

FINANCE AND MINING

The National Banks Make a Satisfactory Showing.

PEOPLE PAYING THEIR DEBTS.

The Ontario and Salt Lake Valley banks are showing a satisfactory showing.

The financial statements of all the national banks in the city are published weekly, and show the condition of these institutions at the close of business one week ago. The position has not materially changed since then. The statements present a most satisfactory showing and indicate the impossibility of such a disaster as was feared some of the Denver banks yesterday. Said a prominent banker today: "Salt Lake is in a splendid condition, considering all the circumstances. Her banks are all right. In nearly every instance their actual condition is even better than is shown in their statements, which show them to be solid. The reason for this is that the shareholders are among the heaviest depositors. When that fact is considered, the actual condition of the banks is much better than figures alone would indicate."

"As to a run that was made in Denver yesterday and today, the people here have got more judgment. They don't get off at a tangent, and you couldn't get up a panic in this bank as Denver got. They say Utah people are peculiar; but my experience agrees with that. They are peculiar enough to get up a panic, but they are not peculiar enough to get up a panic in this bank. The Denver failure will not affect Salt Lake, because our commercial relations are not involved in it. Indeed, some few people may feel a little nervous for a time, but they will soon come back when it is realized that we have got a secure foundation."

PAYING THEIR DEBTS.
Merchants report it easier to make collections the past week than earlier in the month. The bulk of the leading firms said today: "We have three or four thousand dollars more come in this week on bills than I anticipated. For the first time in a long time, our customers are paying their bills. It is the small purchases who come in, and my experience is that the masses of the people are economical and seeking to get out of debt. The larger bills may be treated the same way later on, I hope so."

BEAVER "GORGON" HIT.
Dick Rich was in town from the Rob Roy mill shortly after 10 o'clock, and was accompanied by a number of men. He was seen by Joseph Huntington's 80-horse power engine to the mill to see the Pelican water wheel, has arrived. The Horn Silver has started off ground at Price for new reduction works. They are to use the old engine which was driven by A. C. Campbell some years since. It is now 100 feet where the old mill broke off. It is in a bad shape.

William Johnson has purchased a three-months interest in the White Sulphur mill owned by Newton Hill, located a mile north of the sheepskins, in Newton district, for \$250. He has also purchased a half interest from M. Hill and J. Hill, in the Hallsdale mill, for \$100.

The Horn Silver management has continued to erect a concentrating works of large capacity at Price to concentrate the ore from their mine. In order to successfully run a works of this description, it will be necessary to utilize the water out of the 500 feet tunnel well, sunk several years ago on the site of the old Price smelter, and this Superintendent Farnsworth has wisely concluded to do, instead of having water for operating purposes moved by rail from Millard as at present. This is good news and will give a spin of renewed life to one of the oldest and wealthiest camps, as far as mineral products are concerned, in southern Utah.

IN DEBTOR'S DISTRESS.
Millard County Shoshone: Considerable interest is being manifested in the District court by local applicants in the matter of the Shoshone. In the matter of the Shoshone, the court has been unsuccessful in getting \$250 and \$100 per cent. For the amount of development work done, there is not a dollar in Utah that is as large as the one in Utah. The Shoshone is the best well in Utah, and it is not a good idea to let it go. It is a good idea to let it go. It is a good idea to let it go.

Change of Time.
Today a change of time in running trains went into effect between this city and Garfield County. By the new arrangement, trains leave this city at 7:30 a. m. and 1:30 p. m., and arrive at 10:30 a. m. and 4:30 p. m. respectively.

WITHIN OUR GATES.
John Blackhill, the well known localist of Spanish Fork, took a trip from that flourishing burg and was looking around "seeing" our business men for a week.

THE SILVER COMMISSION.
Col. E. A. W. of Ogden, the mining man, and J. W. N. White, the attorney of Provo, were in last evening and both sought refuge from the "silverite's" ravages in the Club.

THE OGDEN WATER.
Representative H. C. Chandler of Ogden, from Park City, last evening gave the new schedule of wages at the Ogden and Daily mines as follows:
