### TO EXPEDITE THINGS.

# Leasing Concern Plans Work on Big Scale in Weimer Copper Country. Scale in Weimer Copper Country. J. H. Stratton, manager of the Idaho Copper company, will leave for the heart of the Weimer estate, upon which his company has taken a long-time bond and lease, to map out work. Two tunnels will be driven to a good depth, one to 2,500 feet, to prove up the ground so smelling necessities can be learned and planned. The new company has the money necessary to work the immense property upon a large scale and this happy combination will see the Weimer Copper country come into its own by leaps and bounds.

## GREAT PROPERTY.

Mason Valley's Manager Says Mine Is Deserving of Good Things.

W. W. Armstrong, general manager of the Mason Valley mine, has been shown through the property by George Gunn. Mr. Armstrong returns from Yerington enthusiastic over what he saw. Mr. Gunn went on to the coast. Mr. Armstrong, explaining that he did not talk as an expert, said he con-sidered all the good things said of the property not one bit undeserved. And what is more, Mr. Armstrong, says the property is worth every cent repre-sented in present value of stock-something that few mines are when stocks are brisk. The camp is waiting impatiently for the Southern Pacific to build its projected line from Wabuska. Smelting facilities are something else that is needed. W. W. Armstrong, general manager Reading Rock Island Co. ... Rock Island Co. pl Southern Pacific Southern Railway Union Pacific

## DOUGLAS COPPER COMPANY.

The Nicholas Copper company has received 150,000 pounds of matte shipped by the Douglas Copper com-pany, which has already been weighed and sampled, and is now awaiting the final settlement of assays. EYE ON NEW DEPOSITS. **EYE ON NEW DEPOSITS.** One of the engineering parties, which is now in the field on the Mex-ican Exploration & Mining company's properties, has brought to its atten-tion two large and very promising copper-iron deposits. The surface showings are such as to lead one to believe in the existence of a very large body of copper ore carrying silver and some gold. These properties are lo-cated from five to seven miles from the railroad so that the ores from them will be immediately available. The company is now having a confirmatory examination made of them by an en-gineer who will, on his present trip, lay out the work which will be neces-sary for their development.

## NORTH BUTTE EXTENSION.

Stockholders of the North Butte Ex-

cal bank clearings amounted to \$759,-059,44, as against \$1,103,516.63 for the same day last year.

Miss Cannon Recovering - The friends of Miss Hazel Cannon will be pleased to know that she is recovering from her recent painful injury. which she sustained a severe fracture of her left foot.

London, July 20.—The wool sales were continued today with offerings number-ing 14.432 bales. All sections were free buyers and fine merinos sold at the highest price for the series. Falkiand is-lands were in good demand and showed occasional advances over recent rates. The withdrawals were more frequent owing to the high limits, particularly of fine combings. Garden Hose Stolen-A man by the arden Hose Stolen—A man by the name of Denton, giving his residence as Third avenue and M streets, re-ported to the police department this morning that 50 feet of garden hose was stolen from his place last night,

Long Auto Trip-J. H. Garrett, Parley P. Jensen. Fred Strauss, Wil-lard Scowcroft, John Q. Critchlow and Willard Weihe will leave Aug. 1 for a tour of Yellowstone park. From Salt Lake to St. Anthony, Idaho, the party will travel in an automobile and the

to their destination by team.

## LUSITANIA BREAKS HER EASTWARD RECORD

Liverool, July 21.-The Cunard line steamer Lusitania, which arrived here today, has broken her eastward record to Queenstown over the long course, She left Sandy Hook lightship July 15 at 5:56 p. m., and arrived off Daunt's Rock July 20, at 11:33 p. m. Her time in transit was 5 days and 37 minutes and her aver-age rate of speed for the entire distance 24.33 knots an hour. Her best previous run, 5 days, 3 hours and 21 minutes, was made at an average of 23:77 knots. The present record is an improvement of 2 hours and 44 minutes. The Lusitania is still a few minutes behind the record made by the Maura-tania on this course, namely 5 days and 5 minutes, at an average speed of 24.42. left Sandy Hook lightship July 15 at 5:5
