FRAGMENTS.

Pat Boyle was arrested to-day, on a charge of petty larceny.

Louis Christy, of Park City, was admitted to citizenship to-day.

Peter Brown was fined \$3 this morning in the Police Court, for drunkenness.

A certificate of incorporation has been issued to the Woolley, Young & Hardy Company.

Hiram P. Trim was tried in the police court this afternoon on a charge of poisoning a neighbor's dog.

D. L. Davis, a miner, was arrested to-day, charged with drawing a knife and threatening another person. He will be tried to-morrow.

The railway fares from this city to San Francisco have been cut as follows: First-class, from \$30 to \$30; second-class, \$22 to \$23.

The case of Salt Lake County vs. Ann Carrigan, over a road running north and south on the bench just east of the city, was being tried in the Third District Court to-day.

The "Pirates of Penzance" will be repeated on the evening of March 12th. "The Mikado" will be given at a matinee and on the evening of March 13th, Miss Clawson assuming the part of "Yum Yum."

Marshall Ireland yesterday objected to paying witness fees or mileage to Mrs. Edwards, who was brought here as a witness all the way from beyond Eagle Rock, in Idaho, declaring that he had no money for such purpose, but as she was without funds with which to pay her fare from home, he finally advanced the amount.

In the House branch of the Legislature this afternoon, Mr. West offered the following concurrent resolution: "Resolved, By the House, the Council concurring, that a committee, to be composed of five members of the House and three of the Council, be appointed by the Speaker and the President, respectively, to whom shall be referred the veto measures of his excellency the Governor, with instructions to consider the same, and report at an early day, by resolution or otherwise, as the committee may deem wise and expedient." The two Houses, between them have during the session sent to his excellency about 40 bills for his approval, none of which he has signed. The chastity bill was read and filed for further action. Mr. Stratford, of committee on ways and means, reported favorably on the Council substitute to the House bill providing for a Territorial board of equalization; the report was adopted.

In the Legislative Council this afternoon the bill in relation to the estates of deceased persons was read the first and second time and referred to the judiciary committee. Mr. Sharp reported that the committee on conference had agreed to the amendments to C. F. No. 19, adopted. Mr. Taylor presented a petition from William O. Spence, asking for an appropriation for services in 1920; referred to the committee on claims and public accounts without being heard. Mr. Page, from the committee on highways, reported favorably on the petition of the officers of Weber and Davis counties, and recommended that the sum of \$3,000 be appropriated, providing the county courts of said counties would appropriate a sufficient amount to complete the bridge. The committee on claims and public accounts reported on the petition of N. W. Clayton, asking for \$1,000 for assistant clerk hire for the past two years, and the same amount for the ensuing two years, and recommended that the bill be not allowed. The petition of Peter Thurgerson and others, asking for \$120, as witness fees in McKay's case, was also set down on a bill regulating the branding of stock, etc., was read the third time and passed.

LOCAL NEWS.

MASS MEETING.

A mass meeting of the ladies of the Church of Jesus Christ of Latter-day Saints will be held at the Salt Lake Theatre, on Saturday, March 6, 1920, at 2 p.m., to protest against the indignities and insults heaped upon their sex in the District Courts, and also against the disfranchisement of those who are innocent of breaking any law. A general invitation is extended to all ladies interested therein, and a full attendance is desired.

Mrs. M. I. Hornby, Mrs. H. M. Whitney, Mrs. E. S. Taylor, Dr. H. R. Taylor, In behalf of the committee.

To the Young Ladies.—The regular monthly meeting of the officers of the Y. L. M. Improvement Association of this State will be held at 11 a. m. on Saturday, March 6, at the residence of Mrs. E. S. Taylor, one block and a half west of the Cliff House, Fourteenth Ward. All interested are cordially invited to attend.

Mrs. A. F. Farnes, State President.

The "Conspirators at Work."—The gang of anti-"Mormon" conspirators have evidently been at work in this city again, and in their latest exploit have sought among those of their own ilk for tools. Yesterday Frank Treasder was arrested on three charges, the first of which was for being a conspirator in the murder of Attorney Dickinson, U. S. Marshal Ireland and Deputy Frank Treasder's companions in the "conspiracy" are said to be two thieves, Tom Murray, recently pardoned by Governor Murray, and Phil. Shuman, who has been around the Wasatch corner considerably of late, and has gained the name of the "girl deputy," from his having been stated that he assumed the disguise of female attire and played the role of a spotter. Treasder was taken before U. S. Commissioner E. F. Sprague, who evidently has not become a mania on the "conspiracy" cry, and after hearing the arguments, discharged the accused. If there has been any conspiracy in the case, it certainly seems to us to have been on the part of those who urged the nation to believe the "Mormons" wish to have them murdered. One of the strongest indications we have seen of the insanity of those engaged in the disreputable business of hatching up malicious and silly plans by which to injure the people of this Territory, is yesterday's case. It is quite likely that if there was any association between Treasder, Murray and Shuman, it was such as would exist in a gang of burglars, and that probably the two latter, learning it would be more profitable to do something against their companion, in connection with the bribery charge, took the opportunity offered them. Those acquainted with Murray know he is capable of almost anything, but it is even stronger of luxury for even the bitterest anti-"Mormon" to take a walk in the latest conspiracy case.

TO THE PEN.

Two More Sent to Prison for Refusing to renounce a Principle of their Religion.

In the Third District Court this morning, the first one called for sentence for living with his wives was HYREM GOFF, of West Jordan, who came forward. The Court asked, "Are you prepared to say, Mr. Goff, that you will obey the laws of the United States against polygamy and unlawful cohabitation?" Mr. Goff—No, sir, I am not. Court—You will be sentenced to the penitentiary for the term of six months and a fine of \$500 and costs of prosecution, and stand committed until the fine and costs are paid. Mr. Goff—All right, sir.

WM. J. JENKINS, also of West Jordan, was called. The Court asked, "Are you willing to say that you will obey the law against polygamy and unlawful cohabitation?" Mr. Jenkins—No, sir; I am not prepared to make such a statement to-day. Court—Will you be prepared in a few days? Mr. Jenkins—No, sir; I think not. Court—If you break the law you must pay the penalty.

Mr. Jenkins—Under the circumstances I am willing to receive the penalty inflicted by the court. Court—You do this of your own free will, or have you been advised in the matter? Mr. Jenkins—I follow this course because of my own knowledge.

The Court then proceeded to indict the full penalty of the law, and Brothers Goff and Jenkins were then placed in the penitentiary, with the large number now there for conscience' sake.

Another Witness Arrested.—Yesterday Deputy Vandercook and an assistant went to the house of Mr. Winters, in Pleasant Grove, Utah County, and inquired of Isaac A. Winters. Miss Winters appeared, and the deputy served a subpoena upon her to appear before the grand jury and U. S. Commissioner in Salt Lake City. He then read a warrant of arrest for Miss Winters as a witness on a charge of polygamy against President George Q. Cannon, the lady being the alleged plural wife. The deputies, with their prisoner, headed for the D. & R. G. W. station, and were within about 20 rods when the train started off. Although they shouted themselves nearly hoarse, they could not attract the attention of the train men, and were compelled to return and come to this city on the Utah Central. Mrs. Winters also accompanied her daughter, who was taken to the U. S. Marshal's office, where, after waiting some time, District Attorney Dickinson arrived and fixed her bonds at \$5,000. Mr. Julius F. Wells happened to be at the Utah Central depot when Miss Winters arrived, and the lady informed him of her predicament and requested that he secure bonds for her. When Mr. Dickinson named the substantial amount, Mr. Wells, somewhat surprised and amused, not thinking for a moment that the District Attorney could be in earnest in his oppressive demand. Mr. Dickinson, however, assured him that he was, so Mr. Wells and Mr. Alonso Yovns signed the bond for the amount, and Miss Winters was released, to appear from day to day before the grand jury or U. S. Commissioner, as wanted. This morning she went before the grand jury, and Mrs. Winters was also examined and her testimony was given, in whose august presence Miss Winters was requested to again present herself this afternoon.

Deputies' Methods.—After Solomon Edwards, who was tried yesterday, was arrested at Eagle Rock, Idaho, and brought to this city, his wife being required as a witness, his house, which is about seven miles from Eagle Rock, was visited by two deputy marshals about 11 o'clock at night after she had retired to bed, and she required to accompany them immediately to Eagle Rock.

Knowing something of the character of one of the deputies, from his having visited the house before, when he indulged in a good deal of drinking, profanity and abuse, she feared to accompany them without some protection, and requested a neighbor to go along on horseback while she rode in the buggy with the two deputies. On the way the buggy broke down, and she, with an infant in her arms, was compelled to walk the rest of the distance—between two and three miles. They could have had no reason for supposing her in the night, and compelling her to accompany them at such an untimely hour except a foolish malice and determination to heap all the indignities possible upon her because she was a "Mormon" woman, for she never attempted to evade the service of the warrant and was perfectly willing to accompany the deputy to Eagle Rock the next day, prepared to come to this city.

Horse Thieves Sentenced.—Leander Wright and Andrew Pettit were brought into the Third District Court this morning to receive sentence for grand larceny, they having been found guilty last week of stealing horses. Their attorney, Mr. Watrous, moved for arrest of judgment and a new trial on the grounds that the evidence was insufficient to sustain the verdict, and that the court erred in its charge to the jury.

The Court overruled the motion, and before passing sentence, Mr. Dickinson stated that Pettit had been indicted several times for grand larceny, and had served one term for a similar offense. Pettit was called and stated he was 24 years of age, and had served one term—one year—in the penitentiary for stealing cattle. The Court then sentenced Pettit to imprisonment for seven years.

Leander Wright was next called. He had been in the Territory three years, and was 23 years old; this was his first offense. He was given three years' imprisonment in the penitentiary.

Emery County.—A gentleman in from Emery County informs us that when he left Castle Rock, about a week ago, the farmers were busy plowing and the weather was quite as fine as we have been having here. The whole winter has been very mild, there being only enough snow in the valley to prevent the sheep from suffering from want of water and hay, as well as other stock, have done unusually well. There is not so much snow in the mountains as has fallen during previous winters, but that fact gives the people of Castle Valley no concern, for they could not do with a great deal less water than they now have. It may, however, interest strangers in the valleys west and north of there to know that water is likely to be a great deal more scarce the coming irrigating season than heretofore, owing to the light deposits of snow in the mountains.

Additions to the population of Emery County are being continually made, and from present indications, it is likely soon to become one of the most populous and important parts of the Territory.

CITY COUNCIL.

The City Council met in regular session, at 7 o'clock last evening, Mayor Armstrong presiding.

A petition was presented from Eli A. Pollard and E. E. Schuchman, calling attention to the condition of South Temple Street from Sixth West to Eighth West, and asking that it be gravelled and that some other necessary repairs be made on the line of the Utah & Nevada Railroad be made. Referred to the committee on streets and alleys.

A. L. F. Kelsey and a number of others, residents of Second East Street, between Fourth and Sixth South, asked that the water mains be extended so as to supply them with pure water, as they lived in a locality where low and swampy, where they had to use bad water from surface water. Mr. Kelsey offered to advance \$100 water license, and other signers pledged lesser amounts to the city of \$50, if it should be required, with the understanding that the amount be refunded in water licenses. The matter was referred to the committee on waterworks.

A petition was presented from Agnes T. Shwarts and the Schuchman family, calling attention to the horrible condition of the sidewalks from the Continental hotel to the Fourteenth and Fifteenth streets, and the unpleasantness of walking on the other side of the street owing to the presence of the soldiers. They asked that the sidewalk be improved. Referred to the committee on streets and alleys.

John Muzzell asked that he be appointed to the vacant position of Reorganizer of the city, and be referred to the committee on elections.

Eliza Darnell, a widow, petitioned for a free license to peddle for her son. Referred to the committee on licenses.

A petition from Lucy M. Devereaux to continue the small business of grocer without license, was referred to the same committee.

A free license was granted to Mrs. Panter to sell butter and eggs without a license for one month. City Attorney F. S. Richards stated that, in accordance with instructions, he had considered that further legislation was necessary for the welfare of the city, and had drawn up a number of bills which had been presented to the Legislature for action.

Chief Engineer Oulinger presented the report of the Engineer of Street for the quarter ending Feb. 28th. It shows six fires to have occurred, and the sum of \$148.67 to be expended. He referred to the committee on Fire Department.

City Recorder Wells presented a statement of the income and expenses of the city, with the ordinary means of making appropriations, regular reports, etc., for the guidance of the new council. The total receipts for the fiscal year were \$174,710.10; disbursements, \$172,315.35; the bonded debt to date is \$199,500; the floating debt about \$200; the amount of the sinking fund is \$18,000; \$10,000 of which is invested at eight per cent. The report was accepted and filed.

The following sums were appropriated: To Davis, Howe & Co. for seven lamp posts at \$100 each, \$700. To the contingent fund of the Marshal, \$100. To the contingent fund of the Fire Department, \$100. The Mayor stated that the term of office of the Supervisor of Street, Inspector of Buildings, Chief of Fire Department and other appointed officers had now expired, and he referred to the committee on elections with the Mayor associated.

The matter of fixing salaries of city officers was referred to the committee on finance with the Mayor associated. The Council then adjourned for one week.

A Disgrateful Fellow.—A non-"Mormon" reporter who for some time has been in the habit of attending the Tabernacle service on Sunday afternoons, occupying a seat just north of the sacrament table, disgraces the people sitting near him by chewing tobacco and spitting the refuse over the floor, until it forms great puddles. If he has not decency enough to abstain from the filthy practice in a place of worship, it is to be hoped, for the sake of the worshippers whom he offends, that he never will politely show him to the door the next time he commits the nuisance.

The Minstrels.—The opening performance of McNish, Johnson & Slavin's Minstrels, at the Theatre last night, was witnessed by a crowded house, and it is but simple justice to say that it was marvellous. The troupe is one of the most talented that ever came here. Besides their jokes, gags and funny acts, which keep up a perfect tornado of merriment, the company has a fine orchestra, some excellent singers, and several first class specialty artists. The stars are Slavin, McNish, Johnson, Powers, Mitchell, Rice and the O'Briens, and they are of the first magnitude. None of the company are "antics," however, and their entertainment is among the best ever presented here in the annals of burnt cork minstrelsy.

The "Silence and Fun" sketch of Mr. McNish has never been equalled here, or even imitated. It was simply marvellous. The versatility of Mr. Johnson as a vocalist and comedian is great. Mr. Slavin's side-splitting comic sketches kept the audience in a roar, and Mr. Mitchell's classic representations of statuary were the scene of artistic perfection. The drift of the Black Hussars was a fine specialty, and the "Burrhead" of Mr. Rice caps the climax of all that is ludicrous and artistic in that line. The O'Brien acrobats were par excellence. None will regret seeing and hearing this company during their engagement, which closes Thursday night. Another good house will doubtless greet them this evening.

No Evidence.—As an illustration of how ready the anti-"Mormon" juries selected for the special purpose of convicting those arraigned before them on the charge of unlawful cohabitation with more than one wife are to do the bidding of the prosecuting attorney, evidence or no evidence, the case of Solomon Edwards who was before the Third District Court yesterday may be cited. Jane Price was the plural wife of the defendant, having been married to him on the 10th of June, 1880, previous to his first and legal wife obtaining a divorce, and during 1883, while living on Mill Creek, upon property which had belonged to her before their marriage, threats to kick him off the place resulted in their separation, and he went to Pleasant Valley, where he spent some time, and never lived with her afterwards. In the October following he married his present wife, Emma Morton, who, of course became his legal wife, he having a divorce from his first wife. He was subsequently marrying, he called upon the woman Jane, who had been his plural wife, and got the older of the two children she had borne to him, she being willing that he should take the child. Two days subsequently, the child having taken sick while traveling southward towards Pleasant Valley, Edwards and his wife returned with her to Mill Creek, where, for the child's sake, they camped for two nights at Jane Price's, but without his associating with her as a wife, or she regarding him as her husband. He was subsequently arrested, and the jury returned a verdict of guilty after being out only fifteen minutes.

—Wm. Moore, a well-known ranchman who kept a toll-gate on the Benton road near Helms, was killed by a horse while both found dead in their house a few days since, with evidence of their having been engaged in a terrible struggle. It is supposed that they had quarreled and that the husband had killed the wife and then put an end to his own existence.

A Shocking Accident.—The Ogden Herald of last evening contains the following: "A special train, which arrived in Ogden last evening at 9:30 o'clock, brought the mangled and unconscious form of Mr. J. Edwards from Evansville to this place, where the unfortunate gentleman was placed in the U. P. hospital. Mr. Edwards has been at work at Evansville, Wyo., for the past three years, and occupied the position of yard master of the U. P. at that place. Yesterday afternoon he was engaged in the repair of a car, and was in the unaccountable manner he was thrown from a car, the wheels of which passed under the right arm near the elbow and mangled it in a fearful manner. The arm was hanging only by the skin and tendons, when he was picked up. He also received some severe wounds about the head, and it is feared that should he be so fortunate as to recover, the sight of his right eye will be impaired.

"One report says that he was standing on the side of the car; when passing some lumber he was dragged off and precipitated under the wheels of the car. No one seems to have seen him at the time of the accident, and it was some time before the engineer and fireman discovered him lying unconscious in the yard. He is in a state in which he will remain this afternoon. Mr. Carnahan, assisted by Dr. Adams, house surgeon, amputated the injured arm at the elbow this morning. But slight hope is entertained for his recovery, as he shows symptoms of having received severe internal injuries. Mr. Edwards is an old resident of Ogden, and has a wife, who is about to become a mother, and a child. He lived on Wall St., between 2nd and 3rd. Numerous friends have visited the hospital to-day to see the unfortunate man."
