LOCAL BRIEFS.

The committee in charge extend a cordial invitation to all sons and daughters of the Pioneers to be present at the first annual celebration to be held at Pleasant Grove tomorrow.

The five new cars of the Salt Lake City Railway company have arrived, and will probably be used for the first time on Sunday next. It is likely that they will be put on the Warm Springs and Liberty Park line.

A very enjoyable entertainment was given in the fourteenth ward meeting house last evening, by the pupils of the Fremont school. It was for the benefit of the piano fund, and the proceeds were almost sufficient to furnish the payment for the piano.

Scott Cochran, an indigent young man of nineteen years, walked into police headquarters last evening suffering very severely from chills, and being without a home, and without means. City Physician King sent the young man to the hospital.

The committee on buildings and grounds of the board of education has awarded the contracts for the building of annexes to the Ogden and Grant schools to the Salt Lake Building and Manufacturing Company. The bid for the Ogden was \$4,245 and for the Grant \$3,948. The latter is to be completed by August 25, and the latter by September 1.

Police Officer Lincoln brought a man into the station this morning who was staggering under a load of alcoholic beverages and a new suit of clothes, the latter, he was trying to sell to various saloon keepers, when Officer Lincoln hauled him in. The man claimed to have bought the clothes "over zero," giving an uncertain fling of the arm. It is a good suit of new clothes, and the officers think that it is a suit they have been looking for.

Deve Gallant, a young man about twenty engaged in a quarrel with Dave Swenson, the crippled vender, who is better known as "Simple Simon," with the result that Gallant struck the latter a severe blow between the eyes, which rendered him unconscious. Gallant tried to escape on his wheel, but P. E. Scheffs made chase, and the boy was soon scooped in. He was taken to police headquarters and after a severe reprimand he was discharged, as it was learned that both men were at fault.

Fisher, \$125.55; from Mary Ann Hunter, of Grantsville, the following relief society donations: From Grantsville, \$10.00; from Erda, \$5.00; E. T. City, Tooele county, \$2.00.

A SHEPHERDER KILLS HIMSELF

William Geary Administers to Himself a Dose of Morphine.

THE CAUSE IS NOT KNOWN.

Man from Morgan Indulges in a Mild Spree and Ends it by an Act of Self Destruction.

William Geary of Morgan City, died in a rooming-house at No. 40 east First South street last evening from a dose of morphine administered by himself. Geary had been in the city a few days, and although he had been drinking some, he never seemed to be in a despondent mood, his happy manner giving one the impression that he was the last man on earth to be contemplating such a rash act. Early last evening he returned to his room with a bottle of whisky, and soon after some of his acquaintances entered his room and found him breathing with great labor. They were not alarmed, however, thinking that he was overcome with whisky, and they attempted to rouse him. Presently he opened his eyes, and exclaimed feebly, "If you see any of the boys after I'm most them in heaven's after which he lapsed into a heavy stupor. The room was then overhauled with the result that an empty whisky bottle and a morphine vial which had contained 58 grains, were found, with but 5 grains remaining.

Drs. Benedict and Beers were called, and they worked assiduously over the poisoned man, until late in the evening, but the deadly drug had already done its work, and about 10 o'clock the man expired.

Geary was about 35 years of age, and was employed by Quayle Brothers, herding their sheep near Cokeville, Wyoming, those in the city who knew him well, knew of no possible cause for the awful deed. His relatives, some of whom arrived in the city today to take charge of the remains, are also at a loss to ascribe any reason for the young man taking his life. There is a vague rumor about a sweetheart playing him false, but that is hearsay.

CHICAGO SHEEP NEWS.

Reported by Clay Robinson & Co., Live Stock Commission.

Special Correspondence.
Chicago, June 19.—Up to the present time there have been very few western grass sheep received at Chicago, most of the range sheep shipped thus far having gone to the river markets. Today four cars of prime western grasses, sheep and yearlings mixed, averaged 167 pounds, sold here at \$5.15 per 100 pounds. We do not advise speculating on the basis of any such prices as the above, however, as values will undoubtedly work considerably lower as soon as the sheep begin to come a little more freely. We look for good, fair prices for sheep and lambs for the next six weeks, by which time receipts will doubtless be more liberal, naturally resulting in easier prices.

ANNIVERSARY EDITOR.

Some of the Kind Words of Contemporaries Regarding It.

Salt Lake Herald: The Herald congratulates the Deseret News upon the completion of its fiftieth year, and also upon the very handsome edition with which it commemorated the event. Its anniversary number from a typographical and mechanical point of view, was a gem. In fact, one of the best special numbers ever issued by a Utah newspaper.

Logan Journal: The souvenir edition of the Deseret News was a most excellent number both in regard to matter, illustrations, arrangement and typographical work. It reflects credit on the pioneer of Utah journalism.

Utah County Democrat: We rejoice with you on the occasion of the fiftieth anniversary and extend congratulations. The "News" has grown silverly in newspaperism. Fifty years ago it was a very insignificant sheet in pamphlet size today it is one of the most important papers in the intermountain region and one of the largest papers in our State. Surely the "News" has been prosperous. Here's to the "News."

ALLEGED SMALLPOX.

Case Reported to County Physician from Riverton.

(SPECIAL TO THE "NEWS.")
Sandy, June 21.—Dr. Robinson returned here last evening from Riverton where he was called to see a sick woman, a Mrs. Swan. It was not known what her trouble was, but the doctor diagnosed it as being smallpox and ordered the patient and house quarantined at once. The case was immediately reported to the county physician.

Mrs. Swan is a married woman with several children. She has been on a visit to Sandpoint, and probably contracted the disease while there. Since her sickness numerous persons have been exposed to the malady. This is particularly true of a young lady from Draper who has been stopping with Mrs. Swan. The young lady has returned to her home and it is understood that she, too, has been placed under quarantine.

Unnecessary Loss of Time.

Mr. W. B. Whedon, Cashier of the First National Bank of Winterest, Iowa, in a recent letter gives some experience with a carpenter in his employ, that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled, and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drugstore here and informed me that one dose cured him, and he is again at his work."

PROVIDES HELP IN HEALTH DEPT.

Dr. Beatty Offers a Resolution Giving Dr. King Assistance.

EXPENSE IS \$85 PER MONTH

Passes Council by a Vote of 7 to 2—May be Reconsidered—Resolution by Fernstrom.

When Councilman Beatty's ordinance, abolishing the offices of provision inspector and sanitary inspector, and imposing the duties required of those officials upon the health commissioner, went into effect a week or so ago, no one believed for a moment that Dr. King could get along without additional help, and it was expected at the time that a resolution would soon be offered providing aid for the health officer. So when Dr. Beatty, at last evening's Council meeting, introduced a resolution authorizing Health Commissioner King to employ help in the health department "at an expense not to exceed \$85 per month," it occasioned no particular surprise.

Mayor Thompson approved the ordinance, conceding that the Council had the right to abolish any appointive office it had a mind to. But his honor has been looking for some kind of a measure to be introduced looking to the providing of "additional help" for the health commissioner, and has announced that he will veto such a resolution when submitted to him for approval.

Dr. Beatty's measure passed last evening by a vote of 7 to 2. Therefore three more votes will be required to bring it to a vote, should it be reconsidered by Mayor Thompson.

The vote on the adoption of the resolution stood as follows: Ayes—Beatty, Cottrell, Gemmell, Fernstrom, Hartenstein, Howe, J. C. Tilden—7.
Absents—Canning, Hewlett, Howe (Edgar), Reid, Robertson, and Thomas—6.

POINT WELL TAKEN.

Later in the evening Whittemore raised the point that as the resolution involved the expenditure of money a vote of the majority of the Council was required to pass it. President Buckle was forced to rule Whittemore's objection out of order, coming at the time it did, but had to acknowledge that the point was well taken. The president informed the member from Second that his remedy lay in moving a reconsideration of the motion to adopt, which remedy will be done at the next meeting.

FERNSTROM'S RESOLUTION.

The following resolution was introduced by Fernstrom and referred to Whittemore, with instructions to report at the next meeting:
"Whereas, The honorable Republican city committee has assumed all the responsibility of this administration to advise, direct and execute all actions of the Republican members of this council, and
"Whereas, A great deal of confusion and misunderstanding have arisen through the new order of this, and
"Whereas, It is a most systematic condition of affairs, I move that the following rules be adopted:

"Rule 20.—That the chairman of the honorable Republican city committee be made the past grand master of this council, with the right and authority to dictate, decree and direct the president of this council while he is presiding over the same. He shall, however, not be allowed the right or the authority to veto any bill or resolution introduced by any member of this honorable position.

"Rule 21.—That all the members of the honorable Republican city committee shall have the freedom of this council, and the right to discuss and vote upon all matters coming before this honorable council, but shall not be allowed to speak more than twice on any motion, with the exception of Joe Cottle, who may speak as often as occasion requires.

"Rule 22.—That any appointment before being presented to this honorable council must first have the endorsement of a majority of the members of the honorable Republican city committee. That it shall be the duty of this honorable council to unanimously confirm them, and where two or more applicants are endorsed for one position it shall be the duty of this council to give to each applicant a chance to create new offices, so as to prevent any dissatisfaction. Qualification and fitness for office must never be taken into consideration.

"Rule 23.—The compensation of the honorable members of the city committee and their clerks shall be at the same rate as is now paid to Joe Eldridge for overtime."

TO PROTECT CITY RIGHTS.

Whittemore introduced a resolution providing that the city take steps to protect its rights in regard to a strip of land on Commercial avenue dedicated to the city by the B. Y. Trust Company, and needed for the widening of that thoroughfare. Referred to committee on laws.

FIREMAN SUSPENDED.

Fire Chief Devine notified the council that he had suspended Capt. W. G. Workman of the fire department for a period of fifteen days from June 14th without pay. Referred to committee on fire department.

A request of City Treasurer Morris to be allowed two extra men to aid in writing notices of assessment of water rates was referred to the committee on finance.

STUDENTS AWARDED PRIZES

Commencement Exercises of St. Mary's Academy Before Large Audience.

The twenty-fifth annual commencement exercises of St. Mary's academy occurred yesterday. The room, especially the rostrum, was decorated very prettily, the latter being designed in the shape of a balcony with two white and silver columns. The front of the balcony in white and pale blue crowned with a border of silver ferns. Drapings of white lace hanging in diamond shape over three mirrors, presented a very attractive background.

Four pianos occupied the stage in connection with a row of palm trees and a number of vases of cut roses. The dates "1875" and "1900" in large silver letters occupied a conspicuous place. The room was completely filled by the friends and patrons of the institution, and every number on the program was received with much enthusiasm. The most attractive feature of the exercises were the beautiful tableaux, executed by young ladies in Greek costume, carrying silver and blue scarfs.

Bishop Scanlan presented to each young lady the gold medal or diploma which she had merited.

The graduates were: Myro Wood, Omaha, Neb.; Anna O'Brien, Sheridan, Mont.; Adeline Du Chene, Salt Lake City.

Miss Wood received the prize for the best original work in English verse and prose. This prize was given by A. H. Tarbet in behalf of the Intermountain Catholic.

Miss O'Brien was the valedictorian, and the subject of her address was "The Time Needs Heart."

Bishop Scanlan followed with a very happy talk on the class motto: "To thine own self be true."

In the evening the Alumni association was entertained at a banquet by the sister superior. The officers of the association were: Miss Nora Gleason, president; Miss Frances Phillips, vice president; Miss Mary Luce, secretary; Miss Dora Kinney, treasurer.
