New Zanland Missionery Work.

CHRISTOHURCH, Canterbury, New Zealand, Nov. 24, 1882. Editor Deseret News:

I feel grateful to God, my Heav-enly Father, for being counted wor-thy to come on this mission it has been the best twelve months of my life. This is the fifty-fifth year of my life here on this earth and I am truly thankful to my Heavenly Father for the good health He has meted to out me. I have not seen the day since I left home that I have wanted for anything God has raised up friends unto me day by day, that I have the necessaries of life to sustain my body, and likewise the Spirit of God to guide me in my high and holy calling, and I do not believe while I do right that

Since my last letter to you, my brothers and sisters in Carterton nave very good to me, they provided me with a new suit of clothes, and with money to aid and assist to pay my way back to Christeburch, and I must say that the Saints in this place have also been very good to me, and in fact to all the Elders, three families in particular; these The most Powerful Healing are Brother and Sister Larsen, Brother and Sister Mortensen, and Brother and Sister Porter; their HENRY'S Carbolic Salve cures houses are always open to lodge and feed the Elders; and may the richest blessings of our Heavenly Father begiven unto them. He HENRY'S Carbolic Salve besigned to the begiven unto them. Father be given unto them. He has already commenced to pour out of His Spirit upon them—the gifts and blessings are being made manifest, such as the gift of prophecy and gift of tongues, and within this last week five cases of healing, which have been wrought instantaneously and in four cases before the Elders

hands were removed from off their heads; and it did my heart goed to heads; and it did my heart goed to hear them hear testimony to the same. All the opposition of the wicked cannot take away these testimonies from the Saints, and God knows there is plenty of opposition in these lands. I pray God our Eternal Father that He will soon deliver His faithful Saints from these lands. They are poor, but they are very good, and it would be a blessing and a benefit to Zion if those families could gather home, for they are hard working people, and each of them have noble families, and I always feel the heavenly influence of the Spirit of God when influence of the Spirit of God when I go into their houses; they are worth a thousand drones. When they come to Zion it will be to help

insy come to Zion it will be to help build up the Kingdom of God.

Since I left Wellington, Elder Farr has held two public meetings in that city, and in each of those meetings one would think that the halls were filled with evil spirits. The reports of the meetings were telegraphed all over New Zealand to the various towns and cities, and in the Christchurch library I read it in nine different papers. All the in the Christchurch library I read it in nine different papers. All the ridiculous nonsense satisfies the hiseling priesthood, or it would never have found publication in so many papers. I must say, in behalf of one of the New Zealand papers, that it came out manfully and defended us as a people, and said we ought to have the same privileges as any other sect to expound our doctrines; the name of that journal is the Dunedin Times.

I will tell you the reason for this

I will tell you the reason for this disturbance in the Wellington district. During my six weeks stay there, ten members were added to the Church and several children blessed, and there was a prospect of others obeying the Gospel. This caused the devil to stir up the minds of the hireling priesthood, to get ch and several children

and, and they were talking of mob-ing me before I left, but I had to should have stayed there longer, for I feel no fear of what puny man can do to me, I have faith in the blessings and promises President Jos. F. Smith pronounced upon my head when he set me apart for this and mobs should not be able to FARM,

men and mobs should not be able to harm me, and that I should be enabled to return to Zion and bring my sheaves with me, sond I believe it will be so, for I know he is a prophet of the living God. I have been in one or two rough meetings and they have not been enabled to harm me, and I do not believe they have the power to do so.

PINE VALLEY, UTAH,
December, 23d, 1882.

Editor Deseret News:

The little settlement of Pine Valley, lying in the mountains about thirty miles north of St. George, is in a prosperous and thriving cendition. By the goodness of God the people were enabled to resp an abundant harvest. More grain was raised here this year than has been raised for a number of years before.

The other crops were almost equally as good, vielding a rich reward for the content of the reward for the content of the reward for the content of the reward for the content of years before.

President framley is now in this island for nearly six months, he is a wise and good nam, and all the Saints love hilm, and I say from my heart, God bless Brother Bromley, and I believe that is the feeling of all the Elders and the Saints love hilm, and I say from my heart, God bless Brother Bromley, and I believe that is the feeling of all the Elders and the Saints love hilm, and I say from my heart, God bless Brother Bromley is nearly six months, he is a wise and good nam, and all the Saints love hilm, and I say from my heart, God bless Brother Bromley, and I believe that is the feeling of all the Elders and the Saints in this mission. In the midst of all the opposition, there are some few honest ones come forth and obey the Gospel, and I pray God the Eternal Father that he may fill me and my brother at all times with the spirit of our high and holy calling, that we may never do anything displeasing to God our Eternal Father or dishonoring to the Priesthood we hold.

Your brother in the Gospel of Christ. WILLIAM BURNETT, President of District No. 1 of the Australasian Mission.

PAROWAN STAKE CONFER-ENCE.

At the November election the vote was manimous for John T. Caine—fifty-four votes being cast for that gentleman.

held on the evening of the 23rd, commencing at 6 p. m., President Thomas J. Jones presiding. Meeting opened as usual. Clerk called the thirty-five pupils.

The health of the people is generally good, though measels has lately appeared among the juvenile partion of the population.

Ger meeting house, which is now nearly completed, will have a capacity for seating about six hundred people. After the bell is hung and the house plastered next spring it will be ready for use.

W. There was a general attendance of the Priesthood of this Stake. Much valuable instruction was given by the various speakers in regard to our duties as Elders in Israel. A good spirit pervaded the whole Conference and will be long remembered by the Saints.
