One other great feature of our Palace Cars is a SMOKING SALOON where you can enjoy your "Havana" at all hours of the day.

THE MOST SUCCESSFUL REMEDY ever discovered, as it is certain in its effects and does not blister. Also excellent for human flesh. Read proof below.

FROM

COL. L. T. FOSTER,

YOUNGSTOWN, Ohio, May 10th, 1880.

DR. B. J. KENDALL & CO., Gents:—I had a very valuable Hambletonian colt that I prized very highly, he had a large bone spavin on his joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons which failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the *Chicago Express*. I determined at once to try it and got our druggists here to send for it, they ordered three bottles; I took them all and thought I would give it a thorough trial, I used it according to directions and the fourth day the colt ceased to be lame and the lumps have disappeared. I used but one bottle and the colt's limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbor boys have the remaining two bottles who are now using it. Very respectfully,

L. T. FOSTER.

Kendall's Spavin Cure

Is sure in its effects, mild in its actions as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, splints, curbs, ringbones, callous, swellings and any lameness and all enlargements of the joints or limbs, or for rheumatism in man or for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mildly and yet certainly in its effects.

Send address for illustrated circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success in our knowledge, for beast as well as man.

Price $1. per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.

British Briefs.

LONDON, 15.—The British note in regard to Egypt, proposed in order to avoid any abuse of the freedom of the Suez canal, it shall be enacted that in time of war a limitation be placed on the time during which vessels of a belligerent power be permitted to remain in the canal, and that no troops or munitions of war be disembarked, and no hostilities permitted in the canal or its approaches, or anywhere in the territorial waters of Egypt even in the event of Turkey being one of the belligerents.

Davitt appeared at Oldham last evening to deliver an address on the Irish questions. When he commenced to speak he was howled down by an organized gang, who attempted to storm the platform, but were repulsed with chairsby the occupants of the platform. A free fight followed, chair legs and brass-knuckles being the principal weapons. Many persons were hurt. Davitt called the disturbers a cowardly crew, and declared if twenty men would follow him he would clear the hall of the gang. He thereupon advanced toward the mob, but was restrained by policemen. Addressing his opponents again, Davitt said they were miserable, contemptible, cowardly dogs. When they were sitting in taverns he said, he was fighting the British Government, they were drunken blackguards, and were a disgrace to the name of Nationalists.

A goods train collided with a passenger train near Stepheny, Rye Junction, London, to-day. Thirty persons were injured.

The Duke and Duchess of Edinburgh started for Berlin to attend the silver wedding of the Crown Prince.

Dublin, 15.—A dozen rifles, one revolver and a quantity of ammunition were discovered under a heap of rubbish in a low quarter of the city.

Three more arrests for conspiracy to murder government officials.

Four informers will be examined Saturday.

Some of the persons arrested recently have been watched by detectives for two years. Evidence will be given of the existence of a Fenian armory; also the formation of a plot to murder Lord Fredk. Cavendish, Earl Spencer and other government officers. Proof will be submitted of the companionship of some prisoners with the persons found guilty of murderous outrages. There is a perfect panic among the conspirators. One informer is a man recently convicted.

The police secured a revolver purchased along with the one with which the attempt was made on Judge Lawson's life. It is believed the government is able to prove conspiracy to murder government officers.

General Items.

Lyons, 15—The president of the court, trying the anarchists has received 10 threatening letters, several from Switzerland, Germany and Russia.

Limorge, 15.—The police closed the Jesuit church here. It is reported the rector had received anonymous information that a Socialist demonstration was intended in the church yesterday.

Another version of the report is an attempt with bombs was contemplated.

St. Petersburg, 15.- The budget for 1883 estimates receipts of 778,500,000 roubles, and the expenditure 120,000 less. Accompanying the budget is a report which says loans will be unnecessary. The improvement of the financial situation, although difficult, is not impossible, in view of the peaceful yet firm attitude pursued by the government abroad, and the prosperity of internal affairs. It adds that upon the success attained by the ministry of finance depends the welfare of the people and the growth and power of the empire.

300 People Perish by Fire.

During a performance yesterday at a circus in Berditcheff, Russian Poland, a fire broke out, and before the spectators could escape, the whole structure was ablaze. Three hundred people perished.

The loss of life by the burning circus in Berditschiff on Saturday was not so great as at first reported, but it is believed over 150 persons perished. The fire broke out towards the end of the performance, caused by carelessness in handling fireworks on the stage. The curtain became ignited, the flames quickly spread to the walls and roof. The members of the orchestra were the first victims. The audience numbering 800, rushed to the front door, which opened inwards. The crowd pressed forward; it could not be opened; they then made for two side doors, both nailed up, compelling the people to take to the windows, from which many sprang into the streets with their clothes a sheet of flame. The fire brigade arrived within half an hour, but it was impossible to extinguish the flames, as the water in the tank was frozen. The fire lasted two hours.

An eye witness states that when the doors were finally opened, a mass of burning persons was visible within. The horses and properties of the circus were all destroyed.

The ice broke while the fire brigade was crossing the river, thus preventing their reaching the fire more promptly. It is estimated that 90 men, 125 women and 60 children lost their lives. The victims included the colonel of police and the vice-president of the Bereditschoff bourse. The audience consisted mainly of Jews.

Another account says the fire was caused by a groom throwing a lighted cigarette on the straw in the stables, setting it on fire. Another groom tried to stamp it out, but a strong draught fanned the flames. The author of the fire perished, also the clowns.

The circus was a wooden structure. The horses running about wildly increased the confusion.

It is stated now that 400 persons were suffocated, crushed or burned to death.

Sofia, 14.—Reports of an early rising of the Musselmans in the mountain district of Eastern Roumel's are confirmed. The authorities seized several cases of rifles sent by the "Young Turkey Committee," Constantinople, to the committee in Philllpopolis. Turkish troops are clandestinely massed on the Eastern Roumelian frontier.

Berlin, 15.—Baron Walzagen, German writer, is dead.

The Landtag adopted a bill to relieve sufferers by the inundation.

The total number of lives lost by the floods in the vicinity of Landwigshafen is estimated at 41.

Geneva, 14.—A serious railway accident, in which several persons were killed, occurred near Camerlate, Italy.

Cairo, 15.—A telegram from official sources in Constantinople reports some Circassians attempted on Sunday to assassinate the Sultan. A woman divulged the plot. The Albanian body guards met and defeated the Circassians in the vicinity of the Sultan's apartments. Several were killed.

For Furniture of all kinds go to P. W. MADSON'S

BRIEF TELEGRAMS.

Buffalo, 14.—The District Attorney decides that importers of tea doing business by selling tea and coffee in packages that contain prizes is a lottery. A civil suit for $50,000 is commenced against the company, and it is stated the authorities are preparing to begin criminal proceedings. It is estimated that in the last week or ten days the concern cleared from $40,000 to $50,000 by the scheme.

New York, 15.—The *Sun's* Washington says: A movement is making to bring out Grant as presidential candidate again in 1884. A correspondent says the managers think the third term clamor, as they call it, has died out. They claim new conditions have arisen since 1880, and that the "prejudices" against Grantism have also ceased to exist.

Senator McPherson writes to the *Sun* emphatically denying each and all of Rusting's charges of improper conduct in legislation regarding the transportation of cattle, and intimates it is a political card to prevent his re-election to the Senate.

The brig *Imlee Kirshchag* arrived at Brooklyn to day. She had on board six seaman so badly frozen as to necessitate their removal to the hospital. It is thought the feet of two or three will have to be amputated. She sailed from Turks Island on Christmas with a cargo of salt. On the 10th of January she was caught in a storm; a cold, intense wind carried everything movable away; the sailors were all frozen, and only the captain and mate were left to do the work.

Broken Friendship.

It happened at a ball in Austin. A very fashionable young lady, who was very homely, was speaking to a female friend about a rich young gentleman who was also at the ball, and was considered quite a catch.

"He is such an intelligent and charming young man. He promised to dance the first dance with me, and kept his promise like a gentleman." remarked the homely lady.

"Yes, responded the friend," yawning, "I heard him say that it was one of his rules in life, when he had anything disagreeable to do, to get it as soon as possible, and be done with it."

These two ladies have not been seen arm in arm on the street since.

A Slight Change.

A citizen of Pittsburg who has a marriageable daughter was interviewed last fall by a young man, who said:

"Mr. Blank, I love your daughter, she loves me, and I have just made $75,000 in oil. Can I have her?"

"Certainly, certainly," was the brusque reply.

"Mr. Blank, I love your daughter, she loves me, and that $75,000 has vanished up the spout."

"Exactly, exactly," replied the fond parent. "But you shall be near her, nevertheless. Just as soon as she marries I'll ask her husband to engage you as coachman! We must take the ups and downs as they come, you know."
