

favor of Bogardus. Before the match the weather was fine and the wind very light. For the first 25 birds both men shot badly, Bogardus killing 17 and Coventry 16. The shooting now began to improve, and at the end of the second 25 the score was 27 each. Bogardus had had hard luck, three of his birds falling dead just beyond the line. At his 55th shot Bogardus missed, and Coventry led. Bogardus missed his 57th bird, but Coventry missed his 59th. At the end of the third 25 birds Coventry had killed 58 and Bogardus 57. Coventry missed his 76th bird, but Bogardus lost his 82nd. Coventry then led till the 89th, when the scores were even. Bogardus missing his 91st bird, and Coventry once more led, but missed his 96th and 97th birds, when Bogardus lost no more, ending the fourth 25 birds by a score of 22 to Coventry's 20. The excitement was intense during the last 25 birds, for it was not till the very last shot, which was fired by Bogardus, that it was decided whether either had won or the match was a tie. Bogardus was lustily cheered.

ROME, 6.—It is stated in clerical circles that Bismarck and the papal nuncio have arrived at an arrangement on the basis of amnesty for all offenses against the Falk laws and the re-establishment of the convention existing before the rupture. The Vatican will promptly give a formal reply to these propositions.

VIENNA, 6.—Caratheodori Pasha has been instructed to declare that the Porte declines all responsibility for the occurrences in Bosnia.

CONSTANTINOPLE, 6.—It is rumored that Austria, believing the Porte instigates the resistance of Bosnians, has threatened to withdraw her ambassador.

The Russian corps have arrived near Varna. The Rhodope commissioners, except the German, having telegraphed that they are about to endeavor to prevent certain contemplated Russian atrocities. The Russian commissioner has returned to Constantinople declaring that his colleagues are seeking for Russian atrocities to the neglect of other duties.

LONDON, 7.—A dispatch from Kossna, says: The loss of the hussars is about 100 out of 189. The Bosnians murdered and mutilated the wounded.

Another dispatch says: The best part of the Austrian division was engaged at the so-called skirmish at Kossna. The Austrian losses were serious.

A dispatch from Pera says: It is said that instructions were telegraphed to Caratheodori Pasha to sign a convention with Austria, while another correspondent says the negotiations are exceedingly unpromising.

Political Correspondence says: The Porte has warned the Powers that the Mussulmans in the districts annexed to Montenegro and Serbia will rebel.

The Globe reports that an explosion occurred this afternoon, in a coal mine at Scremerston, near Berwick. Thirty-five men were in the mine at the time, but two of whom have as yet got out, and they were severely burned.

The Times says the price of United States bonds continues weaker owing to the noticeable diminution of American purchasers. These seem to fluctuate more or less with the shipments of grain. When the shipments were large buying was increased, when they decreased so did the demand for bonds. Probably, therefore, with the renewed activity recently observed in the American wheat trade, the price of bonds will again harden. It will be extremely interesting to see whether the currency demands of the American government, under the resumption scheme, will not now lead to the withdrawal of gold in bonds, for should gold go in any quantity during the coming autumn, European money markets might be seriously embarrassed.

VIENNA, 7.—The cabinet is strongly urging the Porte, in view of the Bosnian and Herzegovinian difficulties, to come immediately to a clear understanding about the position the Porte intends to assume. CONSTANTINOPLE, 7.—The important positions connected with Varna will be delivered up to the Russians next week, but the removal of material from the fortress will require two months. The Russians have addressed to the Porte a friendly inquiry as to when it will surrender Batoum, but the communication has as yet received no answer.

CATARRH

Sneezing Catarrh, Chronic Catarrh, Ulcerative Catarrh, permanently cured by

SANFORD'S RADICAL CURE.

SANFORD'S RADICAL CURE FOR CATARRH is a safe, certain, and permanent cure for Catarrh of every form, and is the most perfect remedy ever devised. It is purely a vegetable distillation, and is applied locally by insufflation, and constitutionally by internal administration. Locally applied, it soothes the inflamed membrane, cleanses the nasal passages of every feeling of heaviness, obstruction, dullness, or dizziness. Constitutionally administered it renovates the blood, purifies it of the acid poison with which it is always charged in Catarrh, stimulates the stomach, liver, and kidneys, perfects digestion, makes new blood, and permits the formation of sound, healthy tissue, and finally obtains complete control over the disease. The remarkable curative powers, when all other remedies utterly fail, of SANFORD'S RADICAL CURE, are attested by thousands who gratefully recommend it to fellow-sufferers. No statement is made regarding it that cannot be substantiated by the most respectable and reliable references. It is a great and good medicine, and worthy all confidence. Each package contains a Treatise on Catarrh and Dr. Sanford's Improved Inhalant Tube, and full directions for its use in all cases. Price \$1.

An Enthusiastic Friend of Sanford's Radical Cure.

McHATTON, GRANT & BOWEN'S FIRE AND MARINE INSURANCE AGENCY, 725 Pine Street, St. Louis, Mo., Feb. 7, 1877. A. A. MELLER, Washington, D. C., City.—Dear Meller: I have for some years been troubled with Catarrh, and for the past two years have suffered seriously with it. Noticing your advertisement of SANFORD'S REMEDY (RADICAL CURE), I decided to try it. I have used only two bottles, and as a result I feel so much relieved that I presume on our personal relations and write this to you and ask that you take some measure to get it more prominently before the public, that others may have such relief as I have. I have recommended it to quite a number of my friends, all of whom have expressed to me their high estimate of its value and good effects with them.

I really think it particularly adapted to wants of St. Louis people, and they all ought to know of it, and those who need it should try it. I will risk the assertion that 1000 1 oz. vials (as a sample) to be given away will sell as many bottles. To come plan. Let the people have it; they need it. I believe I could sell 500 bottles myself, of course you could largely increase this number. Why not try it? Yours truly, WM. BOWEN.

Sold by all Wholesale and Retail Druggists and Dealers in Medicine throughout the United States and Canada. WEEKS & POTTER, General Agents and Wholesale Druggists, Boston, Mass.

LAME BACK AND RHEUMATISM

CURED BY

COLLINS' VOLTAIC PLASTERS

Messrs. Weeks & Potter, Gentlemen.—One year ago I was seized with a severe attack of Rheumatism in my right hip, so violent and distressing that the various liniments and rheumatic cures, but without the least benefit, when my son, a druggist, suggested one of your COLLINS' VOLTAIC PLASTERS. The effect was almost magical, for, to my grateful surprise, was almost immediately well again, and was able to work upon my farm as usual, whereas, before the application of the Plaster, I could do nothing, and every step gave me pain. A few weeks since, one year from the first attack, the disease returned, but I am happy to say the second Plaster proved as efficacious as the first, and I am now well. My wife wishes me to add that one Plaster has cured her of a very lame back. We think there is nothing in the world of remedies that can compare with the COLLINS' VOLTAIC PLASTERS for Rheumatism and Lame Back, and cheerfully recommend them to the suffering. Yours very respectfully, ORLAND, Me., June 6, 1876. ROBERT COTTON.

NOT A QUACK NOSTRUM. Gentlemen.—I hereby certify that for several years past I have used the VOLTAIC PLASTERS in my practice, and have never known them to fail in affording speedy relief in those cases for which they are recommended. They are not a quack nostrum, but a remedial agent of great value. Very truly yours, W. C. COLLINS, M. D. BUCKSFORD, Me., May 27, 1874.

PRICE 25 CENTS. Be careful to obtain COLLINS' VOLTAIC PLASTER, a combination of Electric and Voltaic Plates, with a highly medicated Plaster, as seen in the above cut. Sold by all Wholesale and Retail Druggists throughout the United States and Canada, and by WEEKS & POTTER, Proprietors, Boston, Mass.

GANG & SULKY PLOWS.

IMPROVEMENTS are constantly being made in all kinds of labor saving machines, and more especially in farm implements, and farmers are learning that the saving of time and labor can best be accomplished by using the best implements manufactured. In this connection we wish to speak more particularly of the

GANG & SULKY PLOW

made by Avery & Sons of Louisville, Ky., which we have recently examined at the sales-rooms of

J. W. LOWELL & CO.,

of this city. About 60 of these plows have been sold by them in the last few weeks, probably a larger number than has ever before been sold in this Territory since its first settlement. Farmers are getting tired of being jerked and twitched around all day by following the old style of plows, and find that by using the

AVERY GANG OR SULKY PLOW,

which is a beauty to look at, as neatly built as a carriage and about as comfortable to ride on, they can do their plowing with comfort, and even a child can handle it and do a man's work. We do not wonder that scarcely any other style of GANG OR SULKY PLOWS are sold in this market, for the Avery is unquestionably the BEST manufactured, as hundreds of the leading farmers of Utah will testify.

We give below a letter from Mr. John Rouse, of Goshen, known as one of the 'Oldest settlers and leading farmers of this Territory, who has tested the AVERY PLOW and knows its merits.

GOSHEN, Utah, Feb. 19, 1878.

J. W. Lowell & Co., Gentlemen.—A twelve year old son of mine plowed 60 acres last fall with the Avery Gang and Sulky Plow, eight acres of which were plowed 12 inches deep and laid leveler and better than any other plowing I have seen since I left England; and I consider myself a judge of such work. My boy can handle the plow with ease. As for the draft, three horses can handle it readily in breaking with the sulky plow, and the same team is sufficient for the 12 inch gang plow in old land. I am well pleased with the plow, and do not know where it can be improved.

Yours respectfully, JOHN ROUSE.

EAGLE EMPORIUM!

SPECIAL NOTICE.

DO NOT FORGET TO CALL, as we are now offering the balance of our WINTER STOCK at greatly reduced prices, consisting of

DRESS GOODS, REPELLANTS, FURS, SHAWLS, BLANKETS, LADIES' KNIT GOODS, HATS and CAPS, MEN'S RIBBED UNDERSHIRTS, and DRAWERS, BUFFALO BOOTS & SHOES, CARDIGAN JACKETS, SCARFS, RUBBERS, ARCTICS, &c., &c.
