OGDEN HIGH SCHOOL.

"Rah, Rah, Rah,
Who Are We?
Ogden High School,
Don't you see?"

It was a very funny game that took place Saturday afternoon between the High school football team that represents this city, and Ogden. It was a "trust" game. The Salt Lake team had the exclusive right, power and privilege of engaging in the pleasant business of "touchdowns," "goals," and "points" connected with the affair. They had a monopoly and gloried in their absolute possession or control "without being in the smallest degree checked by the clamor against it."

Those who looked their two to one on Ogden—and it is said they were numerous—are very sorry and won't do it any more.

But coming down to the hard cold facts, it wasn't a football game at all. Why? Because there was only one football team on the field. The aggregation from Ogden are real nice fellows, thorough gentlemen, and may understand a score or two in the game, but the article up for consideration Saturday appeared both strange and new to the general boys from the north. The man who has been endeavoring to convince people that the home team is not as strong as it was last year has been woefully deceived, and he knows it, too. For a team to run up a score of 52 to a cipher it means that that team is to about all the tricks known to the game. Such was the case with the "Ogden" team. Eighteen of the 52, which means two touchdowns and a goal, were secured within twelve minutes after the signal to begin hostilities was given. The Salt Lake boys indulged in nearly every play known to the game. They carried the oval through, under, over, and around their opponents' lines with such rapidity that the spectators were bewildered. The visitors kicked the ball into Groesbeck's hands, and journeyed back about six yards before tackled. In the mix up that followed Captain Craig Thornburn received a blow in the back that forced him to withdraw from the game, although he did not so immediately. He pluckily attempted to continue in the game, but was finally compelled to give up.

THE FIRST TOUCHDOWN.

The first touchdown caused some remarks. The Salt Lakers heard a signal, "kick," or something and the next instant it was observed that Captain Fred Smith was affectionately hugging the pig skin and escaping with long swift strides around Ogden's right end. There where our boys got in their fine interference work and kept their opponents away from the noble Fredrick while he sprinted 30 yards for a touchdown. Groesbeck kicked the goal. Time, 1:47.

Four minutes later Captain got the ball after a number of downs and ran eighty yards for a touchdown. Groesbeck, assisted by the wind, missed the goal. The next time Ogden got the ball they carried it less than ten yards, and then lost it for not pushing it far enough in three downs. Salt Lake proceeded to buck their way for another score when F. Smith bucked his way through for several yards. Here four of the boys resolved themselves into a battering ram and took the ball to within a short distance of the goal. Groesbeck went over and scored again.

This sort of thing was kept up until the end of the first half, and Salt Lake was 29 to Ogden's 0.

SECOND HALF LIVELY.

Five minutes after the second half opened Callahan's side made another touchdown and goal. Some field kicking was indulged in but it was not altogether a howling success. The first touchdown was made by Morris Burke and Groesbeck did the goal act some more. The next kick off landed the ball in Callahan's hands, and that got journeyed toward the goal and being induced to tarry. Fred Smith then concluded that it was time for another touchdown and getting the ball on a cross play sprinted the sixty-five yards to him and the goal while his companions sent the Ogdenites tumbling about in picturesque confusion. No goal. More rushes and end plays. Cross plays, footings. Another touchdown and goal. Game ends. Then there was some yelling. A naughty contingent from the High School gave three cheers to Ogden and then three for themselves. The cheers for Ogden were "Hurray, Hurray, Hurray!" Very weak. For Salt Lake "HURRAH! HURRAH! HURRAH!" The line-up of the teams, etc., follows:

Salt Lake 34; Ogden, 0. Touchdowns though he did not so immediately. He pluckily attempted to continue in the game, but was finally compelled to give up.

Sporting Notes.

Quite a large number of sportsmen went duck hunting Saturday and yesterday, but most of them returned empty handed and disappointed. They report that the warm weather has driven the ducks north and they are very scarce around these parts.

of organizing a basketball league did not materialize. Only one team was represented and of course nothing could be done and the meeting was postponed.

On Thursday afternoon the All Hallows' high school and second teams will battle for supremacy on Walker's gridiron. The spirit of rivalry is rife between the lads competing the teams and every player will work hard to win.

A game between the Y. M. C. A. and All Hallows second teams has been arranged for tomorrow at Walker's. The lads of the Christians have a shade the better of it but otherwise the teams are evenly matched and will put up a contest worth going to see.

This afternoon the Washington and Ogden school teams are engaged in a battle at the University campus. The same teams played at Ogden last week but today's contest will decide which team is the superior. The team losing this afternoon will take a back seat.

In the final match play in the golf games for the Wilkes cup which took place at the country club links Saturday afternoon, E. W. Genter defeated L. E. Ritter, Jr. by a score of three holes and two to play. The attendance was very small and not much interest was taken.

The Davis county nursery footballists are not at all satisfied with their game with the Ogden team. They are anxious for another chance to meet the Christians. Manager Goodwin is perfectly willing to comply with the wishes of the team up the line and give the boys another game as soon as it can be conveniently arranged for.

It has been suggested by a number of football enthusiasts who patronize nearly all the games of the season, that the Walker's park management mark off the field of battle nearer to the grand stand and bleachers than it is at present. There would be no occasion for people crowding up to the fence and obscuring the view of others.

One of the features of Saturday's football game was the neat "hurdle" play by the home talent which occurred in the first half. The play was with a yard of the goal when it appeared that an effort would be made to go through Ogden's line. The visitors braced themselves low for the onslaught when, to the surprise and joy of Salt Lake, Capt. Smith was given the ball and lifted clear over the heads of the enemy.

Much interest is centered in the game scheduled for Saturday between the Mutes, of Ogden, and the All Hallows, of Ogden. The Mutes, who were the victors in the game, carried the oval through, under, over, and around their opponents' lines with such rapidity that the spectators were bewildered. The visitors kicked the ball into Groesbeck's hands, and journeyed back about six yards before tackled. In the mix up that followed Captain Craig Thornburn received a blow in the back that forced him to withdraw from the game, although he did not so immediately. He pluckily attempted to continue in the game, but was finally compelled to give up.

STEVENSON'S FORECAST.

He Declares that the Democrats Will Carry Indiana.

Chicago, Oct. 21.—Adlai E. Stevenson, who returned yesterday from his eastern tour, in an interview today spoke enthusiastically of the Democratic activity in the States through which he passed. Mr. Stevenson made the flat-footed declaration that the Democrats would carry Indiana, and added: "Ohio should be put down as very likely to give its electoral votes for Bryan. To my mind the two great doubtful States which lean more strongly to the Democrats than the Republicans are in this election are New York and Ohio." Mr. Stevenson then made the following estimate of the situation as it stands today:

For McKinley—California 6; Connecticut 4; Iowa 13; Maine 6; Massachusetts 15; Michigan 14; Minnesota 9; New Hampshire 4; North Dakota 3; Oregon 4; Pennsylvania 12; Rhode Island 4; Vermont 4; Wisconsin 12; Wyoming 2. Total 139.

For Bryan—Alabama 11; Arkansas 3; Colorado 4; Florida 4; Georgia 13; Idaho 3; Indiana 15; Kentucky 13; Louisiana 3; Maryland 3; Mississippi 6; Missouri 17; Montana 3; Nebraska 3; Nevada 3; North Carolina 10; South Carolina 9; Tennessee 12; Texas 15; Utah 3; Virginia 12. Total 159.

Doubtful—Illinois 24; Kansas 10; New Jersey 10; New York 35; Ohio 20; South Dakota 4; Washington 4; West Virginia 6; Delaware 3. Total 120.

Mr. Stevenson left tonight for three days' tour of Michigan.

Jetty at San Diego Completed.

San Diego, Cal., Oct. 22.—The United States government jetty at the entrance to this harbor has just been completed. About thirty thousand tons of rock from Coronado island have been put in to work by the contractors.

Grand Reception for Mr. Bryan.

New York, Oct. 22.—It is planned to make the reception by the League of Democratic Clubs for Col. Bryan at Madison Square Garden, next Saturday night, one of the most spectacular political gatherings ever held. The general public will be admitted to the entire main floor. Five bands will play in the Garden. Fifteen thousand electric lights will be used to illuminate the garden and Madison Square park. The speakers will be Anson P. Stokes, chairman; ex-Senator Hill, W. Bourke Cockran, Col. Bryan and Senator Wellington.

The Republican mass meeting in honor of Gov. Roosevelt at Madison Square Garden next Friday promises to be picturesque. There will be a series of parades from almost every quarter of the city converging on Madison Square. They will be divided into eighteen groups. With one group will be five hundred Columbia college students marching in a body. Charles S. Fairchild, secretary of the treasury under President Cleveland will be one of the speakers.

Bartholdi's "Liberty" in Bad Shape.

New York, Oct. 22.—The Journal and Advertiser says:

Bartholdi's statue of Liberty on Bedloe's island is in bad condition and an expenditure of from \$75,000 to \$100,000 will be required to put it in proper repair. If these repairs are not made soon a much larger sum will be needed to keep it from falling into ruin. The only reason for this deplorable condition of affairs is that there is no money for the use of the committee to which is entrusted the proper care of the gift of the French republic. Several efforts have been made in past years to get Congress to appropriate sufficient money to complete the pedestal and grounds, but the bills have always been defeated.

TO BE NEWPORT OR SANDY HOOK.

Yachtmen are Discussing Advise-
bility of Sailing on New Course.

CUP COMMITTEE TO DECIDE.

Sir Thomas Lipton's Challenge Has
Brought on Numerous Warm
Debates.

New York, Oct. 22.—Since Sir Thomas Lipton's challenge yachtmen have resumed with new earnest the discussion as to the advisability of abandoning the historic course of Sandy Hook for the more breezy neighborhood of Newport. This question will, of course, be settled behind closed doors at a meeting of the cup committee of the New York Yacht club and a special committee of the Royal Ulster Yacht club.

A course off Newport presents many advantages. Good sailing breeze are to be had in these waters almost any day and Bristol, not far from Newport, where the Herreshoff shops are situated, offers every opportunity for quick repair of damages. But there is a very serious drawback. The breeze off Newport often brings forth which preclude racing. Moreover racing on the Sandy Hook course means many more spectators than would be the case off Newport. These conditions make it more than likely the old course will be chosen.

HIGH STEPPERS EXHIBITED.

Over Three Hundred Horses Sent to
the Sixth Annual Show.

Kansas City, Mo., Oct. 21.—Almost every State in the Union that has fine horses has sent a contingent of high steppers to the sixth annual horse show that will begin tomorrow and run for a week. There will be over 300 thoroughbred animals here, accompanied by some of the best known horsemen in the country. The show will be held in Convention Hall, whose immense arena has been converted into a horse show ring.

This year's show will offer one of the largest lists of prizes ever presented on a similar occasion. Tomorrow the A. E. Stillwell stake of \$1,000 will be awarded to the four best saddle horses on record. Among the entries in this class will be Thomas W. Lawson's mare Gypsy Queen, purchased recently at Versailles, Ky., for \$3,000.

Some of the representatives who have arrived or are expected tomorrow are: E. P. Gregory of England, with an exhibit of polo ponies; the stables of J. W. Springer, Solon, W. E. Hughes, Dr. E. R. Rust, Dr. Sherman Williams and Judge O. C. Leary of Denver; Daniel H. Hogan, Littleton, Colo.; C. S. Palmer, Idaho Springs, Colo.; George G. Bernard, Colorado Springs, Colo.; C. E. Dawson, Des Moines, Ia.; A. P. Valentine, Mo.; C. E. Pratt, Little Rock, Ark.; Heavy harness, C. E. Quinton, Trenton, N. J.; George B. Hulme, New York. Hunters, jumpers, polo ponies, walk, trot and canter saddle horses, Thomas Mack, Boston; C. E. Quinton, New York; J. B. Roadster and appointments, Warren Galbraith, Dallas, Tex.; Murray Howe, Chicago; O. P. Updegraff, Topeka, Kan.

ARCHIE McEACHERN WON.

Plan to Shut Him Out of the Race
Failed.

New York, Oct. 21.—Archie McEachern won the twenty-five mile professional bicycle race at the Valley Forge track, Newark, N. J., today, before 3,000 spectators. A story had been circulated before the race that Kraemer, Walthour and Hatfield had formed a combination to shut out the outsiders during the race, but the plan failed because of the superior riding of Aaronson and McEachern, who were a lap ahead of the others at the twenty-third mile. Summary:

Twenty-five mile, professional race, prizes at each five miles and at last lap. Won by McEachern, Toronto; Aaronson, Brooklyn; Kraemer, New York; Walthour, third, time, 1:01:47.

Intermediate winners:

Five miles, W. Coburn. Time, 12:42.5.

Ten miles, R. Walthour. Time, 24:04.5.

Fifteen miles, A. W. Ross. Time, 36:47.5.

Twentieth mile, Aaronson. Time, 48:59.5.

NEW AMERICAN RECORD.

Dennis Morgan Puts the Shot Forty-
seven Feet and Four Inches.

New York, Oct. 21.—Dennis Morgan, the Irish champion shot-purser, completed the open shotputting contest at the dual athletic meet of the Star and Bartholomew Athletic clubs today and established a new American record for the event of forty-seven feet, four inches and four eighths. The former American record was forty-seven feet, made by G. R. Gray at Chicago, on Sept. 1, 1893, and the world's record is forty-eight feet, four inches, made by Horan.

Billy Edwards Matched.

Denver, Colo., Oct. 22.—Billy Edwards, manager for Fred Russell, the California heavyweight, has matched him with Joe Chynski, the fight to take place in this city on Nov. 2.

MICHAEL FILES PROTEST.

Objects to Referee's Decision in Giv-
ing a Race to Johnnie Nelson.

Chicago, Oct. 21.—According to the referee, Johnny Nelson of Chicago defeated Jimmy Michael by default in their match Monday night at the Chicago Athletic club. The chairman of the National Cycling association will have to render the final decision, as there is a controversy over the referee's verdict.

The race was for fifteen miles, and the men had an agreement that if either should meet with an accident during the first mile the race should be started over again. Michael's motor broke down just as he was finishing the first mile, and he pulled up, thinking he was inside the safety limit. Nelson, who was leading when the accident happened, continued unstopped by the

The men then decided that in order to give the spectators their money's worth, they would give a fifteen-mile exhibition. Michael, however, broke his record up to and including fifteen miles. His time was twenty-six minutes, twenty seconds. The former record was twenty-seven minutes, four and one-fifth seconds.

PLEASED WITH ENGLAND.

Edward Corrigan the Turfman Was
Treated Royally Across the Pond.

New York, Oct. 22.—Edward Corrigan, the Western turfman, who has raced a stable of horses in England this year, and has just returned, expresses himself as delighted with his experience at the English courses. "During all my racing," he said, "I never saw (turf affairs) so well managed. British turfmen are admirable gentlemen, particularly anxious to be fair, and their treatment of visiting turfmen is cordial to an extreme."

"As for my return I have heard that Lord Durham is a good man who has the reputation of being considerable of a radical. I know just what is causing the trouble. A lot of American touts that were chased from the tracks of this country have invaded England. The sooner the English jockey club takes action against these fellows, the better it will be for the turf interests everywhere."

"I am sure the American jockeys I do not see what fault can be found with their work. They have been riding to win out, and to say the least, have been fairly successful. The jockey club is very strict and the boys have to govern themselves accordingly."

"It is not unlikely that in the future there will be more swerving than in the past, for the reason that the races are being run differently. Now, it is racing all the way, just as it is here, and in brushing finishes tired horses are likely to swerve more or less. But it will be obligatory upon the boys to keep their lines as nearly even as possible on tired horses and not permit their mounts to interfere with other horses and risk not only disqualification but suspension. I am glad it is so, because it makes racing clean and fair."

Creeks Against Allotment of Lands

Denison, Tex., Oct. 21.—The Creek nation council has been joined by Choctaws, Chickasaws, Cherokee and Seminole, all armed with Winchester. They declare they will stand by the treaty of 1866, and will not take allotment of lands. Col. Sheenfield, agent of the five civilized tribes, is confident that he can handle the situation.

Four Firemen Killed.

St. Paul, Minn., Oct. 21.—As a result of a fire that broke out in the slaughterhouse pen of Hunsan & Co.'s packing-house shortly after midnight last night four firemen are dead and a number of others injured.

DEAD.

William H. Irvine, second assistant fire chief.

Lieut. Frank M. Edry.

Burt Irish.

Louis Wagner.

INJURED.

Andrew Johnson.

William Field, internal injuries.

Thomas C. Larkin, both legs crushed.

The fire, which is supposed to have been of incendiary origin, spread with great rapidity, fanned by a strong wind. From the packing-house the flames spread to the warehouse of the Northwestern Line company and then to the McCormick Harvester company's large brick warehouse, filled with valuable farm machinery. The firemen had entered the McCormick warehouse to be in a better position to fight the flames. A tank containing 200 gallons of gasoline in the rear part of the building exploded, shattering the walls and burying the men in the debris.

The McCormick Harvester company was the heaviest loser, their loss footing up \$30,000. Of this \$30,000 was on building and \$300,000 on stock and notes, all their papers and records being burned. They carried no insurance. The loss of the warehouse is placed at \$25,000, which includes the loss on several tenement-houses and other buildings. Other losses bring the total to nearly \$450,000. Losers other than the McCormick company are well protected by insurance.

Torturing Bishop Fontana.

Victoria, B. C., Oct. 21.—According to a correspondent of the Shanghai Mercury, Bishop Fontana in South America was tortured four hours by Chinese. Different members of his body were removed singly. Two priests were covered with coal oil and placed on a pile of sticks, were then set fire to. Bishop Fontana was disemboweled and others were frightfully tortured. Three thousand converts, led by French priests, in defending their church, were massacred.

THE ANTI-IMPERIALISTS.

Issue an Address Asking Independent Voters
to Support Bryan.

Among Those Signing It Are George
S. Boutwell, William Lloyd Gar-
rison and Thos. W. Higginson.

Chicago, Oct. 21.—The American Anti-Imperialistic league issued an address tonight to "All independent voters in the United States," asking them to support William J. Bryan for President.

Among the names attached to the document are those of George S. Boutwell, Boston; D. H. Chamberlain, Massachusetts, former governor of South Carolina; Joseph S. Fowler, Washington, D. C., ex-United States senator; Edwin L. Godkin, New York; William Lloyd Garrison, Boston; Judson Harmon, Cincinnati, ex-attorney general; Bishop F. D. Huntington, Syracuse, N. Y.; Thomas Wentworth Higginson, Boston; ex-Congressman Henry U. Johnson of Indiana; William H. Lord, Portland, Ore.; Charles Elliot Norton, Harvard University; Franklin Pierce, New York; Arthur Latham Perry, Williams college; Edward M. Shepard, New York; Mordecai Storey, Boston; Edwin F. Uhl, Grand Rapids, Mich.; John J. Valentine, president, West End Express company; United States Senator George L. Wellington, Maryland, and ex-Congressman John De Witt Warner, New York.

The address says: "The regular and profound apprehension the course of the present administration in Porto Rico and the Philippines. Our prior acquisitions were of adjacent territory, extension of area of constitutional government and the creation of new states of the Union. We made their few inhabitants citizens; our people settled them; we there established the institutions of freedom. 'For the first time in our history' it is now proposed that the President and Congress shall rule vast territories and millions of men outside of our constitutional system. Officials sworn to support the Constitution and deriving all their powers therefrom have acquired colonies and assumed arbitrary authority to govern their inhabitants without consent and to tax them without representation. This policy offers to the people of Porto Rico and the Philippines no hope of independence, no prospect of Americanism, no representation in the Congress which taxes them. This is the government of men by arbitrary power; this is imperialism."

"We believe it is the first duty of the American people to stamp with their disapproval doctrines so hostile to liberty and dangerous to constitutional government. If they favor the election of a free and responsible representative, their servants must not have or exercise any but constitutional powers. Between the claim of freedom that all men are entitled to equal political rights and the stigma of tyranny that might makes right, there is no middle ground."

"We have not prior to this year supported the candidacy of Mr. Bryan. We do not now consent to certain of his views on minor issues. Yet his position on the supreme issue of the present campaign is so sound, and his advocacy of it has been so able and courageous that we now favor his election as the most effective way of showing disapproval of Mr. McKinley's course."

"Without claiming any special political influence, we unite, for what our example may be worth to our fellow citizens, in this resolution of opinion. In the presence of a greater danger than we have encountered since the pilgrims landed at Plymouth—the danger that we are to be transformed from a republic, founded on the Declaration of Independence, guided by the councils of Washington, into a vulgar, common-place empire, founded on physical force—we invite the co-operation of all independent voters to avert this great and impending danger."
