As quickly as possible he was taken to the railway station and placed on the first

CONTROL OF DEPOT YARDS.

The depot yards in this city which have for some time past been in charge of the Southern Pacific company, have been turned over to the Ogden Union Depot & Railway company, to handle in the future. This action was taken February first but was not made public until now. Why this change was made no one seems to be in a position to make known at this time, but it is believed the management think the business of running the yards can better be conducted by the Union Depot company. It has been the custom in the past to send all payrolls and accounts to the coast to be audited and the pay rolls were prepared there, but under the new arrangement, the books will be kept in Auditor Hess' office in this city, which will be more convenient. The yards department carries a monthly payroll of \$25,000, which will be handled from here and will increase the number of employees in Mr. Hess' office.

The grounds for suit were failure and neglect to provide for the mother and child. The parties were married in 1905.

The decision of Judge Ferdinand Erickson of Mt. Pleasant was yesterday received by Clerk J. S. Larsen in the case of Joseph S. Petersen and Zina S. Petersen against Dr. T. B. Budge. The relief sought was, therefore, denied to plaintiffs and a judgment of "no cause for action" awarded defendant. Defendant was awarded costs.

VINA, CAL.

THRIVING NEW COLONY.

In Land of Sunshine and Flowers in Sacramento Valley.

Special Correspondence.

Vina Tehama Co., Cal., Jan. 28.—The colonization of this place began last May, and there has been a steady increase in the colony, and now it numbers 85 souls, and still they come. There is plenty of room for many more Latter-day Saints and the land is among the best found in the Sacramento valley.

The colonists have been very busy spraying, pruning, plowing and other work necessary in a fruit growing district, and have been busy all winter. There have been three or four high frosts thus far this winter, but green garden stuff such as radishes, lettuce, cabbage and some other hardy variety are growing all winter, and farmer here are now planting potatoes and other farm crops. The colony land is bordering on the Leland Stanford vineyard, which is the largest vineyard in the world, comprising about 4,000 acres. It furnishes employment to hundreds of people the year around.

This is surely a land of sunshine and flowers for them to bloom the year round and the country is now green as a lawn. The orange crop is now on and it is very promising one.

No branch or ward organization exists as yet here, but the people are looking for President Robinson any day to organize them. Meetings and Sunday school also day and night school are held regularly.

A fourmote has been laid on the grove here, preparatory to building the tower. This place is about three miles from the main line of the Southern Pacific railroad also the Northern Electric rail line in course of construction while promises to either go through this town or build a spur up to it. What glasses are to weak eyes, Cascarets are to weak bowels. Old people constantly need them, and the need is a natural one.

You old people—Cascarets are particularly for you. You who don't exercise as much as you used to. You who like the easy chair. You whose steps are slow, and whose muscles are less elastic. You must realize that your bowels have also become less active. They need this gentle help every day.

Don't regard Cascarets as physic. They stimulate the bowels just as some foods will do; just as exercise would do, if you took enough of it. They are not harsh, like salts and cathartics. The help which they give to weak bowels is just as natural and gentle as the spur of youth.

When eyes grow dim, you help them. Do the same with the bowels when age makes them less active. There is nothing more important. Costive bowels mean that decaying food is clogged there. And the ducts of the bowels suck its poisons into the blood. You can't feel well until this is corrected. But do it gently—not with a bowel irritant. And do it regularly—once a Cascaret a day. Coax the weak bowels—don't drive them.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the genuine, with CCC on every tablet. The price is 50c, 25c and Ten Cents per Box.
