken up. Part of the debris caught fire.

A special train bearing all available physicians in Sedalia went to the scene and it is believed the dead and injured will be brought back there.

The California limited carried two mail cars, a baggage car, two chair cars, two sleepers and an observation dining car.

The wreckage of the engines and mail cars is reported to be in such a chaotic shape that until wrecking trains clear it away to a large extent it cannot be positively learned how many dead bodies are buried under the debris.

AGREEMENT PROBABLE

Traffic Over Western Pacific May Follow Meeting of Officials in This City Today.

Rio Grande and Nevada Northern officials are meeting in this city today evidently for the purpose of entering into an agreement whereby the Western Pacific will use the Northern Pacific track between Shafter, Nev., and Ely, a distance of 132 miles. If this agreement is formulated, it will mean that the Western Pacific in order to reach Ely will not be required to build an Ely branch from the main line. As it affects Ely, that city will view with some displeasure the agreement. Shippers at that point have been hoping that the advent of the Western Pacific into its territory would not be in the distant future, hoping that competition would prove healthy as regards the conditions in the great camp. However, the conferring officials will no doubt endeavor to reconcile all interests.

C. H. Schlicks, vice president of the Rio Grande system, arrived this morning from Denver to be present at the conference. His trip cannot be explained by existing affairs other than the proposed Nevada agreement. Gould officials who have just been out over the Western Pacific were A. S. Hughes, traffic manager, and S. V. Derrah, assistant general manager. They went in company with S. W. Eccles, president and general manager of the Nevada Northern and of the A. S. & E., and a freight agent. They were in the city today for the purpose of making inquiries at Rio Grande offices this morning elicited no further information than that Mr. Schlicks was in the city. The purpose of his visit can only be viewed one way.

If the agreement is entered into between the two roads, it will mean that freight consigned from this city to Ely may be moved in 48 hours. Unless routed via the Southern Pacific, freight would go to the Gould road. The competition will be between Hartman and Gould and the haul into Ely will be about 70 miles shorter for the Western Pacific than for the S. P.

While the Nevada agreement undoubtedly brings Mr. Schlicks here, it is by no means likely that no other matters, however, are at regard brought him here for their consideration alone.

With this agreement consummated it is probable that the passenger and freight may soon be scheduled between this city and Ely—a schedule long looked for, but seeming ever in distant prospect.

CHARGED WITH THEFT.

Complaint Filed Against Harry Wilson Arrested at Saltair.

A complaint was issued this morning from the office of the county attorney against Harry Wilson, charging him with entering a bathroom at the Saltair bathing pavilion and stealing a quantity of personal property belonging to W. J. Schoenberger of Cleveland, Ohio. The theft occurred at the beach yesterday, while the Ohio man was in bathing. Wilson entered the room occupied by him and when walking out and getting away with his boots, officer Claude Russell saw a \$75 watch, pocket-knife, and \$1 in cash.

Wilson's hearing will be held before Justice Dana T. Smith this afternoon.

WORKING THE PUBLIC.

Eugene Baldwin of Salvation Army Hears About Impostors.

An aggregation styling themselves the American Salvation Army, has been collecting funds in several eastern cities for a so-called working girl's home and are said to be working this way.

Eugene Edward F. Baldwin of the local organization of the Salvation Army says the public is being imposed upon, as he has been advised that these impostors have been made in such a way that people have been led to believe that it was being done in the interest of the Salvation Army, whereas the impostors have nothing whatever to do with the latter. Eugene Baldwin says he has information to the effect that they have been fairly successful in several eastern cities, but declares that they are rank impostors.

CONGRESS WILL BE NUMEROUS

Number Before Denver Convention Was Increased to Fifty-Four Today.

BITTER FIGHT OVER IDAHO

Ex-Senators Dubois and Helfield Will Oppose Admission of Any Mormon Delegates.

Denver, July 2.—The number of contests before the national Democratic committee for representation as delegates on the temporary platform in the national Democratic convention was increased today from 50 to 54. Today's mail brought notices of contests in the Ninth and Nineteenth Ohio districts. In each of these cases the factions are claiming that they represent the "regular" organization and are therefore entitled to seats as delegates.

The national committee will begin hearing all contests on Monday morning. The situation with respect to the Idaho delegates is expected to develop a bitter fight in which the Mormon question was dominated by a leading part. Former Senators Dubois and Helfield will base their claim for recognition of their delegation upon the plea that the convention which elected the other delegates was dominated by Mormons and was not a representative Democratic body.

The headquarters of the committee was the scene of much activity today. Secy. Woodson and Asst. Secy. Edwin Sefton were kept busy preparing contested cases for the committee. They were besieged by a steady stream of visitors, most of whom called to file papers for the consideration of the committee in determining the several contests.

PERSISTENT REPORTERS.

Mrs. Lucy A. Rice Clark Tells of Experiences as Woman Delegate.

Mrs. Lucy A. Rice Clark, of Garland, Utah, is back at her home today after becoming famous over the country as the only woman delegate at the Republican national convention.

Mrs. Clark reached Salt Lake yesterday on the return trip and today left for Garland. As Delegate Ed. Loose did not go to Chicago, Mrs. Clark had an opportunity to sit as a delegate, although elected as alternate. She voted for Taft and Sherman, made a speech favoring women's suffrage, appeared before the resolutions committee on this subject, and was given a reception by the committee in the room where Alice Longworth's reception was held.

"I was surprised at the hearty way the women's suffrage movement was received," she said when interviewed yesterday. "I had expected, from past experiences, to hear some ridicule, but there was none, and it shows a changing sentiment. I received many calls while there, and the reporters and photographers—I had to go shopping sometimes to get rid of them. They were everywhere, and were most insistent.

"While no other woman enjoyed the privilege of voting, a woman sat near me with the delegation from her state, and there were many in the gallery." Mrs. Clark declared that the marshal while there, and saw a group of his wonderful sight she had seen while away, with all its conveniences for shopping, rest room, lounge room, silence room, and a very nice restaurant. "I shopped a great deal there," she said, "and it was always comforting to get away from the reporters in the convenient resting places provided."

After the convention was over, Mrs. Clark spent a week at the Newbury library. She heard much, she said, of John Hafen's success in Chicago exhibit, and saw a group of his paintings in the art room of the Marshall Field building.

SALT LAKE'S PROPERTY.

Building Permits for First Half of Year Nearly \$2,000,000.

Building records for June, topping the rush of them for May, has made it certain that for 1908 Salt Lake will pass all previous years and leave them at the flag.

The remarkable activity however is not part of a national activity, but of western expansion, and is a portion of the progress which is soon to make Salt Lake without a peer among western cities.

The Newhouse sky scrapers belong to last year's building figures. But in spite of this handicap, the record until June, 1908, has forged ahead until it is about to overcome the handicap, and begin to set the pace.

With the Newhouse sky scrapers figured in 1907, the total for the first six months was \$2,294,000. For this year the total reached has been \$1,895,500. When projected buildings, for which permits have not been taken out yet, are put on record, this year will forge rapidly ahead of last year, under consideration to total \$6,000,000 in value, not counting small residences and cottages.

LOOTED A CANDY STAND.

A youth giving the name of Ed Wilson, and claiming to be only 17 years of age, was caught in the act of robbing a candy stand conducted by J. J. Greenwald, near the Saltair depot about 5 o'clock this morning. He was arrested by Officer Hinton and taken to the city jail.

Wilson is a young fellow, about 15 years of age, and is said to be a native of the city. The case will be turned over to the juvenile court.

ANOTHER MISFIT.

Cora Edna Chandler this morning filed suit for divorce from her husband, Harry Butler Chandler, in the Third district court, alleging desertion and non-support as her grounds for action. The couple were married in Salt Lake City, Nov. 21, 1906, and plaintiff complains that since September, 1907, defendant has neglected and refused to support her, although he earns \$75 per month. Plaintiff prays for decree and further relief.

ASSASSINATON OF KING CARLOS

Chief of Progressive Dissidents Reveals True History of the Regicide Plot.

NAMES RESPONSIBLE PARTY

Declares Progressives and Regenerators Held Meeting Before Murders and Arranged Details.

Lisbon, July 2.—Dr. Jose Maria De Alpoim, chief of the Progressive dissidents, snarling under the insinuations that he was implicated in the assassinations in Lisbon last February of King Carlos and Prince Luis, created a sensation in the house of lords today by revealing what he declared to be the true history of this regicide plot. He asserted that the assassinations had been decided upon at the meeting of the leaders of the Progressive and Regenerators party a few days before they were carried out. A number of Republicans were also present at this meeting. Dr. Alpoim charged further that the Republicans proposed to obliterate the entire royal family with the exception of Maria Pia, the mother of King Carlos, but that the monarchists insisted that such a general slaughter would be useless. Finally Manuel Silva Buisson and Alfredo Costa were given \$20,000 and \$10,000 respectively to kill King Carlos and Premier Franco. Arrangements were made by other men to cover the flight of the assassins, but when Buisson and Costa fired their rifles, lost their heads and opened fire also. These shots resulted in the death of Crown Prince Luis.

GREYHOUND ASSOCIATION.

The National Greyhound Racing association is the name of a new incorporation which filed its articles with the clerk of the county court this morning. The company is capitalized \$100,000, divided into 100,000 shares of the value of \$1 each. The officers of the association are named as follows: H. R. Elliott, president; B. F. Redman, vice president; and H. H. Kleinbeck, secretary and treasurer.

A. W. NELSON'S BONDS

A New Instrument With Changed Sureties Is Being Drawn Today.

A new bond is being arranged today for A. W. Nelson and will be filed this afternoon. It will be a substitute for the one now filed in the United States court, but the exact nature of the new sureties is not yet known.

P. W. Madson will be released as a surety. When asked about the change Mr. Madson this afternoon said that his name had been used only temporarily, and that while he had not been heard of, he was to arrange so soon, he had understood that as soon as there was time to arrange matters a new bond would be given. When asked whether the substitute bond was a surety company bond he said he did not know.

William Nelson was in Salt Lake this morning, and spent some time with his uncle, Joseph Nelson. At the office of P. W. Madson the new bond was being drawn up, but Mr. Irvine did not feel at liberty to give out its contents, as he had not yet had a chance to consult William Nelson in regard to it.

FUNERAL OF JOHN PAUL.

Service Held Yesterday at Residence of Mrs. P. P. Jennings.

The funeral of John Paul was held yesterday afternoon at the residence of Mrs. P. P. Jennings, 87 B street, a sister of the deceased. Bishop T. A. Clarkson of the diocese of Utah presided. Among the speakers were Elder Grson F. Whitney, who paid a tender tribute to the memory of the deceased and expressed words of comfort to the surviving family. Another speaker was Bishop Cummings of Mill Creek, where the deceased has long resided with his family. Music for the service was furnished by the Twenty-first ward quartet, consisting of Wallace Castleton, John Owen, Mrs. Eva Owen and Miss Laurinda Poulton. A vocal solo was given by Mrs. Mary Honney Ross. At the grave in the city cemetery, the dedicatory prayer was offered by Elder James Dwyer, an associate of the deceased in early days in Utah. Elders C. R. Savage and Robert Patrick offered prayer at the service. Floral tributes expressive of sympathy and loving tribute were in profusion and present to honor the memory of the departed were many. Relatives and friends who received former associates in the early enterprises of Mr. Paul as a pioneer trader in Utah.

FIVE YEARS IN PEN.

Clara Smith, colored, Will Pay Penalty for Robbery.

Clara Smith, colored, appeared before Judge Armstrong this morning and pleaded guilty to a charge of robbery, and was sentenced to five years in the state penitentiary. She had been held under a charge of grand larceny under an information filed against her by District Attorney Leachman. The offense consisted of stealing from Arthur L. Brown a cashier's check for \$10, \$5 in gold and silver, and a number of small articles, and that of robbery substituted, to which the defendant pleaded guilty. The court sentenced her to the state penitentiary for five years, the latter charge.

SUIT FOR DIVORCE.

Mary E. Bartlett Complains of a Shiftless Spouse.

Mary E. Bartlett has filed suit for divorce from Edward D. Bartlett in the Third district court, urging as her ground for action failure to provide. The complaint states the plaintiff is shiftless and unable to support her and her child, and she therefore asks for the custody of their one child, a girl nine years old. She also asks for the return of her furniture and \$25 per month alimony, and for equitable share in the estate held by both parties, and \$50 attorneys fee.

TITUS CHILDREN TO BE EXAMINED

County Physician Calderwood is To Make a Post Mortem Examination.

INQUEST IS TO BE THEN HELD

Father Under Arrest On Two Counts Charging Him With Involuntary Manslaughter and Neglect.

It was announced this morning by Justice of the Peace Dana T. Smith that the bodies of the two Titus children would be exhumed and a post mortem examination made under the direction of County Physician Calderwood.

Justice Smith received an order this morning from the board of health authorizing him to have the bodies of Glenn, aged 2 years, and Violet, aged 10 years, exhumed.

After this is done and a post mortem held to determine the cause of their death, an inquest will be held before Justice Smith. Just when this will be done is not known at this time.

The father of the children, Charles S. Titus, is now under arrest, on two counts, charging him with involuntary manslaughter. Titus claims to be a "divine healer," using faith to cure ill. The children were attacked with diphtheria and it is alleged that he refused a physician to treat them. Both died of the disease and Titus was placed under arrest.

He was arraigned yesterday morning in the criminal division of the city court and released on his own recognizance until Monday morning. It is expected that in the meantime an inquest will be held.

PHILIPPINE ISLANDS.

Another plank which in all probability will be incorporated in the platform and which was discussed at length with Mr. Bryan, will embody the proposition of an international neutralization of the Philippine Islands.

"The belief was entertained," said Mr. Towne, "that such a plank would result in avoiding the necessity for tremendous military defensive expenses and give an assurance of the development of those islands under our guidance toward a permanent independence. Furthermore, it is likely that there will be a distinct pronouncement that a permanent system of dependencies is out of harmony with our institutions and that the discharge of the duties that have come to us with the Philippines as a result of the Spanish war will be permanently deferred so permanently from the concept of our true national progress."

That, he said, was in harmony with Mr. Bryan's own views.

NEW YORK DELEGATION.

Considerable speculation is being indulged in relative to the attitude of the New York delegation to the platform. So far, they have not pledged themselves to anything or anybody.

"The New York delegation," said Mr. Towne, "is coming here in good faith to have counsel with the delegates of Democracy of the country and will be guided in its action after it arrives here by the results of that counsel."

FLOTSAM AND JETSIAM.

Array of Criminal Talent Faces "His Honor" in Court Today.

Bon Thirkell, the soldier who got drunk Tuesday night and who entered the room of Lillie Davis, a woman of the town residing at 223 State street, and stole therefrom two purses containing about \$7, a knife and a couple of photographs, pleaded guilty to the charge of petit larceny in the criminal division of the city court this morning and was fined \$50, in default of which he will serve 60 days on the chain gang. Thirkell put up a vicious fight when arrested and it took four policemen to overpower the man.

Harry Rieder, charged with stealing \$12 from E. A. Pierce, pleaded not guilty to the charge of petit larceny and the case was set for trial Monday morning. In default of \$50 bail the man was locked in the city jail.

Jane Doe, the little colored woman who is said to be a slack wire walker, and who gave five big policemen a hard fight when they tried to look her in a cell at the city jail Tuesday night, was discharged from custody this morning on motion of Asst. City Attorney E. A. Rogers. Mr. Rogers explained that the woman was simply drunk and as she wanted to leave the city today he thought it would be better to let her go.

TWO TONTIC POLICE OFFICERS ENTERED BY CHIEF THOMAS PIT.

Two German police officers are visitors in the city and last night were detained guilty of a charge of petty larceny and arrested by Chief of Police Thomas Pit. The gentlemen are Assessor of Police Richter of Dresden, and Dr. Raoster of the same place. The former is, according to the ward, lieutenant in reserves in the first body of regular policemen. No other good showing made by the fire-fighters. They said they had nothing like that in Germany and marveled at the fire apparatus and magnificent horses and the manner in which the fire-fighters took their respective positions when the gong sounded. They explained that they were on a tour of the country making a study of police and fire systems throughout the United States.

TOWNE AFTER PRESIDENCY

Arrives in Denver and Announces He is in the Race To Stay.

FEELS SURE OF NOMINATION.

Says That There Will be No Straddle on the Anti-Injunction Plank.

Discussed With Bryan Proposition for International Neutralization of the Philippine Islands.

Denver, July 2.—Fresh from his visit of yesterday to William J. Bryan at his home in Lincoln, Charles A. Towne of New York, candidate for vice president on the Democratic ticket, arrived here today and at once placed himself in touch with the leaders of his party now on the ground.

"You can say that I am in the race to stay," said Mr. Towne, "and I have every reason to feel that I will be nominated. I have been assured of the support of a large number of the New York delegation and I believe that at the proper time they will all be for me. From other parts of the country also have come information that my candidacy is acceptable and pledges of active support."

Mr. Towne said he discussed at length with Mr. Bryan the various planks of the platform and particularly that bearing on the subject of the issuance of writs of injunction by federal judges in labor cases.

"On that proposition," said Mr. Towne, "you can emphatically state that there will be no straddle and no ambiguity. The anti-injunction plank will be so framed as to meet with favor from a large majority of the workingmen of the country."

PHILIPPINE ISLANDS.

Another plank which in all probability will be incorporated in the platform and which was discussed at length with Mr. Bryan, will embody the proposition of an international neutralization of the Philippine Islands.

"The belief was entertained," said Mr. Towne, "that such a plank would result in avoiding the necessity for tremendous military defensive expenses and give an assurance of the development of those islands under our guidance toward a permanent independence. Furthermore, it is likely that there will be a distinct pronouncement that a permanent system of dependencies is out of harmony with our institutions and that the discharge of the duties that have come to us with the Philippines as a result of the Spanish war will be permanently deferred so permanently from the concept of our true national progress."

That, he said, was in harmony with Mr. Bryan's own views.

NEW YORK DELEGATION.

Considerable speculation is being indulged in relative to the attitude of the New York delegation to the platform. So far, they have not pledged themselves to anything or anybody.

"The New York delegation," said Mr. Towne, "is coming here in good faith to have counsel with the delegates of Democracy of the country and will be guided in its action after it arrives here by the results of that counsel."

FLOTSAM AND JETSIAM.
