RUSSIAN FLEET SAILS FROM VIGO.

British Government Somewhat Irritated Because It Was Not Notified.

NO HITCH IN NEGOTIATIONS.

Foreign Office Annoyed but No Serious Consequences Are Anticipated.

THE INTERNATIONAL COMMISSION.

Nothing Definite Decided Regarding Its Details—London Full of All Kinds of Scare Suggestions.

Vigo, Spain, Nov. 1.—All the Russian warships left here at 8 o'clock this morning. The Russian squadron was followed by the Spanish cruiser Estremadura.

Heavy firing was heard in the offing this morning. It was attributed to artillery practice.

BRITISH GOVERNMENT ANNOYED

London, Nov. 1.—The government has received a notification from the British consul at Vigo that the Russian squadron had sailed today and some irritation was felt at the fact that the Russian government had failed to previously notify the government regarding the departure of the squadron. Ambassador Benckendorff is hourly receiving official advice and while the foreign office obviously is annoyed at not knowing officially that Russia had sailed, it is assumed that the Russian government is not so anxious to keep the British government in the dark as it was in the case of the Russian fleet's departure from the Baltic.

Count Benckendorff, the Russian ambassador, was received in audience by King Edward at Buckingham palace this afternoon. It is assumed that the ambassador was the bearer of a message from Emperor Nicholas.

Ambassador Benckendorff had a most cordial interview with the king, who, it is understood, expressed for transmission to St. Petersburg his satisfaction at the present method of settling the dispute.

Up to the time he saw the king Count Benckendorff had received no notification that a detachment of officers from the Russian squadron at Vigo would attend the sessions of the international commission, nor had he heard of the sailing of the squadron from Vigo. The ambassador hoped, however, to receive without delay information concerning the officers detached.

The ambassador informed the Associated Press that the departure of the squadron would naturally follow the detachment of these officers in accordance with the understanding reached between himself and Foreign Secretary Lansdowne last week. Nothing definite has yet been decided regarding the details of the international commission.

Another cabinet meeting has been summoned for Wednesday to consider the Anglo-Russian convention covering the inquiry into the North sea incident.

Count Benckendorff had a long conference at the foreign office last night with Premier Balfour. Lord Salisbury, first lord of the admiralty, as well as Foreign Secretary Lansdowne were present. It is stated that the draft of the proposed convention relative to the composition and venue of the international commission was drawn up. As matters must be submitted to the king for acceptance or revision it will necessarily entail delay. The lack of information vouchsafed officially to the press regarding the causes of the three delays leads to all kinds of scare suggestions on the part of the public and tends to spread rumors which it is difficult to find adequate reason.

DISPATCHES FOR BRITISH FLEET. Villagarcia, Spain, Nov. 1.—The British fleet, under Admiral Sir John Jellicoe, sailed from Villagarcia at 10 o'clock this morning. The British cruiser Doris arrived during the night and left with dispatches for the fleet here and left this afternoon.

St. Petersburg, Nov. 1.—According to the latest advice received at the foreign office here, the details of the international commission which is to inquire into the North sea incident are being worked out in London and are not yet finished.

BRITISH SHIPS READY TO SAIL.

Gibraltar, Nov. 1, 4 p. m.—All the British ships are now lying at anchor, but they are all ready to sail.

SITUATION AT GIBRALTAR.

No Explanation of the Warlike Preparations There.

London, Nov. 1, 4:22 p. m.—There is no explanation yet of the apparently alarming telegram from Gibraltar, but at the admiralty the movements of the warships are thought to be in connection with the plans for mobilization, which terminated Sunday. There appears to have been some conflict in the orders given to the fleet owing to the sudden changes in the diplomatic situation which may possibly account for the fleet's movements.

Both at the foreign office and at the Russian embassy it is positively stated that there is no hitch in the negotiations except Russia's failure to notify the British government of the names of the officers detached from the Russian squadron.

Tang refused to go and the matter was referred to the federal authorities.

A HALLOWEEN TRAGEDY.

A Merryman Mistaken for a Thief and Killed.

Chicago, Nov. 1.—As the climax of a Halloween prank, William Sears, 33 years old, was mistaken for a thief early today and was shot in the back and instantly killed by Policeman Nicholas Smith.

Sears and Frank McKune, 18 years old, were passing through an alley when they were seen by the policeman. They carried between them a basket. Calling to the men to halt, the policeman said they paid no heed to him. After repeated calls, Smith fired, and Sears fell, while his companion disappeared down the alley. McKune was arrested shortly afterwards. He said that Sears and McKune had been playing Halloween pranks in the neighborhood but he failed to satisfactorily explain why he ran after called upon to halt.

She is Against Further Infringements of Neutrality.

London, Nov. 1.—Under date of Oct. 31, the Daily Telegraph correspondent at Tientsin says: The Chinese government formally declared itself against any further infringements of neutrality in the dispatch of supplies to belligerents, and in this connection has sent a note to Shanghai. This is a serious blow to Russia, which is now without open ports in the east.

SMUGGLER ARRESTED.

Was Trying to Land a Bag of Valuable Drugs.

New York, Nov. 1.—Customs agents in Hoboken have arrested a longshoreman in the act of removing from a dock a bag containing 350 ounces of drug used in the treatment of consumption, which is said to be worth in this country \$150 an ounce. The prisoner declared the bag was handed to him over by a steamer just in from Europe and that he was told to carry it immediately to an address in Manhattan where he would be well paid. Officials of the customs service are of the opinion that there is an organized gang of drug smugglers operating here largely in a clandestine manner described by the longshoreman. A duty of 25 per cent prevails on nearly all medicinal preparations and drugs, making the successful smuggler a lucrative return.

He was recently transferred from Foo Chow, because the former viceroy of Nanking was unable to settle upon a scheme for the improvement of the Wangpu river at Shanghai.

The important work, already delayed three years, must now be further postponed.

Li Hsing Jin's alternative scheme for the Wangpu improvement was approved by the powers, but France objects to the reversal of the reversion to the original scheme in case of failure.

The celebration of "All Saints" day began with prayers for the dead at all the churches, which were attended by unusual crowds.

Few Mines Hoisting Coal.

St. Louis, Nov. 1.—Dispatches from Illinois points indicate that less than 100 of the 303 coal mines in that state are hoisting coal today as a result of the strike of engineers, which went into effect at midnight. The total number of operators who deserted their posts of duty is about 800, and nearly 50,000 miners are thrown out of work as a result.

The engineers do not look for an early settlement of the difficulties, which were brought about by the action of the operators in cutting the wages of hoisting engineers.

Many of the miners, however, are against the strike and are working hard for an early settlement.

JAPS NEARING PORT ARTHUR.

Drive Russians Out of Their Trenches but They Do Not Occupy Them.

SEEK COMMANDING POSITION.

Could Have Entered Fortification but Could Not Have Held It Because of Fire From Forts.

Victory of Nanking Dead.

Additional details reaching Chefoo concerning the last general assault on Port Arthur, which began in a preliminary way on Oct. 24, and later developed into the third attempt of the Japanese to secure a commanding position, say that on the night of Oct. 25, the Japanese, who on Oct. 24 had duringly entrenched themselves on the slope of Rihlung mountain, forced their way further and drove the Russians from their last trench before that fortification.

The Russians retreated from their trenches to the other side of the mountain. It is alleged that the Japanese might have entered the fortification but that they refrained from doing so as it would obviously be impossible for them to hold the position in the face of the fire which would be sure to be directed against them from other forts.

It seems to be the intention of the Japanese to enter several co-operative forts simultaneously or not at all. The Japanese have found it impossible to remain in any solitary fortification while the other big forts were able to concentrate a fire upon them.

The Japanese also have advanced somewhat closer to its mountain, having occupied a position above the cremation works.

On the night of Oct. 30 the Japanese flag was seen flying over two new positions, the names of which are not known to the informant of the Associated Press correspondent.

FIGHTING BY MOONLIGHT.

General Kuroki's Headquarters, Oct. 31, via Fusan, Nov. 1.—The Russians took advantage of the bright moonlight last night to cannonade the Japanese from positions on the left wing of the central army, but were repulsed, after an action which lasted several hours, during which both infantry and artillery fire was brisk and continuous until daylight. The Japanese today for the first time replied to the Russian bombardment, which has been frequent for several days past.

JAP REPORTS ON OPERATIONS.

Tokio, Nov. 1, 9 p. m.—Imperial headquarters tonight published a series of reports covering the operations against Port Arthur during the months of August, September and October. The chief interest centers in the tremendous attack which was begun Oct. 24, and is still continuing. Hundreds of Japanese guns began battering against the northern and easterly forts on Oct. 24, the infantry going forward with desperate rushes where the artillery had prepared the way, while the pioneers and sappers were running mines against the Russian forts.

The reports record a series of desperate encounters at close range and tell a dramatic story.

The reports, beginning with that covering the attack of Oct. 24, are as follows:

"From 8:30 o'clock in the morning the forts on Sunghu and Rihlung mountains, the eastern group of forts on Keekwan mountain and a fort lying to the north of the latter were bombarded with our siege guns and naval ordnance, and 250 shells took effect.

"Two of the most important covers of Sunghu mountain fort were destroyed by our shells. One 15-centimeter gun was dismounted and another was damaged. One gun on the northern fort of East Keekwan mountain was destroyed.

BARTENDER TAKES DOSE OF MORPHINE.

Olaf P. Anderson Attempts to Drown Domestic Woes in Bitter Drug.

WENT DOWN TO LIBERTY PARK. Passerby Saw Him Lying Beneath a Tree and Telephoned the Police Department.

Olaf P. Anderson, aged about 32 years, a bartender by trade, and recently a scene hustler at the Salt Lake Theater, took a large dose of morphine about 10 o'clock this morning, and then went down to Liberty park to die. He was found there and the police were notified. Officers Sperry and Seager hauled the man's limp body to the police station, where Dr. C. M. Benedict worked over him for a long time. At this writing the man is in a precarious condition, but the physician has hopes for his recovery.

Demonic trouble is the cause of Anderson's attempt at suicide, but just what the exact trouble was no one seems to know. It was learned, however, that he had a quarrel with his wife, Mrs. Ella Carr Anderson, last morning. They had resided on Sixth south near Fourth east street. After quarrelling with his wife, Anderson came down town and was seen at the North Star saloon on East First south street about 9:15. He left the place hurriedly, and was seen by a passerby, Anderson, in the rear of the Seventh east street, where he took the morphine. From there he went down to Liberty park and laid down under a tree. A passerby found him there and telephoned the police. Dr. Benedict is said to have been taken to the station in the patrol wagon. The physician at once went to headquarters and worked over Anderson for a long time before there were any signs of life.

The most heroic measures were resorted to before the man took any interest in his existence, and then it was only to curse those around him for trying to disturb his slumbers.

Anderson and his wife, and two or three children, resided at No. 5 Fairmount avenue. He did not get along well with his wife because of his bad habits. He had been drinking heavily of late, it is said, and the police were informed that this was the cause of the row at home this morning. He has a sister and two brothers living in the city, and they were notified of Anderson's condition. He has a fair chance for recovery, according to Dr. Benedict's statement of the case this afternoon, although it would not be a great surprise if he died from the effects of the deadly drug.

This afternoon Mrs. Anderson telephoned to the police station to find out whether her husband was still alive. When told by the desk sergeant that Anderson's case was a serious one, and that he would in all probability die, she expressed no concern, but in answer to a further question as to what was her desire in connection with the disposition of the body, she said: "I do not care what you do with him; I am through with him for good."

Anderson is one of the men who was concerned in the firework tragedy at Glenwood park, Ogden, last July 4.

BRIT-GANS CONTEST.

Each of the Participants Got \$11,123 A Piece.

San Francisco, Nov. 1.—The exact receipts of the Brit-Gans glove contest were \$31,750. Of this sum the fighters received 70 per cent, which amounted to \$22,245. As Gans by winning received 50 per cent of the fighters' share, he and Britt each carried away \$11,123. The Shaasta club's share was \$3,344.

After the fight Gans said: "I was too weak to do myself justice. After I went to my corner in the second round I knew it. I would like to fight Britt again, but I would not do it at 133 pounds ringside."

"Britt would have won had it continued."

Referring to his failure to win the championship, Britt said: "The decision was fair. I could not help it. Gans kept slipping to the floor without being struck. He also kept hanging on to me, and I tried to fight him off. I went in to win and in my opinion I would have knocked Gans out had the fight continued."

The following cases were reported yesterday: —Encephalitis: Mrs. Luff, 274 F street A. C. Owen, same address; Ruby Lundquist, aged 7, 379 Fifth street.

AN ANGLO-RUSSIAN CRISIS AGAIN IN SIGHT.

London, Nov. 1, 5:16 p. m.—London has been bewildered all day long by alarming reports indicating a renewal of the Anglo-Russian crisis and showing that the utmost activity is prevailing at Gibraltar. The first news received was that the Russian fleet had sailed from Vigo, leaving only four subordinate officers to give evidence at St. Petersburg and then testify before the international commission. It is considered here to be a breach of the agreement and the interchange of visits between Ambassador Benckendorff and Lord Lansdowne followed, the foreign secretary subsequently seeing various members of the cabinet.

Count Benckendorff, at 1 p. m., went to Buckingham palace and spent nearly half an hour with the king. Later in the afternoon the ambassador again visited Lord Lansdowne, who also received Lord Salisbury, first lord of the admiralty; Premier Balfour, Capt. Prince Louis of Montenegro, the director of naval intelligence, and Admiral Sir John Fisher, senior lord of the admiralty. All this renewal of activity created apprehension in the public mind and late this afternoon the press association issued the following:

"The press association has reason to believe that the action of the Russian admiral has again brought the Anglo-Russian crisis dangerously close to an acute stage. Count Benckendorff arrived at the foreign office late this afternoon to see Lord Lansdowne. Mr. Balfour, who had already seen the first lord of the admiralty earlier in the day, has just received a visit from Lord Salisbury, who was accompanied by Admiral Sir John Fisher."

A dispatch to a news agency from Aldershot camp says orders have been issued for strong drafts of all branches of the royal engineers to be in readiness to leave for Gibraltar at short notice.
