These claims are considerable and the prospects for the future are excellent.

### JAMES WHEELER KILLED.

A serious and fatal railroad accident occurred yesterday morning, when James P. Wheeler, of Nevada, was killed near Stone House, Nevada.

Mr. Wheeler was breaking at a station called Stone House, Nevada, on the Southern Pacific, and was an experienced hand, he turned to step on the line and make a slip, falling into the wheels which passed over his left leg, crushing it to pieces from the knee to the hip. He was taken to Battle Mountain, where Dr. Hood attended him, and accompanied him to Ogden where he was taken to the general hospital yesterday afternoon, but he was too weak to withstand an operation and he died from the traumatic shock about 4 p. m. Mr. Wheeler was about 39 years of age, and was a young man of good character.

His remains will be prepared and shipped to Stone House, Nevada for burial.

### HE FORGED A CHECK.

A warrant was sworn out yesterday by William Graham, the livery man, against Harry Adams of Salt Lake City, for having forged a check on him for \$8. Adams hired a rig from Graham to take a ride up the canyon, and upon his return presented the check to pay him the charge of the livery rig. Two drunks were permitted to go to police court this morning on their promise to leave the city.

A man by the name of Charles McCormick was arrested yesterday by the police on the charge of having stolen a roll of blankets from the Ogden house.

### RICHFIELD.

An Ideal Celebration of Independence Day—Sevier County Business.

Richfield, Sevier Co., July 5.—There was witnessed here yesterday one of the best Fourth of July celebrations in the history of the county. From 10 o'clock a. m. yesterday until the same hour this morning was a continual round of amusement. The program at the tabernacle in the forenoon was an exceptionally fine one, and was enjoyed by up to 1000 people.

The program was as follows: Music by band; prayer by chaplain, Rev. J. H. Meeter; reading of Declaration of Independence by Wm. A. Seignall; music by band; song by the "Yankee Doodles"; sentiment, "Utah," by Maud Mount; song, "Star Spangled Banner," Mrs. Lila Riley; speech, "Columbia," Miss Lila Baker; song by the band; the three original States; toasts and sentiments; music by band; and benediction by chaplain.

The oration of Mr. Fitch was a literary gem and was a magnificent effort from first to last, worthy of the highest praise. It was rendered in a clear, ringing voice, and it was well sustained throughout the entire performance.

During the whole of the afternoon sports and games were indulged in on Center street. Among the most amusing features of these was the capture of the greased pig and climbing the greased pole. Foot racing and horse racing were also indulged in.

In the evening a dance was given at the Star pavilion.

### A NARROW ESCAPE.

Good order prevailed throughout the day and no serious accident occurred, though had it not been for the timely assistance of a number of bystanders Dr. Griffith and wife might have been seriously injured in a runaway. They were seated in their buggy watching the sports, when their horse took fright and became unmanageable and ran into another vehicle, but before any damage was done, a number of men rushed to the frightened team and overpowered it.

### COUNTY COMMISSIONERS MEET.

The board of county commissioners was in session Monday and Tuesday, and transacted the following business: The petition of the citizens of Vernal for the establishment of a precinct at that place was laid over till next session, on the grounds that the statute provides that no new precincts shall be established until the next session of the county, and there is to be a school election next Monday.

John L. Ivis, county fish and game warden, was instructed to remain at Fish Lake until the middle of the present month, when he took flight.

Wayne county having sent three prisoners to be incarcerated in Sevier county jail, the charge for their keeping was fixed at seventy-five cents per day.

The resignation of W. E. Hyatt as road supervisor of Joseph precinct was accepted.

Upon petition of the bee-keepers, Peter H. Larsen of Elsinore was appointed bee inspector for the south end of the county. His compensation was fixed at \$2 per day for time necessarily spent in the performance of his official duties, and his bond placed at \$500.

The contract of constructing a bridge across the Sevier river on the Marysville road, south of Joseph, was awarded to L. P. Hansen of Elsinore for the sum of \$120.

Petition of citizens of Annabella and Glenwood for the opening of a county road to connect the town of Annabella with the town of Glenwood, was laid over until next session pending further inquiry as to what petitioners are willing to do by way of making the road.

The usual monthly appropriations were made.

### It Saved His Leg.

P. A. Danforth, LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucken's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Z. C. M. I. Drug Dept.

### FAIRVIEW.

July Fourth Appropriately Celebrated—More "Smallpox" Cases.

Special Correspondence.

Fairview, Sanpete Co., July 5.—Our nation's birthday was celebrated here in the usual way by the firing of guns, hoisting of the national colors, serenading by bands and a parade, after which the people gathered at the meeting house till it was crowded to overflowing, and a spirited program was carried out, with an oration by Mr. O. K. Hansen.

The afternoon was spent in witnessing a variety of games, among the juvenile class of the community, winding up with a grand ball at the pavilion in the evening.

The contractors who are to erect our new modern school house, have put a force of men to work in various places, and undoubtedly will make quite a show in a short time, as the reports are the

### MORE SMALLPOX CASES.

Several new cases of the so much dreaded "smallpox" have lately been developed in the town of Mount Pleasant, and a few families have had the honor of having the yellow flag placed in front of their homes. To remind the public that such a family has involuntarily withdrawn from society for a while.

The contractors who are to erect our new modern school house, have put a force of men to work in various places, and undoubtedly will make quite a show in a short time, as the reports are the

building is to be finished by the beginning of next year. The erection of the building has been delayed for some time on account of it being undecided where to erect it, one particular place was decided on by a portion of the people, and no other place seemed to them could be used, hence the balance of the taxpayers had to come to terms by paying an extravagant price for the building spot.

### ST. JOHN.

A Small but Thriving Community—Water Limited.

Special Correspondence.

St. John, Tooele Co., July 4.—St. John is a little village of forty families with a water right for six hundred acres, and is about seventeen miles south of Tooele City, good wells are obtained at about thirty feet. John Russell, owner of the mercantile business of the place and is doing a fair business.

Produce of all kinds find a ready market at the mines of Mercur and Ophir.

A fine rock meeting house, as well finished and furnished as any in the State, is the pride of the Bishop and the people.

An enrollment of about sixty-seven attend Sunday school.

Thirty-five copies of the Semi-Weekly Nevada were distributed here, but a portion of that number are for the good people of Clover Creek just two miles still farther south where presides the genial and good Bishop, Francis B. Smith.

Clover Creek was so named by a government surveyor, his eye being attracted by a small patch of yellow clover native to the place. He "kited" it and was received the reply, "It is called this place 'Clover Creek,' and so it is called to this day.

### Was It a Miracle?

"The marvelous cure of Mrs. Rena J. Stout of Consumption has created intense excitement in Cammack, Ind., for Marion Stuart, a leading druggist of Muncie, Ind., 'She only weighed 90 pounds when her doctor in Yorktown said she must soon die. Then she began to use Dr. King's New Discovery and gained 35 pounds in weight and was cured of her consumption. From thousands of hopeless cases, and is positively guaranteed to cure all Throat, Chest and Lung diseases. 50c and \$1.00. Trial bottles free at Z. C. M. I. Drug Dept.

### COALVILLE.

Municipal and County Tax Levies—The Fourth Day Celebrated.

Special Correspondence.

Coalville, Summit Co., July 5.—The water in Chalk Creek is lower than it has been in years.

A levy of two and one-half mills on the dollar for contingent expenses for the year 1930, was levied by the city council at its last meeting.

The board of county commissioners has fixed the levy of taxes for the current year as follows: Four mills for county purposes and two mills for school purposes.

### THE FOURTH.

Coalville celebrated the Fourth with a vim. The sports and games were interesting and at times quite exciting. No accident occurred to mar the pleasure of the day, save a bicycle collision in which one of the machines was completely demolished. A ball in the evening ended the day's amusement.

Haying is in full swing, but the farmers report considerable difficulty in securing laborers to assist therein.

### White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty, of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, also his eyes, and he suffered terribly. His malady was Yellow Jaundice, but was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the Wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves the medicine to be a cure for Stomach, Liver and Kidney troubles. Only 50c. Sold by Z. C. M. I. Drug Dept.

### MONROE.

Death of a Handicapped Veteran, Jens Jensen—The Fourth.

Special Correspondence.

Monroe, Sevier Co., July 5.—Brother Jens Jensen died at his home on the 2nd inst. of heart failure. He was born in Sweden Feb. 12, 1832. Brother Jensen was a faithful Latter-day Saint and came to this country with the last company of hand carts. He was respected for his honesty, plainness and integrity. He was a devoted husband, an excellent scripturalist. On Sunday last he was at fast meeting and bore a faithful testimony to the work of God. Forty-eight hours later funeral services were held at the same place over his remains. Brother Jensen, Adeline of Richmond and Brothers H. O. Magley, Bent Larsen, Robert F. Gould, Jos. A. Smith and Bishop Magley all spoke in the highest terms of his worth and character. He was a man of high character, full of faith in the Gospel. Some years ago he fled a good mission to his native country.

The immediate cause of his death was rheumatism of the heart. On Monday morning he was complaining of a pain in his breast, and at 8 a. m. passed from friends and earthly toil. A wife, one son and two daughters are left to reverse his memory.

### THE FOURTH.

The Fourth passed most pleasantly. A short but excellent program, consisting of street parade, in which Liberty, Utah, and Cuba, with the respective maidens, were properly represented. The night was most stately. White horses, neatly caparisoned, displayed their riders to great advantage. Clowns and other drolleries, with a goodly number of bicycles, followed in the train, while the band played with its cheering group led the procession.

At the meeting house, where a sea of happy faces illustrated the growth and beauty of Utah, a very effective program was carried out. The musical talent of the community was well represented. The Declaration of Independence, recited by Prof. J. B. Nelson, and the oration by John Jorgensen, were much appreciated.

Reclining songs, etc., completed the program. The hall had a fine display of bunting, flags, mottoes, pictures, etc., while the central attraction was the representations of Liberty, Utah, Cuba, and Maine, perched on their respective platforms, reaching and towering one above the other.

The afternoon was spent in out door amusements of all kinds, where prizes were given to the best competitors, of the whole program was strictly under the management of the Improvement associations, and they deserve much credit.

Hans Tuft is creating a neat and commodious brick cottage.

### GRANTSVILLE.

The Fourth Fittingly Celebrated—Woolley-Jeffs Nuptials.

Special Correspondence.

Grantsville, Tooele County, July 5.—Independence day was duly observed by our citizens, business of all kinds being suspended and everybody bent on having a good time. Stockton got ahead of our committee in securing the services of the brass band, but nevertheless

nothing was left undone to make the event a thorough success.

### WOLLEY-JEFFS NUPTIALS.

Richard Jeffs of Farmington, Davis county, and Phoebe Woolley of Grantsville, were married in the Salt Lake Temple on the 27th of last month. The wedding reception was held at the residence of the bride's parents on the 29th inst., the affair being one of the most brilliant events of the season. The bride is the daughter of Patriarch Samuel W. Woolley, and is one of Grantsville's most popular young ladies. They will make their future home among the beautiful gardens of Farmington.

The opera house is looming up, and Contractor Everetts says he will soon have it ready for use. The building is 50x60 with basement story. The dancing floor is to be separate from the theater hall.

Mr. Samuel Gains and Fred Bigler of Park City have leased the Third Term mine here, which belongs to Thomas Jennings of Salt Lake City.

### DESERET.

Wealth from Lucern Galore—The Fourth Celebrated—Convention.

Special Correspondence.

Deseret, Utah, July 5.—The glorious Fourth was observed in this part of Millard county in a manner befitting the occasion. In the wards of Oasis, Deseret and Hinkley appropriate programs were rendered, and in the evening in each of these wards a ball was given. A challenge had been sent by the baseball players of Kanosh to the Deseret boys, and the same was accepted, but for reason unknown to your correspondent, the former failed to appear, and those who expected to witness an interesting game were disappointed.

Next Saturday, the 11th inst., will be a day of special importance for Deseret, on that date the Republican judicial convention convenes here. In the afternoon a match game of baseball will be played by the Hinkley and Deseret teams. The game is sure to draw a large crowd as a bet of \$50 has been staked by the respective teams.

### MILLARD COUNTY'S BONANZA.

A visit to the "Deseret" of Millard today (the name is sometimes understood to comprise Hinkley, Abraham, Oasis and Deseret proper and in this sense I use the term) can hardly realize the change that even five years ago brought to this locality. On every hand are to be observed the evidences of prosperity. By far the greatest profit to Deseret's farmers comes from the lucern seed for which this section has become proverbial. It is marvelous to see the change that has come over the land in the last five years. In a single year, the value of the farms here has been increased by 50 per cent. If we judge a farmer's genuine success by the income of his farm, then we must declare this the farmer's paradise. The lucern seed is the famous northwest, there is no example of a greater income to the farmer per acre of land than has been known here.

It is difficult to find a farmer here who is not well prepared to say that he has made a fortune, but we can truthfully assert that during the last five years a fair crop has been grown.

### THE DROUGHT A DRAWDACK.

Admitting even that a failure of crops is experienced two years in every five, the industry will still prove a paying one, and the Deseret farmer can still be prosperous to a large degree that would suggest "rich" that lucern crop. It is the patient agriculturist of our older States. The present outlook for this year's crops are not first class, owing to the unusual scarcity of water. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the Wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves the medicine to be a cure for Stomach, Liver and Kidney troubles. Only 50c. Sold by Z. C. M. I. Drug Dept.

### PROSPERITY SMILES.

No, the Deseret farmer does not want to sell. He is getting rich and knows it, and that fact makes him spin all his efforts for his land. His money that he realizes from seed sales in far easier than the income of a Lucern farmer, and he spends it cheerfully, too, in the purchase of conveniences, and even luxuries. It is surprising how many pianos, organs, bugles and other articles of value, too numerous to mention, have been purchased in the last few years. On Sunday afternoons and holidays families are to be observed driving in "turnouts" that would appear favorably in any city.

### KANOSH.

Celebrates the Fourth—Feared to Visit Deseret on Account of Smallpox.

Special Correspondence.

Kanosh, Millard Co., July 5.—The glorious Fourth was celebrated here yesterday, with the usual enthusiasm. A program was carried out before the school house, which was attended by their intended visit to Deseret, owing to the smallpox scare in the county at Fillmore, therefore the Deseret champions will retain their honors for a brief season.

### SCOTFIELD FUND.

Enclosed is a check for \$41.25. It is Kanosh ward's popular subscription to the Scotfield relief fund. We are a little tardy in this matter owing to one of the trustees being out of town. One of your messengers boys leave the check at its proper destination?

### THE RESCUE HOME.

A Subscriber Writes Strongly of the Failure to Maintain It.

To the Editor:

It will be a matter for regret to those who have witnessed the efforts of the valiant band of women who have been trying to establish a home for the reformed unfortunate of the city that their struggles have ended in the disastrous results of having the home once more broken up through inability to secure a proper place for the needed asylum. Though those who have opposed the establishment of the home in their efforts to establish a home for the reformed unfortunate of the city, doubt actuated by the best of motives, according to their personal standpoint, it is a sad commentary on the Christian spirit of the community that an enterprise having for its foundation the very essence of Christian principle and teaching, should meet with such difficulties as to make its permanent establishment seemingly impracticable. Were the nature of the home the extreme opposite of that which is now being attempted, it could hardly have been more strenuous; and when it is reflected that the aim of the institution is decidedly moral it is hard to accept the argument that its existence in any locality could have an opposite tendency. When we remember that in other cities philanthropic workers have, for the sake of bettering the morals and conditions of their unfortunate brothers

and sisters, left luxurious homes and pleasant surroundings to take up their abode in the heart of districts stricken with sin and poverty, to aid by example and personal association, those who are delinquent upon the score of sin, it seems to me that the people of this community should be able to find a permanent abiding place. In the story "What Would Jesus Do," recently published in the "News," there are excellent hints given as to the true living of precepts in which the Christian portion of communities are supposed to believe; and the case of the Rescue Home might be cited as an excellent one for the application of its manifest moral of the need of a better life.

The devoted women who have been trying to maintain the good work involved in the establishment of the home have had no easy task at best. It is not the lightest nor pleasantest of duties to take hold of the personal supervision of such an institution as they have hoped to sustain, and it would seem that they had a right to expect a reasonable co-operation on the part of the community which it was their purpose and hope to cleanse from an existing blot rather than a sustained resistance as has been evidenced in the failure of their efforts to secure a place for the home. It is to be hoped, however, that the women who are now endeavoring to maintain the good work involved in the establishment of the home, will find a more sympathetic response on the part of the community, and that a deeper consideration of the question will result in a short time in a generous gift to the institution of a proper spot in which it may permanently rear its head.

### Cure for Cholera Infantum—Never Known to Fail.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days the child had fully recovered. The child is now vigorous and healthy. I have since recommended this remedy to my neighbors and have never known it to fail.
