

ULTIMATUM TO THE BRITISH.

Tibetan Expedition Promised Much
Trouble if it Does Not Return
Immediately.

EVEN NOW IT IS MENACED.

But the Britons Are Not Scared and
Continue the Pushing of Road
Making.

Chumbi, British India, Jan. 28.—Col. Youngblood, commanding the British expedition to Tibet, has received a personal visit from the Lepontama, one of the five great lamas of Tibet, who delivered an ultimatum warning him to return to Gnatong and promising that there would be serious trouble if he did not do so.

Large reinforcements of infantry and cavalry have already reached the Tibetan camp and more are coming from Lhasa and Shigatse, the capital.

It is expected that an attack will be made on the British camp at Tuna when the Tibetans are sufficiently reinforced.

In the meantime the British are pushing the work of road making through a gorge north of Lhasa, which is said to be more difficult to traverse and higher than the Kyber pass. The military telegraph is keeping pace with the roadmakers.

All this work is being done in the face of arctic weather. The British expedition is still waiting a proper representative from the Lepontama at Lhasa.

A flying column under command of Col. McDonald is ready to push forward at any moment should necessity arise.

Before Stevens' death Frivold had attempted to carry Stevens, whose legs gave out, but the Seattle man was crazed with the cold and exhaustion and kicked wildly at his companion. Frivold set him down and forced him to walk ahead of him until he dropped. The body was recovered on Jan. 16 and buried at Kayak.

VALUABLE MANUSCRIPTS.

Burned in Fire at the University Library, Turin.

Rome, Jan. 28.—An official report has been made on the losses resulting from a fire at the university library, Turin, on Jan. 26, according to which about 2,700 manuscripts, including almost all those of oriental origin, were destroyed. The number of volumes lost has not been established. The fire lasted 24 hours and it seems certain that 3,000 volumes of Greek, Latin and other codices were consumed, as well as the precious Venetian collection of books from the library of Cardinal Della Rovere. The codices from the celebrated abbey appear to have been saved, as was the incunabula collection. Among the codices saved is an ancient codex of the fourth century containing the gospels, as well as many others of late date. A classic medieval book of the greatest value, called "Heurs de Turin" by the Duke de

PAINE'S CELERY COMPOUND

WAS CURED AFTER YEARS OF
STOMACH TROUBLE.

Mitwaukee, Dec. 18, 1902.—"Through a friend I was advised to take Paine's Celery Compound for stomach trouble, with which I was afflicted for years. My food had lost taste.

"I had no appetite and my system was entirely out of order.

"There was a sudden change.

"I wondered for it was like a kind blessing falling on me.

"It surely performs its wonders in a marvellous way, and cheerfully and with gratitude I join my voice with the thousands who are praising Paine's Celery Compound. It has made me a well woman."—MRS. MARY KENNEY.

Dyspepsia—the great destroyer of health and happiness—takes many forms. Distention, ill temper, low spirits, despondency, diarrhoea, sick headache, heartburn, palpitation of the heart, distension of the stomach—all of them are dyspepsia.

Its dark influence throws its shadow on the happiness of many homes. The underlying cause of all dyspepsia is that the organs of digestion HAVE NOT THE NERVE STRENGTH to do their work properly.

The cure must be A CURE OF THE INNER NERVES, which govern the digestive organs and the entire human system.

Berry, for which Great Britain once offered almost any sum of money, now appears to have been destroyed, as was an ancient French translation of Dante, of this Dante there exists another copy in France.

It has been decided to call to Turin Signor Marre, a restorer of ancient books at the Vatican, in whose apartment started the fire which partly destroyed the Vatican library recently.

The consul adds that news has reached Capetown that the armistice arranged by Capt. Kopp, in command of the German forces operating against

The Bondelswarts with the rebels, continues and that peace negotiations are to about to begin. The German forces on the Orange river, it is further asserted, are now superior to those of the Bondelswarts.

A newspaper published in German Southwest Africa, just received here by mail, announces that in consequence of the gathering of the Kara tribesmen in the hills, a general insurrection has broken out among the Bondelswarts tribesmen. Fifteen white men have been entrenched themselves at Luederitzbucht, the most important port of the colony, and there is danger that the entire southern section will be devastated.

TO SAVE TRINITY CHURCH.

Work on Rapid Transit Subway Suspended.

New York, Jan. 28.—Work on the Brooklyn extension of the Rapid Transit subway under Lower Broadway in front of Trinity church, has been practically suspended as the request of the Trinity corporation, which fears that unless extraordinary precautions are taken by the subway contractors to protect the spire of the ancient church, it will be weakened at the foundations and fall outward into Broadway.

When work in the subway had been carried on as far south as Trinity, efforts were made to learn how deep the foundation had been laid under the spire, but no records could be found, and tests were made below the surface, revealing the fact that it extends only nine feet six inches below the flagging.

The subway, running quite close to the building line, goes much deeper, and as the earth is soft and sandy, some means will have to be found for staying the sides of the ditch so as not to disturb one of the city's revered landmarks.

New Haven, Conn., Jan. 28.—The memorial of a number of Yale professors and other New Haven citizens recently sent to Senator George F. Hoar, deprecating the administration's attitude in relation to the Panama situation, has been countered by one of opposing purpose. This document, which has been forwarded to Senator O. I. Platt in Washington, expresses the belief that "the president of the United States has been guilty of recognizing the independence of Panama," and asks for the ratification of the Hay-Bunau-Varilla treaty. The memorial is headed by the name of Charles S. Mellen, president of the New York New Haven and Hartford railroad and has about 160 other signers, including 40 Yale officers and professors.

STREET CARS FOR MANILA.

An Extensive System Will Soon Be Inaugurated.

San Francisco, Jan. 28.—Richard T. Laffin, who will be general manager of the big American street railway system about to be inaugurated in Manila, has arrived here on his way to the orient. One hundred trolley cars will be sent over as a start-up and California will benefit by the shipment of 50,000 redwood ties. The other material will come from Pittsburgh. Coal from Japan or Australia will be the fuel used. In all some 40 miles of road will be placed in operation. The company, which has a 50 year franchise, is backed entirely by American capital. The principal owners are J. B. White company of New York, the Pittsburgh Security and Investment company, Frank Buhl and Peter L. Kimberley of Sharon, Pa., and some large Detroit interests represented by Charles M. Swift of that city, who is president of the new concern.

ILLINOIS MONUMENT.

One Will Be Erected in Vicksburg National Park.

Chicago, Jan. 28.—The state of Illinois soon will erect a monument in the National Military park at Vicksburg, Miss., in honor of the 30,000 Illinois soldiers and sailors who participated in the siege of that city from March 29 to July 4, 1863.

The structure, expected to cost \$150,000, will be in the shape of a rotunda or circular temple. It is to be constructed of white marble or granite and ornamented with bronze. Bronze tablets on the exterior of the temple will have bas-reliefs representing Richard Yates, the war governor of Illinois, presenting Ulysses S. Grant his commission as colonel of the Twenty-first Illinois; the gunboats running the batteries at Vicksburg on the night of April 18, 1863; and the surrender of Vicksburg by Gen. Pemberton.

Around the exterior of the dome will be engraved the sentiment from Lincoln's second inaugural address: "With Malice Toward None, With Charity for All," and the last phrase of Gen. Grant's farewell order to the army, "Let Us Have Peace."

The circumference of the interior will bear parts of size and shape sufficient to contain the names of all the Illinois soldiers who participated in the siege.

Pope Discusses French Concordat.

Paris, Jan. 28.—The Rome correspondent of the Figaro says that, from certain persons who recently discussed French affairs with the pope, he gathers that his holiness regards the concordat as a heavy drag on the French church and as unduly unfavorable to the state, and that he would be willing to make any concessions provided the principles of the church were not touched. In the event of the abrogation of the concordat, the correspondent continues, which the pope would not initiate, his holiness foresees a temporary crisis from which the church in France would emerge with increased strength.

Fibroid Tumors Cured.

A distressing case of Fibroid Tumor, which baffled the skill of Boston doctors. Mrs. Hayes, of Boston, Mass., in the following letter tells how she was cured, after everything else failed, by Lydia E. Pinkham's Vegetable Compound.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time. The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) Mrs. E. F. HAYES, 253 Dudley St., (Roxbury) Boston, Mass.

Note the result of Mrs. Pinkham's advice—although she advised Mrs. Hayes, of Boston, to take her medicine—which she knew would help her—her letter contained a mass of additional instructions as to treatment, all of which helped to bring about the happy result.

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman. "The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now."

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) Mrs. E. F. HAYES, 253 Dudley St., (Roxbury) Boston, Mass.

Mountains of gold could not purchase such testimony—or take the place of the health and happiness which Lydia E. Pinkham's Vegetable Compound brought to Mrs. Hayes.

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women; all ovarian troubles; tumors; inflammations; ulceration, falling and displacements of the womb; backache; irregular, suppressed or painful menstruation. Surely the volume and character of the testimonial letters we are daily printing in the newspapers can leave no room for doubt.

Mrs. Hayes at her above address will gladly answer any letters which sick women may write for fuller information about her illness. Her gratitude to Mrs. Pinkham and Lydia E. Pinkham's Vegetable Compound is so genuine and heartfelt that she thinks no trouble is too great for her to take in return for her health and happiness.

Truly it is said that it is Lydia E. Pinkham's Vegetable Compound that is curing so many women, and no other medicine; don't forget this when some druggist wants to sell you something else.

\$5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above individuals, which will prove their absolute genuineness.
