PRICE OF GOLD,

Corrected Daily by BANK OF DESERET.

SALT LAKE CITY, November 20, 1871.

Buying at $1.08; Selling at $1.11.

LOCAL AND OTHER MATTERS.

THEATRE.—This evening will be presented the romantic drama, Claude Marcel, the Mountain Idiot, in which Mr. H. Bowring will appear, and the farce of Mr. and Mrs. Peter White. This is an attractive programme.

THE TABERNACLE.—In the Old Tabernacle yesterday, Elder James H. Hart addressed the congregation in the morning, and Elders Robert L. Campbell and Geo. Q. Cannon in the afternoon.

IN MAINE.—The Portland, Maine, *Press* relates the substance of a pleasant talk with Elder E. B. Tripp, of this city. Elder Tripp's aged parents live at Ripley, and one of his brothers, Wm. Tripp, was President of the Maine Senate in 1849 and is now Surveyor-General of Dakota Territory.

YESTERDAY AND TO-DAY.—Didn't it try to snow yesterday, without accomplishing much? This morning, how beautiful it is!

On the afternoon of Saturday last at 2 o'clock his honor, Judge Strickland, of the Second District Court for the Territory of Utah, sitting at Provo City, delivered his charge to the jury who were impanneled to try the great mining case, in which the Eureka Company were plaintiffs and the King David Company were defendants. At the close of his charge the Court was adjourned until Tuesday morning, the jury being authorized, should they reach their verdict before that time, to seal it, to appear in court then and deliver it.

This is said to be the first mining trial that has occurred in Utah; there have been side issues before the courts in reference to some other mines, but this is really the first mining trial; and if it may be judged by the amount of legal talent employed, the number of witnesses examined, and the length of time it took to try it, may almost be regarded as one of the *causes celebres* in mining litigation.

As a very brief history of the case may not be uninteresting to our readers and the public generally, we propose to furnish it, and will commence by stating that early in the year 1870 Mr. George Rust of Payson City, in common with several others, were prospecting on Eureka Hill, Tintic mining district, Juab Co., in this Territory, and Mr. Rust then discovered and located what is now known and claimed as the Eureka lode. He reared the stake, placed on it his notice of discovery, and did whatever was necessary according to the laws of the Tintic mining district, to secure to himself the four hundred feet allowed by act of Congress, two hundred as locator and two for discovery. Mr. Rust subsequently sold three hundred and fifty of his four hundred feet to a gentleman in this City, and at a still subsequent period disposed of the remaining fifty to a company. The gentleman who purchased the three hundred and fifty feet from Mr. Rust, some time after sold his property to another company, and the members of the two companies in a short time consolidated under the name of the Eureka Mining Company of Utah.

Sufficient work was done by way of "stripping" the ledge, to prove that the property was valuable, and not very far from the main Eureka discovery and but a very little east of it, other parties located, or, as is now affirmed, "jumped" claims, and they subsequently sold to what is now denominated the King David Company. Before selling, these parties, it appears from the evidence, were warned several times by more than one of the Eureka men, that they were on the Eureka property, and one of the witnesses of the latter who was working for the Eureka company testified that on two occasions he went to a man named Spiker, one of the so-called "jumpers," and told him that he was working on the Eureka claim, and the last time he went to him the reply he got was: "I don't care a G——d d——n, I've sold out any how."

The so-called King David property is only seventy-three feet in length, and on that, shafts and tunnels have been sunk, and other steps have been taken indicating a determination on the part of those now in possession to develop their property; and this led to the present trial. The best legal talent of the Territory was employed on each side, and judging from the spirit and feeling manifested by both, whichever may be the loser will appeal to a higher court, and it is doubtful whether the matter stops short of the highest judicial tribunal in the land.

The trial commenced on the 31st ult, the following gentlemen appearing as counsel for the plaintiffs: Messrs. Marshall, Carter, Fitch, Roseborough, Royle and Robertson; the defendants' counsel were Messrs. Cooper, Smith and Kirkpatrick. The number of witnesses examined was twenty-six on each side, and when it is remembered that the case occupied nineteen days in hearing it will at once be admitted that it is one of great magnitude.

Among the witnesses for the plaintiff were many gentlemen of intelligence and standing capitalists interested in the development of mines, with a few practical miners. Among the latter was Captain James Nancarrow, a Cornish miner of fifty years experience, in his native country, Chili, Ireland, Scotland, Italy, Switzerland and Sardinia. This gentleman, whose evidence, one would judge from his long experience, would have considerable weight, swore that the Eureka was a true fissure vein, that in its whole course it was unbroken and was as clearly defined to the eye of the experienced miner, as the nose on a man's face.

The witnesses on the part of the defense were mainly practical miners, without any knowledge whatever of technical or scientific terms, but men who had delved in the earth for years, some of them from early childhood. In some of the minor points elicited, respecting the stratification of the limestone beds, their testimony coincided with that of the witnesses for the plaintiffs, but in more important matters—those upon which the real ownership of the ground in dispute really hinges, it was in direct conflict.

His honor Judge Strickland gave the case a most patient hearing throughout, and every point, seemingly, that could be stated for the advantage of their respective clients, was eagerly pounced upon by the distinguished gentlemen conducting the case. The testimony was brought to a close on Thursday evening, and it was about agreed that four addresses, including the opening and closing one, to the Jury, should be made by the plaintiffs and three by the defence.

The opening speech was made by Mr. Royle, commencing on Friday morning at a few minutes past nine, and terminating at about half-past twelve. He was replied to, on the part of the defence, by Judge Smith; that gentleman occupied about two hours on Friday morning, and from a few minutes past nine until about eleven on Saturday morning. The plaintiff's counsel then to save time, seeing that the case had lasted so long, proposed that it go to the Jury without further argument, and the proposition was acceded to by the defence. What their decision will be if reached at all, will not be likely to be known until to-morrow morning; but from what we have heard of the case, we would not be surprised to hear of them making a journey to Eureka hill before reaching a verdict.

AFTER THE WOMEN.—The Cheyenne *Leader* says that the repeal of the act granting suffrage to women in Wyoming was passed by the House of that Legislature Nov. 17 by a strict party vote—ten Democrats to three Republicans. The editor thus maps the course of the bill—to pass the Council by a vote of five to four, be vetoed by the governor, fail to obtain the two-thirds vote over the veto, leaving woman suffrage an established fact in Wyoming. How the Democrats expect to repair their shattered prospects by going against the women is a mystery.

THIRD DISTRICT COURT met this morning in the room over the stable and adjourned till to-morrow morning in Woodmansee's building, East Temple street.

COAL AND WOOD!—The cold season is approaching, and now is the time for subscribers to the NEWS to bring in their Wood and Coal, supplies of which are needed at this Office. Bring along the fuel.

Special Notices.

LOGGERS!—Wanted, twenty men to cut and slide timber. Apply to J. J. THAYNE, Utah Lumber Yard, 3rd South St., or residence, First Ward. d309 1w

PERSONS desirous to learn Telegraphy will find an excellent opportunity to do so under a practical operator at Morgan's Telegraph Institute. See advertisement.

HEATH'S WONDERFUL COW, now on Exhibition for three nights only, on Second South Street, near Elephant Store, is worth a visit by all who wish to see a living wonder. d 08 2t

LEA & PERRINS' SAUCE.—Pronounced by Connoisseurs "THE ONLY GOOD SAUCE." It improves Appetite and Digestion, and it is unrivaled for its flavor.

We are directed by Messrs. Lea & Perrins to prosecute all parties making or vending counterfeits. JOHN DUNCAN'S SONS,

CURTIS MODELS—PRICES REDUCED TO MEET THE TIMES!—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are Known by scores of ladies in this City and Territory; but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.

140,000
SINGER SEWING MACHINES
WERE SOLD WITHIN THE PAST YEAR.—*Scientific American*, June 10, 1871.
The Singer Manufacturing Company,
AT THE WORLD'S FAIR
—Constituted by the homes of the people—
Received the Great Award of the Highest Sales and have left all rivals far behind them, for they
Sold in 1870 127,833 Machines!
SEWING MACHINE SALES FOR 1870.
"The magnitude to which the manufacture of Sewing Machines has attained is shown by the "SWORN" returns (to which any one can have access) of the manufacturers for the year 1870 to the owners of the leading patents, on which they pay a royalty. According to these returns the number of machines sold by each manufacturer in 1870 is as follows:

The Singer	127,833	Florence	17,000
Wheeler & Wilson	83,238	Gold Medal	8,912
Howe	75,156	Ætna	5,806
Grover & Baker	57,402	Empire	5,560
Weed	35,002	Finkle & Lyon	2,400
Willcox & Gibbs	34,893	Parham	1,769
American Buttonhole & Overseaming	14,678	Wilson	500

And several other companies who sold a few machines

It will be seen by this table that the popularity of the Singer Machine far exceeds that of all others, their sale being one-half greater than even that of the famous "Wheeler & Wilson" machine. This is owing to the fact that the Singer Company have lately commenced making, besides their old and well-established manufacturing machine, what is known as their "New Family Machine," which is selling at the rate of nine to one better than their old style." Their total sales for 1871 were 84,781 machines against the 127,833 of 1870, showing an increase of one-half in the latter year."—*New York Sun.*

One-half of our Gigantic Sales, now nearly
THREE-QUARTERS OF A MILLION
Machines Sold,
AND ALL IN PRACTICAL USE, WERE MADE WITHIN THE PAST THREE YEARS
But the greatest increase of our Sales over all other Machines, being within the past year This is incontestible proof that
Our Machines are the Best in the World!
The New Family Singer Sewing Machine,
With Attachments for All Kinds of Work,
Is fast winning supreme favor in the household, as shown by the rapidly increasing sales, over all other machines.
This New Family Machine is now capable of a range and variety of work such as was only recently thought impossible to perform by machinery. We claim and can show that it is the cheapest, most beautiful, delicately arranged, nicely adjusted, easily operated, speedy, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the interlocked-elastic-stitch, alike on both sides of the fabric sewn; the only stitch which is universally approved, or is at all adapted to first-class work. Thus, beaver cloth, or leather may be sewn with great strength and uniformity of stitch, and, in a moment this willing and never-wearying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work—even by a child—which delicate fingers have been known to perform. Even the careless and thoughtless have little or no trouble on this machine.
Send for Descriptive and Price Circulars.
We manufacture our own needles, silk and twist; furnish linen and cotton thread and oil—all of superior quality—but which can be relied on only when obtained through our Principal or Branch Offices, or Agencies.
Other Sewing Machines Repaired on Reasonable Terms!
We Guarantee every Machine we sell to give entire satisfaction!
MACHINES DELIVERED FREE THROUGHOUT THE CITY.
Terms to Suit All.
We extend a cordial invitation to all to come and see the Machines, whether they wish to buy or not. See all others, but do not buy without you examine the SINGER.
Visitors always politely attended by competent attendants. Instruction free. All Machines perfectly adjusted before delivery at the

SAN FRANCISCO TRADE.
A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S
VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFE-GIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
