

## MINING, BUSINESS AND STOCKS

SHOWING AT  
MAY DAY MINE.

Manager Darmer Imparted Good  
News to Shareholders  
Today.

## COMPANY IS OUT OF DEBT.

Has About \$2,100 in Treasury—One  
Found in Entirely New  
Territory.

The annual meeting of shareholders of the May Day Mining company is being held this afternoon and the indications are that the old board of directors will be retained. There is no opposition to the re-election of J. E. Darmer as manager of the company.

The administration of Mr. Darmer has been a very successful one and the fiscal year closes with the condition of the mine looking probably better than it ever has before.

In his report Manager Darmer will go into details regarding the work of the past year during which about 5,000 feet of workings were run, while the report of the treasurer will show that after the March bills are paid the exchequer will contain about \$2,100.

"There was a time last summer," said Manager Darmer, "when conditions at the May Day were anything but encouraging. We did not have a face showing shipping ore and that necessitated calling upon shareholders for money to keep the work of exploration going and with which to purchase new machinery, which had become a necessity. Shareholders, as a rule, responded to the call and we were permitted to carry on the campaign of exploration into unexplored portions of our property. The result of this work has been highly gratifying. Three new levels were established and in two of these on the 300 and 400—have a very good showing of lead silver ores. As yet, we do not know the extent of these shoots, but there is every indication that they are large. I am expecting to get an equally as good showing on the 500; some zinc ore has already been encountered there."

The condition of the roads has hindered shipments of ore. The bins are filled to overflowing and every chute in the mine is also filled, so you see, we are in pretty good shape to make a showing in the local market when the roads get in better condition. Supt. Eakin is in the city today to attend the meeting of shareholders.
