AROUND THE WORLD IN TWELVE YEARS.

ONE OF THE CHEAPEST AND MOST interesting books ever offered for sale to the public of Utah. It describes the complete circumnavigation of the world; also, the manners, habits, customs and every-day life of many nations of the earth, and gives a perfect and minute description of some of the most beautiful and grand scenery around the world, via the British Isles, Australia, the Islands of the Pacific and across the Continent of North America in Summer and Winter. Those who desire to purchase this book should send their address by postal card to R. A. N. Harvey, Times' Office, Salt Lake City, as soon as possible, as only a few hundred copies will remain after the subscribers have been supplied.

Price—$5 and 75 cents. For 75, handsomely bound in cloth.

R. A. N. HARVEY, dlw 221

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect ANTIDOTE to MALARIA.

TUTT'S HAIR DYE.

GRAY HAIR OR WHISKERS changed instantly to a GLOSSY BLACK by a single application of this DYE. Sold by Druggists, or sent by express on receipt of $1. Sold everywhere. Office, 44 Murray St., N. Y.

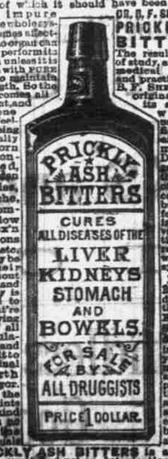
THE LIVER AND ITS FUNCTIONS.

IT has become a well established fact that the larger portion of diseases to which the human family is subject arise in the first place from a disarrangement of the Liver. This organ is not only the largest, but at the same time one of the most important. The venous blood, on its return to the heart, passes through this organ, and in its passage the impurities, as also the secretions which are necessary for digestion as well as for a cathartic to assist in the removal of waste material &c. are eliminated. From this it is easily seen that the Liver is liable to get out of order so to a greater or less extent, and when this occurs it is impossible for it to properly fulfil its office of removing all objectionable matter from the blood, but allows it to pass through, carrying with it the poison of which it should have been relieved.

With impure blood the wholesome system becomes affected, and no good can properly perform its functions unless it is supplied with PURE BLOOD to maintain its strength. So the Liver becomes all important, and when one has the feeling of being continually tired, worn out, languid, with tendency to Piles, Headache, Sick Stomach, Sallow Complexion, Eruptions of Skin, etc., they may be sure that a torpid Liver and impure blood are to be charged with the cause, and nothing is required to assist nature in relieving itself of all accumulations, and restore it to its natural healthy condition, but a few bottles of Dr. R. F. Sherman's Blood Purifier and Vigor. For all the complaints of this kind there is no remedy used to the extent that equals

DR. R. F. SHERMAN'S PRICKLY ASH BITTERS,

The result of years of study, experiment and research, and practice of Dr. R. F. Sherman, its originator, and in its success never need it be misrepresented, for its merit.



PRICKLY ASH BITTERS is a medicine of rare merit, and not an intoxicating beverage, and being purely vegetable in its composition can be taken at all times with beneficial results. It is not claimed as a cure-all, but for derangements of the system requiring a tonic and gentle stimulant, it has few equals and no superiors. Ask your druggist for it, and give it a fair trial. If he has none on hand, ask him to send for one. Sold for you.

PRICKLY ASH BITTERS CO., SOLE PROPRIETORS, ST. LOUIS AND KANSAS CITY, MO.

THE BEST EQUIPPED RAILROAD IN THE WORLD

Let it be forever remembered that the CHICAGO & NORTH-WESTERN RAILWAY is the best and shortest route to and from Chicago and Council Bluffs (Omaha), and that it is preferred by all well posted travelers when passing to or from CALIFORNIA AND COLORADO. It also operates the best route and the short line between Chicago and St. Paul and Minneapolis

Milwaukee, LaCrosse, Sparta, Madison, Fort Howard (Green Bay), Wis., Winona, Owatonna, Mankato, Minn., Cedar Rapids, Des Moines, Webster City, Algona, Clinton Marshalltown, Iowa, Freeport, Elgin, Rockford, Ill., are amongst its 800 local stations on its lines.

Among a few of the numerous points of superiority enjoyed by the patrons of this road are its DAY COACHES which are the finest that human art and ingenuity can create; its PALATIAL SLEEPING CARS, which are models of comfort and modern luxury; its PALACE DRAWING ROOM CARS, which are unsurpassed by any; and its widely celebrated NORTH-WESTERN DINING CARS, no like of which are not run by any other road anywhere. In short, it is asserted that IT IS THE BEST EQUIPPED ROAD IN THIS WORLD.

All points of interest North, Northwest and West of Chicago, such as centres, summer resorts and noted hunting and fishing grounds are accessible by the various branches of this road.

It owns and controls over 5,000 miles of road and has over four hundred passenger conductors constantly caring for its multitude of patrons.

Ask your ticket agents for tickets via this route. AND TAKE NONE OTHER. All coupon ticket agents sell them. It costs no more to travel on this route, that gives first class accommodations, than it does to go by the poorly equipped roads.

For maps, descriptive circulars and summer resort papers, or other information not obtainable at your local ticket office, write to 166

CORRESPONDENCE.

MINES IN THE REGION OF SEVIER VALLEY.

"Hermit" Grows Enthusiastic on the Subject.

MARYSVALE, December 30th, 1884.

Editor Deseret News:

Allow me, in the close out of 1884, to still hold up to view, through your columns, a country of real worth to any unprejudiced minds that have the natural foresight of common reason—the portion of the Wasatch range known as Mount Baldy. In one of my former letters to the DESERET NEWS, I stated that the mineral belt of the carbonates showed up on the head of Deer Creek, on the northwest, and wound its serpentine course through Webster and Bullion, from the head of the Cottonwood Creek, running southeast, to the head of the Ten-mile Creek. I am now prepared to state that the Henry mining district, in Sevier county, north of Marysvale six miles, and south of Joseph City about eight miles—has a heavy mineral belt running for the head of Deer Creek, in an easterly and westerly direction, and its free milling ores have been and are being shipped to Salt Lake. There is a fine prospect of a business camp on the Sevier River, seven miles south of Joseph City. There is a heavy belt of grey carbonate of lead also running in this mineral line of deposit, as well as many discoveries of free milling ore on the surface. The assays are light, but as depth is attained, the ores improve in quality and increase in quantity, so there is no mistake in it that in the near future Sevier County will have a

LIVELY MINING DISTRICT

with all the surrounding facilities of a rich farming country, such as the Sevier Valley affords, easy communication with the mines in the low foot hills of the Sevier River, thousands of acres of cedar and scrub pine for fuel, and the close proximity of flour mills, that are now selling flour at $1.50 per cwt., with all classes of vegetables at the same low rate. With these advantages and the ores of the district running from $100 to $500 per ton by the car load, why in the name of the light of the sun should we not say to the mining men of Utah and others that think of investing in the mining enterprise of this Territory instead of stock-blown railroads and broken bond-holders' past credit, that we have a new opportunity for investment.

If Utah cannot offer a field of enterprise in her many mining interests preferable to railroads, with an inflated capital stock, she has but little to offer except the daily toil of the farm and herding of stock on the range of her wild and arid pasture lands.

But we trust that more will be done in the future than has been done in the past, and that men in search of the various minerals of this territory may be rewarded with the success of a plentiful harvest of the precious metals.

The prospector's has not been considered a polite or honorable calling in some localities, but perhaps in the course of an other hundred years a good prospector, understanding how to make discoveries of mineral wealth, may be respected.

We again repeat that this is a good mining region, and when properly developed will make one of the best and most productive fields of Utah.

The Valeites are all

OUT ON A "HOP"

in the Copper Belt Mining Company's store, and kicking out the old year in real broncho fashion, while your correspondent enjoys a good pine log fire in the shades of the evening and the quiet. Looking out at the future of a rising country, we can see in the not very dim distance, mills, smelters, a railroad, a city in the mouth of Sevier Cañon, teams and freight, men and money, all activity and business. Will it come about through a few sheep and dairy cows grazing lazily on the hill sides of the Sevier River? No; the mines! the mines! Let it echo loud enough to be remembered by the thinking public. HERMIT.

P. S. one of the legal Liberals of this new district has restricted us from using his name in any communication relative to the mines here. We presume he intends not to let the cat out of the bag until this Faber-suppressor takes out the whole country for himself. He will no doubt have some lively pedestrian work to do before he heads off the Hermit in this regard. The Hermit does not care for such Liberal patriots.

SAN JUAN STAKE ITEMS.

BLUFF CITY, San Juan Co., Utah, December 22nd, 1884.

Editor Deseret News:

We held our Quarterly Conference on the 20th and 21st of this month. There were only a few persons present but the spirit of the Lord was poured out abundantly upon the speakers, and we had a very enjoyable time.

We are building and working on the water ditch, and anxiously looking for recruits to assist us in building up this part of the Lord's vineyard. The weather here is beautiful, more like summer than winter.

The DESERET NEWS comes regularly to hand and is read with pleasure. Hoping it may ever prosper and be a light to the Latter-day Saints, is the desire of your brother in the Gospel covenant.

CHARLES E. WALTON, Clerk.

ST. JOSEPH STAKE CONFERENCE.

ST. DAVID, Cochise Co., Arizona, December 30th, 1884.

Editor Deseret News:

Our seventh quarterly conference was held on the 27th and 28th of this month.

Notwithstanding the great amount of rain that has fallen (which is unprecedented) there were representatives from all parts of the Stake. Considering our traveling has to be with teams and most of the settlements are more than a hundred miles distant from this place, much credit is due the Saints for the prompt manner in which they attend conference, and very gratifying are the results.

President Macdonald, of the Maricopa Stake was with us.

The instruction given and testimonies borne were such as to cause the Saints to rejoice that we are living and associating with Apostles and prophets.

Although our brethren are being persecuted, imprisoned and slain for keeping the commandments of God, yet his work continues to grow, our numbers increase, and the Latter-day Saints feel more determined to be true to their covenants, their brethren and their God.

There are many in Arizona as well as Utah, who will do almost anything for money, hence some of our brethren are being harassed—not for having more wives than one, but for acknowledging and supporting them and their children. This seems to be the great evil; for most of those who persecute and find indictments are reveling in wickedness and adultery.

The farmers are busy plowing; much grain has already been sown, some of which looks well. More grain will be sown here this season than ever before. Some are planting trees, some making canals, and improvements are being made. Reports and indications that are of a substantial nature, and speak volumes for the industry of the Saints, and for their perseverance in new and unsettled Territories.

W. N. GOODMAN.

MISSIONARY EXPERIENCE IN MINNESOTA.

LONG PRAIRIE, Todd Co., Minn., December 31st, 1884.

I have no time at present to note anything of importance; suffice to say I am well. We are holding a few meetings on new ground. The people and press are much prejudiced, nevertheless we continue to make friends. The priests cry aloud, when they cannot tell who or what kind of a person God is or where he dwells. I need not here try to define him in their puerile style; little children at home would laugh.

The weather is very cold; for two weeks past the thermometer at times has indicated a temperature of 42° below zero. Times are hard, grain low; people healthy. Eight inches of snow.

Preaching the gospel is an up-hill business in this land, so few will turn out to listen, even when we do get places to preach in. In our labors we have baptized eight. Quite a number are investigating, and I believe more would if we had the means to get tracts—we need money, but we are stopped. I am in good spirits, and feel well on my mission, considering my age. It is a happy hour of my life. I mourn to see so much ignorance displayed among the people and their bigoted leaders.

A. B. STRICKLAND.

CITY HOTEL, No. 144 W., First South Street, Salt Lake City, Utah.
