The National Scourge.

It is estimated that the annual damages caused by the ravages of insects and worms exceed \$150-000,000 in the United States alone. Truly an enormous loss! Yet it sinks into insignificance when compared with the ravages of that more terrible scourge, consumption, which annually sweeps hundreds of thousands of human souls into eternity. The causes of consumption are various, depending in every instance for the development of the disease upon the scrofulous diathesis, or temperament of the victim. Thus the same cause which will produce in one person an attack of acute disease or a slight nervous prostration, will engender consumption in a person of scrofulous habit. That consumption can be cured by proper treatment will be readily perceived when the exact nature of the disease is understood, viz. the accumulation and deposition of scrofulous matter (tubercles) in the lungs. Obviously, the principle remedies required are (1) a powerful alterative, or blood purifier, to arrest the accumulations and also cleanse the blood of the scrofulous matter, and (2) a mild cathartic to expel the diseased matter from the system. This course of treatment, in conjunction with a strict hygienic regime, has proved the most successful method of curing this disease. Dr. Pierce's Golden Medical Discovery and Pleasant Purgative Pellets are the best alternative and cathartic remedies before the public, and have been alone used in thousands of cases of consumption with the most marked efficacy. Dr. Pierce's Invalids' Hotel, at Buffalo, N. Y., affords special and unequalled advantages to consumptives, not only possessing the best medical and hygienic means of treatment, but having the essential advantage of being situated in a climate where the inhabitants are notably free from this disease.

THE destructive progress of that insidious foe to life and health, Scrofula, may be arrested by the aid of SCOVILL'S BLOOD AND LIVER SYRUP, a botanic depurative which rids the system of every trace of scrofulous or syphilitic poison, and cures eruptive and other diseases indicative of a tainted condition of the blood. Among the maladies which it remedies are white swelling, salt rheum, carbuncles, biliousness, the diseases incident to women, gout and rheumatism.

GOLD MEDAL

has been awarded at the Paris Exposition of 1879

J. & P. COATS,

for their best Six-Cord Spool Cotton, conforming the estimate placed upon their goods at the World's Exposition, from Great London, 1882, to the Centennial Exposition of 1876, where they took a diploma for "SUPERIOR STRENGTH AND EXCELLENT QUALITY."

The Second Prize of a Silver Medal was taken by the William Ligon Company, which claims to be the special champion of American industry, and which has extensively advertised a Grand Prize at Paris.

NO GRAND PRIZES were awarded for Spool Cotton at PARIS

Messrs J & P. Coats have established in Pawtucket, U. S. A., the largest Spool Cotton Mills in the United States. Every process of manufacture, from the raw cotton to the finished spool, is conducted there. Their American-made Spool Cotton took the award at the Centennial, and while they have never claimed special merit for their American-made Spool Cotton over that manufactured in the Scotch Mills, we have the satisfaction of announcing that they have so identified themselves with this country, that

THE CHIEF OF HEALING COMPOUNDS.

HENRY'S Carbolic Salve.
The Most Powerful Healing Agent ever discovered.

Physicians give it the highest recommendations. **POINTS TO BE BORNE IN MIND.** Carbolic Salve positively cures the worst sores. Carbolic Salve instantly allays the pain of burns. Carbolic Salve cures all cutaneous eruptions. Carbolic Salve removes pimples and blotches. Carbolic Salve will cure cuts and bruises.

Henry's Carbolic Salve ranks at the head of all Salves, Ointments and other Healing Compounds, and has achieved a greater reputation and has a larger sale than any other similar preparation. The most

VIRULENT SORES AND ULCERS have been cured with wonderful rapidity by the use of Carbolic Salve, and it is prescribed now almost universally by Physicians throughout the country in their practice.

Testimonials from the most respectable sources, medical and otherwise, are constantly accumulating on our hands, demonstrating the sovereign efficacy of this Great External Remedy.

and that the cure which it affords are as prompt as they are complete. The following extracts are all we deem it necessary to insert.

Geo. B. Lincoln, Pres't of the Board of Health, N. Y., writes: Your Carbolic Salve is an excellent article, and I thank you for it. This is another evidence of the great value of the discovery of carbolic acid."

D. R. Locke (Petroleum V. Nasby), of New York, writes that he had "on the finger of his right hand one of those pleasant pets, a run-around, the finger became inflamed to a degree unbearable."

A friend described it with Carbolic Salve, and in twenty minutes the pain had so much subsided as to give a fair night's rest.

The inflammation left the finger in a day."

Henry's Carbolic Salve

is used extensively in Hospitals, and is found to be not only a thorough, efficient and speedily healing remedy ever known. Sold by all Druggists.

A GOOD PLAN

The most profitable plan for operating in stocks is that of uniting capital of various sums by combining or pooling the orders of thousands of customers, and using them as one mighty whole; which has been done successfully by Messrs. Lawrence & Co., Bankers, 47 Exchange Place, N. Y. City. By this co-operative system each investor is placed on an equal footing with the largest operator, and profits are divided proportionally among shareholders every 30 days. An investment of \$10 would pay \$50 making 5 per cent on the stock during the month; \$25 would return \$100, or 6 per cent; \$100 would make \$1,000, or 10 per cent; and so on, according to the market.

Fra & Le's Illustrated Newspaper, June 29th, says: "The Combination method of operating in stocks is the most successful ever adopted."

New York Independent, Sept. 12th, says: "The combination system is founded upon correct business principles, and no person need be without an income while it is kept working by Messrs L. Lawrence & Co."

Brooklyn Journal, April 29th, says: "Our editor made a net profit of \$101.25 on an investment of \$20 in one of Messrs. Lawrence & Co's combinations."

The firm's new circular (copyrighted and sent free) contains "Two unerring rules or acess in stock operations," and explains everything. All kinds of Stock and Bonds wanted. New Government Loans supplied. Best references. Address, L. W. RENE & CO., Bankers and Brokers, 57 Exchange Place, New York City. w40
