Unanimously assigned the

SEVERAL REQUISITES of such Instruments

The MASON & HAMLIN ORGAN CO. have the honor to announce that the Organs of their manufacture have been unant-mcusiy assigned "the FIRST RANK in the SEVERAL REQUISITES of instruments of the class" by the Judges at the CENTRN-NIAL EXHIBITION at Philadelphia, 1876, and are the ONLY INSTRUMENTS OF THIS GENERAL CLASS AWARDED THIS RANK. This is after the Severest competition by the best makers, before one of the most competent juries ever assembled.

They have also received the MEDAL, but, as is well known, medals of equal merit have been "awarded all articles deemed worthy of recognition; so thus it will be easy for many makers to advertise that they have received "first medals."

The differences in competing articles, and their comparative excellence, are recognized in the Reperts of the Judges from which the following is an extract:—
"THE MASON & HAMLIN ORGAN The MASON & HAMLIN ORGAN CO.

from which the following is an extract:

keys and believe, with thoroughness of uwrkmanship, combined with simplicity of action."

(Signed by all the Judges.) (Signed by all the Judges.)

The Mason and Hamlin Organs are thus declared to rank first, not in one or two respects only, but in the SEVERAL REQUISTITES of such instruments, and they are the Orly ones assigned this rank. This triumph was not unexpected, for the Mason & Hamlin Cabinet Organs have unformly been awarded the highest honors in competitions in America, there having been scarcely six exceptions in hundreds of contains a competitions.
