THE ELECTIONS.

CONNECTICUT.

HARTFORD, Conn., 7.—Connecticut elects 11 republican Senators and one democratic Senator. Senators holding over, 5 republicans, 7 democrats, the Senate now stands 16 republicans, 8 democrats. The lower house, with 10 towns to hear from, which were last year evenly divided stands 145 republicans, 90 democrats, 1 tie.

Republican majority, 57; on joint ballot, 65.

DAKOTA.

ST. PAUL, 7.—In Dakota the vote shows a large majority for the new constitution.

KANSAS.

TOPEKA, 7.—Enough returns from the judicial districts are in to make it clear that Martin, democrat, is elected judge of this county; Thomas, republican is elected sheriff; Spencer, democrat, clerk, republican ticket elected.

MASSACHUSETTS.

PITTSBURG, 7.—The *Commercial Gazette* this evening telegraphed to Gen. B. F. Butler for his views on the result in Massachusetts, and asking for his programme of the future. The following is the reply received:

To the editors of the Pittsburg Commercial Gazette:

Boston, Mass., 7, 9 a. m.—An answer to your question is easy as to the result in Massachusetts. Last year I had 134,000 votes. The largest vote ever polled was in the Garfield election in 1880—Garfield 165,000, Hancock 112,000; total 277,000. This year the vote is 313,000, of which I have 152,000. This enormous increase has been caused by the free use of money, fraud, and corruption of my opponents. More votes have been cast than will be in the next Presidential year. The eight or nine thousand plurality of my opponent was more than lost in the city of Boston. Massachusetts is, therefore, surely democratic if I make another State canvass with a further gain. When a man has increased the democratic vote from 112,000 to 152,000 in three years, is there any need of an answer to your question what my programme will be? I am pleased with the result; had rather have my vote than to be elected by 135,000. In that case it would, be said that though, Massachusetts is a republican State; she has a large reserve vote, which in a Presidential election will come out. Now we have had them all out and measured them, and in the next Presidential election, with a judicious platform and popular nomination, at least we should keep all the republican men and money at home to take care of Butler instead of sending both into Ohio and Indiana to corrupt those States.

(Signed) BENJ. F. BUTLER.

MISSISSIPPI.

Jackson, 7.—In the legislative and county elections there was no opposition to the regular democratic ticket except in a few counties where the republicans and democrats combined on a fusion ticket against the independent, Chalmers. Returns are slowly coming in. There is no doubt of the success of the regular democratic and fusion tickets.

MINNESOTA.

St. Paul, 7.—Official returns from six counties, partial returns and estimates from about 50 counties, and five estimates based upon the election two years ago from 10 counties, give Hubbard 14,000 majority, and the rest of the republican ticket about 17,000. These figures will not vary much from the official ones.

MARYLAND.

Baltimore, 7.—Latest returns show McLane's (democrat) majority in the State 12,069. The Senate stands 14 democrats an 12 republicans. The House of Delegates 63 democrats, 25 republicans, giving the democrats a majority of 37 on joint ballot.

NEW YORK.

NEW YORK, 7.—The total vote for Mayor in Brooklyn exceeds that cast for State officers nearly 4,000; Low's majority 1,688.

The *Tribune* estimates Carr's plurality at over 16,000, and says the other republican candidates on the State ticket apparently leak only 4,000 to 6,000 of election. It says the Senate stands 19 republicans, 13 democrats; House, 74 republicans, 54 democrats.

PENNSYLVANIA.

PHILADELPHIA, 7.—Republican State ticket elected by 15,000 majority, and probably 20,000, says A. K. McClure, editor of the *Times*.

Official returns will not be in for several days.

VIRGINIA.

RICHMOND, 9.—The election generally passed off very quietly as far as heard from, although the contest was the most excited in the history of the commonwealth. Indications are that the democrats carried the State; as returns at hand show considerable democratic gains.

Petersburg, 7.—Later information received concerning the disturbance at Wakefield shows it to be more serious than at first reported. In addition to White, who was shot, it is thought W. H. Morris, proprietor of the hotel at Wakefield, has been killed. At the time of the disturbance, Morris, against whom there was some ill feeling, attempted to leave the crowd, when he was pursued by a mob. Nothing has since been heard of his whereabouts. It is supposed that after being killed the body was concealed. While the disturbance was at its height police assistance was telegraphed from Waverly. Large posses of men have been searching to-day for Morris, but at last accounts nothing had been learned concerning him.

Columbus, S. C., 7.—Great interest is manifested throughout South Carolina in the result of the Virginia election, and when the news of Mahone's defeat was received in this city the enthusiasm of the people was unbounded. The flying artillery fired a salute in honor of the event.

Richmond, 7.—The Senate stands democrats 22, coalitionists 18, doubtful 5. House of Representatives, democrats 60, coalitionists 29, doubtful 11. When the doubtful counties are heard from, the democratic majority on joint ballot will probably reach 25.

Depravity and Disaster.

COLUMBUS, Ohio, 7.—A smash up occurred on the Pan Handle road at Rockport, one mile west of Newark, to night. A Pan Handle freight was taking a siding, and the brakeman left the switch standing open. The Baltimore & Ohio passenger ran into the freight, making a fearful wreck. Engineer Matthews, of Columbus, and a fireman, name not learned, both of the passenger train were instantly killed. Two others will die.

Springfield, Mo., 7.—One death to-day among the victims of the tornado, several others in a very critical condition, and some of them will die. Reports last night embraced full and correct particulars. About $25,000 was raised to-day for the relief of the injured and destitute. All are being well cared for. The work of rebuilding goes on all day. Carpenters are preparing material for new houses in place of those destroyed. About forty families are homeless and destitute, and as many more materially damaged in property. Many of those who lost their property are employees of the railroad, and Captain Rogers, general manager of the road, is furnishing material to all of them to rebuild their places, and they are given their own time in which to make payment.

Walkerville, 7.—Three cattle barns belonging to Hiram Walker, distiller, 400 head of cattle, 200 tons of hay and 5,600 tons of coal were destroyed by fire this morning. The animals were roasted alive. Losses estimated at $100,000, partially insured.

New York, 7.—John Connolly, 30 years of age, killed himself last night, being dissatisfied with the result of the election. He was a saloon keeper.

Boston, Mass., 7.—Nathan Sakalny was arrested on the steamer *Marathon* this morning, charged with extensive forgeries in Bromberg, Prussia. Sakalny was many years in the banking business. Becoming financially embarrassed, it is alleged that he forged acceptances for nearly $50,000.

Cleveland, O., 7.—Kirtland M. Fitch, defaulting cashier of the Warren, Ohio, Second National Bank, to-day pleaded guilty to embezzling $80,000, and was sentenced to five years' imprisonment. He was taken to the penitentiary this afternoon.

Galveston, Texas, 7.—*News* Long special: At 12 o'clock last night a hundred armed masked men quietly surrounded the house in which was confined John L. Martin, who yesterday confessed murdering, through jealousy, his wife, a daughter of the Rev. Mr. Newton. The guards gave Martin up on demand. All the night long previous to that moment the murderer had been protesting that he ought to hang, and wanted to hang; but while being carried away he groaned piteously and prayed for mercy. At 2 a. m. another large body of armed men went to the constable's house and asked for the prisoner, but left immediately on being informed that they had been preceded. Martin's corpse has been found hanging to a tree in the outskirts.

Morristown, N. J. 7.—Senator Randolph complained this morning of not feeling well and did not go down to breakfast, but retired to his study, where he was found insensible shortly afterwards by his daughter. Dr. Linsley, family physician, was called, but when he arrived, the Senator was dead. Fatty degeneration of the heart was the cause of death.

The Railroads.

SAN FRANCISCO, 7.—The National Dispatch Line having not maintained the agreed division of rates, companies west of the Missouri instructed the eastern agents to charge full local rates on all freight for California, shipped via the National Dispatch.

Topeka, 7.—The Transcontinental Pool Association held an adjourned meeting from Chicago here this afternoon and evening.

A telegram was sent George W. Ristine, who was elected commissioner of the pool at Chicago last week, and after a few hours waiting he replied, accepting the position.

The Union Pacific, Central Pacific, Galveston & Missouri, Denver & Rio Grande, Northern Pacific, Atchison, Topeka & Santa Fe, and St. Louis & San Francisco roads were represented. No other business was transacted.

Another meeting will be held to-morrow.

The Colorado Pool Association will hold a meeting to morrow.

FOREIGN.

LONDON, 7.—A number of foreigners in Madagascar, including three American citizens, sent a memorial to Earl Granville, British Foreign Secretary, asking that a British ship be sent to take off those persons who in view of French operations wish to leave the island.

Latest accounts show that 63 miners were killed.

General Pryor says he has not applied to take part in O'Donnell's defense, and does not propose to make an application. He is aware of the rule excluding any but English barristers from British courts, and does not imagine it will be relaxed in his behalf. Gen. Pryor states that O'Donnell is already provided with counsel in whose fidelity his friends have implicit confidence.

It is expected that all witnesses for O'Donnell will reach England before November 23rd, the day the trial begins.

Last mail advices from Madagascar state that the Hovas have secured a large supply of gunpowder from America.

Dublin, 7.—The Irish National League declares no confidence shall be put in the government inquiry into the riots in Londonderry, on the occasion of Lord Mayor Dawson's visit there.

A plot is discovered to tar and feather the Lord Mayor on Thursday while attending a meeting of the University Philosophical Society at Trinity College.

General Items.

Paris, 7.—Marquis Tseng states that if the French Chambers should vote credits for the Tonquin expedition so large as to indicate an intention to make war on China, she would respond by taking military measures. He thought either Tricou's telegram had been misinterpreted or been ordered to be concocted. No revolution is feared at Pekin; there might be hostility to the French in several open ports in the south, but the Chinese garrisons would maintain order. The Black Flags in Tonquin number 11,000; they had many reserves on Upper Red River. They did not live by rapine, but were paid by the Kings. Commissioner Harmand had no influence in Anam. The Hue treaty was unimportant. China was on excellent terms with the King of Anam.

St. Petersburg, 7.—At a meeting of Nihilists, the views of the moderate party prevailed. Proposals of terrorists in favor of violence were rejected.

The motion made by M. Joubert in the Chamber of Deputies, impeaching the ministry, was rejected by the committee to which it was referred.

The British steamer *Iris* from Cardiff to Port Said, is lost off Cape Villano, Spain. Of a crew of thirty-six, all but one are drowned.

The *Telegraph* says: Premier Ferry has in his possession a document showing that the attack on Sontay and Bacninh must lead to war with China.

BRIEF TELEGRAMS.

Mapleson as a proof that the impressario does not intend to keep his contract.

Atchison, Kas., 7.—Col. John A. Martin, Secretary of the National Republican Committee, to-day sent out the following call: "A meeting of the Republican National Committee will be held at the Arlington House, Washington, Wednesday, Dec. 12th, 1883, at 12 o'clock, for the purpose of deciding upon a date and place for holding the next National Republican Convention. The Committee will also elect a chairman, vice Governor Marshall Jewell deceased.

Toronto, Ont., 7.—Friends of Oarsman Hanlan are not disposed to regard seriously the proposition of Teemer to row Hanlan this season, or early next, a $5,000 race. Hanlan himself has not thought of arranging contests this year. He intends, however, going to Australia, by way of San Francisco, and in his journey across the continent may give a few exhibition races.

WASATCH STAKE CONFERENCE.

The 25th Quarterly Conference of the Wasatch Stake of Zion convened at Heber City at 10 a.m. November 3rd, 1883.

On the stand were Apostle F. M. Lyman, Elder C. W. Penrose, Abram Hatch, President of the Stake, and his Counselors; members of the High Council, Patriarch, President of High Priests, Presidents of Seventies' and of Elders' Quorums, Bishops of the several wards and their Counselors, and numbers of others.

After singing and prayer Apostle F. M. Lyman spoke of the necessity of making the reports of our quarterly conferences faithful and true in regard to the good and worthy conduct of our brethren and sisters.

President Hatch reported the Stake. He was pleased to be able to say that many in this Stake were anxious to assist in building up Zion. Spoke of the Bishops as being superior men, and the Presidents of quorums as being prompt in the discharge of their duties; urged the necessity of the Word of Wisdom being kept by all.

The Ward Bishops represented their wards very favorably, as generally trying to do their duties.

Elder C. W. Penrose explained the Word of Wisdom in its fullest sense, and the promises to those who keep it faithfully, showed that it comprehended more than abstinence from certain forbidden things. Spoke on the necessity of teaching our children correctly and seeking to save men and not destroy them.

At 2 p. m. Bishops reports continued to be received, also reports from Presidents of Quorums, all giving favorable accounts of those over whom they preside.

Bishop Attwood, from Kamas, having arrived since the morning services, addressed the meeting, testifying to the truth and efficacy of the work.

Apostle F. M. Lyman, exhorted us to be punctual at our meetings, prompt in every duty. We have no time to spare, no opportunity should be let slip. Compared, the Gospel is a combination lock, it is a combination of principles; we must miss no figure but keep the whole law; keeping one law will not entitle any one to a full salvation. It is just as necessary for a deacon to live by the law and do right in all things as it is for an Apostle. There are men in the world who are outwardly clean and pure but inwardly corrupt and rotten. We must be clean and pure within as well as outwardly.

A Priesthood meeting was held in the evening at which valuable instructions were imparted by Elder Penrose, Apostle Lyman and Pres. Hatch.

Sunday, 10 a. m.

Meeting house was crowded. Counselors T. H. Giles and H. S. Alexander made appropriate remarks, expressing their faith in the work and progress of the gospel.

A number of reports were made expressing the progress of the brethren in their different callings.

Apostle F. M. Lyman spoke in regard to the duties of parents toward their children, who at a very early age take notice; their desires for knowledge will increase as they grow in years, and they should be properly taught so that at the age of eight years they will be desirous of baptism, knowing and understanding its purposes. The Sabbath schools and Primary institutions are helps to the parents; they are not to take the care and instruction of children from the parents. Children after being baptized come under the supervision of the Teachers and the Bishops, and should be taught, counseled and encouraged by them. The Wards are made small, so that the Bishops and Teachers can easily take the oversight of all in their Wards. The speaker continued his instructions to the Bishops and Teachers, also to parents in regard to their children, showing the great responsibility resting upon all.

Elder C. W. Penrose showed that all truth is God's truth and may be ours if we learn and practice it as we should. Sanctification comes through obedience to divine laws. Our future glory will only be that the law of which we receive and obey. Read from the Revelation on Celestial Marriage, showed that justice must have its course, and is eternal and that even those who receive the promises of the everlasting covenant must abide its conditions and those of every other law, or they cannot claim the fulness of its blessings, and that those who deserve it will be beaten with many stripes.

The sacrament was partaken of in the afternoon.

Prest. Hatch, spoke in reference to the Mutual Improvement Societies, and on education and required no recommends to be given to anyone who does not conform to the laws and requirements of the Gospel. Wanted to see no one in responsible positions that does not keep the law in full. Believed that infidelity among the young people is in consequence of the parents' neglect.

Elder C. W. Penrose discoursed on the effects upon every individual of their own acts. Taking up the subject of the duty of parents he explained the reasons why Latter-day Saints cannot consistently send their children to schools established for the very purpose of drawing them from the faith of their fathers. Dwelt on the need of wives qualifying themselves to be companions for their husbands in exaltation, and showed that as a man could not receive the blessings of Abraham without doing the works of Abraham, so a woman could not stand with Sarah and the holy women without receiving the law of Sarah, etc.

Apostle Lyman presented the General Authorities of the Church to the Conference who were unanimously sustained. The clerk also presented the Local Authorities, who were also sustained by unanimous vote.

Bro. Lyman read from Book of Covenants in regard to teaching our children the principles of the Gospel, and showed that parents are responsible for the way in which they bring them up. Impressed upon the Presidency of the Stake and all the local officers the need of setting examples in all things worthy of imitation.

Our Conference was replete with instructions that will be remembered and tend to much good. At the close the congregation joined in singing, "We thank Thee O God for a Prophet, etc."

Benediction was pronounced by Apostle F. M. Lyman.

THINK OF IT NOW!

Although much is said about the importance of a blood-purifying medicine, it may be possible that the subject has never seriously claimed your attention. *Think of it now!*

Almost every person has some form of scrofulous poison latent in his veins. When this develops in Scrofulous Sores, Ulcers, or Eruptions, or in the form of Rheumatism, or Organic Diseases, the suffering that ensues is terrible. Hence the gratitude of those who discover, as thousands yearly do, that

Ayer's Sarsaparilla

will thoroughly eradicate this evil from the system.

As well expect life without air as health without pure blood. Cleanse the blood with AYER'S SARSAPARILLA.

Brittannia!

IN THIS AGE OF GREAT DISCOVERIES, probably the most useful one is that which has lately been attracting the attention of persons in this Territory, who were immediately cured of Rheumatism on testing its virtues. Doctor Hill, of England, an eminent physician of fifty years' experience, and who has about five thousand patients, has made the discovery, and places this valuable remedy in the reach of afflicted persons in the New as well as the Old World. Testimonials of influential persons living in Salt Lake City can be furnished on application. One bottle cures by removing the causes from the blood. It also builds up the system and makes the aged as lithe and active as those of younger years. All pain removed in a few hours. Ask for Dr. Hill's Celebrated Anti-Rheumatic Elixir. For sale at Z. C. M. I. Drug Department, Sole Agent for Utah. Price, $2,50 per bottle. It has never been known to fail, and is noted throughout Great Britain as a marvelous and most useful discovery. d 1f

A MARVELOUS STORY

TOLD IN TWO LETTERS.

FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.

"*Gentlemen:* My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

FROM THE FATHER: "It is both a pleasure and a duty for me to state to you the benefit I have derived from the use of

Ayer's Sarsaparilla.

Six months ago I was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the SARSAPARILLA in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, although 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882. Yours gratefully,

HIRAM PHILLIPS."

It clears the blood of all impurities, aids digestion, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.
