The Killed and Injured in the Northern Pacific Accident.

THE PAPAGO TRAIN ROBBERS.

What the Railroads East are Doing.

BERNHARDT AGAINST CHICAGO.

MILLIONAIRE MITCHELL'S WILL — SPORTING EVENTS, ETC.

By Telegraph to the NEWS.]

Killed and Injured in the Latest.

STEELE, Dak., April 30.—A passenger train on the Northern Pacific road jumped the track fifteen miles west of here this morning. Report says several persons were badly injured. A relief train has gone to the wreck.

The following is the list of killed and wounded: Killed—W. O. Breed, of Faribault, Minnesota. He was accompanied by his family *en route* for Washington Territory. He was standing on the platform talking to Charles Stanley, of this city, when the crash came, and in attempting to jump was caught by an overturning coach and crushed to death. Stanley escaped injury by jumping off on the opposite side. Breed's family were uninjured.

The wounded are: C. H. Gray, of Ellsworth Falls, Maine, cut in the arm and head; Miss Gertrude Hill, Bozeman, Montana, badly hurt internally; H. H. Scobble, superintendent North Pacific Telegraph lines, legs badly smashed and there are doubts of his recovery; Michael McCarbey, Seventh Cavalry, Fort Yates, seriously cut on the shoulder and collar bone; H. Scott, Seventh Cavalry, Fort Buford, jaw broken; Albert Wolf, Seventh Cavalry, Fort Yates, and John Kelly, Fort Buford, injured internally, but not seriously. Only the dining car and sleeper remained on the track.

Mitchell's Will.

WILWAUKEE, April 30.—The will of Alexander Mitchell, the millionaire banker, was made public to-day. No approximation value of the estate is made, and the terms of the will avoid the filing of an inventory, so that the exact wealth left by Mr. Mitchell will never be known. It is believed to be from $15,000,000 to $20,000,000. The entire property, real and personal, is left to his only son, John L. Mitchell, after the deduction of the following legacies: Mrs. Martin Mitchell, the widow, $200,000 and the homestead valued at $500,000, and $50,000 annually; David Mitchell, his grandson, $100,000; Mrs. Isabella Mackie, of Milwaukee, a niece, $25,000; seven bequests to public charitable institutions, aggregating $50,000; Jessie Mitchell (his sister), of Aberdeen, Scotland, $300 a year. The property known as the Wisconsin Marine and Fire Insurance Companies' Bank, is divided equally between John L. Mitchell, John Johnston, his newhew, and David Ferguson, his most intimate friend.

Latest from the Robbers.

SAN FRANCISCO, April 30.—The latest information concerning the Papago train robbers is that a man named Cook has been found in Tucson who claims to know all the men implicated in the robbery. He states that a short time ago he was asked to conspire with these men to rob a train, but he refused and that the plan then proposed was precisely like that carried out. Cook furnished the officers with the names and the full description of five desperadoes, and stated they were all in concealment in Tucson. The officers refuse to divulge the names, but say the men are located and cannot possibly escape. Every exit from Tucson is closely guarded. The leader of the robbers is named Swan.

A dispatch was received here this afternoon by Superintendent Pilmore, of the Southern Pacific Company, announcing that one of the Papago station train robbers had been captured at Tucson, and had made a full confession. A telegram was immediately sent to Tucson asking for full particulars. Meanthme, General Manager Towne, of the Southern Pacific Company, received word that the reported capture was a mistake.

Railway Matters.

DENVER, April 30.—The articles of incorporation of the Pueblo State Line Railroad Company were filed with the secretary of state to-day. The line will run from Pueblo easterly to a point on the eastern line of the state between the A. T. & S. F. and the Kansas Pacific roads, where it will connect with the Missouri Pacific, which is now building west from Ness City, Kansas, at the rate of two miles a day.

The directors of the Denver & Rio Grande road arrived this morning from New York in the special hotel car "Castaracy." They are here to attend the annual meeting of the board of directors which takes place Monday, and at which the resignation of Jackson will be accepted, and D. H. Moffat formally elected.

THE TICKET WAR.

NEW YORK, April 30.—The *Commercial Advertiser* says: The refusal to-day of the Pennsylvania Railroad to sell tickets to accredited agents of the Western Railway, is regarded by ticket agent G. G. Lansing, as the beginning of a war for supremacy between the trunk lines and the western companies. Mr. Lansing says the Pennsylvania road's action is practically a boycott, and it is one of the results of the meeting of the general passenger agents in this city yesterday. The Pennsylvania, which always takes the initiative step in such matters, will be joined, he thinks, by all the other trunk lines. Lansing characterizes this move on the part of the trunk lines as a most

VIOLENT ATTEMPT

to carry out their bold policy of compelling the western roads to abolish the payment of commissions to agents—a policy the Western roads have steadily resisted. The western roads, he said, will retaliate on Monday by compelling the trunk lines to show cause in court why the trunk lines should not forfeit tickets as before. The western roads will also appeal to the inter-state commission, claiming that discrimination is being made contrary to the provisions of the law. The opponents of the trunk lines say this latest movement is an attempt to crush out the weak

WESTERN ROADS.

NEW YORK, April 30.—The Chicago, Burlington & Quincy Railroad to-day notified their associates in the Western Passenger Association that commencing May 5th the Burlington will allow eastern lines to act as its agents under conditions prescribed by them in regard to the payment of commissions. This action by the Burlington is the first complete victory won by the allied eastern roads from any of the western lines that recently combined to fight the great boycott.

Rain in Abundance.

WATERVILLE, Maine, April 30.—Rain has been falling for thirty-six hours, and the river has risen to a greater height than has been known for eighteen years. Two million logs at Somerset mills have broken loose and are floating past to the sea. Many buildings along the river bank are afloat and the water is still rising at the rate of six inches an hour.

GARDINER, Me., April 30.—The water in the Asreconiee stream has reached the highest point ever known, causing a total suspension of business along its banks.

PETERBORO, N. H., April 30.—During the heavy shower yesterday afternoon a waterspout bursted on Fairbank's Hill, at West Peterboro, and caused the most damaging washout ever known here. The water came down in sheets, covering the hillside, and upon reaching the streets swept everything before it. Large roots weighing two tons were washed from their beds and left in the street.

FAIRCHILD, Maine, April 30.—The greatest freshet since 1869 prevails here and the water is still rising.

Baseball.

PHILADELPHIA, April 30.—The greatest event in the history of baseball in this city took place to-day in the opening of the Philadelphia baseball park. The new ground is believed to be the most complete and best appointed in the United States, and a sum not far from $100,000 has been expended in its embellishment. While situated quite a distance from the centre of the city, it is readily accessible by the Pennsylvania and Reading railways and four different lines of street railways. For the opening invitations had been tendered to the state and city officials and prominent citizens, the majority of whom graced the occasion by their presence. The seating capacity of the grounds is 14,500, but before the beginning of the game every seat was occupied and the crowd surged into the field.

The game, which was called at the end of the seventh inning on account of the darkness, was as follows:

Bernhardt.

CHICAGO, April 30.—Sarah Bernhardt's engagement in Chicago has not been a financial success, and she is quoted in an afternoon paper as greatly disappointed. She said: "Chicago has deceived me. I thought her audiences like those of New York. They told me so, but it is not. It is only New York and St. Louis in one." Mme. Bernhardt proceeds from here to San Francisco.

Will J. Davis, the theatrical manager, has secured the lease of the new Haymarket Theatre, now in process of erection, and which will be one of the largest and finest theatres in the country. Cole, the circus manager, is backing Davis. The latter's wife (Jessie Bartlett Davis) is now in San Francisco, with the American Opera Company.

A Sensation.

LOS ANGELES, April 30.—A sensation was created here yesterday by the attempt of H. Porter Ashe, the well-known and wealthy turfman, to obtain possession of his two-year-old daughter Alma. Mrs. Ashe had been residing here while her husband lived at San Francisco. Tuesday last Mrs. Ashe, accompanied by her mother, Mrs. E. B. Crocker, the sister-in-law of Charles Crocker, left here to attend Alexander Crocker's wedding at San Francisco, and left the child in charge of Mrs. Bender, a relative of the family. Yesterday H. Porter Ashe arrived here, and while Mrs. Bender had the child out for a walk he seized her and carried her to the St. Elmo Hotel. Mrs. Ashe was informed by telegraph of the occurence and returned here on a special train this afternoon. A writ of *habeas corpus* was sworn out, which was set for a hearing this afternoon.

The case was continued till Monday morning, the child being remanded in the meantime to the care of the Sheriff, to be left where the parents can both see her.

The Suicide.

DENVER, April 30.—Dout W. Embert, who suicided at the Colorado House last night by poison, and left a note saying financial distress had been the cause, was employed as an engineer in the United States navy, and his relatives living near Paterson, N. J.

The Pugilists.

NEW YORK, April 30.—The intended match between Jack McAuliffe, of this city, and Jim Carney, of England, fell through, the latter wanting to weigh twelve hours before fighting, while the former insisted on twenty-four hours. Arthur Chambers, however, who had deposited $250 for Jimmie Mitchell, was at the *Clipper* office and he, as the backer of Mitchell, and Patsy Sheperd, representing Jim Carney, made a match to fight to a finish within a week with skin tight gloves, stakes $1,000 a side. After the match had been made Mitchell's backer said to McAuliffe, "Win or lose, Mitchell will fight you," and a second match for $1,000 a side between Mitchell and McAuliffe, with a twenty four hours' agreement as to weighing, was made.

Washington Notes.

WASHINGTON, April 30.—The statement prepared at the pension office shows that during the present month there were 11,399 pension certificates issued, classified as follows: Original pensions 5542, increase of pensions 766, Mexican pensions 5090. This is said to be the largest number issued in any one month in the history of the bureau.

The Texas Drought.

GALVESTON, Texas, May 1st.—The *News* commenting upon the drouth says: The drouth last year and that of the present season are unparalleled in the extreme northwest of Texas and the extreme southwest. There have been rains of late that will prove of incalculable benefit to the cattle districts, but the agricultural districts, pure and simple, except, perhaps in a limited area, in northern Texas, are suffering seriously from want of rain. In all that belt of country lying between San Antonio and Austin, from Austin to Waco, from Waco to Brenmond and down the Central Railroad to Houston, and in the circumference described by this geographical circle the country stands badly in need of moisture. Oats and small grain within the district specified are almost a

TOTAL FAILURE,

while corn, that should be well advanced and in a vigorous condition, is seriously wilted and in bad condition at the roots. This is the worst feature of the agricultural situation in central and southern Texas. There is still time ahead to make a cotton crop, although at the best the cotton crop is now bound to be late, unless rains come within six or eight days. The corn crop in Texas will be very much of a failure. So serious is this outlook that wholesale houses are withdrawing their men from the road, pending a solution of the rainfall problem.

Similar to Us.

ST. PAUL, Minn., May 1.—After a day of summer heat, this section was visited this evening by a terrific hail storm, which did much damage. The hailstones ranged in size from a pea to a full grown goose egg, some of the largest weighing four ounces and measuring nine inches in circumference. Glass was broken wherever exposed, that in the tower of the State Capitol being riddled and in some cases even plate glass being shattered. A number of small structures, chimneys, etc., were wrecked by the wind.

Prize Fight.

LONG ISLAND CITY, May 2.—A fight between Ike Weir of Boston, better known as the "Belfast Spider," and Willie Clark, of Philadelphia, took place last night up long Island Sound. The fight was to a finish, Queensberry rules, with undressed kids, for $1,000. The fight was over in twenty rounds and lasted one hour and twenty-three minutes. The "Spider" knocked Clark down twice in the first round, drawing first blood from his nose. Weir also made one clean knock-down in the seventh round after which Clark fought entirely on his gameness, taking terrific punishment. Clark was a badly beaten man His face was badly cut up, while the "Spider" was scarcely marked. At the end of the twentieth round Clark's seconds threw up the sponge, as their man was unable to see, one eye being entirely closed and the other nearly so, and too weak to come to time. The opinion of sporting men present was that the "Spider" could out-fight any man of his weight in the world.

Horrible Murder and Suicide.

PITTSBURG, May 1.—This morning when Jennie Oswalds, a girl eleven years of age, came from her bedroom into the dining room of her home in Shaler township, near Etnaborough, just beyond the limits of the city, she found her father, Chas. Oswold, sitting in a chair with his throat cut and her younger sister, aged nine, lying on the lounge dead. It was a case of suicide on the part of Oswald and all signs indicate that he murdered his daughter before cutting his own throat. The child had evidently been smothered to death, as a piece of cloth was found stuffed in her mouth. It is supposed that constant brooding over his domestic and financial trouble had turned his brain. Oswald was a blacksmith, 45 years of age.

Lansdowne's Cruelty.

QUEENSTOWN, April 1.—William O'Brien, editor of *United Ireland* and Mr. Kilbride, one of the tenants evicted from the Lansdowne estate, sailed hence for New York to-day. In the course of his remarks, Mr. O'Brien said that he carried with him the full approval of the Irish people. He felt that when the liberty-loving Canadians heard the true account of Lord Lansdowne's cruelty to his tenants, they would not tolerate their being governed by such a man.

Big Cattle Syndicate.

DENVER, Colo., May 1.—There have been several mysterious and secret meetings of prominent cattle men in both Colorado and New Mexico during the past ten days. It is rumored here to-night that the purpose of these meetings has been to organize a company to be known as the "American Cattle Trust Company," the object of which will be to fight the Armour dressed beef syndicate of Chicago. The new syndicate includes Nelse Morris, of Chicago, and many of the wealthiest cattle owners in Colorado, New Mexico and western Kansas. It is claimed they have a paid-up capital of $25,000,000.

Keep's Resignation.

CHICAGO, May 1.—Telegraphic news from New York last night to the effect that President Keep, of the Chicago & Northwestern Railway, was about to resign in the interest of a more aggressive policy, and that Marvin Hughitt, second vice-president and general manager of the road, would succeed him, was called to Keep's attention to-day. "So far as I am concerned," said Keep, "the report is true. I have been president of the road fourteen years and resign because I want more rest and less confinement."

Hod Carriers' Strike.

CHICAGO, May 1.—To-morrow about 3,000 hod carriers and laborers will be idle here, having been ordered on strike by the hod carriers union. The number would have been fully 5,000 had not over a hundred employers granted the demand for an advance of from three to five cents an hour. BOSTON, May 1.—The managers of the leading clearing houses in the United States report the total gross exchanges for the week ending April 30th, to be $977,108,805, increase 25.5.

A Lucky Fool.

DETROIT, Michigan, May 1. — Wm. Wheeler, a dime museum door keeper and lecturer, came here from Chicago several months ago. A few weeks ago he received word that he had fallen heir to an undivided half interest in a California uncle's $300,000 fortune. Immediately he resigned and proceeded to celebrate, soon disposing of all his spare cash. For the sake of lucre, to take him to the Golden Gate, he secured a position as night clerk at the Coburn House. Last night he left without giving due notice, taking with him a little more than $100 belonging to the hotel. Nothing has since been heard from him.

Up to a late hour to-night Taggart failed to show up, and the officials of the bank have given up all hopes of his returning.
